OVER $20,000 IN— GOLD FOUND

The greatest find in the history of Utah, by which over seven hundred people are made to rejoice, and the end is not yet.

When we look into the past for a few months it seems impossible to dig up this much gold; but on the other hand, when you see how it is done you will not wonder, or be surprised, although times are hard. For the past few months we have only been doing that which we thought best, and have secured for them interested the share amount, one of the best records ever known.

And when we consider that there is now $20,000 to be divided among the people, we can only say to the public, come early and get your share. There will be no partiality shown, as we have made arrangements for plenty of help, who will make it pleasant for you.

Now, the above $20,000 consists of Dry Goods, Notions, Boots, Shoes, Clothing and Gents' Furnishings, Fresh Cigars and Wraps, which we must get rid of at your own prices. So we say once more, and especially to the stockholders, that you cannot afford to miss these great reduced prices without investigating. Sale now on at the

DESERET EVENING NEWS.

Saturday, September 9, 1893.

FRAGMENTS.

The district schools recess on Monday next.

The opening term of the Latter-day Saints' college begins on Monday morning.

Potatoes are becoming plentiful in the market and are now sold as low as 50 cents a bushel.

There was nothing of any consequence done in the probate court this morning.

The present month has witnessed the development in this city of a considerable number of cases of typhoid fever.

The City Council special retrenchment session will meet tonight. There is fear and trembling on the part of not a few municipal employes as to the result.

Beginning on Monday next the *Herald*, it is said, will issue a seven-day paper. Like its morning contemporary it will come out as a one-page production on the second day of each week.

On and after Monday next local lawyers will be busy. On Monday the September term of the Third district court will begin, and there is a lot of work to be done. The grand jury will "report" thereon at 11 a. m.

The partition wall between Madame Burrows' millinery establishment and Sherwood's butcher shop on East Temple street, opposite C. C. M. I., fell in late yesterday afternoon. The damage to millinery goods was considerable. The building inspector was summoned and at once took ways to repair the wall.

A. F. PHILLIPS has severed his connection with the Salt Lake *Herald* and has been succeeded by his partner, Major H. G. Tayeau, formerly local editor, but more recently composing room foreman of the same paper. Mr. Phillips has accepted a position on night editor on the Kansas City Times, and will leave Salt Lake in a few days to assume his duties in the city of smoky water.

The Mayor's veto message on the electric pole tax ordinance last night contained almost innumerable references to legal opinions supporting his honor's contentions. The members nervously listened to the reading of the message, hoped it was almost ended and he would firmly forward and sustained unanimously as one half supported himself on his desk: "I wonder if Mr. Bowen expects us to look at some things up?"

Court Whispers.

In the case of A. B. Sawyer vs. Minnie Mining & Milling Co. judgment has been entered in the Third district court for the plaintiff for $25,00, on an abstract from Justice Lendrie.

The case in which Mrs. Masterson charges her husband, Stanford Masterson, with assault with a deadly weapon, has been dismissed on motion of the prosecution, there being another charge pending in Justice Orr's court against Masterson for the same offense.

John W. Brandes asks for a divorce from his wife, Anna A. The parties were married at Aspen, Colorado, on Sept. 18, 1891, and lived together until 1892, when it is alleged Mrs. Brandes deserted her husband. Plaintiff prays for a decree and the custody of their child, Pearl Josephine, aged 7 years.

John Latimer, a native of Scotland, now a resident of Salt Lake, has been admitted to citizenship by Judge Zane.

RELIGIOUS SERVICES.

Regular services of the Church of Jesus Christ of Latter-day Saints will be held tomorrow at 2 o'clock in the Tabernacle. Sunday Schools in the various Wards at 10 a.m., and evening meetings in the Ward Assembly Rooms as follows:

The News is requested to publish the following:

The Eighth quorum of Elders will meet in the Thirteenth ward on Monday evening, at 7:30 o'clock.

The Thirteenth quorum of Seventies will meet in the Twentieth ward vestry on Monday evening, September 11, at 7:30 o'clock.

The Sixteenth quorum of Seventies will meet on Monday evening next at 7:30, in the First ward assembly hall. A full attendance is desired.

HIRM. MR. OTTEN has returned from his visit to Chicago, and services at the Tabernacle were resumed last Sunday. Tomorrow, at 11 o'clock, he will preach at the Theater upon The World's Fair and its Lessons.

COUNCIL SESSION.

The Electric Pole Tax Ordinance Vetoed by the Mayor.

BARB WIRE FENCES UNLAWFUL.

A Resolution That Will Knock Sherwill's Teeth Out.—The Gravity Sewer Squabble.

