LOCAL AND OTHER MATTERS.

THEATRE. — The performances at the Theatre last night appeared to give universal satisfaction to the tolerably good audience which attended.

To-night Mr. and Miss Couldock will appear for the last time here. Although their engagement can scarcely be said to have been a great success pecuniarily, in point of brilliant and artistic acting its success has been complete, and it must be gratifying to Mr. Couldock to know that there is a class of the public of this city who have appreciated his fine displays of of dramatic genius beyond anything of the kind they have ever witnessed, and who think his fine renditions of the legitimate drama infinitely ahead of the stagey claptrap which has obtained so widely during the past few years. Mr. and Miss Couldock, when they leave this city, will we believe, take with them the good feelings and best wishes of all who have made their acquaintance.

There should be a bumper house to-night. The bill is a good one and the acting will, doubtless, be fine. The entertainment will open with Bulwer Lytton's historical play, "Richelieu," with Mr. Couldock in the title role and Miss Couldock as Julie de Mortimer; and will conclude with a Norwegian performance, in which Mr. Jonasson, Mr. and Mrs. Monsen and Mr. Hagman will take parts.

INDEPENDENCE DAY.—At a meeting of the City Council last evening, a committee of gentlemen was selected to take the necessary steps for the proper celebration of the approaching 4th of July. We understand it is the intention of that committee to meet at 7 o'clock to-morrow evening, at the City Hall, to take the preliminary steps for the celebration of that important anniversary.

COMMERCIAL STREET. — Several stores on the new street are completed and occupied, and the building of others is being pushed forward energetically. The most conspicuous edifice is the Palace bath establishment, which is nearly finished, and where the great unwashed public can enjoy the luxuries of the bath for a reasonable consideration.

RETURNED.—We learn from our local contemporary, the *Herald*, that E. L. Sloan, Esq., has returned from his visit to San Francisco.

CACHE VALLEY.—Bishop George O. Elkins, of Millville, writes to us as follows: "Last fall our people put in a very large quantity of wheat and I have never seen winter wheat look better; also a large amount of grain of all kinds has been planted this spring, and until two weeks ago everything looked splendid. In our West field we put our largest body of grain, and from present appearance it looks as though this field would be entirely swept off. The grasshoppers have hatched out in and around our grain in countless millions. Our people turned out en masse and fought them. We dug large holes and formed large circles around them with brush and drove the hoppers into the pits and buried them up, and I am satisfied that we have in this way destroyed hundreds of bushels of them. Our efforts, however, to save our crops appear to be futile as the insects have hatched out in great hosts on the unbroken ground which surrounds our farms; therefore, from all human appearances, it would be supposed we would reap no harvest. Notwithstanding this our people feel well and all express themselves confident of raising their bread and to spare.

Two years ago we started a co-operative store on a small scale, but in consequence of railroad and grasshopper losses up to this spring we have made but little progress. I am pleased to say that, under the management of Mr. Joseph Humphreys, the store is improving; and under his care we expect to make co-operation a success in Millville. It is the intention of the directors to build a new store on Main street this summer.

We have a good opening for a competent school teacher and such a man would be treated liberally.

A general time of good health prevails and all feel desirous to promote the welfare of God's great kingdom upon the earth."

THE LATE FROST.—A gentleman from Hoytsville informed us, this morning, that the late frost was the keenest that had been experienced in Summit County for the last eight years. It had done some damage to the growing wheat, but the injury, he thought, was not sufficiently severe to diminish the harvest prospects, which are excellent.

INFORMATION VOLUNTEERED. — Elder Thomas P. Thomas writes, from Pottsville, Pennsylvania, under date of the 23rd ult., that he had arrived there, from Swansea, Wales, in company with Elder Joseph Parry, seven days previous to writing. Brother Thomas says he will be pleased to impart any information he possesses with regard to smelting and refining silver, copper and other metals, to any person desiring it. Address: care of Joseph Parry, Ogden.

A VALUABLE RECORD.—The first record book of certificates of members of the Church has just arrived in Utah from Kirtland, Ohio. It contains the record of the certificates of membership of most of the Elders who embraced the gospel in the early days of the Church, including that of the Prophet Joseph Smith. The book was obtained by Elder Anson Call, while on his mission to the East, last winter. He left it in charge of Mr. Lorenzo Carter, at Kirtland, who, according to agreement, has forwarded it here. When Brother Call visited Kirtland it was in the hands of the wife of Mr. Lewis Hancock, who stated that it was found among the effects of her father, John Morton, deceased.

