Other specialties of this road are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Mississippi River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and superb Dining Cars, in which elaborately cooked meals are leisurely eaten, while good Digestion waiting on Appetite, and Health on both, attend the feasting. EVENING NEWS.

Wednesday, July 14, 1886

CITY COUNCIL.

The City Council met in regular session, at 7 o'clock last evening, Mayor Armstrong presiding.

John T. Buckle asked that he be allowed to lay a one and a half inch iron pipe along Third East Street to his residence, the work to be done to the satisfaction of the Council and under such regulations as are now in force in reference to the waterworks. Referred to the committee on waterworks.

O. A. T. Fossell and other residents on D and E Streets asked that the old canal in that locality be filled and leveled up near their residences, as it had been at other points. Referred to the committee on streets and alleys.

Hugh Anderson, on behalf of a number of others, begged leave to call the attention of the Council to the resolution passed some time since, directing the placing of street lamps on East Temple, between South Temple and North Temple Streets. No action had yet been taken looking to the illumination of this dark and dangerous thoroughfare, and the petitioners asked that the lamps be immediately put in the positions designated. Referred to the proper official with orders to immediately comply with the resolution.

J. T. Glimer and others asked that certain streets in the First Ward, that were now in such a condition as to be extremely dangerous, be placed in proper repair. Referred to the committee on streets and alleys.

Rose Townsend, executrix of the estate of the late James Townsend, called the attention of the Council to the fact that while he had charge of the Warm Springs bath house, he had erected a building on the property which was a great necessity to the proper conduct of the premises, and asked that the city appraise and purchase it from the estate. Referred to the committee on public grounds.

Maria DeGray asked that she be given possession of a lot at one time owned by her late husband, but which had reverted to the city because of the failure to perfect a title thereto. Committee on public grounds.

A. Anderson and other residents of Ninth South Street, between Third and Fourth East Streets, set forth that some 18 months ago, a railroad company had commenced the construction of a railway track there with the understanding that it should properly gravel and repair the street. The track had been built, but the street had not been graveled, and was in such a condition as to preclude the possibility of a team approaching anywhere near some of the residences, and asked relief. Committee on streets and alleys.

H. J. Worthington, on account of being incapacitated for other labor, asked that he be granted a free licence to sell goods at his stand. The motion was granted.

Several licenses to retail liquor dealers were granted.

Quarantine Physician S. B. Young tendered his resignation. Accepted.

REPORTS.

The City Attorney presented his report, which was read and placed on file.

City Estray Pound-keeper M. Shelmerdine, also submitted a report for the three months ending May 31st, 1886. Same order.

Assessor and Collector M. W. Taylor submitted the assessment roll for the year 1886, and called the attention of the Council to the ordinance governing the appointing of a time for the meeting of a board of equalization, etc.

Alderman Pyper submitted a resolution fixing the rate of taxation at five mills on the dollar, and providing for the meeting of the board of equalization. Adopted.

The committee on police reported that they had examined the report of the Police Justice for the month of June, 1886, and found the same to be correct. They also made a report to the same effect on the City Marshal's report for the same month. Adopted.

Jesse W. Fox, Jr., city surveyor, presented a bill of $140.50 for services rendered from February to July. Referred to the committee on claims.

The two bills introduced last week by Alderman Pyper providing for an ordinance in relation to assaults and batteries, and for an ordinance in relation to petty larceny, passed their third reading, and were referred to the committee on enrollment.

Five hundred dollars were appropriated to the Marshal's contingent fund.

Alderman Patrick called the attention of the Council to the springs in front of the old Stringham property on South Temple Street, and asked that some method be taken to remedy the evil, and turn the water into a proper channel. Referred to the watermaster, with instructions to act.

On motion of Councilor Clark, the matter of appointing a successor to the quarantine physician was referred to the committee on elections.

Adjourned for one week.

THE DAY NURSERY.

The following was handed in this morning by one of the officers of the institution in question, with a request to publish:

The Day Nursery and Orphans' Home incorporated on June 12, 1886, for a period of fifty years. Its object is to provide temporary homes for destitute children and to assist them to obtain permanent homes.

