SILVER, Bar, 59 5-8
LEAD, $4.20
CASTING COPPER, 16 1-2 cents a lb.

LOCAL BRIEFS.

Another chilly snap is booked by the weather bureau for this region; yet not so cold as the one just passed through.

The new superintendent of St. Mark's training school for nurses, Mrs. Nellie Crossland has assumed charge of her duties.

The meeting of the Salt Palace committee, which was announced for last evening was postponed until this evening at 7:30.

A number of Salt Lake sports will go to Ogden by special train this evening over the Short Line, to attend a sparring contest.

This is the thirty-eighth day of the legislative session. Only twenty-two days more, three of which are Sundays and the solons may go home.

Each member of the present Utah Legislature has had the unusual privilege of the opportunity of voting 150 times for United States Senator.

Edgar E. Rich, son of E. E. Rich of Salt Lake, who has enlisted in the Fourteenth infantry, will leave in a couple of days to join his regiment at Manila.

Alma Barrett, who was burned by an explosion of giant powder in the Lower Mammoth mine last week, died of his injuries at the Keogh-Hosmer hospital last evening.

Richard English, who formerly was the superintendent of motive power on the R. and M., is in the city, coming in last night from the East. He is at the Kenyon and will be in the city for some time.

The many friends of Mr. and Mrs. James Chesney of the Seventh ward will sympathize deeply with them in the sad bereavement caused by the death of their sixteen-year-old son Clarence, who succumbed yesterday to an attack of appendicitis.

Some Valentine day hoodlums in the southwestern part of town got more than they intended to bargain for last night. They had been throwing rocks at people's doors, and succeeded in breaking the panel of one door. As they were passing from house to house in regular order, one resident got advance notice and hid behind a tree, with a stout stick in his hand. Several of the crowd threw at the gentleman's door, whereupon he "got in" among them, and succeeded in giving each one of the gang a sharp blow before they got away. That broke up the vandal sport in that locality.

At a meeting of the Utah Forestry association, held at Dr. Park's office last evening, the legislation committee reported a bill proposing a joint commission of irrigation forestry and fish and game. Prof. W. G. Boyance was appointed to write a letter to the President asking that the rules governing reservations be amended so that timber could be cut for domestic purposes and likewise that domestic cattle and sheep might be grazed on the reservations, likewise the settlement of the land for agricultural purposes. A resolution passed by the citizens of Uintah county asking a reduction of the reservations in that county, was also presented.

Yesterday afternoon there was a dispute at the corner of West Temple and Third South streets over the showing of the gas mains. About 4 p. m. H. L. Driver, who had a judgment against the Salt Lake & Ogden Gas company and claims the gas mains, turned off the supply in several places. The stoppage at the point indicated interfered with Union Light & Power company's service, and men were sent to remove the obstruction. There was some wrestling between the Driver and the Union men, which led to the police being called to prevent trouble, and gathered quite a crowd of people. At last the Driver people were convinced that they had no right to interfere with the Union company's service, and the gas was turned on again. The claims of Mr. Driver to the mains may have to be passed upon by the courts.

Save your money, and when you get a Dollar deposit it with Zion's Savings Bank & Trust Co., 1, 3, 5 Main street. The officers and directors are: Lorenzo Snow, president; George Q. Cannon, vice president; George M. Cannon, cashier; Joseph F. Smith, Lorenzo Snow, T. G. Webber, Heber J. Grant, James Jack, Francis M. Lyman, Angus M. Cannon, George Reynolds, H. B. Clawson, L. John Nuttall.

UTAH COAL.
Castle Gate and Winter Quarters, Lump, Nut and Slack.
Anthracite, all sizes.
D. J. SHARP, Agent.
73 South, Main. Telephone, 479.

Use the Royal Bread. It's healthful and nourishing. Ask your grocer for it.

NOTICE OF REMOVAL.

E. O. Taylor has removed to rooms 211-212 Templeton Building.

UTAH COMMERCIAL AND SAVINGS BANK.

Interest paid on savings. Francis Armstrong, pres't.; P. W. Madsen, vice-pres't.; J. E. Caine, cashier.

AFTER THE BUTCHERS.

