DESERET EVENING NEWS

The Semi-Weekly News.

THE GREAT COUNTRY PAPER OF THE WEST.

Is Issued Mondays and Thursdays and contains all the cream of the Daily and Saturday News.

LOCAL BRIEFS.

Sarah Howells of 137 Fourth East has the smallpox, and all because she would not be vaccinated.

The petition for a rehearing in the case of Eliza English vs Joseph Openshaw has been denied by the supreme court.

Major Hooper of the Rio Grande looks for a very heavy passenger traffic westward next year on account of the Portland exposition.

Private Thomas Clark of the Twelfth battery at Fort Douglas has been transferred to E company, Twenty-ninth infantry, same post.

The state board of examiners opened bids yesterday afternoon for supplies and printing for the state Legislature, and will let contracts Monday.

The subject of Dr. J. E. Talmage's lecture before the University Sunday school Sunday next will be "The God of Israel." Prof. Merrill will speak on "The Message of Alma."

The local Portland Cement company will place an exhibit of its work in the real estate information bureau, and other manufacturing concerns are invited to do the same thing.

Collector Greenwald is much interested in the recent interpretation of the tenure of office law at Washington which would give all collectors of subports their offices for life.

Los Angeles, up to date, with all her main buildings and attractions illustrated in the best style of which the "New" plant is capable, will be a feature of the forthcoming issue of the Christmas News.

The many friends of Prof. George Careless will read with interest the announcement in the music department of the Saturday News that he is to contribute a new Sacramental hymn for the Christmas News.

J. W. Summerhays and L. John Nuttall of the Deseret Sunday school union board have left on an extended tour of Colorado and New Mexico in the interests of the Relief society, the religion classes and the general improvement of Sunday school organizations.

Bands o Mercy will be organized in the public schools under the supervision of the Society for the Prevention of Cruelty to Animals, and Rev. Dr. W. H. Paden will speak on the subject next Wednesday afternoon, before the school principals' meeting. These Bands of Mercy exist in many of the public schools elsewhere.

There is much inquiry at the Deseret News book store concerning Mr. Hilfred Lambourne's charming work "Pictures of an Inland Sea." It makes a specially fitting Christmas present to send away to friends interested in Utah. The book store is closing out the edition at half price, 50 cents instead of $1, and a paper edition at 25 cents.

There was a small explosion yesterday afternoon at the Model dye works, caused by the ignition of a match in the pocket of a vest that was being cleaned with gasoline, and Mrs. M. Johnson was slightly burned about the arms. The establishment was damaged $50 worth.

An Omaha dispatch says: Hallie Erminie Rives, sister of Amelia Rives, starts west from here tomorrow in search of material for a strictly western novel. Her tour will include Portland, San Francisco, Salt Lake City and Denver. Miss Rives was the first member of the family to appear on the literary firmament, her first book, "Smoking Flax," appearing when she was but 16.

The regular monthly meeting of the Veteran Volunteer Firemen's association will be held at their hall, 271 Canyon road, on Monday evening, Dec. 5, at 7:30 p. m. A full attendance of officers and members is requested; also all members of the Firemen Mortuary association, to take action on the rules and byelaws of said association. All old volunteer firemen cordially invited to all meetings.

There will be an interesting Thanksgiving song service in the Seventeenth ward chapel tomorrow evening. This is a custom of several years and is always looked forward to as an event in the ward. Two pupils of Mr. Hugh Dougall, Miss Ivy Evans, soprano, and Mr. Henry E. King, baritone, are to make their appearance in a public capacity. Each will sing a sacred solo and there will be other interesting musical numbers.

General Manager H. G. Williams of the Utah Fuel company returned last evening from Carbon county, where he has been for the last two weeks, and says that the year's output of coal and coke will be creditable in amount, notwithstanding the interference last winter, with the operation of the mines by the strikes. Mr. Williams says there are a few of the ex-trikers left who are living on their previous savings, and some of these are putting in their time hunting.

The ordinance passed by the council Monday night regulating the hanging of electric signs on streets has been vetoed by Mayor Morris. The ordinance provides that the signs shall not extend more than 10 feet out from the buildings. The mayor is of the opinion that they should be allowed 13 feet, as they furnish good lighting for the streets, and the width of the streets is such as to justify the mayor in allowing the signs to project that distance. He states in his veto that if the ordinance is changed in that one respect he will approve it.

Save your money and when you get a dollar, deposit it with Zion's Savings Bank and Trust Co., Salt Lake City, Utah. Jos. F. Smith, President; George M. Cannon, Cashier.

DEATH RIDES ON RAILROAD TRAINS

Chapter of Accidents that Happened During Past Twenty-Four Hours.

TWO CROWN SHEETS BLEW OUT

One Engine at Farmington and Another at Kemmerer Wrecked and Crews Killed or Maimed.

Grim Death who rides the railroad train has not been over idle with the trainmen of the Rocky mountain district within the past few days. Yesterday morning H. P. Wallace was killed on engine 996, hauling train No. 21 near Kemmerer, Wyo. It was just a case of too much desert water, full of minerals and foreign matter, that deposited in the pipes till they were clogged, and then the crown sheet blew out, making a corpse of the fireman, and seriously injuring F. H. Smithson, a brakeman, who was riding in the cab with the train drivers.

