NOTICE OF SPECIAL STOCKHOLDERS' MEETING OF THE PEOPLE'S EQUITABLE CO-OPERATIVE ASSOCIATION.

NOTICE IS HEREBY GIVEN THAT A special meeting of the stockholders of the People's Equitable Co-operative Association, to be duly called and held, will be held on Wednesday, the 21st day of November, A. D. 1894, at 7 o'clock p.m., of said day, at said company's store, being numbers series 17 and 18 (W. Cook), East Temple street, and street lots numbered 12 (Lewis), in Salt Lake City, Utah, for the purpose of changing Article V of the articles of incorporation of said People's Equitable Co-operative Association which sets forth as follows: "The board of directors shall consist of thirteen members, by which the corporate powers shall be exercised. The president and vice president of the board of directors shall be the president and vice president of the corporation. The office of secretary and treasurer may be held by the same person, but another secretary and treasurer shall hold the office of secretary." By striking out the word "thirteen" in the first line of said article V of said articles of incorporation, and inserting instead thereof the word "five," which amendment will cause said article to read as follows: "The board of directors shall consist of five members, by which the corporate powers shall be exercised. The president and vice president of the board of directors shall be the president and vice president of the corporation. The office of secretary and treasurer may be held by the same person, but another secretary and treasurer shall hold the office of secretary."

This meeting is called in pursuance of section 1955 of the Compiled Laws of the Territory of Utah, and section 51 of article 11 of articles of association.

Dated this 8th day of November, 1894.

WILLIAM M. CALLISTER, President of the People's Equitable Co-operative Association.

SEALTY ASSOCIATION.

Notice to Debtors of Teasdel & Sons.

To all debtors of Teasdel & Sons or S. P. Teasdel, take notice: You are requested to call immediately and settle your indebtedness to either of the above named parties, otherwise the said indebtedness will be placed in our attorneys' hands for collection.

J. E. BOOTY,
JOS. GROUNIGAN,
Assignees.

Office, 108 Main Street, Salt Lake City, Utah, Oct. 26th, 1894.

W. C. BARNY,
Receiver,
102 Commercial Bld., Salt Lake City.

The Perfume of Violets

The perfume of the lily, the glow of the rose, and the fresh of Maine combine in Pozzoni's wonderous Powder.

DESERET EVENING NEWS.

WEDNESDAY, NOVEMBER 14, 1894.

MUNICIPAL MATTERS.

The Council Declines Itself Against the Sale of the City Waterworks.

THE NATURAL GAS FRANCHISE.

John G. Midgley Succeeds Heber M. Wells as a Member of the Board of Public Works—Miscellaneous.

All of the members of the City Council were in attendance at last night's meeting and President McCarthy occupied the chair. Business in brief was transacted as follows:

The board of education asked for the use of two basement rooms in the joint city and county building for storage purposes. Referred to the joint committee with power to act.

The Chamber of Commerce sent in a communication inviting the members of the Council to attend to the mass meeting of citizens in the theater tomorrow night. Filed.

Charles Dayton and others asked that a nuisance caused by the Jordan canal between Second and Sixth South streets be abated forthwith. Jordan canal and irrigation committee.

Residents and property owners on Third and Fourth North streets complained that it was well nigh impossible to get an to or off their premises on account of the manner in which the gravity sewer contractors have taken possession of those thoroughfares and they asked relief accordingly.

The Salt Lake Rapid Transit company represented that it was in possession of a franchise from the city for a single track along Second South, between State and Sixth West streets and that it now desired to build three tracks, between East Temple and Second West, using an interlaced track, provided it is permitted to build a double track along said blocks, and asked that the franchise be so amended as to permit it to carry out the work in view. The petition was laid over until a future meeting.

TAKEN THEIR PETITION.

Miles T. Smith and E. L. Talbot, city prison guards, asked that they be paid at the rate of $75 per month instead of $2.50 per day for actual time rendered. Tabled.

MIDGLEY FOR WELLS.

The mayor sent in a communication appointing John G. Midgley a member of the board of public works to succeed Heber M. Wells. Committee on public works.

FROM THE CITY ATTORNEY.

The city attorney recommended that the petition of Benjamin Hullungs, to be allowed to redeem certain property sold for taxes be granted, on the petitioner paying all taxes, cost and interest. Adopted.

The same official recommended that the offer to compromise the judgment against the city in favor of William G. Taylor for $224.55 by paying $214.25, be accepted. The judgment was for damages for land flooded through the negligence of city officers. Adopted.

In the matter of the application of James M. Kennedy for a deed to lots 1 and 2, block 26, plat G, Salt Lake survey, the city attorney recommended that lot 1 be deeded to the applicant, and that the petition, as far as it relates to lot 2, be denied. Adopted.

ENGINEERING ITEMS.

