CATARRH

Sneezing Catarrh, Chronic Catarrh, Ulcerative Catarrh, permanently cured by

SANFORD'S RADICAL CURE.

SANFORD'S RADICAL CURE FOR CATARRH is a safe, certain, and permanent cure for Catarrh of every form, and is the most perfect remedy ever devised. It is purely a vegetable distillation, and is applied locally by inspiration, and constitutionally by internal administration. Local relief, relief in five minutes. It soothes, heals, and cleanses the nasal passages of every fouling of heathenish obstruction, delusion, or infection. Constitutionally administered it removes the blood, purifies it of the acid poison with which it is always charged in Catarrh, invigorates the stomach, liver, and bowels, perfects digestion, makes new blood, and permits the formation of sound, healthy tissue, and finally obtains permanent control over the disease. The remarkable curative powers, when all other remedies utterly fail, of SANFORD'S RADICAL CURE, are attested by thousands who gratefully recommend it to fellow-sufferers. No statement is made regarding it that cannot be substantiated by the most reputable and reliable references. It is a great and good medicine, and worthy all confidence. Each package contains a Treatise on Catarrh and Dr. Sanford's Improved Inhaling Tube, and full directions for use in all climates. Price $1.

An Enthusiastic Friend of Sanford's Radical Cure.

McLEAN, GRAY & MERCER'S TYPE AND MATRIX INSURANCE AGENCY, 723 Pine Street, St. Louis, Mo., Feb. 7, 1877.

A. A. McLEAN, Washington Av., City.—Dear Mac: I have for years been troubled with Catarrh, and for the past two years have suffered seriously with it. Noticing your advertisement of SANFORD'S REMEDY (RADICAL CURE), I decided to try it. I have used about two bottles, and am happy I feel so much relieved that I promise on my personal relations and with title to you and say that you take a score more people to get it, you generously. Before the public, that others may have such relief as I have. I have recommended it to quite a number of my friends, all of whom have expressed to me their high estimate of its value and good effects with them.

I really think it particularly adapted to wants of St. Louis people, and they all ought to know of it, and those who need it should try it. I will risk the assertion that 1000 I oz. vials (as a sample) to be given away will sell as many bottles.

Try some plan. Let the people have it; they want it. I believe a quarter dollar bottle, properly managed, would largely increase this number. Why not try it? Yours truly, WM. BOWEN.

Sold by all Wholesale and Retail Druggists and Dealers in Medicine throughout the United States and Canadas. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

LAME BACK AND RHEUMATISM

CURED BY

COLLINS' VOLTAIC PLASTERS

Messrs. Weeks & Potter: Gentlemen,—One year ago I was seized with a severe attack of Rheumatism in my right hip, to which I was subject. Tried the various liniments and rheumatic cures, but without the least benefit, when my son, a druggist, suggested one of your COLLINS' VOLTAIC PLASTERS. The effect was almost magical, for, to my great surprise, I was almost immediately well again, and was able to work more than my usual amount, even before the application of the plaster, could do nothing, and every step gave me pain. A few weeks since, one year from the first attack, the disease returned, but I am happy to say the second Plaster proved as effectual as the first, and I am now well. My wife wishes me to add that a Collins' Plaster has cured her of a very lame back. We think there is nothing in the world of remedies that can compare with the COLLINS' VOLTAIC PLASTERS for Rheumatism and Lame Back, and cheerfully recommend them to the suffering. Yours very respectfully,

ORLAND, ME., June 6, 1876. ROBERT COTTON.

NOT A QUACK NOSTRUM.

Gentlemen,—I hereby certify that for several years past I have used the COLLINS' VOLTAIC PLASTER in my practice, and have never known them to fail in affording speedy relief in those cases for which they are recommended. They remain a quarter of a week, but a remedial agent of great value. Very truly yours, W. C. COLLINS, M. D.

DUCKSPORT, ME., May 27, 1874.

PRICE 25 CENTS.

Be careful to obtain COLLINS' VOLTAIC PLASTER, a combination of Medicine and Warm Plaster, with a highly Medicated Plaster, as seen in the above cut. Sold by all Wholesale and Retail Druggists throughout the United States and Canadas, and by WEEKS & POTTER, Proprietors, Boston, Mass.

FAMILY RECORDS.

WE ARE NOW PREPARED to receive orders for FAMILY RECORDS of an approved form.

Each book is divided into five forms.

The first form is that of a "FAMILY RECORD," with ruled and printed spaces for births, marriages, and deaths, in each family, also for names, dates, and places, one page accommodating one family.

The second form is a "CHURCH RECORD," with spaces for blessings, baptisms, confirmations, ordinations, endowments, and patriarchal blessings and various particulars of the same.

The third form is a "SEALING and ADOPTION RECORD," with spaces for name of person sealed, birth, death, time, place, etc.

The fourth form is a "MISSION and APPOINTMENT RECORD," with spaces for names, date of birth, field of labor, date of appointment, departure, release, etc.

The fifth form is a "RECORD for BAPTISMS, ENDOWMENTS, ORDINATIONS, and SEALINGS for the DEAD."

Each book is furnished with a title page, on which the person owning the record can enter his or her name. An explanation of the forms, or instructions how to keep the record is also printed in each book.

