NEWS OF THE WEST.

A Married Woman Elopes With a Hobo: The Pair Arrested.

DEPREDATIONS OF WOLVES.

Death From the Effects of a Blow on the Head—A Dishonest Lineman, Etc.

A dispatch from Los Angeles, Cal., says there came from Anaheim the story of a married woman eloping with a tank file representative of the fraternity of "hoboes."

William Kissoke, until a few days ago a lineman with the Rocky Mountain Telegraph company, at Butte, Mont., has been arrested at Cheyenne and brought back to answer to the charge of forgery. He is alleged to have passed half a dozen bogus checks, aggregating about $600, on different business houses.

Ranchmen in Wyoming complain of the depredations made by gray wolves on young stock. The wolves are very numerous and are increasing rapidly, owing to the practical suspension by most of the counties of the bounty heretofore paid out for these animals. They are very bold, venturing close to the city, and are making a great deal of trouble for stockmen.

The first death in the camp at Mercur occurred on Monday morning, says the Tooele *Transcript*. Jas. McKnight, an old and respected citizen of Stockton, was taken sick on Saturday with pneumonia, and on Monday morning quietly passed away. His remains were taken to Stockton, where the burial services were performed, and from there taken to Tooele for burial. This being the first death, it has cast quite a gloom over the camp.

No ants is being brought in from the lakes at present, says the Laramie (Wyo.) *Boomerang*, although it is understood that a new contract will be made at once for securing more of the crystals. Work has begun at the chemical plant and the new machinery that was put in there more than a year ago, it is expected, will soon be put in operation. It will be remembered that this is a new and very expensive plant.

The Oregon Improvement company has decided to abandon its mine at Newcastle, which took fire on Monday, and will open up a new slope at another point of the vein. Tale soften is the result put an inspection of the burning mine. All the vents and openings have been tightly closed, and the mine will be left to itself, there being now no fear that the fire will eat its way to the surface again. The loss to the company is placed by the general manager at less than $100,000, including the loss in pumping machinery, mules, harness, etc. Most of the 150 miners will be thrown out of employment temporarily. Work night and day in the new slope is to be pushed.

A miner at Bico, Cal., named John Weslock, died on Thursday from the effects of a blow over the head in a saloon altercation. He had been drinking about a saloon for several days, when in the midst of a dispute he struck a man in the face with his coat. Something hard in the pocket cut the man's face and he retaliated by picking up a tobacco cutter and struck Weslock a blow over the head. The skull was depressed for several inches, but the outside skin was not broken. This happened a week ago Sunday. He lay around the saloon till Thursday. He then went up to his mine, and on Sunday became insane.

On Wednesday evening the wife of P. C. Miller, a workman engaged on the water ditches, left her husband and one little girl aged twelve years, and skipped for San Diego with a tramp named Joe McCarthy. The woman carried off all the cash she could get hold of, amounting to $150. She also has a diamond ring worth $200, and a gold watch. She also took a gold watch belonging to her little girl. She kissed her husband affectionately when he left her to go to work in the morning, but when she took her departure for San Diego she did not even give her little girl a parting kiss. A warrant has been sworn out charging McCarthy with grand larceny. The faithless pair have been arrested at San Diego.
