Yesterday afternoon, at 4 o'clock, the fire department was again called out to a blaze in the tithing yard, on Twenty-first street. As this is the second fire at that place within the past ten days it has the appearance of incendiarism. The damage done yesterday was very small. From the great volume of smoke that was seen to issue from the place it was thought that a destructive conflagration was raging, but appearances were very deceptive, as the loss consists only of a few tons of hay which had already been partly consumed by the first fire. The fire laddies made a good run, and after stretching about 800 feet of hose, very quickly extinguished the flames.

BOARD OF EQUALIZATION.

Saturday evening the board of equalization of Weber county concluded its labors after a long and tedious session and adjourned sine die. The unusually hard times have caused a great many complaints of high valuations of property which have to be adjusted by the board, and thus a labor of no small proportion has been performed.

This morning Assessor Dix will commence sending out revised tax notices to all who have had any changes made in their taxes for the year 1893.

Injured by the Railroad.

On Saturday a Mr. Smith of Farmington and his little boy were returning from Coalville with a four horse load of coal, when the team became stalled on the track of the Union Pacific. Unfortunately a freight train was coming down the canyon at a good rate of speed just at that time; and before they could get off the wagon the train struck them, throwing the wagon and horses down an embankment, breaking the boy's arm in two places, and otherwise injuring him. He was brought to this city and placed in the Union Pacific hospital, where he is receiving every attention.

At the Tabernacle.

Dr. Karl G. Maeser and Elder Charles W. Penrose occupied the time yesterday at the Tabernacle, to the instruction of all present.

Cattle Shipments.

John Sparks, the "cattle king" of Nevada, shipped eleven cars of fine, sleek beeves from Tacoma on Saturday consigned to Kansas City, and yesterday (Sunday) four cars were sent west to San Francisco.

Off the Track.

Switch engine No. 1119, while making a "flying switch" this morning at 8 o'clock, was struck by a moving car and badly damaged. The engine was derailed and required a quite a force to get it back on the track.

Personal.

Judge Miner came down yesterday morning from Logan where he has been holding court for some days. The judge is somewhat indisposed with rheumatic troubles.

Deputy Marshal Ballantyne and Bailiff Cook went to Salt Lake on official business Saturday evening.

A. H. Cannon, of Salt Lake, is in the Junction city today on business in connection with his book store of this place.

John Seaman, chief registrar of Weber county, went to Salt Lake this morning.

John Morgan came in this morning from the East and will go on to Salt Lake on 10:40 train.

LOGAN.

LOGAN, UTAH, - - SEPT. 11, 1893.

Court News.

The Fourth district court was in session in rooms specially prepared for it in the upper story of the county court house from Tuesday last. A docket had been prepared and published, but, as usual, had to be revised. The first case tried was that of Studebaker Bros. vs L. A. Mayer. By consent an order was filed granting judgment for $29.49, and the costs of the justice's court from which it was appealed, amounting to $24.85.

An order was made continuing all criminal cases that have not been set, for the term.

In the case of United States vs O. E. Hill, the defendant, by his attorneys, moved the court to set these cases for trial and motion made separately for each case. A motion for the continuance of the case was made and allowed.

Cache county vs F. J. Kiesel et al, was continued for the term.

Geo. A. Percival vs A. B. Parker, was tried without a jury; argued, submitted and taken under advisement.

The case of Michael Hansen vs Wieland Kap et al was, on motion, continued for the term.

An order was made dismissing the case of Paul Stark vs Willard Gordon.

Baker City National bank vs A. A. Birrell was continued for the term.

The case of the People etc. vs Jas. Kirkbride, was dismissed at cost of prosecuting witness.

Geo. Watson's suit against Logan city, for damages alleged to have been sustained by himself and a $2000 horse, through running into a ditch or drain that had been left uncovered by the city authorities, was next on the docket. The amount sued for was $10,000. The jury were not entirely agreed as to a verdict, nine of them thinking that Watson had no cause for action and three being in favor of allowing him damages. In accordance with recent decisions of the Supreme court, the judge accepted the verdict of the nine jurors as being final.

The case of Gunder Johanson vs the O. S. L. and U. & N. railway, a suit for damages, was continued for the term.

Newman Bros. vs F. A. Neuberger was argued and submitted. Motion for a new trial denied.