The directors for the ensuing year are Lucine Hoge, Hettie M. Critchlow, Mary E. Gilmer, J. Cameron Brown, Maria Prout, Keatie H. Kimball, Bertha G. Bamberger, Sallie Benedict, Martha A. Locke, Louise Payne and Cora G. Suow. The following ladies were elected to serve for the coming year—viz.—Mrs. Armstrong, President, Mrs. Wilcox, Treasurer, Mrs. Putnam, Corresponding Secretary and Mrs. McVicher Recording Secretary.

Messes Hoge, Royle and Brown are the legal advisers and Drs. Hall and Bascon are attending physicians.

Address—Day Nursery—570 East Third South Street. At the regular monthly meeting in July the following bylaw was enacted: "Any person may become member of this Association by contributing not less than one dollar annually to its support and signing the articles of incorporation. It shall be their duty to attend the regular meetings as frequently as possible, to visit the Home and give such occasional assistance as may be necessary."

It was further provided that applications for admission of children to the Home may be made to any one of the directors.

The Home is now filled to its utmost capacity, and we are sorry to say that we have to turn away applicants every day. Will the public please visit the Home and satisfy themselves as to the work being done there, and then assist us to enlarge our usefulness. Our expenses could be materially reduced if all would remember to send us such second hand articles of clothing and furniture as are cast aside by them and also to send occasional donations of supplies of food. Our support for the coming year rests on pledges of monthly payments varying from 25 cts. to $2.50; averaging about 75 cts. from different citizens. We have so far been fortunate enough to receive sufficient gifts of food to enable us to keep our necessary cash outlay between $75 and $100 per month. Our regular household number between 15 and 20 constant inmates, and is farther increased by the children brought in for the days who have to be fed and cared for. Many of these mothers and children are exceedingly destitute and have to be provided with clothing. Please remember to send us supplies of all articles useful in families.

CORRESPONDENCE.

THE GODDESS OF LIBERTY IN MOURNING.

Speech by a Young Lady.

MEADOW, Millard, Utah, July 6th, 1886.

Editor Deseret News:

General good health prevails here. Great crops and fruit moderate.

Yesterday we celebrated the Glorious Fourth as good and loyal citizens should. As one part of our programme I send you the following, delivered by Miss Emma Jane Neild. Should you deem it worthy a place in the NEWS, use it.

Yours respectfully, JOHN NEILD.

SPEECH OF THE GODDESS OF LIBERTY.

Ladies and Gentlemen: My first acknowledgment must be to these kind young friends who have honored me with this important position, and desire to assure them that I appreciate highly this evidence of their friendship and goodwill, and I trust that I may have the opportunity of proving my gratitude by laboring for their advancement. I represent to-day one of the fundamental principles and most glorious truths ever established on earth. Liberty is the chief corner stone upon which every nation rests, and when once assailed or destroyed, the whole fabric will totter and fall.

Liberty! The word sounds as melodious music in the ears of an oppressed people. Liberty! eagerly cried the Israelitish slaves in Egypt, and a Moses came forth to deliver them. Liberty! cried the Jewish slaves in Babylon, and a Nehemiah arose to lead them back to their country. Liberty! exclaimed the oppressed Jews, and the tyrant Herod was dethroned. Liberty! pleaded the soul-bound Catholics of Germany, and a Luther boldly defied the popish power and broke the bonds of superstition. Liberty! the overtaxed and downtrodden Protestants of England, a Cromwell arose and the tyrant king was beheaded.

Liberty! glorious liberty! for thee rivers of blood have flowed and millions of lives have been sacrificed at thy shrine.

One hundred and ten years ago to-day a nation was born and the Goddess of Liberty was enthroned. The banner of Freedom was unfurled in response to the appeal of patriotic men whose hearts ached at the sufferings of the people under the galling yoke of despotism.

Patrick Henry echoed the sentiments of the colonists when he exclaimed, "Give me liberty or give me death!" The memorable document was signed.

