OGDEN.

Suicide of Mrs. Tribe—Took Her Own Life While Temporarily Insane.

Special Correspondence.

Ogden, Feb. 11.—Last evening about 5 o'clock the lifeless remains of Mrs. Elizabeth Pugsley Tribe, wife of George H. Tribe, were found in her room in her home on Twenty-first street, by the third girl, being alarmed at the long absence of Mrs. Tribe, the girl concerned to look for her, doing so her room the girl knocked at the door but receiving no response to her knocking, tried to open the door but it was locked, she then climbed up and looked through the transom and saw Mrs. Tribe lying on the floor near the door. Being alarmed she went to Mr. Tribe's place of business and told him. Mr. Tribe hastened home, and breaking in the door in his wife's room, saw her lifeless body on the floor, lying in a pool of blood with a revolver close at hand. Powers was called immediately, but he saw at once that he was not needed, as the body was already cold in death. The deceased came to her death by her own hand while temporarily insane, as sadly as doubts remain, and for some years past has been in impaired health. This led to melancholia, and for periods of weeks this condition would have very apparent at times. While suffering under these attacks she seemed to be weary of living, although she had not before attempted any violence to herself. At times when not suffering in intensity she seemed to have the fear that she might do herself harm, and would make inquiry whether she would be accountable if she did do violence to herself. This condition of melancholia became so pronounced that she was placed under the medical care of Dr. Powers. Some little time ago, on the suggestion of her husband, she spoke of a visit at the home of her brother Fred Pudgley, in the hope that freedom from the care of her household might benefit her. While there she suffered a severe attack and was fearful that she would do herself harm. On return of the severe attacks she was closely watched and everything with which she could harm herself was cautiously kept out of her way. Yesterday morning she was attacked with melancholy and extreme nervousness, but her husband remained with her until she recovered. After dinner she told the girl that she was going out for a while. Later the girl became uneasy because she did not return, and commenced to look for her with the result above stated.

The weapon with which the deed was committed, is a 32-calibre revolver, but where she procured it is a mystery, as no revolver was allowed in the house and the weapon with which the deed was committed was different from the only one owned by any of the family. Where she obtained it may develop at the inquest.

Coroner Hall was notified of the affair and was in attendance immediately. He impanelled a jury and after viewing the remains he postponed the inquest until this morning at 10 o'clock.

The deceased was 43 years of age and had been married to Mr. George H. Tribe for about seventeen years. She leaves eight children to mourn her untimely loss. She was, before marriage, Miss Elizabeth Pudgley, and a sister to Wallace and Fred Pudgley of this city, and C. J. William T., Arthur L. and Herbert J. Pudgley of Salt Lake City.

The family have the sympathy of the community in the sad affair.

SUIT FOR $1,000 INSURANCE.

A suit was filed in the second district court yesterday by the attorneys for Johnnie Wright to recover the sum of $1,000, alleged by plaintiff to be due her on an insurance policy issued by the Brotherhood of Railway Trainmen to one B. G. Wright, the deceased husband of the plaintiff, who was killed in Ogden in 1895, while on his way from Southern Pacific company in Nevada and while a member in good standing of the order. The Brotherhood officers and members are made defendants in the suit.

LECTURE. This afternoon J. S. Kavanaugh, the steak thief recently committed to the city jail for sixty days for stealing a piece of meat from a store on Washington avenue, quietly walked out of the jail and made good his escape, and has not been recaptured.

Mrs. Patrick Martin returned yesterday from California, where she visited her son, B. F. Pudgley.

BROOKS EMBEZZLEMENT CASE.

B. S. Brooks, who was acquitted of the charge of embezzlement by Justice Orin, and Constable C. E. Gardner, the complaining witness, for alleged malicious prosecution will make for damages in the sum of $20,000. After his acquittal by Justice Perrin, Brooks was again arrested at the instance of Gardner on the same charge, on a warrant issued by Justice Halanski and is now under bonds on that charge.

While grabbing out the cage in the county jail, the discovery was made that a hole had been sawed through the steel floor, making an opening large enough to admit the body of a man, and through which a prisoner might have escaped. How, when or by whom the hole was made is an unsolved mystery.

A marriage license was issued yesterday to H. F. McDonald, aged 35, and Mrs. L. M. Davidson, aged 25, both of Ogden.

At the Literary society of the Weber Stake academy this evening Hon. Assistant Attorney Joseph S. Peery will deliver a lecture on the subject, "Nicholas." Other interesting parts are on the program for the occasion.

