CONVENTION NOTES.

Kentucky Democrats for Blackburn and Silver.

CLEVELAND ENDORSED IN KANSAS.

Ohio Silver Men Hold a Convention and Listen to General Warner.

LEXINGTON, Ky., June 3.—The crib of the Democratic state convention today has been to make Senator Blackburn President and Gen. P. Walt Hanson, the defeated candidate for governor, his successor in the Senate. The convention is ten to one for the 16 to 1 ratio. It was thought before the districts met that the gold standard men would get the Chicago delegates and other representatives out of three districts, but the Louisville district is the only one out of eleven that the gold men controlled, and the committee on credentials is laboring all night on contests that may wrest the Fifth district from the gold men and give a solid delegation to Chicago for free silver. The delegation is instructed to vote as a unit for Blackburn at Chicago, and Blackburn is sitting up all night taking part in the contests before the committee on credentials.

The advice in the speeches of Blackburn and Hardin not to give one iota of their victory away, is likely to be followed in the report on credentials, in which event a bolt is probable.

The first and second districts contested Secretary Carlisle by name in their resolutions, and all of the districts except the Fifth condemn the national administration, but the committee and convention were more conservative.

The platform prepared by the majority is as follows:

We are in favor of an honest dollar, a dollar worth neither more nor less than the free and unlimited coinage of both gold and silver at the ratio of 16 to 1, as standard money, with equal legal tender power, independent of the action or advice of any other nation.

Third, we hold that the secretary of the treasury should exercise his legal right to redeem all coin obligations in gold or silver, as may be more convenient, and we are opposed to the issuance of bonds in time of peace for the maintenance of the gold reserve or for any other purpose.

Fourth, we are opposed to the national banking system and to any enlargement of its powers, and opposed to any contraction of the currency by the retirement of greenbacks or otherwise.

Fifth, we are for a tariff for revenue only.

Sixth, the Democratic party has ever been the party of personal liberty and religious freedom, and is now and has always been opposed to any union of church and state. It is opposed to the enactment of all laws, the purpose or design of which is to sustain or enforce any religious tenet or sect, and to any law, organization or society, religious or political, secret or otherwise, that tends to proscribe any citizen on account of his religious belief, or to apply any such test as a qualification for public office.

Seventh resolution endorses Gov. Bradley.

Eighth declares for party loyalty.

Ninth instructs delegates to Chicago to cast the vote of Kentucky as a unit of J. C. S. Blackburn for President.

MINORITY REPORT.

A minority report will be presented by A. J. Carroll, member of the committee from Louisville. It omits endorsing Blackburn. Its financial plank reads:

We insist upon a firm maintenance of the present legal standard of value, with such use of legal tender silver coins and paper convertible into coin as demand so can be maintained without impairment or danger to the credit of the government, or diminishing the debt-paying power of the money in the hands of the people; and in the absence of an international agreement we protest against the free coinage of silver or the compulsory purchase of silver bullion by the United States as injurious to the industrial and commercial interests of the country, and especially disastrous to the interests of the farmer and the laboring man.

KANSAS SILVER DEMOCRATS.

TOPEKA, Kan., June 3.—The silver Democrats ruled everything in the state convention here today. Besides choosing six delegates at large to Chicago, the convention ratified the selections of two each from each congressional district.

The platform eulogizes President Cleveland, but disagrees with him on finance. The money plank is as follows:

Resolved, That we demand the free and unlimited coinage of both silver and gold at the ratio of 16 to 1, without awaiting the action of any other government or people, as we believe this country is large enough to establish and maintain its own financial system."

The resolutions were adopted amid cheers by the free silver followers and storical silence on the part of the sound money men.

OHIO SILVER MEN.

COLUMBUS, O., June 3.—A convention of silver men to hold their afternoon, for the purpose of electing delegates to the St. Louis convention next month. Not over twenty delegates were present.

In the course of a somewhat lengthy speech, Gen. A. J. Warner, who is historry of the movement for the independent silver convention, Gen. Warner said that during the past forty-eight hours he had been in conferences with Senator Jones of Nevada, Jones of Arkansas, Morgan of Alabama and others, and that all were agreed on the proposition, that the issue must be fought out this year. It would be disloyal no event, General Warner said, to state whom they looked on as the coming candidate in the event of the Democrats failing to come out for free silver. This man is Senator Henry M. Teller of Colorado. Mr. Teller was satisfactory to all of the silver men with whom he had talked.

