"TRIBUNE" LOGIC UPSET.

The "Mormons" are Not "Aliens."—Why They Were Mobbed and Murdered.

POINTED TRUTHS DRIVEN HOME WITH FORCE.

The Salt Lake *Tribune* has said many times that the Mormons are aliens and should be disfranchised. Here is its language: "By birth, by training, by moral instincts they are aliens under the government of the United States." What does this mean? The ordinary charge is that the Mormons are "shrewd Yankees" who started a "scheme" for money and power. It is true that most of the men who have attained eminence as Mormons were born in the United States. How can a man born in the United States of parents who were citizens be aliens by birth? The *Tribune* explains thusly: "The Mormon Church, as constituted, is not an American institution, it is not governed by American rules or laws, or by the spirit that controls the Republic of the United States."

If this is true of the Mormons it must be equally true of every other sect founded upon the Bible as the revealed word and will of God.

The *Tribune* says: "The foreigner is not permitted to vote when he arrives in this country until he has remained a certain length of time and has made an absolute renunciation of his allegiance to every government." Can the *Tribune* name any Mormon naturalized in the United States who has not made such "renunciation."

But the *Tribune* says the Mormon does not renounce his church. Neither, say I, does that alien. Every Catholic in the world is sworn to obey the church rather than the government under which he lives. The Catholics claim 14,000,000 church members in the United States. That would give at least two million voters. According [illegible]

SHERMAN'S RELIGION.

Rev. Thomas E. Sherman Explains the Sentiments of His Father.

NEW YORK, Feb. 19.—Rev. Thomas Ewing Sherman was seen by a reporter this morning, touching the subject of General Sherman's religious belief he said, in a positive way that may well remove all doubt on the matter: "My father was baptized in the Catholic church, married in the Catholic church and attended the Catholic church until the outbreak of the civil war. Since that time, my father has not been a communicant but he always said to me: 'If there is any true religion it is the Catholic religion.' A week ago today, my father received absolution and the extreme unction at the hands of Father Taylor. My father was unconscious at the time, but this fact has no important bearing, for the sacraments could be administered to any person whose mind could be interpreted as desirous of receiving them. I will hold services over my father's remains at 11 o'clock today in the presence of the immediate family. They will embrace the reading of the regular funeral service prescribed by the ritual of the Roman Catholic church."
