IA MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC R. R.

IS THE GREAT CONNECTING LINK BETWEEN THE EAST & THE WEST!

Its main line runs from Council Bluffs, passing through Adel, Guthrie Center, Genesco, Moline, Rock Island, Davenport, West Liberty, Iowa City, Marengo, Brooklyn, Grinnell, Des Moines (the capital of Iowa), Stuart, Atlantic, and Avoca; with branches from Burnside Junction to Peoria; Wilton Junction to Muscatine, Washington, Fairfield, Eldon, Belknap, Centreville, Princeton, Trenton, Gallatin, Cameron, Leavenworth, Atchison, and Kansas City; Washington to Sigourney, Oskaloosa and Keokuk; Keokuk to Farmington, Bonaparte, Bentonsport, Independence, Eldon, Ottumwa, Eddyville, Oskaloosa, Pella, Monroe, and Des Moines; Newton to Monroe; Des Moines to Indianola and Winterset; Atlantic to Lewis and Audubon; and Avoca to Harlan. This is positively the only Railroad, which owns, and operates a through line from Chicago into the State of Kansas.

Through Express Passenger Trains, with Pullman Palace Cars attached, are run each way daily between CHICAGO and PEORIA, KANSAS CITY, COUNCIL BLUFFS, LEAVENWORTH and ATCHISON. Through cars are also run between Minneapolis and Kansas City, via the "Milwaukee and Rock Island Short Line."

The "Great Rock Island" is magnificently equipped. Its road bed is simply perfect, and its track is laid with steel rails.

What will please you most will be the pleasure of enjoying your meals, while passing over the beautiful prairies of Illinois and Iowa, in one of our magnificent Dining Cars that accompany all Through Express Trains. You get an entire meal, as good as is served in any first-class hotel, for seventy-five cents.

Appreciating the fact that a majority of the people prefer elegant accommodations for different purposes (the remainder of passenger business of this line warranting it), we are pleased to announce that this Company runs *Pullman Palace Sleeping Cars* for sleeping purposes, and *Palace Dining Cars* for eating purposes only. One other feature of our Palace Cars is a SMOKING SALOON where you can enjoy your "Havana" at all hours of the day.

Magnificent Iron Bridges span the Mississippi and Missouri rivers at all points crossed by this line. Annoyance and danger avoided at Council Bluffs, Kansas City, Leavenworth, and Atchison, connections being made in Union Depots.

Catarrhal

POISON

Wei DeMeyer's Treatise on Catarrh explains the following important facts:

1. That Catarrhal Colds become a poisonous infection, at first local, and finally constitutional.

2. That, being Constitutional, the infection is beyond the reach of mere local remedies.

3. That impurities in the nostrils, are necessarily swallowed into the stomach and inhaled into the lungs, thus poisoning the Digestive, Respiratory and Genito-urinary organs.

4. That Catarrhal virus follows the mucous membrane and causes Deafness, Dyspepsia, Chronic Diarrhœa, Bronchitis, Leucorrhœa, and Consumption.

5. That Snuffs, Douches, Inhalations, and Insufflable Snuffs, cannot possibly remove infectious inflammation from the organs named.

6. That an antidote for Catarrh must possess an inoculative affinity for, and the quality of being absorbed by, the purulent mucous wherever located.

Based upon these plain theories, Dr. Wei De Meyer's Catarrh Cure has proved to be infallible. It not only relieves, it cures Catarrh at any stage. Home testimony.

A remedy for this terrible malady, is the most important discovery for the relief of human suffering since vaccination. Wei De Meyer's Catarrh Cure is sold by all druggists, or delivered by D. B. Dewey & Co., 40 Dey St., New York, for $1.50 a package. To Clubs, six packages for $7.50. EVENING NEWS.

GREAT BRITAIN.

Foreign Notes.

LONDON, 5.—The opposition has a clear working majority, in Parliament, even if the Home Rulers are left out of account.

The Queen is expected between the 16th and 22d of the present month.

The Colonial Secretary left on Saturday for Baden Baden to act as Minister in attendance on the Queen. It is inferred that he will communicate the Cabinet's decision to resign immediately.