These Records are well printed and ruled on good ledger paper, substantially bound. We can furnish them of any size, from one to five quires, or larger, but probably five quires is as large as will be desired. We can also furnish the various forms in a record, proportioned to each other to order.

FRANCE.

The International Monetary Conference.

PARIS, 22.—President MacMahon has pardoned or commuted the sentences of 86 communists.

In the International Monetary Conference, to-day, Walker of the American delegation made a long speech pointing out the serious consequences of demonetizing silver.

He argued that the gold standard was condemned by the experience of the last few years. The conference of 1866 committed a great mistake in proclaiming a crusade against silver for the sake of international coinage. Only two or three countries were able to maintain a sufficient gold circulation, others would be driven to a circulation in which silver would predominate below its nominal value.

The Swedish and Swiss representatives disputed Walker's argument.

Leon Say announced that Germany had declined, with thanks, the invitation to participate in the congress.

Horton addressed the conference. He repelled the accusation that the United States came to the congress with antiquated theories which were only supported by nations having a forced paper currency. He said the point to be ascertained was whether the powers considered it advantageous to concert together upon the conditions of their silver currency.

The question was then raised whether the conference should again adjourn.

Governor Fenton declared that there had never been a more important question than that under discussion. The American delegates had crossed the ocean to discuss it exhaustively. It would be greatly to be regretted if this were not done. The American delegates still had many things to say. The conference then adjourned one week.

AUSTRIA.

Another Battle.

VIENNA, 22.—General Jovanovich announces that the insurgent positions before Stalatz were carried by the Austrians on the 21st inst., after several hours' severe fighting. Several insurgent chiefs were killed. The Austrian loss was 10 killed and 82 wounded. The Austrians captured 27 cannon at Serajevo.

TURKEY.

A Russian Attack.

CONSTANTINOPLE, 22.—As the Rhodope insurgents ignored the summons to evacuate their positions, the Russians attacked Karanassalar and Akbunar, but the insurgents maintained their positions.

CORRESPONDENCE.

Crops—Heat—Increase of Water, &c.

PAROWAN, Iron County, August 19, 1878.

Editors Deseret News:

We are now in the midst of our harvest; the crop promises a fair yield. We have had an abundance of water the past summer. The weather has been extremely hot during the present month, for this place, the thermometer reaching to 102 on the north side of President Dame's house; the weather has never been known so hot before in Parowan, during its 27 years of settlement. There is a rumor that on one day this month the thermometer, for about one hour, ran up to 108, but I did not see it myself.

Grasshoppers are quite numerous on many patches of our fields, and are laying their eggs. In all probability we shall be more or less troubled with them next season. During the last two weeks we have had several heavy showers of rain. Notwithstanding the very warm weather, the general health of the people is good, though there has been quite a few cases of severe summer complaint.

It is astonishing to witness, today, our town, one mile square, all cultivated, or nearly so, and our 3 fields, all supplied with water from our own creek, which, 23 years ago, very meagerly supplied one poor little town and one small field. Of course we have wet and dry seasons, seasons when the stream is higher and seasons when it is lower, but on the whole, the water has greatly increased in this place. And is it not so in every settlement of the mountains, more or less? Yes it is. Is this not a positive evidence then that God is with us in this respect? and that he is blessing us in our endeavors to maintain ourselves in these mountain valleys? We so regard it, and with the blessing of him who holds the destinies of all people in his keeping, we will grow and spread, labor to promote righteousness and the redemption of our fellow-men, notwithstanding the howling and horrible falsifying of our unprincipled enemies against us. CORDOVA.

Big Hail Storm.

NEWTON, Cache Co., Utah, August 19th, 1878.

Editors Deseret News:

Last Saturday, the 17th of Aug., about 6 o'clock in the evening, our little town was disturbed by the unusual occurrence of a storm of hail stones about the size of small hens eggs. I saw plenty that would measure an inch and a half in diameter. They were as hard as ice, and by far the largest I have ever seen or heard of in Utah. The storm lasted about ten minutes, and was accompanied by violent wind from the northwest. The clouds had gathered, in dense black masses, on the mountains near Bear River Narrows, southwest of Newton; lightning and loud thunder told us that something unusual was about to happen, so that most everybody had sought and obtained shelter, and no one was hurt that I have heard of.

As all the small grain was cut and much of it stacked, I think no damage was done to that. It cut up corn, potato and squash vines, barked trees, etc., and made things look worse for wear generally. If our houses had been glass they would all have been knocked down, but as it was, a great many lights of glass were broken that happened to face the west. Bishop Rigby told me that his children picked up several buckets full of the hails that looked like large eggs, at his ranch, two miles west of Newton. I do not know how the stock fared, but judging from what I saw, I should say they fared badly while it lasted.

Our people are very busy hauling hay and grain. The small grain is pretty good, but would have been better had we had a sufficiency of water to go twice round. As it is, it is shrunk some.

The Saints are trying to do the best they can generally speaking. They are donating liberally to the Temple, and aiding in other ways the advance of the kingdom of God.

I remain, etc. JONAS N. BECK.

SELECT SCHOOL.

THE FIRST TERM of Mrs. M. E. Randall's Select School, for the present year, will open August 19th, at 9 a. m. in Morgan's College building. Also an evening school at the same place, commencing at 6.30 p. m.
