MAYOR WEAVER MAKES WINNING

The Pennsylvania Supreme Court Grants Him a Supersedeas in The Injunction Case.

ORGANIZATION "STANDS PAT"

Still for Gas Lease and Ranks Are Solid—Mayor is Given a Great Demonstration.

Philadelphia, May 25.—The bitter feeling that has been engendered by the gas lease fight was intensified today, when Mayor Weaver practically ejected from the office of the departments of public safety and public works his two former directors and again installed the men appointed by him on Tuesday night. The news created much excitement in the city hall and on the political Rialto, and nearly all that were interested assembled in the vicinity of the mayor's office to learn of the next move. This came quickly, but from an unexpected quarter—the state supreme court.

When the mayor was ordering his old directors out of their offices his attorneys appeared in the supreme court and obtained a special supersedeas, suspending the temporary injunction granted to the old directors yesterday by the county court.

A dramatic incident of the day was the great ovation given Mayor Weaver by several thousand persons on his way from the city hall to the Union league luncheon.

A rumor that the mayor is to be impeached spread today. For what offense was not clearly defined. One story had it that he would be brought before the bar of the city council for his conduct of an election fraud case while he was district attorney, and another rumor had it that he was to be made to answer to some alleged lapse of duty while in his present position. All attempts to confirm the impeachment rumor failed.

The organization leaders say they continue to "stand pat" on the gas lease, and that their ranks are solid. On the other hand, Mayor Weaver announced today that he had assurances that the vote in both council chambers, when his veto is considered, would be changed materially from the last week's vote.

The councilmen who favor the gas lease are having a hard time of it. They are being swamped with protests, and delegations of neighbors are calling on them at their homes, their places of business or are holding them up in the streets.

Up to the time when he went to luncheon the mayor did not leave the city hall from early in the morning until 6 p. m.

A remarkable feature of the struggle is the silence that both sides are maintaining. Little of consequence leaks out, and nothing is known until a move is actually publicly made.

It was reported today that President Roosevelt will be asked to issue a special warning to federal employes to keep out of the gas lease fight. It is charged by some of the anti-gas lease people that the organization is calling upon federal officeholders to use their influence with councilmen in behalf of the gas lease. This is denied by the organization's leaders.

Leaders against the organization say that they know that government employes are bringing pressure to bear on the councilmen, and that if it continues a delegation of citizens will go to Washington to see the president.

Mayor Weaver is receiving hundreds of letters and telegrams of congratulation. Among those he made public today was this:

"I congratulate you upon the firm stand you have taken in behalf of the people.—Edward F. Dunne, Mayor, Chicago."

Made First Bank Note Paper.

Watertown, N. Y., May 26.—Andrew Dutterson, aged 80 years, a pioneer paper manufacturer, is dead here. He helped his father erect the first paper making machine built in America and ran off the first sheet of bank note paper ever made on a machine.

For Federal Control of Insurance

New York, May 25.—At a dinner given by the Life Underwriters association of New York, James M. Beck formerly assistant attorney general has spoken for supervision of the life insurance companies by the federal government instead of by the various state governments, as at present and predicted that his would soon come to pass.

"I believe the agitation of the last 12 months," he said, "will tend to benefit the entire cause of life insurance in this country more greatly than anything that has yet occurred."

We Risk It

Druggists Who Sell Dr. Miles' Nervine Agree, If It Fails, To Refund Cost.

Of course we reimburse the druggist. You know him, and trust him.

Dr. Miles' Nervine is medicine for your nerves.

It cures diseases of the internal organs, by giving tone to the nerves which make these organs work.

It is a novel theory—not of anatomy, but of treatment; first discovered by Dr. Miles, and since made use of by many wide-awake physicians, who appreciate its value in treating the sick.

If you are sick, we offer you a way to be made well—Dr. Miles' Nervine.

This medicine is a scientific cure for nerve disorders, such as Neuralgia, Headache, Loss of Memory, Sleeplessness, Spasms, Backache, St. Vitus' Dance, Epilepsy or Fits, Nervous Prostration, etc.

By toning up the nerves, Dr. Miles' Restorative Nervine will also cure those diseases of the internal organs due to a disordered nervous system.

Some of these are: Indigestion, Bilious Headache, Kidney Trouble, Chronic Constipation, Dropsy, Catarrh, Rheumatism, etc.

"My brother had nervous prostration, and was not expected to live. I prevailed upon him to try Dr. Miles' Restorative Nervine, and now he has fully recovered. You remember I wrote you how it saved my life a few years ago, when I had nervous trouble. I preach its merits to everyone."—REV. M. D. MYERS, Correctionville, Iowa.

FREE Write us and we will mail you a Free Trial Package of Dr. Miles' Anti-Pain Pills, the New, Scientific Remedy for Pain. Also Symptom Blank for our Specialist to diagnose your case and tell you what is wrong and how to right it. Absolutely Free. Address: DR. MILES MEDICAL CO., LABORATORIES, ELKHART, IND.