The slim attendance today was explained by the fact of the strong possibility that the Democrats will declare for free silver at the coming state convention.

ANTI-TELEGRAPH SERVICE.

CHICAGO, June 3.—In view of the statements printed today to the effect that there was danger that the telegraphic facilities in St. Louis during the Republican convention might be inadequate, Col. Clowry, vice president and general superintendent of the Western Union, was asked concerning the facts.

"There need be no fear," he said, "we shall be as well off as if the Democratic had never occurred. The truth is the Western Union has as many wires this side out of St. Louis as we have before the storm. There has been more or less misstatement in the press on this subject, all doubtless unintentional, yet sometimes amusing."

Williams Knocked Out.

SAN FRANCISCO, June 3.—Five thousand people tonight saw Tom Sharkey, the giant sailor from Mare Island navy yard knock out Jim Williams, the heavyweight champion of Utah. Williams was knocked all around the ring in the eighth round, and at last his seconds threw up the sponge to save him further punishment.

Williams weighed in at 182, while Sharkey weighed only 180, but Sharkey's magnificent physique made him look the larger of the two. Sharkey was 2 to 1 favorite in the betting, although Williams had many backers. After a little sparring on each side, Sharkey assumed the aggressive, and led for Williams's neck and chest. Williams dodged cleverly and received only glancing blows. In return the Salt Lake man gave Sharkey two body rights on the jaw.

Sharkey rushed at Williams at the call of time for the second round and received a glancing blow in the face which bloodied his nose. He

$3.25

We have other suits for boys from $1.20 up.

Walker Brothers Dry Goods Co.

recovered quickly and several heavy blows were exchanged, but the gong sounded without either having gained material advantage.

In the third Sharkey landed with his right on Williams's face and chest, and received similar blows in return.

Both men gave and received heavy blows in the fifth, but Sharkey appeared to have the better of the round. Williams showed signs of weariness.

Sharkey went at Williams like a tiger in the sixth. He was hissed several times for striking the Salt Laker during a break.

Sharkey rushed at Williams in the eighth and knocked him against the ropes repeatedly. Williams was becoming very groggy, and a blow in the face finished him down. Without waiting for the referee to count him out Williams's seconds threw up the sponge and the decision was given to Sharkey.

Corbett was a spectator of the fight and received an ovation when he entered the pavilion. In response to repeated calls for a speech, Corbett at last entered the ring and made a few remarks. He said he was going to return to the ring and would leave for Europe in a week to force Fitzsimmons to meet him.

For a Non-Partisan Tariff.

DENVER, June 3.—The national commercial convention adjourned this afternoon, after having effected a provisional organization to continue until the next convention, which it was decided to call on the first Monday in December.

At today's session the committee on organization recommended that the name of the association be the National Commercial and Industrial association, and detailed plans for its management.

The majority report of the tariff committee was submitted. It simply declares in favor of taking the tariff question out of partisan politics, and requests the provisional committee to investigate the subject and frame a bill for the accomplishing of that purpose and to present the same to the next convention of the association.

Approved by the President.

WASHINGTON, June 3.—The President has approved the acts repealing the clause of the Wilson tariff act exempting from tax alcohol used in the arts, amending section 3253 Revised Statutes so as to include oranges, apricots, berries and prunes in the list of fruits that may be distilled into brandy under its terms.

The bill granting a pension to the widow of Brevet Major General Thomas Ewing has become a law without signature.

Spanish Generals Quarrel.

NEW YORK, June 4.—A cable dispatch to the World from Madrid says: A duel between General Martinez de Campos and Lieutenant General Barrere was prevented today by the military authorities.

Both generals were sent to their respective residences on parole not to attempt a fresh encounter until the minister of war and the government pass upon the case.

The cause of the proposed duel was an insulting letter General Barrere sent to Marshal Campos.

Elections in England.

LONDON, June 3.—In the election in the Frome division of Somersetshire yesterday for a member of Parliament to succeed Viscount Weymouth, who on the recent death of his father, the Marquis of Bath, entered the House of Lords, J. E. Darlow, liberal, was the successful candidate.

An election was also held yesterday in the Wednesbury for a successor in Parliament to Sir John Pender, Liberal Unionist, who recently resigned. T. C. H. Hedderwick, Liberal, who was defeated by Sir John Pender at the general election by a majority of 24, was chosen by a majority of 1,054, a gain of 1,078 votes. The Unionist candidate only polled 642 votes.

A Peace Conference.