RUNAWAY.—A little after seven o'clock last evening a team, attached to a carriage, took fright near the Eleventh Ward Co-operative Store, running westward at a tremendous speed. In passing along the Twelfth Ward a boy was run over, but, luckily, sustained little or no injury. The animals were finally brought to a standstill before any damage was done. The only occupant of the vehicle was a lady, who manifested considerable presence of mind under the circumstances.

THE NEW MARKET BUILDING.—Work on this public building is progressing rapidly. The part where it is situated bids fair to become one of the busiest spots in the City. Several places of business are now in course of erection around that quarter.

PERSISTENT VITALITY.—The Gold Hill News is responsible for the following:

"An old lady, of about eighty years, up at Virginia, was very badly, and it was at first thought fatally injured two or three weeks ago, by a big stone rolling down off the lower Savage dump knocking her down as she was passing. Her ankle was broken and she was also severely hurt about the hips where the stone struck her, but now under the care of Dr. Heath she is rapidly recovering, and will soon be well as usual. She expresses considerable indignation at the idea of the newspapers making her out to be eighty years old, when she is only seventy-eight. She doesn't want her matrimonial prospects injured by such heedless or malicious yarns about her age. As far as we are concerned we take it all back, and hope she may yet live to a ripe old age."

DIED.

At Spring City April 1st, 1871, of lung fever, MARY, daughter of William and Margaret Goddard, aged 18 years, 3 months and 20 days. Deceased was born at Brampton, Cumberland, England.—Com.

7-30 GOLD LOAN

OF THE

NORTHERN PACIFIC RAILROAD.

RAPID PROGRESS OF THE WORK.

The building of the Northern Pacific Railroad, (begun July last,) is being pushed forward with great energy from both extremities of the line, several thousand men are employed in Minnesota and on the Pacific Coast. The grade is nearly completed 266 miles westward from Lake Superior; trains are running over 130 miles of finished road, and tracklaying is rapidly progressing toward the eastern border of Dakota. Including its purchase of the St. Paul and Pacific Road, the Northern Pacific Company now has 412 miles of completed road, and by September next this will be increased to at least 560.

A GOOD INVESTMENT. Jay Cooke & Co. are now selling, and unhesitatingly recommend, as a Profitable and perfectly Safe investment, the First Mortgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They have 30 years to run, bear Seven and Three-Tenths per cent. gold interest (more than 8 per cent. currency) and are secured by first and only mortgage on the ENTIRE ROAD AND ITS EQUIPMENTS, and also, as fast as the Road is completed, on

23,000 ACRES OF LAND to every mile of track, or 500 Acres for each $1,000 Bond. They are exempt from U. S. Tax; Principal and Interest are payable in Gold. Denominations: Coupons, $100 to $1,000; Registered, $100 to $10,000.

LANDS FOR BONDS. Northern Pacific 7-30's are at all times receivable at THE PAR CASH ABOVE PAR, in exchange for the Company's Lands, at their lowest cash prices. This renders them practically INTEREST BEARING LAND WARRANTS.

SINKING FUND. The proceeds of all sales of Lands are required to be devoted to the purchase and cancellation of the First Mortgage Bonds of the Company. The Land Grant of the Road exceeds Fifty Million Acres. This immense Sinking Fund will undoubtedly cancel the principal of the Company's bonded debt before it falls due. With their ample security and high rate of interest, there is no investment, accessible to the people, which is more PROFITABLE OR SAFE.

EXCHANGING U. S. FIVE-TWENTIES: The success of the New Government 5 per cent. Loan will compel the early surrender of United States 6 per cents. Many holders of Five-Twenties are now exchanging them for Northern Pacific Seven-Thirties, thus realizing a handsome profit and greatly increasing their yearly income.

OTHER SECURITIES. All marketable Stocks and Bonds will be received at their highest current price in exchange for Northern Pacific Seven-Thirties. EXPRESS CHARGES on Money or Bonds received, and on Seven-Thirties sent in return, will be paid by the Financial Agents. Full information, maps, pamphlets, etc., can be obtained on application at any agency, or from the undersigned.