Sheriff Harris has discovered that the law requiring licensed butchers to keep a record of the age, size, color, ear-marks and brands and all particulars respecting the killing of cattle has been absolutely and entirely ignored by the knights of the cleaver in Salt Lake county. Today the sheriff sent out notices to the butchers calling attention to the statute and informing them that from now on he will expect to find a record in all licensed shops. A violation of the law referred to is punishable by a fine in any sum not exceeding $100 for each offense.

ERECTION OF HEATING PLANT.

Police and Fire Departments to be Furnished Steam Apparatus.

OLD CITY JAIL INCLUDED.

P. J. Moran Proposes to Do the Job for $2,600—Committee Favorable—Two Items Disallowed.

Specifications and plans for a steam heating apparatus in the police and fire departments and the old city jail, at a cost of $2,600, were submitted at last night's Council meeting by the police and fire committee, but action was deferred for one week.

The committee, Messrs. Hoare, Allen, Robertson, Fernstrom and Buckle, reported having received two bids for the erection of the plant. The one submitted by P. J. Moran is considered both the cheapest and best and the committee was unanimous in recommending to the Council its acceptance.

Mr. Moran proposes to set up in the basement of the police station a horizontal tubular boiler, 48 inches in diameter, and 12 feet long. The boiler is to be set in brick work. A smoke-stack is to be set outside of the building to a point 6 feet above the level of the roof. The radiators are to be of the national pattern and will be connected with a union radiator valve and to be provided with No. 6 Argon automatic air-valves.

In the basement of the fire station Mr. Moran proposes to set in place a 60 gallon hot water tank provided with copper steam coil. The tank will be used for the purpose of heating water which may be used for baths, etc. The hose tower is to be heated by means of a copper steam coil and can be used to dry the hose in winter time. Mr. Moran also agrees to furnish an 80 gallon hot water tank, provided with steam coil, for the purpose of heating water for the steam fire engine. The buildings are to be warmed throughout, in the coldest weather, to a temperature of 70 degrees Fahr. The work Mr. Moran guarantees will be done in a first-class manner to the entire satisfaction of those interested. He agrees to have the apparatus complete and in running order thirty days from date of signing contract. The cost to the city will be $2,600, and in addition to agreeing to wait until November for his pay, Mr. Moran agrees to keep the plant in repair for one year free of charge. The probabilities are the report and recommendation of the committee will be adopted by the Council and if so the work will be proceeded with at once.

WHO WILL FOOT THE BILLS.

The bills of Chief Pratt and Superintendent Caine for typewriting the annual reports of the police and waterworks departments were disallowed. Hoare called attention to the bill of Pratt's for $7.50 and after criticising the chief for incurring the expense without first obtaining the authority of the Council, suggested that it be disallowed.

Robertson said it made all the difference in the world as to whose ox was gored. Favoritism, he claimed, was being shown, from the fact that a similar bill for $16 had already been allowed Superintendent Caine's department, and no opposition to it had been heard.

Hoare said he was unaware of Mr. Caine's bill, but the recorder found it, and, on motion, action as to its allowance was reconsidered.

Romney opposed payment more for principle than anything else.

Patrick thought it small on the part of the members to offer objections to such trifling matters. The manner in which heads of departments were continually being hauled over the coals was unbecoming of the Council. He gave notice that in future he would keep an eye on all bills. He intimated that he expected to tread on the corns of some who were loudest in their denunciation of the bills now under discussion. He had been studying the rules and regulations of the Council and was going to see that the members lived up to them.

Fernstrom was glad to see that the majority was coming round to his way of looking at things. For a long time he had been alone in his opposition to the methods pursued by certain heads of departments. It was thought by some that his opposition was actuated by personal motives. He was glad to see the spirit of reform manifested. There was more discussion and the bills were disallowed by the following vote:

Ayes—Buckle, Fernstrom, Hoare, Margetts, Morris, Robertson, Romney, Walters, Weller and Barnes—10.

Noes—Allen, Callister, Diehl, Patrick and Siddoway—5.

BUSH-HAMMERING ENTANGLEMENT.

The following communication was received from the board of public works:

The board of public works finds, by the report of the city engineer, that there are not sufficient sidewalks which can be bush-hammered, in accordance with the instructions of the City Council as given in the report of the committee on streets, adopted January 24, 1899, in which the city engineer was instructed to designate the sidewalks to be bush-hammered and naming $[illegible] as the amount to be expended for that purpose.

