CONGRESSIONAL.

SENATE.

WASHINGTON, 2.—Burnside called up, as a special order, the bill to remove all restrictions now existing in regard to the enlistment of colored citizens in the army of the United States. The bill was recommitted, with an amendment proposed by Blaine, that hereafter colored men shall have full right to enlist in all arms of the service.

The railroad funding bill came up as unfinished business, and Morrill addressed the Senate in support of the judiciary committee bill.

A discussion sprung up from this, which was participated in by Thurman, Hill, Ingalls, and Edmunds, as to responsibility for sinking fund and the different rates of interest between the different bonds held.

After an executive session, the Senate adjourned.

HOUSE.

WASHINGTON, 2.—Sayler reported the bill to prevent default or delay in the payment of interest on the 3.65 District of Columbia bonds. Referred to the committee of the whole.

A joint resolution was reported, authorizing the commission having in charge the Washington monument to apply the $36,000 to giving greater stability to the foundation.

Cox moved to lay the bill on the table. Defeated, 51 to 88. The bill then passed.

It was voted, yeas 148, nays 79, to take up for consideration the report of the committee on civil service reform in regard to the case of doorkeeper Polk.

Harrison explained the report. He said the democracy was pledged to reform, and would it go before the country and say, "We will fight the republicans who commit wrong, but will spread whitewash over our friends?" He thought not. He read from the testimony to show that Polk had exceeded the law in his appointments.

Luttrell, Frankiyn, Clark, Eden, Ellsworth and others harrassed him with questions and great uproar succeeded, accompanied by merriment.

Harrison maintained his point, however.

After his speech the House adjourned.

EASTERN.

Greeks Badly Defeated.

NEW YORK, 2.—Dispatches report that the Turks have captured the Greek position on Mount Pelion. The latter are reported badly defeated.

National Rifle Association.

At a meeting, to-day of the National Rifle Association the following resolution was adopted:

Resolved, That for the purpose of developing a public interest in rifle shooting with military weapons, an international rifle match will be arranged to take place at the annual prize meeting of this association to be held at Creedmore in September next, to be open to all teams from each of the States of the Union, the provinces of Canada, kingdom of Great Britain, and from all other countries, each country having a national guard or military district from its regular army to be entitled to a separate team to represent each. The annual convention of riflemen will be held at Creedmore on Friday, May 24, for the purpose of organization. The secretary was directed to notify all clubs and request them to forward at once the number of members and names of representatives whom they will send to the convention.

Certificates of Deposit.

WASHINGTON, 2.—The comparative statement of the aggregate of certificates of deposit received each month thus far during the fiscal year ending June 30th, 1877 and 1878, shows a decrease to March 31st, 1878, of $5,403,588. The total receipts for 1877 were $118,909,997.

Blair Interviewed.

The *World's* Washington correspondent has interviewed Blair. He declared that he was actuated wholly in this step by his sense of public justice. He had no complaint to make of Hayes personally. He was always treated well by him, and he has always treated him civilly, and he had asked nothing of him—neither did he want anything from Tilden, and had said so to him when he believed that he was elected. Despite Blair's confidence his prospects in Congress are very dubious. There are not a dozen members probably who would vote to reopen the count.

Funeral of Madame Restell.

The remains of Madame Restell were taken to Tarrytown, to-day, for interment. Only her relatives, counsel, and servants attended the funeral.

Another Walking Match.

LOUISVILLE, 2.—In the thousand mile walking match between Fisher of Canada and Sidrom of Chicago, at 10 o'clock to-night, Fisher completed his 700th mile in eight minutes and twenty-three seconds. Sidrom has walked 686 miles.

WESTERN.

Granted Clearance Papers.

SAN FRANCISCO, 2.—In accordance with instructions received from the authorities at Washington, Collector Shannon has granted the Costa Rican steamer *Truro*, late *Pelican*, clearance papers this morning. This afternoon shipping articles were signed by the officers and crew, and the steamer will probably sail to-morrow morning for Costa Rica. She carries no cargo except stores and coal.

