Prof. M. E. Jones and Weather Director Murdoch are going to Garfield in a day or two to examine the lake level and if the water is receding they will drive a stake out in the water with a graduated scale on it so as to register the readings below the scale on the regular board.

A telegram received at President Snow's office from the Dominion Steamship company, announced the arrival of steamship New England at Queenstown this afternoon. There were on this steamer, Henry Morgan, Stephen A. Newman, E. A. Child, and G. A. Teudt of Salt Lake, William F. Murphy of Sugar ward and other Utah passengers.

A telegram was received at the office of President Snow today from the office of the International Navigation Company, announcing the arrival at Queenstown yesterday of the steamship Waesland. On this steamer were William T. Hart, of Salt Lake, Walter J. Kelly of Brigham City, W. R. Skanchy, of Logan, Carl Madsen, of Riverton, and other Utah and Idaho passengers.

The Young Ladies' Mutual Improvement association of the Twenty-third ward met last night for reorganization and preparation for the ensuing year's work. Mrs. Addie S. Felt was retained at president, Miss Hannah Lundin is her first counselor and Miss Annie Fernstrom her second counselor. The ward was visited by Stake Secretary Mrs. Minnie James and Mrs. John Irvine, who gave valuable instruction and advice.

Laura Wolstenholm, the 4-year-old daugher of Mr. and Mrs. William Wolstenholm, passed away yesterday afternoon. The child's death was caused by typhoid fever, which malady attacked her about three weeks ago. It was in a light form, however, and she was not confined to her bed. But about four days ago the tide turned and she became very ill, sinking rapidly until the end came. The funeral will be held from the home of the parents, No. 526 West Second North street tomorrow afternoon at 2 o'clock.

"Oddie," the little seven year old twin daughter of George Graham who operates the horse and mule cars between Sandy and Wasatch, met with a painful accident yesterday afternoon. The child had climbed on to one of the flat cars while it was in motion and losing her balace, fell off under the wheels, where one of her legs was badly mangled. The little one was immediately taken to Sandy where the limb was put into a cast with the hope of saving it.

L. D. S. COLLEGE OPENING.

Will Take Place Tomorrow—Several New Teachers Will be Engaged.

The opening of the Latter-day Saints' college for this school year will take place tomorrow in the Lion House. There will be no formal exercises, but only the classification and examination of students.

All students, except those in the business courses already registered, will first call on President Paul in the office at the Lion House.

Preparatory students will be assigned to Instructor Larsen, for help in making out their course of study.

Missionary students will consult Instructor Snow.

Normal and high school students will be assigned to Professors Peterson and Mills.

Business students will report at the Social Hall to Professor Hinckley.

Several new instructors have been engaged. Lawyer H. S. Tanner will conduct one of the missionary classes. G. W. Richards, son of Auditor Richards, will teach physics and one of the evening classes. No permanent instructor for vocal music has yet been engaged, as the return of Prof. Stephens may afford his services or his aid in securing a teacher of music. Elder Horace Ensign has consented to conduct the singing until the arrival of Prof. Stephens.

The classes begin at 9 o'clock in the morning. Only one higher algebra has yet been scheduled for 8 a. m. and only a few others, all of higher rank, will be placed at that hour.

From 9 to 10 a. m. the following classes will be given daily: Higher grammar, arithmetic, algebra, commercial geography, pedagogy, penmanship, and Church history.

From 10 to 10:15, devotional exercises will be held as follows: Business students in Social Hall; high school and normal in Lion House; preparatory and missionary in Lion House. The third hour, from 10:15 to 11 has these classes: Book of Mormon, Life of Christ, Church history, Bible leaflets, commercial law, and ethics.

The fourth hour, from 11 to 12, has Shakespeare, commercial arithmetic, psychology, and grammar.

The fifth hour, from 12 to 1, has half-hour classes in vocal music, missionary singing, and preparatory spelling; and hour classes in Latin b, German b, case law, and physics.

The sixth hour, from 1 to 2, has Latin a, German a, rhetoric, pedagogy, elocution a, geometry, drawing. Articles of Faith, commercial spelling, and penmanship.

From 2 to 3 the classes are: Advanced rhetoric, physical geography, chemistry, elocution, law, and bookkeeping in its various branches.

From 3 to 4 come penmanship, U. S. history, bookkeeping, real estate, commission, and banking.

From 4 to 5, telegraphy, commercial geography, and political economy.

Shorthand and typewriting will recite every hour from 9 a. m. to 5 p. m.

All the foregoing classes will be organized on Thursday and Friday. In addition to these, certain higher classes in accounting, political science, mathematics, history, philosophy, and science, will be organized if there are students prepared to pursue these higher courses.