City Engineer Young submitted a statement of the expenses of his department for the month of October as follows:

Amount appropriated to the Council	$1,200
Amount expended heretofore	[illegible]
	$1,200
Pay rolls and vouchers	$1,011 [illegible]
Less accounts	[illegible]
	$1,011 [illegible]

Filed.

FIRE DEPARTMENT PURCHASES.

The committee on police and fire department recommended that the police and fire commissioners be authorized to purchase 1,000 feet of 2½-inch fire hose to cost about $1,300, and two hose carts, one two-way and one three-way, costing $175. Adopted.

THE NATURAL GAS FRANCHISE.

The natural gas and fuel franchise came up again and after having discussed it for some time, it was laid on the table for another week.

JUST A LITTLE STRUGGLING.

Cohn offered the following, which was adopted:

Resolved, That the committee on gas lighting and water management be ready arrangements to have each principal street sprinkled once a week during the period necessary during the present dry weather.

AT THE NEXT MEETING.

O'Meara offered the following, which was adopted:

Resolved, That the stenographer be hereby instructed to draft an resolution and addition ordinances to Mayor Robertson, City Attorney Rich and also to each member of the City Council for the years 1893, 1894 and 1895, to submit the first meeting of this council in the new city building on Tuesday next, the invitations to be signed by the president of the council.

LOTS, GRADES, ETC.

Clawson introduced the following:

Resolved, That the city engineer is hereby instructed and instructed to give lots, grades, street and alley lines, upon the proper request of lot owners or other data which may be necessary for any work authorized to be done in the waterworks, street or irrigation department, upon the receipt of a written order therefor by the head of the department.

This was supplemented by a resolution instructing the heads of departments to apply to the city engineer for the lines, grades, etc., enumerated in the above resolution. Were about to do any work on a permanent nature. Laid over for one week, after which Clawson moved that the work of preparing maps of the location of hydrants, water mains, valves, etc., be done in the office of the city engineer and under his direction and not in the office of the a permanent of water Works Committee on Waterworks.

ASK THE CITY SELLING THE WATERWORKS.

Young offered the following resolution:

Whereas, It has been mentioned in some of the newspapers, and this statement has been repeated by many citizens that the present City Council would negotiate a sale of the city waterworks; and,

Whereas, There is not now nor has there ever been, since the election of this council no sentiment favorable to such reports, or any of them.

Therefore, be it Resolved, That it is the unanimous opinion of this council that the sale of the city waterworks and water supply would be most inimical to the interests of the city, as unlawful speculation of property held in sacred trust, and a breach of duty on the part of any council that would attempt it, and such an act would be followed by a just revolution from all classes of citizens, and he is contrary.

"Resolved, That it is the policy of this Council to hold and maintain inviolate the people's franchise in this most important of its rights, and to take every possible step to increase the supply and extend its usefulness among the people."

O'Meara moved that the resolution be referred to the committee on waterworks, stating that it was time enough to consider the question of sale when any such proposition should be made to the Council. The resolutions, to his opinion, were wholly out of place.

Cohn expressed himself to the effect that the resolutions were absurd and ridiculous and an insult to the members of the Council, that it would be just as consistent for the Council to deny that it had been guilty of some improbable act of malfeasance.

Clawson, on the contrary, thought the resolutions were entirely proper and gave them his hearty support. The section's report had a story which, in his opinion, entirely justified the rumors of the sentiment faced sale of the waterworks. The resolutions were intended to set at rest the fears of the people in this regard and give them to understand that their interests would be duly and jealously regarded by the council. At times it looked as though it would almost be necessary for the council to take some such step to prevent the city from going down in financial ruin. But he was opposed to any such procedure as had been suspected and thought it was due the public that all rumors on the question should be answered.

Young said the idea of disposing of the waterworks had become widespread and the people were aroused on the subject. He saw nothing in the resolutions that should or could insult the members of the council. Nothing of that kind was intended and he regretted for interesting items was simple to allay excessive public feeling.

Newell moved to lay the resolutions on the table. Lost.

O'Meara then rose and stated with emphatic earnestness that he himself had never intended to sell the waterworks and that he would vote for the resolution as well as his colleagues. The resolutions were then unanimously adopted.

AUDITOR'S REPORT.

Auditor Bayliss's report for the month of October was received and filed. It is as follows:

MISCELLANEOUS.

Cohn moved that the recorder be ordered to have published a notice of intention of sewer extension on First South from Eighth to Eleventh East streets. Carried.

The clerks were in the council chamber by the minutes were ordered returned to the Territory, whose property they are.

The recorder was ordered to prepare a tabulated statement of the business of office of Salt Lake's mayors. A committee was appointed to have a portrait painted of ex-Mayor Scott at a cost of about $250.

Appropriations aggregating $5,011.95 were passed, after which the Council adjourned until Tuesday night next to meet in the new building.

Came Near Burning to Death.