Nine nominations were made today and twenty-two pollings held for Edinburghshire (Midlothian). William E. Gladstone, Liberal, has been elected, receiving 1,579 votes, and defeating the Earl of Dalkeith, Conservative, who received 1,368 votes. The latter represented Midlothian in the last Parliament, having received 1,194 votes against 1,059 for his opponent, Lord William H. May, Liberal.

The *Pall Mall Gazette* says: It is estimated that the new House of Commons will consist of 317 Liberals, 271 Conservatives and 63 Home Rulers. The Liberals will thus have a majority of 46 over the Conservatives or of 100 with the Home Rulers; but the Conservatives and Home Rulers combined will outnumber the Liberals by 17.

The *Times*, referring to the situation in Afghanistan, says: In India, as here, something like an interregnum must prevail until the impending changes have been made. Lord Lytton, Viceroy, has been so identified with the present government and has so fully committed himself to its plans, that his prolonged tenure of office is as little possible as it is desirable. The only doubt is whether he will wait to be recalled or will anticipate by his own act a result he can scarcely hope to avoid. The name of Lord Northbrook, formerly Governor General of India, suggests itself as Lord Lytton's successor, but Lord Northbrook does not wish to return to his old post. There is less room for doubt regarding the instruction the new Viceroy will take with him. The change will be made with the least possible disturbance of our normal relations with Afghanistan. If our lines must at any point be advanced, if as is likely there must be some annexation of territory, what is done will be done with the sole view to the safety of India. We shall hear no more of a projected cession of Herat to Persia and of the entangling alliance which must have attended it.

The Bucharest correspondent of the *Times* says: Several weeks since the American minister at Vienna sent here for a detailed commercial treaty between the United States and Roumania. The government was somewhat surprised at this somewhat unceremonious treaty making, and as the Roumanians have all the Oriental affection for negotiations, they were utterly unprepared to sign the document, which had not been duly haggled over in the most approved Eastern fashion. Their newly-fledged national dignity was ruffled by the idea that the Americans proposed to accomplish in a brief correspondence what England's representative had been unable to do in years. The absence of any American representative at Bucharest is not calculated to produce a favorable impression, and it is probable the treaty will continue to repose in the pigeon-hole until properly accredited officials are appointed to bring it to the light of day.

The *Observer* this morning says: We understand there will be no decision whether the government shall resign at once or await an adverse vote of Parliament until the exact number of the liberal majority is ascertained. After the result of the polling on Friday became known a special messenger was sent to Baden-Baden with dispatches for the Queen. We have reason to believe that Gladstone disapproves of the arrangement suggested in various quarters, that he accept a subordinate office in the new administration.

A dispatch from Asterabad, Persia, says: The Russians have taken 5,000 camels from Persian Turkistan. A large number of Russian troops have arrived at Tchikiskiar.

A times Cabul dispatch special says: There is reasonable hope that in the next few weeks there will be a satisfactory settlement and a peaceful return of our troops to India.

The break in the Anglo-American company's cable of 1873 is at a point 36 miles from the landing place on the Irish coast in 80 fathoms of water.

Gladstone is elected for Midlothian by 200 majority.

An Ottawa Special says: A fire at four o'clock Sunday morning damaged the Bank Street Presbyterian Church to the amount of 9,000; insured. About the same time, while the sexton of St. Joseph's Catholic Church was preparing the edifice for the five o'clock service, he saw a man with a lighted candle standing behind the alter. On going forward the man, who had set fire to the woodwork in the entry and also to the organ, fled. It is surmised that an organized gang had determined upon destroying these two churches, and the public is much excited over the affair.

A terrible fire occurred in Montalmont, a village of Savoy. 17 Inhabitants perished and 31 dwellings were destroyed.

The operations of the decrees against unauthorized congregations have been extended to the colonies.

The Jesuits have establishments on the island of Bourbon and Madagascar.