The City Council met in adjourned session last night, Sherwill in the chair. The members present were: Rich, Harly, Kanick, Kelly, Horn, Bell, Evans, Beazeley, Wallace, Lawson, Morris.

THE PROCEEDINGS.

The Mayor's veto of the payroll of the board of equalization and review sidewalk assessment came up for the fifth time, resulting in the message of his honor being sustained on a vote of eight to five.

WATER SCRIP ORDINANCE.

An ordinance in relation to the extension of water mains and regulating the issuance of water scrip was passed.

SIDEWALK ORDINANCE.

An ordinance confirming the assessment of property on both sides of Fifth East street from Second South to Ninth South and on Second South street from Eighth to Tenth East street for paving sidewalks was read three times and referred to the committee on finance.

BARB WIRE FENCE ORDINANCE.

An ordinance making it unlawful to construct barb wire fences within the city limits between places of residence was passed. Existing barb wire fences of such a character are, according to this ordinance, declared a nuisance.

WAGE AND SALARY REDUCTION.

A resolution providing that during the present financial stringency and until further order, the wages of all persons employed by the city either by the month or day or otherwise, be reduced from and after August 1st of the present year; also, that each and every officer of the city, without exception, be requested to submit to the same ratio of reduction in his salary until the financial crisis shall have passed, was referred to the committee on finance.

TO WORK OUT HIS TAXES.

B. T. Bacon asked permission to work out his taxes, being without money to pay the same. Referred to the Mayor.

Wallace offered the following resolution, which was referred to the committee on finance:

Resolved, That the Mayor and supervisor of streets be authorized to provide employment to taxpayers who are unable to pay their taxes and who are willing to work out such amounts, said employments to consist of grading on the east side of City Creek canyon, connecting the canyon road with the Eleventh street boulevard. Persons working out taxes in accordance with this resolution shall be required to present their tax notices, and the payrolls covering the work performed shall be held and warrants covering the same to not issued until November, 1893.

SIDEWALK ORDINANCE.

An ordinance confirming the assessment of property on both sides of Second South and Fifth West streets to the Jordan river for sidewalk paving was referred to the committee on finance.

WILL HURT SHERWILL.

Rich offered the following:

Resolved, That on and after this date no superintendent, head of department, foreman, assistant, time-keeper or clerk shall be interested directly or indirectly in the ownership or any team or teams working in any of the departments of the government of the city. If it shall be found by the payrolls, or otherwise, that any of the above officers are directly or indirectly interested in the ownership or profits of labor for any such team or teams, it shall be deemed sufficient cause for their dismissal from the employment of this city.

Adopted.

ELECTRIC POLE TAX.

Lawson moved that the city attorney be requested to draw up an ordinance for the levying of a special tax on all electric light poles in the city.

ELECTRIC POLE ORDINANCE VETO.

The Mayor sent in a message of about twenty-five hundred words vetoing the ordinance passed a week ago imposing an annual tax on all electric poles within the city. Laid on the table until ordered taken up.

THE RETRENCHMENT REPORT.

The report from the special retrenchment committee, submitted a couple of months ago, was taken from the file and referred back to the committee for revision.

ENGINEER'S ASSISTANT.

The board of public works sent in a communication recommending the adoption of the report of the special sewer committee surrounding the employment of an assistant engineer whose special function it shall be to remain constantly at the gravity outlet sewer during its construction. Referred to a special committee consisting of Beazeley, Evans, Horn, Lawson and Rich.

A BIG ESTIMATE.

The following was also received from the board of public works:

With this you will find third partial estimate amounting to $23,320.30 for work done on the gravity outlet sewer to Hankins, Griffith, Morris, Osborn & Wilkinson, together with City Engineer Bowman's communication to us in relation thereto, which we submit to your honorable body with our approval.

WHAT HOBSON SAYS.

Regarding the matter Mr. Hobson said:

"I withhold my signature for the reason that I cannot certify to the work having been done in accordance with the specifications. On the contrary some of the work has been done in violation of the specifications as particularized in our several joint communications addressed to the contractors, copies of which are on file with the secretary of the board.

"If upon the contract I would perhaps be justified in refusing to make up the statements in any form, but I do not wish through such course to deprive you of the right to act independently of me in the matter should your judgment so dictate. I accordingly furnish you all the information in the usual form but without my signature."

Wallace moved that $23,000 be appropriated on account of the third partial estimate to Hankins, Morris & Griffith.

Harly referred to the contract between the city and contractors which states that all estimates must be signed by the city engineer.

After an hour's tortuous discussion the motion was tabled and the matter referred to the special committee.

THE ALSO LOST.

