CATARRH

A PHYSICIAN'S TESTIMONY.

30 Years a Physician. 12 Years a Sufferer. Tried Regular Remedies. Tried Patent Medicines. Permanently cured by

SANFORD'S RADICAL CURE.

MESSRS. WEEKS & POTTER,—Sirs: I have practised medicine for thirty years, and have been a sufferer myself for twelve years with Catarrh in the nasal passages, fauces and larynx. I have used everything in the regular medicine without any permanent relief, until finally I was induced to try a patent medicine (something that we allopathists are very loth to do), I tried one and divers others until I got hold of yours. I followed the directions to the letter, and am happy to say have had a permanent cure. Your RADICAL CURE is certainly a happy combination for the cure of that most unpleasant and dangerous of diseases.

Yours, respectfully,
D. W. GIBAUT, M. D.
Of Dr. D. W. Gibaut & Son, Druggists and Physicians.
MUSCATINE, IOWA, March 27, 1877.

The value of this remedy must not be overlooked in the cure of those

SYMPATHETIC DISEASES,

Affections of the Eye, Ear, Throat, Lungs and Bronchial Tubes which in many cases accompany a severe case of Catarrh. The inflamed and diseased condition of the mucous membrane is the cause of all these troubles; and until the system has been brought properly under the influence of the RADICAL CURE, perfect relief from these cannot be reasonably expected.

It is but three years since SANFORD'S RADICAL CURE was placed before the public, but in that short time it has found its way from Maine to California, and is everywhere acknowledged by druggists and physicians to be the most meritorious preparation for the thorough treatment of Catarrh ever compounded. The fact will be deemed of more importance when it is coupled with the statement that within two years over 220 different remedies for Catarrh have been offered to sale, and to-day, with one or two exceptions, their names cannot be recalled by the best informed druggist. Advertising may succeed in forcing a few into sale, but, unless the remedy possess undoubted specific medical properties, it is absolutely certain to fail into merited obscurity.

Each package of SANFORD'S RADICAL CURE contains Dr. Sanford's improved Inhaling Tube, with full directions for its use in all cases. Price $1.00. Sold by all wholesale and retail druggists and dealers throughout the United States and Canadas. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

Last Night's Dispatches.

FORTY-SIXTH CONGRESS.

EXTRA SESSION.

SENATE.

WASHINGTON, 10.—Soon after the beginning of the session consideration was resumed of the New Hampshire Senatorial case, and Saulsbury opposed the admission of Bell.

Carpenter urged that to authorize the governor to make an appointment there must have been a recess of the body which, at that time, possessed the legislative power of the state, because the governor, in making such an appointment, could only do so for the legislature, which, if in session, could make an election to fill the term.

The Vice President announced the question to be on the pending amendment that the Hon. Charles P. Bell is entitled to a seat. The amendment to the resolution of the committee, as amended, then passed—yeas 36, nays 28.

Bell was then sworn in.

Withers moved that the Senate now proceed with the consideration of the army appropriation bill.

Hereford said that a week ago he gave notice of his intention to speak on the resolution of Hoar, which condemned what was supposed to be the democratic policy, but had given way for the consideration of the question of privilege just decided. He did not think he ought now to be antagonized with the army bill. The Senate, however, decided to take up the bill.

The resolution was adopted giving to the select committee to examine the finance reports, accounts and books of the Treasury Department, power to have a printed testimony taken from time to time and such statements as the committee may desire.

Randolph made a motion that when the Senate adjourn it be to Monday next, saying that to-morrow would be Good Friday, a day respected by the religious sentiment of the country.

The Senate disagreed to the motion—yeas 27, nays 34.

After executive session the Senate adjourned.

HOUSE.

WASHINGTON, 10.—The legislative appropriation bill was taken up in committee of the whole.

McMahon offered an amendment repealing the sections providing for a biennial examination of pensioners and concluding as follows: "In order to provide for the payment of arrears of pensions, the secretary is directed to issue, immediately, in payment thereof as they may be adjusted, the $10,000,000 of legal tenders currency now in the treasury department, as a special fund for the redemption of fractional currency.