FOREIGN.

GREAT BRITAIN.

Wholesale Assassination.

DUBLIN, 2.—The Earl of Leitrim, his clerk and driver, were all shot dead this morning, while driving near his lordship's lodge, Manor Vaughan, County Derry. No details of the shooting have come to hand.

The Earl of Leitrim was shot opposite a cottage from which he had recently evicted a widow.

Constantinople.

LONDON, 2.—The following appointments are officially confirmed: Marquis of Salisbury, Secretary of State for the Foreign Department; Right Honorable Gathorne Hardy, Secretary of State for India; Hon. Frederick A. Stanley, Secretary of State for War; Sir Henry Selwin Ibbetson, Secretary of the Treasury, in place of Stanley.

The Eastern Question.

The *Times*, in a leading editorial, says: "Government's conviction that the terms extorted from Turkey are inconsistent, alike with the interests of England and Europe, will be sustained by the public opinion of the country."

The opposition to retrocession to Russia of Bessarabia is growing in intensity.

Unless energetic disinfecting is promptly carried out along the military roads in Bulgaria and Roumania, a frightful pestilence is likely to break out.

The semi-official eastern budget prints the following special:

General Ignatieff was informed by the Austrian government that it requires certain alterations to be made in the peace preliminaries, and such alterations must be made with the concurrence of the other Powers. There is no prospect, therefore, of England being isolated, and the action of the Vienna cabinet is calculated to promote the interests of peace.

Count Andrassy has assured M. Bratiano, Roumanian premier, that Russia should, under no circumstances, keep a military road open through Roumania for two years.

So far the Porte has refused all proposals for the Russian occupation of any heights near the Bosphorus. Grand Duke Nicholas has assured the Porte that he will not advance on Constantinople without the Sultan's assent.

The *Times* announces that Mr. Ogle, its Volo correspondent, has been found dead near Macrinitza, and there is reason to believe he was assassinated. An Athens telegram reports that Mr. Ogle was murdered by the Turks.

The *Howe* and *Canopus*, wooden screw men-of-war, at Devonport, have been ordered to be prepared for hospital service in the Mediterranean.

A St. Petersburg correspondent says: Austria's views are regarded there as so exorbitant that the Russian chancellor, to prevent an alliance between Austria and England, is about to make another attempt to come to terms with England. At Vienna hopes are still entertained that the congress will meet.

Bismarck is going to his Lauenburg estate soon, unless detained by the eastern question.

It is stated that Russia is irritated by the rebuff from France. The latter being approached for separate recognition of the treaty of San Stefano replied that she would not participate in a combination against England.

Vienna advices present the Austrian objection as not less fatal to the existence of the treaty than England's.

Latest advices from Constantinople say a strong conviction prevails at the Russian headquarters that an Anglo-Russian war is inevitable. It is reported that Russia has offered to cancel the money indemnity and increase Turkish powers over New Bulgaria as a reward for an alliance, but these offers have not led to any result. The Grand Duke Nicholas had a reception of the diplomatic body on Sunday. The British and French ambassadors sent their cards. The Grand Duke returns to his headquarters at his headquarters at San Stefano on Wednesday.

The *Agence Russe* says journals, notably the new *Times*, favor a direct understanding with England.

There is a slightly better feeling here. It is quite possible another attempt will be made to come to terms with England if Austria's demands are as exorbitant as reported.

There is little doubt that Grand Duke Nicholas has been charged to induce the Turks to conclude an offensive and defensive alliance with Russia in case of an Anglo-Russian war.

The Russians commenced a fresh movement towards Gallipoli. The Russian troops north of the Balkans are being moved nearer the Danube. The Russians are everywhere erecting fortifications.

