SENATE.

The Ku Klux bill was received from the House, read twice and referred to the judiciary committee.

Morrill then addressed the Senate against the San Domingo annexation.

WASHINGTON

Ku Klux Trial—Joint High Commission

WASHINGTON, 7.—The prospects now are that adjournment can be reached by Saturday of next week.

The House Ku Klux bill will probably be referred by the Senate to the judiciary committee to-day, by whom it will be reported back to-morrow, or Monday at the furthest, when after two or three day's debate, the Republican senators will agree to sit until the vote is taken.

It is reported as coming from members of the Joint High Commission on the part of the U. S., that they have little hope of being able to present a treaty which will be acceptable to the Senate. Should Congress adjourn before the treaty is ready to be presented the Senate will be convened in extraordinary session, and that at least two weeks will be consumed in discussing the treaty.

NEW YORK.

Burial of the Communist Dead—Awful Scene—The—Communists Determined to Fight—Paris Avengers—Assassination in Florida—Fire.

NEW YORK, 7.—A special cablegram from Paris says that at the funeral of the killed yesterday there were extraordinary scenes. There were three huge hearses, with black velvet palls, each decorated with sixteen red flags, containing the dead. Following them were 8,000 national guards, and double that number of citizens. Women were marching in hundreds past and along the boulevards at a solemn pace. Many members of the Commune joined the procession as they arrived at Pere la Chaise. Each hearse contained thirty-three coffins, and twenty-three hearses were already in the cemetery, filled with the dead from the various hospitals. It was an awful scene. There was one huge grave for all the bodies, into which they were lowered, one at a time, amidst the shrieks of the women and the shouts of the men, for vengeance on the assassins of Versailles. Pere la Chaise was one mass of people, swaying with passion and screaming "Vive la Republique! Vive la Commune!" The losses of the Communists create great grief in the city, mixed with bitter animosity.

VERSAILLES, 6, 9 p. m.—Firing has ceased for the present.

ALBANY, N. Y., 7.—One of the most extensive conflagrations that ever occurred in this city took place this morning. The fire broke out in the large printing house of Weed, Parsons & Co., consuming that building and nearly an entire block of buildings on Broadway on the west side. The total loss will reach half a million of dollars.

In accordance with the usual custom, the stock exchange, the gold exchange and government board adjourned yesterday until to-morrow, out of respect to the religious holiday of Good Friday.

A dispatch from Paris says several shells have burst within the walls, in the avenue de l' Imperatrice. The Communists are determined to continue the struggle, and have greatly strengthened the fortifications at Montmartre. General Cluseret is reorganizing the nationals.

The party of conciliation are redoubling their efforts. Several placards devoted to this object have appeared, all of which demand complete municipal liberty for Paris. Hopes are entertained that an armistice of forty-eight hours will be concluded for the exchange of prisoners. Louis Blanc has gone to Versailles to negotiate with Thiers the conditions of a new election law, to embrace the convocation of the electors for the choice of a constitutional assembly. A new corps called the Paris avengers is in course of formation, the members of which are to operate as skirmishers. All the large shops are closed by order of the sub-central committee, for the men to serve in the organization. The remains of three hundred victims of the recent battles were buried in the cemetery of Pere la Chase on Thursday, followed to the grave by an immense procession of national guards and citizens.

The *Tribune's* Washington special says, a telegram received by Senator Osborne, of Florida, announces the assassination last Monday, in Marianna, Jackson Co., of J. O. Dickinson, the clerk of the Florida State Court, and a deputy U. S. marshal, the latter a leading Republican in Jackson county. More than sixty murders have occurred in Jackson county within the past two years. All the victims were Republicans and several of them prominent men. The actual Republican majority in Jackson county is 800, but in November last, through intimidation, it was reduced to 14.

ILLINOIS.

CHICAGO, 7.—The *Tribune's* special says the talk of the day has been over the President's message and the report of the San Domingo commissioners, the former receiving most attention. The opinion is universal that the question of annexation need cause no more division in the party, and that the President has strengthened himself more by this message than by any document he has signed since his inaugural. There is deep satisfaction over the situation of affairs, brought about by the President's course in turning the whole matter over to Congress and the people. There will probably be no discussion in the Senate, further than the speech of Morrill, of Vermont, which will be very strong and exhaustive in opposition to annexation.

PENNSYLVANIA.

Bloody work by mobocrats.

SCRANTON, 7.—A band of 1500 men, armed with muskets, clubs and revolvers, visited Tripp's mines in this city this morning, and prevented the workmen from entering the mine. Three miners employed at the works were shot down dead by the mob, and others were beaten with stones so that they will probably die.

Last night Morris & Weeks's retail works, in this city were torn down, and most of the mine was blown down and the track torn up. A large mob now, at noon, is engaged in driving the men out of the Iron companies' mines near their mills. These several gangs of men raise the Irish-American flag, and have the arms of two militia companies. great excitement prevails here and a bloody time is expected. Gen. Osbourn of Wilkesbarre was telegraphed to for troops. The mayor of this city was hooted at, while reading the riot act to the mob to-day. This is not all the American militia in the entire northern half of this (Luzerne) county. Demonstrations were first made yesterday. The mobs altogether number over a thousand men, and they are increasing rapidly. The proper authorities for preserving the peace are moving slowly, and unless decisive measures are taken at once, the whole city will be under the terrorism of the rioters.

FOREIGN NEWS.

FRANCE.

Churches Sacked—Priests arrested—Jesuits shot—Retaliation by the Communists—The Communists fail to pierce the lines.

BRUSSELS, 6.—A nun who escaped from Paris has arrived here. She reports that churches are sacked, priests insulted, arrested and maltreated and convents are entered at night and searched. A rumor prevailed before she left that twenty Jesuits had been shot. She succeeded in escaping from Paris after she had been hunted from place to place by the Communists.

PARIS, 6, *via* London, 7.—The Commune decrees the arrest of all persons accused of complicity with Versailles, and a jury of investigation will decide who shall be detained as hostages for every execution of nationals or civil partizan of the Communists taken prisoner by the Versailles officers, which will be immediately followed by the execution of a treble number of hostages. Cluseret reports to the Commune that the organization of the national guard will give them 100,000 picked men. He adds that at the present moment the policy of the patriots is to maintain an attitude of defense. Rochefort's journal is severe in its condemnation of the administration of the affairs of the Commune.

LONDON, 7, 6 a.m.—A special dispatch to the *Daily News* reports all the officers and professors of the college of Jesuits in Paris have been arrested by the Communists. Grousset, apointed by the insurgents delegate minister of foreign affairs, has sent out a circular, addressed to the representatives of France abroad, notifying them of the election and organization of the Commune.

The army of Versailles is waiting for the heavy artillery to attack Fort D'Issy.

The peace plenipotentiaries of France and Germany will have another meeting at Brussels on Saturday.

PARIS, 7.—A bold attempt was made by the Communists to pierce the lines of the Versailles army and return to Paris, but it proved an utter failure.

VERSAILLES, 7.—There was a violent cannonade last night and this morning in the direction of Chatillon.

GREAT BRITAIN.

LONDON, 7.—A dispatch from Versailles, dated last night, says heavy musketry firing continued all the afternoon to the south of Paris, between the insurgents at Montrouge and the government forces at Chatillon. Similar firing is heard northeast of Paris. The government troops have made a vigorous attack upon the insurgent nationals at Neuilly, and were aided therein by the fire of Fort Valerien and the batteries of Courbevoie. The combat still continues, and the nationals have everywhere abandoned the offensive. A large force of insurgents are surrounded.