Garfield raised a point of order which led to a discussion. The chairman finally ruled that the amendment was germane to the bill in the direction of economy, and therefore in order.

It was then further amended by a provision offered by Cannon, that fractional currency may be redeemed in any class of money in the treasury, and as thus amended, was agreed to.

Atkins submitted an amendment, which was adopted, for the appointment of a deputy commissioner of pensions, with a salary of $2,400.

On motion of Dunnell, an amendment was adopted making immediately available a $200,000 appropriation for the general land office.

The clause in the bill requiring the photo-lithographing work for the Patent Office to be done in Washington be stricken out.

Money submitted an amendment increasing the clerical force of the Postoffice Department.

Without action on the amendment the committee rose and the House adjourned.

The Speaker will announce the committees to-morrow.

EASTERN.

The United States and Samoa.

NEW YORK, 10.—A Washington special says: The State Department has received advices from Samoa that an American citizen has been tendered the position of head of the nation with absolute authority; also that war between the contending nations is expected, which menaces the peace of the country and threatens to jeopardize the commercial interests of foreign residents. This latter information was the subject of special consideration by the President and State and Navy department officials yesterday, and orders were sent to rear Admiral Rodgers, commanding the Pacific station, to send a vessel of war as soon as possible to Samoa to protect our interests. It has also been determined that our naval vessels cruising in the Pacific shall visit Pago Pago several times each year, for the purpose of strengthening our interests and protecting our citizens in their commercial and civil relations. The form of the government of Samoa is that of an elective monarchy, and the contention for the throne grows out of a dispute in effect similar to the election in this country in 1876. There are no apprehensions in official circles here that the friendly relations already established will be disturbed, and it remains under consideration by the American government to whom the throne has been tendered whether he will accept the honor.

Suit for Breach of Contract.

Miss Marco, the operatic singer has sued Max Strakosch for breach of contract. She claims that early in February Strakosch engaged her to sing in San Francisco on April 3rd, and in the latter part of March he wrote her that he would not be able to fulfill the engagement for California because the manager of Maguire's theatre objected. Miss Marco believes that the cause of the abrupt closing of the engagement lies in the fact that subsequent to making the contract with her Strakosch concluded an engagement with Marie Roze, which at an earlier date he did not believe possible, there is $1,000.

Fatal Boiler Explosion.

GOLDSBORO, N. C., 10.—In Korngay's foundry this evening, a boiler exploded, killing the foreman and scalding four others badly.

Fred. Douglas and the Exodus.

WASHINGTON, 10.—During a lecture, last night, Fred. Douglas alluded to the exodus of the colored people from the south to the west and said that it is due to the efforts of the whites to force them back into a condition of slavery, which is being done by a system of overcharging, through which black laborers on plantations are kept always in debt to their employes.

The Indian Delegation.

Chief Moses and other Oregon Indians, now here, visited the commissioner of Indian affairs, this morning, and Indian informal interview. Moses declared himself a friend of the whites.

FOREIGN.

GREAT BRITAIN.

The Impending Peace.

LONDON, 10.—The Eastern Roumelian commission have effected an understanding with the Porte upon several matters previously in dispute. Among other points agreed upon is that one-third of the revenue of the province shall be paid to the Porte. The agreement between Austria and Turkey grants to Austria the power of occupying three points on the River Horn, on the outskirts of Novi Bazar, commanding all practicable crossing places.

ITALY.

Garibaldi Continues Improving.

ROME, 10.—The *Capitale* publishes a letter written by Garibaldi before leaving Caprera. He says Italy owes gratitude to the royal house for having contributed to its unity; but it did not accomplish it alone. The country was more flourishing under its old tyrants than now. He condemns Depretis and concludes: "Monarchy is not eternal. Its duration will be in proportion as it merits the affection of the people and calls to its councils not flatterers, but capable and truthful men."

Gen. Garibaldi daily receives visits from political personages. Replying, yesterday, to a deputation from the Italian committee at Trieste, Garibaldi said: I have never been more concerned for the interests of our brethren beyond the Alps than I am now.