Assistant Superintendent Barclay of the Union Pacific has arrived in Ogden, Ore., was in the city yesterday.

Hon. Lorin Farr is home from a visit of several weeks in California. The venerable gentleman looks well and says he feels well.

THE PRIZE FIGHT.

It is now conceded by all who witnessed the so-called sparring match in the Grand Opera House Wednesday night that it was neither more nor less than a prize fight, and that the principals, seconds and shakers and shakers are liable to arrest for engaging in an unlawful contention. The feeling is strong that Ogden has been disgraced by a brutal exhibition, and it is doubtful whether anything of a similar nature will again be permitted in the city.

SECOND DISTRICT COURT.

Court met yesterday morning pursuant to adjournment with Hon. Ogden Hiles, judge, presiding, when the following business was transacted:

Elroy Stevens vs W. J. Stevens et al; jury trial, on motion of the plaintiff the defendant objecting, leave was granted to amend the complaint, and the case was continued for the term.

Bankers' Life Insurance company vs H. E. Gibson et al; judgment and decree of foreclosure in the sum of $1,186, interest and costs.

Warner vs Isaac Weyer; judgment for plaintiff in the sum of $1,000.

Samuel Halvorsen et al vs Dora B. Tiphain; deposition of W. J. Dwyle ordered published.

PROVO.

Disagreement on the Light Question—Services at the Asylum.

Special Correspondence.

Provo, Feb. 11.—The endeavor to reach an agreement between Provo City and the Telluride Power Transmission company for the latter to furnish electric lights to the city, which has been

recognized the attention of the council since last March, has now been abandoned on account of failure to agree upon terms.

A resolution has been passed by the council petitioning the Legislature to amend section 212 of the Revised Statutes, so that the city recorder in cities of less than 5,000 inhabitants shall be ex officio city auditor. A similar resolution has passed the Logan city council and City Attorney Keiser of Logan addressed a communication to the Provo council asking that they give the matter favorable consideration. The reason for the proposed amendment is that there is not enough work in either of the offices of recorder or auditor to justify two officers devoting their time to it.

E. B. Whitemore is in Provo on insurance business.

A space rate for R. G. W. Ry. Co. are securing options on land for right of way from families living between Provo and Springville.

Miss Tom Johnson and Mr. William Holmes will be married at the home of the bride's parents, Mr. and Mrs. John T. Johnson, of the First ward, Wednesday, the 22nd.

J. L. Ivins, D. C. Robbins and C. P. Cause, of Salt Lake, are at the Hotel Roberts.

ASYLUM PATIENTS' SOCIABLES.

One of the pleasantest "patients' social hours" in the insane asylum, which has become a part of the asylum system of treatment, was given last evening, after supper, by ladies of Provo, in the city. These entertainments are very interesting events, and productive of much pleasure and benefit to the inmates of the institution.

LOGAN.

Farewell Party to E. T. Lloyd—Petition to be Presented to Legislature.

Special Correspondence.

Logan, Feb. 16.—The farewell party tendered Elder E. T. Lloyd by the Seventh ward Sunday school, last evening was a pronounced success. The attendance was very large. An elegant supper was partaken of by the guests and an interesting program was rendered as follows:

Song ..... Sunday School Choir
Prayer ..... Elder H. C. Hansen
Greeting ..... Supt. C. E. Thorstenson
Song ..... Miss Lizzie Squires
Address, "Missionary Experience" E. T. Lloyd
Duetting ..... Mr. W. Ipson
Quartette ..... Mrs. J. A. Hendricksen and Company; Duet ..... Mrs. Hendricksen and Oscar Hickman
Remarks ..... E. T. Lloyd

Dancing occupied the remainder of the evening.

CITY COUNCIL PROCEEDINGS.

The regular meeting of the city council was held last night, and the following business was transacted: Dr. O. S. Dennis was appointed and confirmed as city health officer. A resolution was presented and unanimously passed, which will be presented to the Legislature, asking that body to amend section 212 of the Revised Statutes of the State so that the offices of city recorder and city auditor can be consolidated in cities of the second class, the draft of a bill embodying this idea is attached to the resolution. The resolution points out the fact that the law requires the recorder to be in office during business hours, and hence can perform the duties of both at no extra cost, thereby enabling a saving, to be made in the matter of salaries, in addition to securing better service.

The matter of employing a jailer was also brought up and talked over and finally the matter was left to the committee on police and prison with power to act. Today arrangements have been made with the sheriff's office whereby the city will receive $10 per month extra, from the city and $1 from the county, for allowing a jailer. He will live in the jail.

COLLEGE LECTURES.