The case of Eilean W. Park vs O. C. Ormsby et al went by default and a verdict in favor of plaintiff for $150.12 and costs was given.

Thomas A. Lehmann was granted a divorce from Hannah O. Lehmann.

J. M. Littleton vs Stoddard & Haslam, a suit for breach of contract was next. Littleton, according to the evidence, was employed to run the defendant's mill for the term of one year, and was discharged before the expiration of that time. The jury brought in a verdict for $151.05.

The greater part of Friday and Saturday was consumed in hearing the case of Edward O. Allen vs Logan City. While working out his poll tax under the supervision of the city roadmaster, a gravel bank caved on Allen and he received a broken leg and other injuries. The city claimed that Allen was repeatedly warned as to the danger he was in, and that he fully understood it. The case was given to the jury on Saturday evening, with instructions to return a sealed verdict on Monday morning.

The suit of J. W. Thatcher vs A. V. Robison is next on the docket. The case was presented on Saturday evening and will be continued this morning.

It is evident that not nearly all of the cases on the docket can be tried in the allotted time, and will have to go over. Judge Miner appointed two Logan men, David Thomas and Fred J. Marshall, as court bailiffs for this term.

An Unmerited Insult.

In Saturday's *Journal*, under the caption "The Adjunct of the Fourth District Court," some individual, signing himself X, says in the last paragraph of an article pertaining to the court now in session:

"The jurors also appeared natural. I counted about twenty of the old stock, alias 'professionals' alias 'tobos' alias 'permanent fixtures'. A jury of your peers seems to be confined to these selections, whether they are drawn by lot or picked up on an open venire, selected by Republican or Democratic officers. Who can explain this enigma?"

This is here regarded as a direct, public and unmerited insult to a body of men who possess all the necessary qualifications to make them good, intelligent jurors. They were drawn from the body of the district on an open venire, and are a body of law-abiding taxpayers. Most of them were forced to leave more lucrative employment to sit on the jury. It was not a matter of choice with them, they were summoned and had to appear. There is not a "professional" or "tobo" in the entire panel, and they are the peers of any who may come before them for trial, not excepting the would-be wit who signs himself "X."

He Preferred Jail.

John Dix was fined $5 on Saturday afternoon for fast riding, with the alternative of spending three days in jail. He considered the scarcity of money and chose the jail.

Mining News.

Notwithstanding the scarcity of money, Tom Harrison, of La Plata, has received instructions to look out for a free milling gold property with mill and other necessary auxiliaries, not too far from a shipping point, for which his correspondents are willing to pay from $50,000 to $100,000.

Some of the mining properties in the hills adjacent to Cache valley are considered valuable by their owners. A few days ago Tom Harrison, in behalf of other parties, offered John Nelson, of Logan, $7000 for his half interest in the Silver King mine in Blacksmith Fork canyon, and it was refused.

Notes.

The entertainment gotten up by the teachers of the Sixth ward Sunday school for the benefit of the Sunday school library was entirely successful. Ice cream, dancing, singing by the members of the "Sage Brush" Glee club, and a fine program rendered by the members of the school were the attractions offered.

A large black bear was killed near Temple fork in Logan canyon one day last week. Another one was seen on the same day near Card hollow, by the same parties. Deals have been unusually numerous this year in Logan and other canyons, and complaints of their killing cattle have been quite plentiful.

Preparations for the fall campaign are being made by both parties. While it is believed the fight will not be waged with such a rancor and bitterness as the one of last year, still, it will be quite lively. The local papers have already commenced their warfare, and politics are being more frequently discussed.

The session of the district court and the opening of the B. Y. and Agricultural colleges are having a perceptible and stimulating effect on the volume of business done here.

—OF THE—

DESERET WEEKLY.

The sixth volume of the DESERET WEEKLY in the present form is now bound. A limited number of copies of these six volumes can be obtained at the Deseret News Office, Salt Lake City, in bound form at $2.00 per volume. It is the best history of current events to be obtained, and by far the cheapest, and the time is not far distant when they will be eagerly sought after by students of history, anxious to be informed of the stirring events which have transpired within the past three years—the most interesting period of the history of the Latter-day Saints. Every person who can afford it should secure these volumes while they are to be had for future reference, and especially should they be obtained for every Sunday School, Improvement Association and Ward library. Apply early to make sure of getting them.