The aged veteran in the steeple bared his arm and caused the ringing peals of the bell to speak to an excited and enthusiastic multitude the death-knell of oppression and the grand truth that the people were free.

We commemorate to-day that glorious event. To-day from the surging Atlantic to the placid Pacific, from the snow-capped hills of the Canadas to the orange groves of the Floridas, the eloquence of America's orators is recounting the Republic's glorious achievements and her future destiny.

But, here in Utah, the Goddess of Liberty bows her head with humility and shame for alas! her fair name is sullied and the flag of freedom trails in the dust. Religious liberty has been taken from her people and while the voices of America's freemen are heard from the penitentiaries we mourn for our Nation's weal and our National honor.

Columbia! thy prestige is departing, thy sun is slowly setting.

Martyred Standing, Parry and Gibbs witness to thy degradation.

Imprisoned Snow, Clawson and others witness to thy dishonor.

The departed glory of Babylon, Greece and Rome are to thee beacon lights of warning, and if disregarded, thou also "will be weighed in the balances and found wanting."

Again we exclaim, "O say, does the star-spangled banner still wave o'er the land of the free and the home of the brave?"

But the glorious Republic shall yet be rescued from the power of the demagogue and Utah's true-born sons shall raise aloft freedom's banner and proclaim true liberty and freedom to her people.

Then will the goddess of Liberty reign supreme.

LINES FROM LEHI.

LEHI, July 12, 1886.

Editor Deseret News:

Many of our citizens are preparing to take a trip to the cañon to participate in the young people's conference that is to be held in the mountains.

The first cutting of hay is now up and harvest has begun.

Before long we expect a good big job of railroad work near the point of the mountain on the D. & R. G. line, which we hope will bring a few dollars into our town to enliven the hearts of the people, as cash is very scarce.

On the 10th the M. I. A. choir of Spanish Fork with their friends, to the number of over 40, paid the choir and citizens of Lehi a visit, stopping till the 12th. They gave us a concert in the Lehi Music Hall on the evening of the 10th. The programme was all that could be expected from such a band of sweet singers and musicians, they having only been organized some six months under the leadership of Prof. Owen J. Row, who is worthy of praise for his labors.

On the evening of the 11th a sacred concert was given by the Lehi and Spanish Fork choirs combined, and will long be remembered by the Saints here. Our Bishop, with Brother J. L. Gibb and the committee appointed to receive and make welcome our friends did all they could to make the occasion enjoyable.

Our farmers are very busy. The crops are not so heavy as last year, but the people seem to think the Lord still favors Zion, and may he still continue to do so is the wish of

SAL-MUSCATELLE

In America

WITHOUT THE EXPENSE OF AN EUROPEAN JOURNEY!

The crystalized salts as obtained in a pure state from grapes and choice fruit, in a portable, palatable, simple form, are now presented to the public of America as the grandest resolvent of impure blood, corrector of the liver and regulator of the bowels—the natural promotor of

HEALTH AND LONGEVITY.

Eminent physicians claim this achievement a new era in the allied science of medicine, as it vivifies the blood with its animal salines that are lost or eliminated every day.

Sal-Muscatelle.

A POSITIVE, NATURAL

Sick Headache and Dyspepsia Cure.

Sal-Muscatelle is Nature's own product. It supplies to the system the want of sound, ripe grapes and fruit; it is the simplest and best preventive and cure for all functional derangements of the liver and its kindred ailments; promotes the absorption of malarial diseases—fevers of all kinds; counteracts the effects of bad air, poor drainage and impure water; a powerful oxydizer of the blood; a natural specific for all skin eruptions, sick headache, biliousness, nervousness, mental depression, and will remove the effects of accidental indigestion from excessive eating and drinking. Have it in your house and on your travels. It is a specific for the fagged, weary or worn out.

TAKE SIMMONS LIVER REGULATOR

For all Diseases of the Liver, Kidneys, Stomach and Spleen

This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys, and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.

The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.

No loss of time, no interruption or stoppage of business while taking the Regulator.

Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.

If taken occasionally by patients exposed to MALARIA, will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION.

I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, prompt and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system.