The B. Y. College is about to establish another very characteristic and pleasing innovation. The Polysophical society of that institution has arranged for a series of monthly lectures which will be given in the big chapel of the college. The lectures will be upon various subjects, and will be delivered by eminent speakers and thinkers from all parts of the Rocky Mountains. Among those who have already consented to speak may be mentioned Senator J. L. Rawlins, Congressman King, and Prof. Talmage. Next Wednesday evening a big ball will be given in the college gymnasium, the proceeds of which will go toward creating a fund, from which will be paid the necessary expenses of giving the lectures.

LEHI.

Death of Edward W. Broadbent—Pushing the Sugar Factory to Completion.

Special Correspondence.

Lehi, Feb. 17.—Once more the angel of death visited our city and took to the great beyond Brother Edward W. Broadbent, a young man of 22 years. Brother Broadbent has been living for the past three years at Anaconda, Ore., where he died at 10 o'clock Wednesday of diabetes, having been sick only three days. He leaves a young wife and child, father, two sisters and a brother to mourn his departure. The funeral services over the remains were held in the Lehi ward meeting house today at 11 a. m.

Messrs. Gen. Austin and Moriah Evans left this morning for Gunnison where they will address the farmers of that locality on the question of the best sugar industry.

The M. I. A. missionaries are doing very effective work here and the enrollment of the association is being rapidly augmented.

SPRINGVILLE.

Stockmen's Mass Meeting—Lectures and Amusements.

Springville Independent:

On Saturday afternoon at 2 o'clock, a mass meeting of Springville stockmen will be held at the Maccabee hall, opposite Packard's store, for the purpose of considering the feasibility of importing a carload of purebred Shorthorn cattle. Stockmen here wish to introduce new and better blood into what is commonly termed the "scrub stock" of the country and a number of stockmen who are willing to import pure-bred cattle, sheep or swine now have an opportunity of doing so at a reasonable freight rate.

On Monday forenoon Dee Smart and Dean of this city received a cabinet from the face of "Tom" Thomas Childs. The left eye was found to be badly affected, and it was also removed.

Thomas Lloyd and Ernest Dorr are holding missionary meetings at the D. S. meeting house this week. They held meetings last week in the First ward meeting house.

The W. C. T. U. of Springville gave an interesting temperance meeting in the city hall last evening. Mrs. Prof. I. N. Booth, Mayor Jos. G. Hall and Rev. J. Priden were the principal speakers. A fine program was rendered.

The merry Reign of wedding bells were again heard this week. They established the marriage of Miss Eliza Robertson of Spanish Fork and Mr. Jacob A. Packard of this city, the happy groom and wife by Bishop Gardner ben Tyler evening. The ceremony was performed in the home of the bride's parents, Mr. and Mrs. John Robertson, in the presence of a large number of friends and relatives.

The ballo ball given at the Reynolds hall on Valentine's night, under the auspices of the M. I. A. was a pleasant affair, and all who attended enjoyed crowds that has been in the hall this winter. As a financial venture it was a decided success, but if was not intended for pleasure. The M. I. A. cleared a neat little sum on the affair, which will be used in the work of building a meeting house for the Second ward.

TOOELE.

Remains of Stephen Lynch Lie Unclaimed at Tooele—Assaults a Brother's Arrival.

Special Correspondence.

Tooele City, Feb. 17.—Ever since Monday night last the lifeless, handless and handless body of Stephen Lynch has lain at the home of Mormon England awaiting burial. The remains would have been interred or shipped some days ago but for the fact that the arrival of the brother of the deceased of Kansas City has been awaited.

Lynch met his death in a most shocking manner and through a well designed and patently bad plan to hide his own life. He came here with two brothers from Kansas City four or five years ago, and with them was in the mining business in and about Ophir and Dry Canyon of this county. Last summer one of the brothers went to Klondyke, being attracted thither by the great deposits of gold that are reported to have been found in the hidden lands beyond the frozen surface of that far off section. More recently the other brother returned to Tooele on account of sickness, leaving Stephen to take care of their interests in Dry Canyon. He became despondent and tired of life and while in this state of mind ended his earthly existence. Monday night last by mixing a quantity of gunpowder. Just how he used it is not quite clear. His head and one hand were blown completely off. On Monday evening the body was brought to the house of Mr. England, and an inquest, the jurors being Sheriff Gillespie, Dr. Lusk and another gentleman. The coroner's jury found that Lynch had committed suicide while in a condition of temporary insanity. Mr. England, with from the Lynch brothers said to stop, while at the county seat, telegraphed the brother who recently returned home, of the tragic affair. Owing to delay in his arrival is supposed to be due to the blockade of the eastern trains by snow.