In view of these facts the board finds itself powerless to carry out the contract with Mr. D. E. Fulmer for bush-hammering made December 28, 1898.

The board is informed by the city engineer that there are other sidewalks upon which the guaranties will expire on June 30th, 1899, which are the smoothest and most dangerous sidewalks in the city.

The board respectfully submits these facts for the consideration of your honorable body. Referred to committee on streets.

TO SOLICIT BIDS.

The committee on control in the matter of the application of Lars P. Madsen, asking for renewal of contract for the care of city's portion of the grounds surrounding the joint city and county building, submitted a form of agreement and recommended it be signed by the Mayor in behalf of the city. On motion of Robertson the committee was instructed to solicit bids for the work.

PETITION DENIED.

In the matter of the petition of ex-Policemen Chris Lund and P. L. Johnson asking to be reinstated, the committee on police and fire recommended the same be not granted. Accompanying the report was a communication from the city attorney that the Heath case was a similar one and the Supreme Court decided against him.

WANT A BILL CANCELLED.

J. C. Watson & Bro. asked for the cancellation of a bill for $17.50 charged against them for damage to certain pipes while being hauled from the depot to Emigration canyon. They say the damage was caused through the roughness of the road and was no fault of theirs. Referred to committee on streets.

ON THE WAY HOME.

The dispatch from San Francisco tell of the arrival of Lieut. Orin H. Grow whose home-coming was announced in the "News" on Monday. Lieut. Grow is ahead on sick leave, having been very ill with typhoid fever, from which he is now recovering. He will probably arrive home on Wednesday or Thursday and will be warmly welcomed as one of the heroes of Manila.

CHURCH NEWS.

PRESIDENT RICHARDS RETURNS.

Has Been Holding Meetings in California—C. C. Richards' Health Improved.

Apostle Franklin D. Richards arrived in this city at 8 o'clock this morning from a protracted tour of the various branches and conferences that are embraced in the California mission.

Elder Richards left Salt Lake City three weeks ago last Saturday, when he attended the Weber Stake conference, and proceeded on his journey West. With the exception of the time occupied in traveling, Elder Richards has attended from one to three meetings each day, in which the laboring missionaries and Saints participated. He reports the mission to be in a prosperous condition, and the various Elders working with zeal and energy. While in California he met his son, Hon. C. C. Richards, who has been, until his return to Ogden last week, sojourning among the balmy breezes of the Golden state, in the hope of recuperating his health, in which endeavor he has been very successful.

J. H. Dewey Jr., brother of one of the buried miners, left this morning for the scene of the accident. Mr. Foote, one of the mine owners, also went to Bingham. It was the intention of these two men, when they left here, to try and get a force of men on the ground, no matter what the weather was. No further word has been received from Bingham up to this afternoon.

The Relief Society of Moab ward, Grand county, will hold its annual meeting on the 20th of February. A program will be rendered in the afternoon by members of the society. In the evening another program will be rendered at the old school house, where lunch will be served.

SEARCH IN THE SNOWSLIDE

It is Abandoned Today in Bingham Because of Bad Weather.

The Two Men Missing Have Not Been Seen for Several Days, and are Supposed to be Dead.

A telephone to the "News" today states that the rescuing party which began yesterday to search in the snowslide at the St. James mine in Bingham canyon, for the bodies of the two miners, G. A. Dewey and John Garretson, who are supposed to have perished beneath the snow, has decided not to resume the work today on account of the bad weather and the depth of the snow, which is greater than in the past twenty years. It is thought in Bingham that there is little doubt, that the two men are dead. W. E. Garretson, who had been in Salt Lake for some days for supplies, returned to the mine yesterday and found a snow slide about 200 yards in length and 25 feet deep between the cabin and the mine. He had been detained in this city for some days beyond the time he expected to return to his property, and when he reached the place yesterday it was evident from the fact that there were no tracks around the cabin, that the men who stayed there and who are supposed to have been covered up, had not been outside for several days. The cabin also bears evidence of not having been occupied for some time. These facts coupled with the other, namely, that nothing had been heard of the men, makes it almost certain that they have perished.