General Ignatieff has arrived. The *Agence Russe* maintains that his mission has not failed, as he was simply instructed to give and receive friendly explanations relative to the attitude of England.

The *Agence* says Russia cannot do more to facilitate the meeting of the congress. Her means of persuasion cease at the point where the care for her dignity commences.

The *Gazette*, to-night, publishes a proclamation ordering the reserves to assemble on or before April 19th.

The Russians, fearing the Turks will endeavor to remain neutral, M. Onan has made the following demands, which may be regarded as an ultimatum: "The abandonment to the Russians of the fortifications on both sides of the upper Bosphorus and Gallipoli, and Boulair on the Dardanelles. The Turks are also to evacuate Makrikevi and Maslak and place some barracks and hospitals at the disposal of the Russians. Grand Duke Nicholas last night urged these demands upon Reouf Pasha, and they will be submitted to the council. It is said that the Sultan and Vefik Pasha oppose them."

Report Confirmed.

In the House of Commons, to-night, Mr. Lawther confirmed the report of the shooting of the Earl of Leitrim, and said there was reason to suppose that the crime was of an agrarian character.

Lord Salisbury's Objection to the Entire San Stefano Treaty.

The following is the sentence verbatim in Lord Salisbury's circular to the Powers in which he objects to the treaty of San Stefano as a whole. The combined effect of the treaty in addition to the result upon the Greek population and upon the balance of the maritime powers which have been already pointed out, is to depress almost to the point of the entire subjection the political independence of the government of Constantinople. The formal jurisdiction of that government extends over geographical positions which must, under all circumstances, be of the deepest interest to Great Britain. It is in the power of the Ottoman government to close or to open the straits which form the natural highway of nations between the Ægean Sea and the Euxine. Its dominion is recognized at the head of the Persian Gulf on the shores of Lepant and in the immediate neighborhood of the Suez Canal. It cannot be otherwise than a matter of extreme solicitude to this country that the government to which this jurisdiction belongs should be closely pressed by political outposts of a greatly superior power, that its independent action and even existence is almost impossible. These results arise not so much from the language of any single article in the treaty as from the operation of the instrument as a whole. A discussion limited to articles selected by one power in the Congress would be an illusory remedy for the dangers to English interests and to the permanent peace of Europe, which would result from the state of things which the treaty proposes to establish.

HIGHEST HONORS

AT THE

UNITED STATES

CentenniaL

World Exhibition,

1876.

MASON & HAMLIN

CABINET

ORGANS

Unanimously assigned the

"FIRST RANK

IN THE

"SEVERAL REQUISITES"

of such Instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously assigned "the FIRST RANK in the SEVERAL REQUISITES of instruments of the class" by the Judges at the CENTENNIAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the severest competition by the best makers, before one of the most competent juries ever assembled.

They have also received the MEDAL, but, as is well known, medals of equal merit have been "awarded all articles deemed worthy of recognition; so thus it will be easy for many makers to advertise that they have received "first medals."

The differences in competing articles, and their comparative excellence, are recognized in the Reports of the Judges from which the following is an extract:—

"*THE MASON & HAMLIN ORGAN CO.'S exhibit of Reed Organs and Harmoniums shows instruments of the FIRST RANK IN THE SEVERAL REQUISITES OF INSTRUMENTS OF THE CLASS, viz: Smoothness and equal distribution of tone, scope of expression, resonance and singing quality, freedom and quickness in action of keys and bellows, with thoroughness of workmanship, combined with simplicity of action.*"

(Signed by all the Judges.)

The Mason and Hamlin Organs are thus declared to rank first, not in one or two respects only, but in the SEVERAL REQUISITES of such instruments, and they are the Only ones assigned this rank. This triumph was not unexpected, for the Mason & Hamlin Cabinet Organs have uniformly been awarded the highest honors in competitions in America, there having been scarcely six exceptions in hundreds of competitions. They were awarded highest honors and

and have thus been awarded highest honors at
