DESERET EVENING NEWS.

TUESDAY, OCTOBER 22, 1895.

WILL INVESTIGATE.

Government Geologist George H. Eldridge Off For the Utah Indian Reservations.

The News last evening reproduced from the New York World a special Washington dispatch in that paper under date of the 14th inst. to the effect that Secretary Hoke Smith had determined to send an expert government geologist to Utah to carefully inspect and report upon the very valuable gilsonite and asphaltum deposits on the Uncompahgre and Uintah reservations. The purpose of the investigation is to secure data for the interior office that will make it impossible for mining land entrymen, trusts and rings to secure possession of the deposits.

Little or no time has been lost since Secretary Smith arrived at that conclusion in taking the preliminary steps to get the information he desires, as this morning George H. Eldridge, of Washington, D. C., and a member of the United States Geological survey left this city, to which he came yesterday on the same mission. Mr. Eldridge is well known throughout the West, as he was for a period of years connected with the staff of the Colorado division of geology, presided over by Prof. S. F. Emmons.

NEWSBOYS ELECT OFFICERS.

They Also Organize a Foot-ball Team and Will Don the Blue and White.

The Newsboys' Union held a meeting over the Western Union Telegraph office last evening and elected officers for the ensuing year as follows: John Simpson, president; Joe Simpson, vice president; J. T. Dunbar, treasurer; E. Lough, Secretary; Harry Smith and M. Leonard, sergeants-at-arms. In addition to existing officers, the boys organized a foot-ball team, Harry Smith being appointed captain, and blue and white being adopted as their colors. Another meeting will be held on Thursday evening, at which time new members will be enrolled. Donations of chairs, books, clothing, etc., will be gratefully received by the boys.

Marvelous is the swift and even work done by Dr. Price's Baking Powder.

At a meeting of the stockholders of the Alex Mining company held yesterday, the following board of directors was chosen: Samuel McIntyre, Frank Knox, Isaac Jennings, William G. Nebeker and W. H. Dickson. The company will elect its officers on Monday, October 28th, at 10 a.m.

CLAWSON'S BILL DISCUSSED.

Shall Wires be Placed Underground? Prest. Wallace, of the Telephone Co., Argues Against It.

The joint committee to which was referred Councilman Clawson's bill for an ordinance requiring the placing of all telephone, electric light and telegraph wires underground, met last evening to discuss the question.

All the companies whose will in any way be affected by the passage of such an ordinance, were represented. The street railway companies were also represented, but as the proposed ordinance did not include the removal of their wires, they had nothing to say.

Engineer Young who is acting in conjunction with the committee, stated that he had drawn up the ordinance and that it was similar to that now in force in the city of Buffalo.

President Wallace, of the Telephone company, expressed the opinion that if the proposed ordinance was passed, those who passed it, would live to regret their action.

Manager Brown, of the Telephone company, thought the street railway companies should be included, as he considered the wires of those companies, a greater danger than all the others combined. Again, he could not see how his company could be compelled to place their wires underground when their franchise granted them the right to string them overhead.

Manager Hayward, of the Electric Light company, said that they favored a compliance with city ordinances, but reminded the committee that the matter of operating wires underground, was as yet an experiment and admonished the committee not to act too hastily in the matter.

Further discussion was had, but as those interested were laboring under a disadvantage in not having a copy of the proposed ordinance, the matter was laid over for a week. In the meantime copies of it will be furnished to all concerned, that they might segregate its contents and be better able to discuss its merits or demerits at the committee's next meeting.

J. W. Farrell & Co.'s bill for extra wiring was being considered last night by the special committee to whom it was referred. They will likely have a report to hand in at tonight's session of the City Council.

Make a note of it! Lightest biscuit when Price's Baking Powder is used.

Kelsey Regains Liberty.

Shortly after 5 o'clock last evening, the attorneys for Lewis P. Kelsey, committed by Judge Merritt for contempt of court in failing to pay alimony awarded in a divorce suit presented a petition for a writ of habeas corpus to Judge King. The writ was granted, returnable November 6, and Kelsey was released until then on $1,500 bail. The petition set forth that the order of imprisonment was illegal as an appeal to the Supreme court from the order for alimony had been perfected.

Stomach Stimulant.

Mr. A. L. Armstrong, an old druggist, and a prominent citizen of the enterprising town, says: "I sell several different kinds of dyspepsia remedies, but have never in my experience sold so much of any one article as I have of Kickapoo *Indian Dyspepsia Syrup*. All who use it say it is the most perfect remedy for Dyspepsia, Cold, Consumption, and all diseases of the Throat and Lungs, they have ever tried." It is a specific for Croup and Whooping Cough. ANOTHER RAMBLER DAY.

The Rambler begs make a great showing in the Opera house. The first event of the day was the test mile road race in which McCurdy finished third, taking third prize and third time prize. Then came the track race, Joe Dean taking first in the seven, Fowler first, Waller second, and Thatcher third in the mile scratch, class B, all "Ramblers" you will note. In the half mile race McCurdy took second, Corey third. Hall, class B, Thatcher second, Fowler third. Five mile, class B, Fowler second. In this race a man in a yellow suit got his head and fell, Consitmar and Waller being immediately behind him, the result was a spill for these parties and the race left to Evans. The five mile, class A, was another Rambler event, May taking first, Joe Dean second and McCurdy third. Fourteen prizes 7s one day is glory enough for any one.

People are taught and people rear out,
And man may boast if they please,
But Rambler's win every season and day,
Regardless of how others tell.