ELDER'S REMAINS ARRIVE.

Body of J. D. Frankland Brought Home by Elder J. S. Sears.

The remains of Elder J. D. Frankland, who died at Ansley, Alabama, on the 12th inst. of congestive chills, arrived in this city last evening. The body was accompanied by Elder J. S. Sears, of this city.

Elder Frankland and Bishop John R. Winder were brothers-in-law, having married sisters. Mrs. Frankland is now seriously ill. Her husband left for the mission field last April. He was a very ambitious and faithful missionary, and his zeal led him to overdo himself.

The funeral was held from the Twelfth ward meeting house this afternoon.

NEW BOND BIDS AGAIN IN ORDER.

Council Changes Date of Issue from Sept. 1st to Oct. 1st.

O'MEARA'S BID WAS HIGHEST

Former Offers Withdrawn in Order That New Ones May be Submitted —Other Matters.

All bids received for the $250,000 issue of municipal waterworks bonds were practically rejected at last evening's council meeting, the members concluding that new ones would have to be considered. Robertson introduced a bill for an ordinance prescribing the form of bond and providing that the bonds be dated September 1, 1900, payable twenty years thereafter in lawful money, bearing interest at the rate of 4 per cent and redeemable at the option of the city in ten years. Howe (C. R.) moved to amend by making the date October 1 instead of September 1. The amendment prevailed and the ordinance passed in that form. The bid of Rollins & Sons, of par, $2,166 premium and accrued interest, recently accepted by the mayor and finance committee, subject to the council's approval, was for bonds dated September 1, and the change in the date had the effect of throwing the bid out.

E. D. Shepard & Co., of New York, by their local agents, O'Meara & Co., sent in a bid last evening offering $2,600 premium and accrued interest from September 1, the bidders to pay for the engraving. The change in the date had the effect of throwing out this bid, too. The council will now consider new bids, and there is little doubt but the old bidders will submit new ones.

ANTI-BONFIRE ORDINANCE.

The practice of burning dead leaves and other rubbish in the streets during the fall of the year, will very likely have to be stopped.

Dr. Beatty introduced an ordinance prohibiting the practice under a penalty of from $10 to $25. The doctor says that the burning of leaves, etc., was a very unsanitary method of disposing of such material, and claims it should be hauled away. The ordinance was referred to the committee on municipal laws, with instructions to report next week.

WORK NOT CARRIED OUT.

Mayor Thompson communicated to the Council the fact that the proposed enlargement of the water mains from City Creek, decided upon last April, had not been carried out. His honor recommended that the board of public works be instructed to advertise again for bids for laying the new main so that it can be done this season and brought into use next year. Referred to committee on waterworks.

WATER METER RATES FIXED.

The ordinance fixing the rates for water by meters was taken up from the recorder's desk, and passed. The rates provided are 10 cents per 1,000 gallons for an average daily consumption of 1,000 gallons or less, with a reduction of ½c for each additional 1,000 gallons daily consumption, until a minimum rate of 3½c per 1,000 gallons is reached for an average daily consumption of 50,000 gallons or over.

PAYROLLS APPROVED.

The payrolls of the waterworks and engineer's departments, held up on account of certain irregularities, were approved. Upon motion of Robertson the meter inspector's salary was reduced to $2 a day. Heretofore he received $2.75 a day. The clerk in the engineer's office also suffered a reduction, his salary being cut down from $85 to $75 a month.

Department payrolls for the two weeks ending September 15th amounting to $7,819.50 were also approved.

MORE PARLEY'S LAND FOR SALE.

B. A. M. Froiseth offered the city 400 acres of land with water rights in Parley's canyon for $5,850. The property is owned by Jens Jensen, Carl E. Lundskog, and Swan Lindholm, the first named, 80 acres, and the other two 160 acres each. For Jensen's $1,650 is asked; for Lundskog's, $2,000, and for Lindholm's, $2,200. Referred to the Mayor and committe on finance.

CLEANING OUT PROCESS.

Upon motion of Councilman Beatty, Superintendent of Waterworks Hines was instructed to cause the reservoirs on Capitol Hill and on the east bench to be cleaned out not less frequently than once every two weeks.

It was also ordered that the canal on Eighth West street from the intersection of First North, thence north to Ninth North to the Hot Springs lake, total distance of two and one-half miles, be cleaned out and deepened by about twelve inches, at a cost not exceeding $700.

MORE HELP WANTED.

City Treasurer Morris sent in a request that he be given an additional clerk, claiming that the furnishing of bills monthly and making collections for water under the new water meter system gave additional work, which the present force was unable to fully perform. Referred to committee on waterworks.