AT FARMINGTON.

Last night between Salt Lake and Ogden the same kind of accident fatally injured Fireman Bartlett, and seriously injured Engineer Rene Burke. Driving engine No. 1,511, with a large haul of freight cars, the trainmen, who were Union Pacific employes making their first run through to Evanston, were off Farmington station when the boiler head blew out without the slightest warning. There was only the noise of the explosion and then the crash of sheetiron driving through the timber of the cab. Emergency calls to Ogden brought down an engine to tow the disabled train to its destination, and to haul the two scalded men to a place where medical aid could be had.

LUCKY CONDUCTOR.

With a couple of broken ribs and a broken ankle, Conductor Geo. W. Moore arrived in this city yesterday, and was taken to St. Mark's hospital, the victim of a broken coupling at Orchard Hill in Idaho. How he escaped death is the most remarkable thing about the accident. While the train was pulling its way up Orchard hill, Conductor Moore was passing along the tops of the cars. While stepping from a furniture car to an ordinary freight car, the coupling broke, and he stepped instead into space. He was walking forward at the time and was thrown against the oncoming car before he struck the ground. The blow directed his falling body so that it landed clear of the tracks, and received only two broken ribs and a broken ankle instead of the grinding beneath the wheels that seemed for a moment to be his due. Moore is a member of the Elks' fraternity, and well known among railroad men.

APPEAL FOR CHARITY.

Salt Lake Association Issues Call to Business Men of City.

The Salt Lake Charities association issues the following appeal to the business men of this city:

As the public is aware, there was organized in this city in October last an organization known as the Salt Lake Charity association. At that time Dr. T. B. Beatty was elected president, J. B. Evans, secretary, and M. H. Walker, treasurer. A board composed of Dr. T. B. Beatty, J. B. Evans, M. H. Walker, J. D. Wood, Simon Bamberger, Joseph Geoghegan, W. H. Tibbals, W. Mont Ferry, F. A. Druehl and Rev. Elmer I. Goshen, was appointed. These gentlemen have qualified as directors and have incorporated the organization. This board has entire charge of the plan and action of the association.

The personnel of the board and the character of the gentlemen named is sufficient to guarantee a broad and effective charity work. This association has for its purpose the alleviation of poverty, the helping of worthy people in need to help themselves, and the relief of distress and suffering. It is proposed to do away with indiscriminate begging, and if this organization is provided with the funds needed there will be no occasion for individuals to assist seekers after charity.

The Salt Lake Charity association will investigate all cases seeking aid, and, if convinced of its worthiness, will assist to its full extent. M. M. Woods has been appointed as the superintendent of the work, and his acquaintance with the charity work and needs of the city guarantee efficiency in this department. The organization is now in need of and ready to receive funds. If it does your work it must have your hearty co-operation. It is hoped and believed that a general response will be given to this call, and that the association will be furnished with means to enable it to do a large work and relieve the needs of all who are in want, if in our opinion the need is imperative, and it is asked that checks be sent at once to the treasurer, M. H. Walker, at Walker Brothers' bank.

Builds up muscular flesh, healthy tissue. Rich red blood, clears the stomach, kidneys, and liver. That's what Hollister's Rocky Mountain Tea will do. 35c, Tea or Tablets. Ask your druggist.

The low "differential" rates made by the Erie Railroad effect a marked economy for those who travel much, and the saving is surely worth while even for a single trip. Yet the service is strictly first class. The rate between Chicago and New York is considerably less than two cents a mile. Reasonable, isn't it? Write Room 555, Railway Exchange, Chicago, for time tables, booklets, etc.

A RARE CHRISTMAS BOOK.

The Deseret News Book Store is pleased to announce that it has secured a limited number of the work, "Pictures of an Inland Sea," written and illustrated by Alfred Lambourne, the well-known Utah artist, and that it will offer them to the holiday trade at 50 per cent less than last year's prices. Nothing more beautiful than this book, which is written in Mr. Lambourne's best style, and contains seven photogravure plates from the author's original sketches, could be selected as a Christmas present to send away to friends interested in Utah. The price last year was $1.00. It is now offered at 50c to close out the edition. The book is printed on heavy deckle edge paper and bound in fine art buckram. A limited number of the book has also been bound in paper, with a design of Salt Lake in colors. This style sells at 25c. Special rates below these unusually cheap prices are offered agents and dealers. Anyone desiring a rare art work, at half price on a subject so interesting to all Utahns at home and abroad should call immediately and see Mr. Lambourne's work, before the limited supply is exhausted.

THE SIMPLE LIFE
By Charles Wagner.

President Roosevelt, introducing the Author to a large audience in the Lafayette Opera House, Washington, had this to say about the book:

"This is the first and will be the only time during my presidency that I shall ever introduce a speaker to an audience, and I am more than glad to do it, in this instance, because if there is one book which I should like to have read as a tract and also, which is not invariably true of tracts, as an interesting tract, by all our people, it is 'The Simple Life,' written by Mr. Wagner. There are other books which he has written of which we can gain great good, but I know of no other book written of recent years, whether here or abroad, which contains so much that we of America ought to take to our hearts as is contained in 'The Simple Life.'
