WRIGHT BROTHERS
BUY Z. C. M. I. CORNER

Will Make Extensive Improvements and Modernize Fine Store Building.

DEATH CLAIMS G. F. SEAGER.

Well Known Miner Taken Without Warning—Mike McDonald Sent to Asylum—District Court.

Ogden, March 7.—The Z. C. M. I. building located at the northwest corner of Washington avenue and Twenty-fourth street, has been sold to W. H. Wright & Sons company of this city. The sale was closed yesterday afternoon. August F. Wright, general manager of the firm having gone to Salt Lake City on the afternoon train where he met T. G. Weber, of the Z. C. M. I. and the final business was transacted and the agreements entered into whereby the Messrs. Wright came into possession of what is considered the best business site in Ogden. The exact sum paid for the building and ground was about \$100,000 as given out last evening by Mr. Wright on his return from Salt Lake. A member of the firm stated to the representative of the "News" that the company will move into the newly acquired quarters at the earliest possible date, but not until some extensive improvements have been made. The Z. C. M. I. must first get out of the building with its large stock, which will take several weeks at the earliest, then Wright's expect to modernize the building by placing large plate glass show windows in the first floor, with an attractive entrance. New hardwood floors are to be laid throughout the building, and the interior is to be remodelled suitable for the numerous departments of merchandising now conducted by Wrights, who expect to have their different departments under the same roof. An up-to-date passenger elevator is to be installed so that their customers can be taken to the upper stories without having to climb the stairs. The large stores now occupied by Wright & Sons will be for rent just as soon as the firm can move into the Z. C. M. I. building. This is the heaviest real estate deal that has been transacted in Ogden for years and the Messrs. Wright are to be congratulated on securing this excellent location for their business.

to his household, but to many relatives and friends. Mr. Seager was around home yesterday morning, assisting his wife in doing some work. He ate a hearty dinner and was jovial and remarked how well he felt. A short time afterwards he was seized with severe pains, Dr. Baker was quickly summoned, but in less than a half hour his spirit took its departure from mortality. He was born in England, Feb. 4, 1846, and came to Utah in 1861, residing in Ogden almost ever since. He was a member of the Church of Jesus Christ of Latter-day Saints. For many years past Mr. Seager has been active in the mining business in this vicinity, and owned at the time of his death a number of mining claims.

He is survived by a wife, one daughter, three sons and a host of friends, who will be surprised to learn of his sudden demise. The time and place of funeral will be announced later.

MCDONALD MAY BE DEPORTED.
Mike McDonald has been adjudged insane by Drs. Powers and Browning and committed to the asylum at Provo. He may, however, be deported to England, where he lived up to three years ago. According to information obtained by Sheriff Sebring, the man was not of sound mind when he came to Utah three years ago from Manchester, England, and has been a source of trouble ever since. He has been out at the county poor farm for a considerable time, but because so abusive they could do nothing with him there. In a fit of temper a short time ago he struck Joe Carr, another inmate of the infirmary, a heavy blow over the head with a cane, laying his head open for several inches. He claimed to be lame, and the physicians on examining him yesterday, looked at his leg, which he had bound up with cloth, but they could not discover anything the matter with the limb, and threw the bandages away. His case will be taken up by Sheriff Sebring with the state officials, looking to his being deported to his native land.