John Rabin, an old and somewhat decrepit sooner, ambled into his room in the Kimball block last night in a sorrowful condition and upon after laid down on the floor and fell asleep. The door of his lodging had been closed but a brief spell when smoke was seen coming from the premises. Forcible entrance was made to the place and the old man dragged out almost suffocated. It appears that he had dropped a match as aspirin in his pipe into a piece rubber and that it smouldered until he had fallen asleep. The fire department was called and but the flames were extinguished without the aid. The old man was taken to the police station and locked up for the night in order that he might sober up without danger to himself.

Trying to Make a New Record.

Thorwald Jensen, Utah's champion long distance cyclist who smashed the class A record of this county for twenty-five miles one week ago, is this afternoon engaged in a mighty effort to break the American 100 mile record of 4 17.30 made at St. Louis on October 27th last. If Jensen shall be successful in accomplishing that for which he is now doing like the wind, his reputation as a long distance wheelman will receive national. His friends are of the opinion that he will succeed. The race began at 12 o'clock noon today with Evans, Caine, Weisel, H. Jensen, Tonkin, Hyde, Hyde, Iverson, Schiek, May and others as pace setters.

Sanpete Stake Conference.

The conference of the Sanpete Stake of the Church of Jesus Christ of Latter-day Saints was held in Mount on the 10th and 11th of November, 1894, as per appointment.

There were present at the conference of the quorum of the Apostles, Elders F. M. Lyman and H. J. Grant; of the council of the Seventies, Edward Stevenson; President Canute Peterson and counselors of the Stake; Elder McAllister from the Temple; the High Councilors, the Bishops of fifteen of the seventeen wards of the Stake and quite a good attendance of the Saints. Five public meetings were held, and five Bishops' wards were dedicated. Elder McAllister gave a report of the labors in the Temple; Elder Peterson reported the condition of the Stake, which is the tithing and fasting and fast offering departments calls for quite an improvement. The general and Stake authorities were presented and sustained unanimously. The names of three Seventies and one Elder were presented and they were sustained to be ordained High Priests.

The speakers were as follows: Elders Edward Stevenson, Heber J. Grant, J. F. Allred, F. M. Lyman, O. H. Strinhall, F. M. Lyman, Edward Stevenson, H. J. Grant, F. M. Lyman.

The principal subjects treated upon were tithing, observance of the Word of Wisdom, attendance at last meetings, fast day offerings and how to overcome the disease superstitious by politics. These subjects were treated in a very forcible and able manner and will have a good effect upon the Saints throughout the Stake.

Conference adjourned for three months to meet in Ephraim February 10th and 11th, 1895.

GEORGE TAYLOR, Clerk.

"Every Nerve Quiet"

Says a great nerve tonic. "Should the wife feel an hour every day in absolute rest. Her room should be darkened and orders given that she should not be disturbed. With closed eyes and relaxed muscles she should prostrate herself as any tiny invalid's care."

This strikes from an eminent physician is doubtless valuable and it acted upon would prove a very temporary relief to a nervous woman. And yet the question remains, Why is she nervous? Of course, it is because her nerves are weak and they have been overtaxed.

What she needs is a medicine which will enrich the impoverished blood and send it through the veins laden with life-giving properties and with power to strengthen the nerves and build up the shattered system. This is exactly what Hood's Sarsaparilla does and is why Hood's Sarsaparilla has won unequaled fame to be "the one medicine" of note. Hood's Sarsaparilla sets upon the blood. It enriches, vitalizes and purifies and thus gives health and strength and vitality to the blood of nervous, weakness and debility. This is not what we say is what Hood's Sarsaparilla does.

Spinning Notice.

Those interested in getting the return of the money paid under survey, will meet in the Thirteenth Ward assembly rooms on Friday evening, Nov. 16, 1894, at 8:00 p. m.

O. H. PETTIT.

AN OPINION GIVEN.

Recently Mr. J. D. Thomas, of North Dakota, visited the Shenandoah Valley, Virginia, and after carefully examining the country located in Winchester, he writes to M. V. Richards, Land and Immigration Agent, Baltimore & Ohio Railroad, Baltimore, Maryland, as follows: "I have been to nearly every state and territory of the United States, and go back in my opinion that this valley surpasses all other sections in the Union. The lands are low in price, and produce profitable crops. I thank you for directing me here, and admit those seeking pleasant and profitable homes to look in this country."

High Grade Candies.

Fine home-made Creams, 25 cents a pound, at Spears's Candy Kitchen, 44 West First South Street.

The direct line to Kansas City, St. Louis and Atlantic seaboard, is via the Missouri Pacific Railway, from Pueblo. Through sleeping and chair cars, and all connections made in Union depots in the day time. If you are going East and care for a daylight ride through the grandest scenery of the Rocky Mountains on route, see that your ticket reads via Missouri Pacific Railway. Elegant chair cars positively free to holders of regular train tickets.