NEW HALL FOR FIREMEN.

The committee on public grounds recommended that a small piece of ground up City Creek be leased to the Veteran Firemen's association for twenty-five years at a nominal rent of $1 a year. The committee's report was unanimously adopted. The association intends to build a hall upon the ground to be used as a storing place for old time appliances.

SALT PALACE VAUDEVILLE.

A creditable performance is on at the Salt Palace Vaudeville this week Oscar Lewis, the swell impersonator, is a past grand master in the art, and his companion, Sam Seibert, is very clever. The man who does the trapeze act goes through gyrations that raise the hair. The entertainment is worth seeing.

A HANDSOME TRIBUTE.

Dr. Talmage's New Book Reviewed by the Microscopical Journal.

Dr. Talmage's new book "The Great Salt Lake" is given a handsome notice in the August number of the American Monthly Microscopical Journal of Washington, D. C. The "News" regrets that the price of the book was not printed on the copy sent the Journal, but we are pleased to see that that magazine thinks it worth 50 to 75 cents per copy. The regular rate however, is only 25 cents. The notice is as follows:

"The Great Salt Lake." This is the title of a book just issued from the Deseret News office, Salt Lake City, by Dr. J. E. Talmage, professor of geology in the University of Utah. The great interest and value of the book will appear from the chapter on life in the lake reproduced by us on pages 217-224. Other chapters relate to the geological history of the basin, the great economic importance of salt, the different pleasure resorts, the history of man's contact with the region, and many other points. The 116 pages of text are illustrated by 22 beautifully prepared half-tones and provided with flexible cover. We are not advised of the price but think our readers will be safe in enclosing 50 to 75 cents for a copy, either to Dr. Talmage or to the Deseret News."

'THE NEWS" DURING FAIR AND CONFERENCE WEEK.

All indications point to an immense attendance at the coming Conference and State Fair, the first week in October. ADVERTISERS DESIRING TO REACH THE PEOPLE IN THEIR HOMES can do so effectively by using the Semi-Weekly News (printed Mondays and Thursdays) before the Conference season. As all subscribers of the Semi-Weekly News who visit the city receive the DAILY FREE during their stay, that paper will be an unexcelled advertising medium during Fair and Conference week.

AMUSEMENTS.

At the Theater this evening, the joint benefit for John S. Lindsay and the Galveston fund will occur. The bill is "Damon and Pythias" and the event is to be given under the auspices of the local K. of P. organizations. There should be a big turnout, both as a tribute to Mr. Lindsay as an old actor, and from the desire to aid the sufferers by the terrible devastation.

The regular fall season at the Grand theater commences Monday evening next with the comedy of "That Man" rendered by a company with Walter Walker and Miss Mildred St. Pierre at its head. A large sum of money has been expended during the summer fitting up the house with new scenery, etc., and Mr. Molvey is convinced that his patrons will be pleased with the changes wrought on the interior. The house will be open almost every night after Monday, and a new rule will go into effect governing the opening of the box office, the design being to have it open every day until 9 o'clock each evening, with the exception of between the hours of one and three, when it will remain closed.

The Christian play "The Prince of the World," opens at the Theater for three nights on Monday next.

"The Mandarin," by the Salt Lake opera company will be rendered in Salt Lake first on the afternoon of October 6th, and in Ogden Friday, October 12.

INDIA FAMINE FUND.

The saying that corporations have no souls is refreshingly disputed in the case of the Hooper Dairy company. That institution, through its president, Mr. A. C. Christensen, and its secretary and treasurer, Mr. John W. Singleton, today left $20 at the "News" office to be given to the starving people of India. The Children's Primary association of East Crescent Branch sent in $1.75, collected from the "tots" of that institution, through its secretary, Ida M. Hewlett. The full contributions for the day are as follows:

Hooper Dairy Co..	$ 20.00
Soren Jensen, Mancos, Colo.....	1.00
R. B. Gardner, Pine Valley	2.00
Mrs. Alice E. Holt, Gunlock	.50

"WHATS THE TIME?"

A booklet with this title, just published by the Chicago, Milwaukee & St. Paul Railway, should not only be in the hands of every traveler, but should have place on the desk of every banker, merchant or other business man.

The four "Time Standards" which govern our entire time system and which are more or less familiar to most of the traveling public, but by many others little understood, are so fully explained and illustrated by a series of charts, diagrams and tables that any one who chooses can become conversant with the subject in question. There are also some twenty-four tables by which almost at a glance, the time at any place can be ascertained in all the principal cities of the world.

A copy of this pamphlet may be had on application to Geo. H. Heafford, General Passenger Agent, Chicago, enclosing two-cent stamp to pay postage.