News from Nova Scotia says: while four soldiers of the Royal Artillery gunners, Payne, O'Neill, Melish and Hurst, were returning this evening across the bay from George's Island, where they had been visiting friends, the boat swamped and all were thrown into the water. Hurst caught hold of the boat and floated till assistance came. The other three were drowned.

The Corvette *Union* has forced a blockade off Arica, fighting seven hours with two Chilian iron-clads and a transport. She discharged her entire cargo fighting and has returned to Callao. The *Union* was undoubtedly sent from Callao with arms and ammunition for Peruvians in the blockade port of Arica, probably under command of Captain Villavicuncio, and has succeeded in her errand despite the Chillian blockading vessels. In the seven hours engagement, it is fair to presume that the *Union* was assisted by the monitor *Manco Capac* and the fortifications of Arica. Captain Villavicuncio has already distinguished himself as a commander of the *Challaco* by many successful trips with supplies from the Peruvian sources on the southern ports of the Republic, delivering all despite every effort of the Chillian vessels to capture him.

Batoum, which, according to Russian declarations at Berlin, was to be a free port, is being converted into a Russian stronghold. The ports have been repaired and a large arsenal constructed at the rear of the town, connected with inner fortifications by tramway. A large number of guns have been mounted.

The contemplated railway to Poli, instead of following the natural route along the sea shore, will run behind the mountains and enter Batoum from the rear, being thus protected from maritime attack.

There is great excitement and delight in Turkey at the result of the elections in Great Britain, especially among the Greeks.

The extraordinary council of ministers of Spain will assemble to-day to decide upon the regicide Otero. A majority of the cabinet are inclined to enforce the sentence of death, but the King and Queen incline to mercy. After the ministry have made their decision, the King will hear their reasons and will then decide whether Otero shall be executed in the middle of the present week or be allowed to remain under sentence, to be pardoned when the official *Gazette* in May next announces the interesting condition of the young Queen.

Parnell has declared open war against William Shaw, home rule leader, by nominating Kettle, of the Land League, against Shaw and Colthurst for the county of Cork. Parnell was accompanied to the sheriff's office, where the nomination took place by a cheering mob.

Mohamed Jan attacked 250 Hazaras near Ghuznee. The Hazaras killed Mohamed Jan and two other chiefs. Hard fighting followed, ending in the total defeat of the Afghans.

The *Vedomosti* says: A considerable amount of gunpowder has been stolen from the government powder mills at Odessa.

Debate on the second reading of the army bill will begin in the German Reichstag on Thursday. Prince Alexander, of Bulgaria, in opening the assembly referred in warm terms to his recent journey to Russia and his friendly reception by the Czar.

Correspondence.

RICHFIELD, Sevier County, March 31st, 1880.

Editors Deseret News:

Although we occasionally hear of surprise parties, in your columns, from the capital of the Saints, yet it is but seldom such things are recorded from our little country settlements. Yesterday, however, I had the pleasure of attending one that I consider worthy a notice more public. It was occasioned by Bro. Jas. I. Jensen, from Elsinore, being called to go on a mission to Scandinavia. Bishop Sylvester, together with the Relief Society and the Saints in general, united, and in the meeting-house of that place served up a dinner well worthy a king's table, to which the whole town was invited, together with your humble servant from Richfield, without, however, Bro. Jensen having the least suspicion of any such thing going on, before being called to the place. When all were comfortably seated and prayer offered by the Bishop, a well-filled purse was presented to Bro. Jensen, made up from donations. An essay was then read by Mrs. Sylvester, expressing the great respect and esteem in which Bro. Jensen was held by the Saints of Elsinore, as also the great satisfaction his labors had given them while he had been counselor to the Bishop, superintendent of Sunday School and acted in several other offices of trust, in that place.

After a hearty dinner was partaken of, a photograph was taken of the party, and from that time till early this morning, a most pleasant and joyful time was spent in dancing, singing, remarks of congratulation, etc., the whole being such an enjoyable time, that its memory will never be forgotten by those attending, nor by the children, who, today, are to be treated in a like manner.

Our farmers are now busy putting in grain, after having had, for this country, very severe winter.

Respectfully yours, CHR. I. KEMPE.