Phillip Kirk, an aged and respected citizen, who died here this week, was buried yesterday. He was in his eighty-second year, and had lived in Tooele many years. He leaves a large number of children and grandchildren.

Ralph Kirk, the two-year-old son of Mr. and Mrs. Joseph Kirk of this city, died here yesterday from scarlet fever. The child had been seriously ill for a considerable time.

Mrs. Hannah England is seriously ill. She was taken sick on Monday with a number of others during the week and serious results were anticipated; she however, rallied quite well and is now believed to be on the road to recovery.

The mother of Representative Hansen of the Legislature, who is here, has been confined to her bed for the last ten days. His father fell out of an apple tree early in the week and dislocated his shoulder. As a result he is carrying his arm in a sling.

There has been a regular epidemic of sickness in Tooele ever since the first of the year and during that period thirteen deaths have occurred.

The snowfall in the mountains here seems to be much less than in Salt Lake. Not more than two inches fell in the last big storm.

RICHFIELD.

Celebration of Maine Day—Telephone Connection with Redmond.

Special Correspondence:

Richfield, Feb. 15.—The weather continues fine in this locality, the heavy snows and blizzards that we read about in the northern part of the State are unknown here. Our streets and sidewalks are dry, and have been so all winter, excepting for less than a dozen days. While this weather is pleasant for us now, it is considered by many, satisfied by the thought that a scarcity of water next summer will be the result of it.

MAINE DAY.

"Maine Day" was fittingly commemorated here this morning by the pupils of the public schools, who had formed a mission school uniting and parading the principal streets, led by the brass band, which played appropriate music for the occasion. Upon the public square around the liberty-pole the pupils and citizens assembled to view the flag at half mast and listen to fitting speeches by Prof. J. H. Moyle and Hon. E. W. McDaniel, and national songs rendered by the school children.

MARRIAGES.

The following marriages were solemnized by County Clerk Hayes during the week: Mr. Ira Nelson Wright of Moline, aged 41 years, and Annie Rosewood, of Koosharem, aged 24 years. Mr. Hugh of Monroe, aged 21 years, and Sarah Lamb, of the same place, aged 20 years.

The people of Sevier county have grown tired and become disgusted with the senatorial deadlock—the contest has become a nuisance—and it is scarcely any interest is now taken in it.

TELEPHONE CONNECTION.

At the last session of the board of county commissioners a petition of the Sevier Telephone company was presented with vote, and the promoters were given the privilege to go ahead with the work that in the last future Salina and Redmonds will be connected by telephone—a much needed convenience.

BRIGHAM CITY.

Amusements in Session—The Russian Count Discharged.

Boxelder County News:

Between forty and fifty of the friends of Mrs. Frank Bowling surprised her last Monday night in honor of her birthday. Frank was there and the party was a great success. Music and dance were in order until midnight.

The Brigham City Dramatic company will produce Santiago, or For the Red, White and Blue, Saturday afternoon and evening, Feb. 25, at the opera house. The events connected with this play were enacted within the late Spanish-American war. The characters are strong, comedy smack.

The Y. M. M. I. A. ball at the opera house Friday night was a success in every respect. Over a hundred tickets were sold and the hall room was crowded to its utmost capacity. The ball room was beautifully decorated, but owing to the heavy drain on the electric lights failed early in the evening, the decorations did not show to as good advantage as they otherwise would have done.

The Scandinavian Dramatic company of this city results a very enjoyable time while visiting Lewan and Hyrum last week and the members express great appreciation for the treatment they received from the management of the Thatcher opera house and also from Professor Tanner, who accompanied the company through the agricultural college. They were escorted to and from the depot by many of their Logan friends.

THE RUSSIAN COUNT.

At noon today Justice Anderson, after giving due credit to the prosecuting attorney for the manner in which he conducted their action, which was commended, decided that sufficient evidence had not been adduced to warrant a bind over, and discharged the Count. Mr. Peter L. Pi, with the direct charge made to the complaint and accordingly ordered that he be discharged.

The interest manifested in matters pertaining to Mr. Nozy, commonly known now as the Russian Count, is due to the fact that he has been in the hall this week, and it is safe to say that no public question of importance has occurred so much discussion here as has his proposed scheme for establishing our citizens. Large sums have been attached to the court house each of the successive times his case has come up for investigation.

DRAPER.

Special Correspondence.