SCHOOL LAKE, N.Y., June 3.—The international arbitration conference opened a three days' session here this morning. Ex-Senator Edmunds of Vermont presided, and about 150 representative men and women were present. The general subject discussed is the best means of securing a permanent court of arbitration to determine questions in dispute between nations, and especially between the United States and Great Britain.

Mr. Hugoine Pratt, president of the International Arbitration and Peace society of England, is present. The speakers at this morning's session were ex-Senator Edmunds, Rev. Dr. Lyman Abbott of Brooklyn, Dr. William Mowry of Boston, Rev. D. Edward Everett Hale of Boston, and Mr. Pratt.

Common Courtesy Asked For.

BERNE, June 3.—The National Council has expressed regrets that the United States has not replied to the Swiss proposal for a conclusion of an arbitration treaty, and has requested the Bunnesrath to demand a categorical answer.

The president of the confederation, M. Adrien Lachenal, has declined to make the demand, although joining in the expression of regret at the contempt of a reply on the subject from America.

THE BOND BILL.

Will be Reported Adversely to the House.

WASHINGTON, June 3.—The bill prohibiting the issue of bonds, which passed the Senate yesterday, was considered by the House ways and means committee today. Representative Wheeler moved to report the bill favorably, but no action was taken.

After the meeting the Republican members of the committee, with other Republican leaders of the House, had a conference to discuss the question. The predominant sentiment was that it was desirable to dispose of the resolution without delay to put at rest whatever apprehension may exist in business circles. Chairman Dingley said "The only question is whether, in view of the lateness of the session and the desirability of an early adjournment, it is worth while to take up the matter in the House now. There is no question whatever that the resolution will be reported adversely when action is taken."

Amnesty for Strikers.

SAN FRANCISCO, June 4.—The Southern Pacific company has granted amnesty to the strikers who refused to work three years ago and who were afterwards refused reinstatement by the company. The strikers claim that the road blacklisted them so that they could not obtain employment on any railroad in the country. Manager J. A. Fillmore has issued an order to the

various division superintendents authorizing them to employ the strikers whenever vacancies existed.

GEN. WEYLER INSOLENT.

His Organ Says the Rebellion is Inspired from Washington.

NEW YORK, June 4.—A dispatch to the Herald from Havana says: La Lucha, the recognized personal organ of Captain General Weyler, discusses the report that Spain is ready to accept Cleveland's good offices to induce the rebels to accept home rule.

La Lucha adds: "The preferred American mediation is the best proof that the insurgent movement here is really inspired by the Washington government in the hope of forcing Spain into a new trade treaty amounting to a virtual commercial annexation of the island of Cuba to the United States. The Spanish statesmen, however, are too shrewd to fall into the trap."

The direct line to Kansas City, St. Louis and Atlantic seaboard, is via the Missouri Pacific Railway, from Pueblo. Through sleeping and chair cars, and all connections made in Union depots in the day time. If you are going East and care for a daylight ride through the grandest scenery of the Rocky Mountains en route, see that your ticket reads via Missouri Pacific Railway. Elegant chair cars positively free to holders of regular train tickets.

Reduced Rates via Union Pacific Ry.

Open rate of one fare for round trip from all stations in Utah to Salt Lake City for the Democratic State Convention. Selling dates: From Ogden, Santaquin and intermediate points, June 6th. From stations east of Ogden and south of Ogden and stations on Salt Lake and Western branch, June 5 and 6. All tickets good for return to June 8th.

A Remarkable Cure for Rheumatism.

WESTMINSTER, Cal., March 21, 1894.—Some time ago, on awakening one morning, I found that I had rheumatism in my knee so badly that, as I remarked to my wife, it would be impossible for me to attend to business that day. Remembering that I had some of Chamberlain's Pain Balm in my store, I went for a bottle, and rubbed the afflicted parts thoroughly with it, according to directions, and within an hour I was completely relieved. One application had done the business. It is the best liniment on the market, and I sell it under a positive guarantee. R. T. HARRIS. For sale by druggists.

Having used Chamberlain's Cough Remedy in my family and found it to be a first class article, I take pleasure in recommending it to my friends. J. V. Fortune, Westport, Cal. For sale by druggists.

Some time ago I was taken sick with a cramp in the stomach, followed by diarrhoea. I took a couple of doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was immediately relieved. I consider it the best medicine in the market for all such complaints. I have sold the remedy to others and every one who uses it speaks highly of it. J. W. SHERRICKES, Valley Center, Cal. For sale by druggists.