The St. James mine is about four miles from Bingham, and has been idle for some time. About December 1st of last year the property was bonded by J. W. Foote and C. A. Dewey of Salt Lake City, and E. W. Garretson of Salmon City, Idaho, and these men have been working it since that time, John Garretson being there with them.

Charles A. Dewey is a Salt Lake man, having been born in this city twenty-four years ago. He was an expert electrician. His parents reside at 241 East First South street. He is unmarried.

John Garretson is the brother of E. W. Garretson, one of the owners of the mine, and is from Salmon City, Idaho. He had been at work only a short time before the snowslide which is supposed to have cost him his life.

PERSONAL.

M. Kuhn is down from Ogden.

M. Gibbons is down from Bingham.

H. H. Spencer of Ogden is in the city.

A. B. Patton is down from Ogden today.

J. C. Reynolds is in from Stockton, Utah.

SALT LAKE BUSINESS COLLEGE.
76 West Second South Street.
Bookkeeping, Shorthand, Typewriting, English branches. Day and Evening School. Experienced teachers.

Horrible agony is caused by Piles, Burns and Skin Diseases. These are immediately relieved and quickly cured by De Witt's Witch Hazel Salve. Beware of worthless imitations. F. C. Schramm, McCornick building, corner Main street, First South.

The smallest things may exert the greatest influence. De Witt's Little Early Risers are unequaled for overcoming constipation and liver troubles. Small pill, best pill, safe pill. F. C. Schramm, McCornick building, corner Main street, First South.

TABLER'S BUCKEYE PILE OINTMENT is no panacea, but is recommended for Piles only. There it will cure. Price, 50 cents in bottles, Tubes, 75 cents. Z. C. M. I. Drug Dept.

Are you restless at night, and harassed by a bad cough? Use BALLARD'S HOREHOUND SYRUP, it will secure you sound sleep, and effect a prompt and radical cure. Price, 25 and 50 cents. Z. C. M. I. Drug Dept.

Faults of digestion cause disorders of the liver, and the whole system becomes deranged. HERBINE perfects the process of digestion and assimilation, and thus makes pure blood. Price 50 cents. Z. C. M. I. Drug Dept.

Frequently accidents occur in the household, which cause burns, cuts, sprains and bruises. For use in such cases BALLARD'S SNOW LINIMENT has for many years been the constant favorite family remedy. Price, 25 cents and 50 cents. Z. C. M. I. Drug Dept.

You are making a great mistake in not sending for a ten cent trial size of Ely's Cream Balm. It is a specific for catarrh and cold in the head. We mail it, or the 50 cent size. Druggists all keep it. Ely Brothers, 56 Warren Street, New York.

Catarrh caused difficulty in speaking and to a great extent loss of hearing. By the use of Ely's Cream Balm dropping of mucous has ceased, voice and hearing have greatly improved.—J. W. Davidson, Attorney at Law, Monmouth, Ill.

Children who are troubled with Worms are pale in the face, fretful by spells, restless in sleep, have blue rings around their eyes, bad dreams, variable appetite, and pick the nose. WHITE'S CREAM VERMIFUGE will kill and expel these parasites. Price, 25 cents. Z. C. M. I. Drug Dept.

La Grippe is again epidemic. Every precaution should be taken to avoid it. Its specific cure is One Minute Cough Cure. A. J. Shepard, Publisher Agricultural Journal and Advertiser, Eldon, Mo., says: "No one will be disappointed in using One Minute Cough Cure for La Grippe." Pleasant to take, quick to act. F. C. Schramm, McCornick Building, corner, Main street, First South.

ABOUT CATARRH.
It is caused by a cold or succession of colds, combined with impure blood. Its symptoms are pain in the head, discharge from the nose, ringing noises in the ears. It is cured by Hood's Sarsaparilla, which purifies and enriches the blood, soothes and rebuilds the tissues and relieves all the disagreeable sensations.

HOOD'S PILLS cure all liver ills. Mailed for 25c. by C. I. Hood & Co., Lowell, Mass.

lungs. One Minute Cough Cure loosens the cold, allays coughing and heals quickly. The best cough cure for children, perfectly harmless. F. C. Schramm, McCornick Building, corner Main street, First South.