Evans introduced the following:

Resolved, That the city engineer be authorized to employ an assistant on the gravity sewer, in accordance with the recommendation of the board of public works, and the name of such appointee be presented to the council for approval.

Referred to the same special committee.

APPROPRIATIONS.

Appropriations were made as follows:

William Gillett	$ 10.00
J. C. Morris	75.00
A. W. Ostler & Co.	15.00
Leo Sandy, J. C. Sandy	15.00

H. Jones	35.00
H. Spencer	1.00
Rocky Mountain Bell Telephone Company	150.00
Salt Lake Herald, etc.	200.00
Fuel Journal	4,000.00
Cosmopolitan Company	1.25
Telegraph Company	10.00
J. A. Hulme & Co.	1,000.00
Metropolitan Water Company	300.00
Total	$ 7,512.25

Adjourned until Tuesday.

The Latter-day Saints' College.

Indications point to a large attendance at this popular institution, which reopens next Monday at 9 a.m. The action of the college authorities in securing the use of the new Church university building for the higher grades of the school, and in re-establishing the preparatory department (fifth and sixth grades), has met with general approval. An additional advantage is offered in the fact that the university courses in natural philosophy and chemistry have been instituted, to which qualified college students will be admitted. The college courses in domestic science and physiology will be conducted by Dr. Talmage in the building, under the auspices of the new university.

THAT DEMURRER OVERRULED.

The Bloor-Editor Case Will Come Up Again Next Monday.

It was late yesterday afternoon when the arguments of counsel concluded on the demurrer to complaint charging James H. Bloor, *Tribune* reporter, and August Euler (who was formerly a clerk in the office of Detective Francis) with burglary.

The defendant's attorneys (Condon and Armstrong) insisted that in order to make the complaint legal the owners of the property which it is alleged was intended to be stolen should be named, and that therefore a full list of all the members of the Western Star should be given. It was contended that the Western Star had no existence as a corporate body or an association which could either sue or be sued, and that the owners of the room or those entitled to use it were not properly set forth, so no one knew who composed the Patriotic Order Daughters of America.

County Attorney Murphy urged that the crime of burglary was the breaking into premises with intent to commit a crime, and that such breaking into constituted a public offense and was sufficient to hold without specifying to whom the property intended to be stolen belonged. As to the ownership of the room he cited leave to amend the complaint and describe more fully the owners or tenants of said room.

Commissioner Norrell overruled the demurrer and directed the prosecution until Monday next to amend as requested by Mr. Murphy. The date for hearing the case will then be set.

SEWER TUNNEL ACCIDENT.

J. S. Rathborne Caught Beneath a Mass of Falling Earth and Stones.

The tunnel being constructed through the hill above Beck's Hot Springs for gravity outlet sewer purposes was the scene of a near serious and probably fatal accident about 10 o'clock last night. The victim was J. S. Rathborne of No. 21 South Eleventh East street.

It appears that Mr. Rathborne was working in the tunnel on the night shift and according to the Moyle foreman, had gone to a particular point that was regarded as being dangerous and one that the workmen had repeatedly been warned to avoid. A caving accident of this injurious character, however, resulted in Mr. Rathborne being caught beneath a large quantity of falling earth and stones. Fellow workmen soon released him from his perilous position and Mr. Rathborne managed to his home in this city, where he was placed under the care of Dr. Fisher.

An examination of his body showed that he had sustained severe injuries about the side, while one of his ankles was badly bruised. The injured man is 28 years of age and single. His recovery is anxiously hoped for by his relatives.

THE LAST OF THE SEASON.

The Closing Event by the Press Club at Saltair on Tuesday Next.

Extensive preparations are being made for the Press club excursion and entertainment at Saltair on Tuesday next. It will be the closing event of the season and the prospects are that there will be a heavy attendance. The program will consist of the usual features of the chief resort close to the lake for the entire summer. Bicycling, racing, boating, trapeze performances, singing and dancing will form only a part of the entertainment. Besides these there will be a collection of wild animals exhibited at the pavilion that will surprise everybody.

Help us to help you by calling for Gold Band Coffee when ordering your groceries.

Dr. Burrows, Oculist, Aurist and Optician, Spoonamore Block, Commercial Block.

The Utah Normal College will open Tuesday, Sept. 5, 1893, in the Alta Block, with a full corps of competent teachers.

All first-class grocers keep Gold Band Coffee in stock; try a package and you will be pleased.

The Gold Band Coffee is always uniform in strength and flavor and full weight.

WONDERFUL CURES.

S. H. Clifford, New Carlisle, Wis., was troubled with Neuralgia and Rheumatism, his Stomach was disordered, his Liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large Fever sores on his leg; doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at A. C. Smith & Co's Drug Store. 5**

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.