Draper, Salt Lake Co., Feb. 14.—Under the auspices of the ward relief society a very respectable number of the people of this ward gathered at places designated, and at 7:30 p. m. repaired to the residence of Pattiarch William Allen, and gave him a very enjoyable surprise, it being the 86th anniversary of his birth. A very pleasant evening was spent in filling speeches, songs and recitations.

A SPIRITUAL REVIVAL.

This winter has been a notable one in the southern part of Salt Lake county, with a genuine spiritual revival with the most of the people; the general attendance at meeting which generally have been better attended than ever before. Much of this is attributed to the good work of the Mutual Improvement Associations.

COTTAGE MEETINGS.

Another commendable work that has been started in this ward is the series of cottage meetings which are held in the homes of the people under the auspices of the Bishopric, where the spiritual gifts are freely exercised and enjoyed. These meetings are conducted somewhat similar to those held in the wards of Salt Lake City, and are having an excellent effect.

HEBER.

Death of Two Pioneers—Bishop Joseph S. Murdock and Janet Watson.

Special Correspondence.

Heber, Feb. 16.—Two of the old Pioneers of this valley died yesterday. Mrs. Janet Watson, aged 74, wife of the late James Watson, who preceded her three years ago this month. The other is Joseph S. Murdock, who was ordained a Bishop under the hands of President Brigham Young in 1861. He moved here in the fall of 1861. He has friends all over the State and was an old Nauvoo veteran, being one of Joseph's body guard, and an intimate friend of the Prophet. Just about one month ago, at the T. M. M. I. A. conference, he testified to hearing the Prophet say that the Latter-day Saints would be driven to the Rocky Mountains and there become a mighty people.

Bishop Murdock leaves a large posterity to mourn his loss, having had twenty-four children, and a host of grandchildren.

There is a great amount of sickness; la grippe and pneumonia is prevalent in nearly every family.

Joseph Hatch, of the firm of Hatch & Co., is very low with typhoid fever. Park City was over today consulting with Dr. Aird about performing an operation for appendicitis.

It has been snowing more or less for two days, six inches more of the beautiful falling in the time.

RIVERSIDE.

A Surprise on the Bishop—Fruit Trees Injured.

Boxelder County News:

Last week the Y. L. M. I. association got up a surprise for our Bishop. He was invited to attend a meeting on Wednesday evening, and when meeting time came he dropped in and was surprised to see the house arranged for amusement and the sisters in attendance. Upon inquiry it was learned that it was intended as a surprise, but there were only a few present. The others had gathered at a private house and had not yet come. This it was decided that the Bishop kill; till the company had come and he was seated within the door for him to enter. All being ready the Bishop slipped out and made a short welcome speech. The evening was pleasantly spent in songs, recitations, speeches, dancing, music, etc., until a late hour, when all went home feeling satisfied.

Nearly all of the young fruit trees here have been killed by the electric. Some ones in the bearing, lose as nearly all of his five acre orchard is ruined. Hundreds of dollars would not repair the loss.

PANGUITCH.

Water There—Crossing a Water Supply.

Special Correspondence:

Panguitch, Garfield Co., Feb. 14.—We have so much about heavy snows all around us, that it may not be amiss to tell your readers that our valley and roads are dry. The sun shines and the weather is balmy and springlike. We have had but one snowstorm to speak of this winter, the snow falling about 12 inches. The storm king must be getting in his work pretty soon, or our prospects will not stop the prosper very handy next summer.

STOPPING WATER FOR IRRIGATION.

Our water company has been stopping the water at the Panguitch Lake, using cement on the frost to prevent its leaking. There is a proposition on foot to log some Mormon claims near Cle Elum, in order to hold some water. When this is done it is probable enough will be left to water all the land on the east side of the Sevier river as far north as Circleville, which will be a great blessing to farmers.

Several of our young people have been committing matrimony this winter—no arrests.

Measles have had a great run among our children. A few deaths have occurred.

COURAGE.

It is not they that never have
Weakness in fear who are the brave;
These are the proud, the knightly few
Whose joy is still to serve and save.

But they, who to the weary sight,
Amid the darkness and the storm,
Have struggled with disease and blight,
With pitiful world-weariness;

They who have yearned to stand among
The free and mighty of the earth,
Whose sad, aspiring souls are wrung
With starless hope and hollow mirth;

Who sin with every day, yet live
Through sorrow, shame, enlightened years,
Whose sweetest right is to forgive
And smile divinely through their tears;

They are the noble, they the strong.
They are the tried, the trusted ones,
And though their way is hard and long—
Straight to the prizing God it runs.