A WOMAN'S VITALITY

DEPENDS ON CARE WITH REGARD TO A VERY SIMPLE MATTER.

Mrs. Ford Gives an Important Chapter From Her Life That Ought to Interest Many Perplexed Women.

"I wish I could help other women get rid of certain physical troubles as completely as I have succeeded in getting rid of mine," said Mrs. Ford recently. "You know," she continued, "that a woman's health depends chiefly on the regularity of just one function. If she fails to keep that properly regulated she has no end of physical misery. I suffered from that one cause for two wretched years, during one of which I was kept in bed all the time. I tried medicines enough to cure any illness, but one after another failed to help. If all medicines did what is claimed for them there would be few invalids in the world."

"You certainly must have found one in the end that was worthy of confidence, judging from your present appearance."

"I certainly did find one that gave the utmost satisfaction; one that did for me exactly what it promised, and on mistake. Why, I was suffering all the time practically from sickness of the stomach, dizziness or swimming in my head and pain in my back. Now I am entirely free from discomfort of that sort. I ma not only able to keep on my feet, but to do my work as a teacher, and to enjoy the pleasures that come through the possession of sound health."

"What remedy effected so great a change? How did you find it? How quickly did it act? Every woman will be interested to heart these things."

"I am glad to tell others that my troubles were all relieved by Dr. Williams' Pink Pills, which are indeed a woman's friend. I heard of them first from an aquaintance in Arkansas who had found out their merits by actual use. What she said prompted me to try them in September of 1904, and within three weeks I experienced such relief that I knew they must be adapted to the needs of my case. After using them for a short while longer I was thoroughly convinced of their helpfulness. I ceased to be an invalid, I became and have since remained a well woman, and the reason why is simply that I took Dr. Williams' Pink Pills."

Mrs. B. B. Ford lives at Pushmataha, Miss. The pills which she so justly praises cure the chief ailments of women by thoroughly renovating the blood. They make uterine action regular and painless, banish headaches, languor, nervousness, create appetite, promote digestion, put color in the complexion, build up strength and in a word enable women to reach and maintain full physical perfection.

Every woman should send to the Dr. Williams Medicine oCmpany, Schenectady, N. Y., for a valuable booklet, entitled "Plain Talks to Women." It will be mailed free in sealed envelope to the address of any applicant. Dr. Williams' Pink Pills are sold by all druggists. They are safe as well as effective. They do not contain the slightest trace of opiates or any other harmful drugs.

RETIRED OFFICERS.

Decision Regarding Those Detailed to Colleges.

Washington, May 25.—The comptroller of the treasury has rendered a decision in which he holds that retired officers in the army detailed to colleges and similar institutions, under the provisions of the act of November, 1903, are assigned to active duty within the meaning of the act of March 2, 1905, and are entitled only to the rates of pay authorized by that act.

PANAMA CANAL ZONE.

Charles G. Magoon Sworn in as Governor-General.

Panama, May 25.—Hezekiah A. Gudger, judge of the canal zone, this morning administered the oath of office to Charles G. Magoon, governor of the canal zone, in the Ancon district. The ceremony took place in the presence of President Amador and the cabinet, the diplomatic and consular corps, and prominent native and foreign residents. Gov. Magoon in his inaugural speech, said the reorganization of the canal committee had resulted in the centralizaton of authority and transfer of power from Washington to Panama, permitting the putting of more energy into the work.

Regarding the work of sanitation, the governor said that no efforts and no expense would be spared to make the zone healthy. He said that the number of judges in the zone will be increased, that a jurist of Panama will be appointed a member of the supreme court and numerous schools would be opened.

MURDER IN FIRST DEGREE.

Verdict Against Johnson Who Killed John W. Fox.

Trinidad, Colo., May 25.—After a trial lasting two days the jury in the case of the people versus Joseph Johnson, who on April 8 shot and killed John H. Fox in the lobby of the postoffice here returned a verdict of murder in the first degree today. Johnson's plea was insanity. Mr. Fox was one of the most prominent citizens in Colorado and his assassination created a sensation and a lynching of Johnson was attempted. Officers spirited Johnson away to Pueblo, however, and defeated the purpose of the mob.

TROLLEY CAR COLLISION

One Man Kill, Half a Hundred Injured.

Baltimore, May 26.—William Stemler was almost instantly killed and half a hundred men and women were injured, several of them seriously, in a collision between two trolley cars returning to the city from Westport, a suburb of this city early today.

Mining Exhibit at Portland.

Portland, Or., May 26.—Dr. David T. Day, chief of the department of mines and metallurgy for the United States government has returned to Portland from a tour of the manufacturing centers of the United States in the interest of the mining exhibit at the Lewis & Clark exposition. As honorary director of the exposition mining department, Dr. Day made the long journey for the purpose of securing the latest and best concentrating machinery for the purpose of conducting a series of tests into the value of Pacific coast black sands. Dr. Day is confident that with the machinery he has secured some practical means will be found by which may be reduced the millions of tons of black sand now lying waste throughout the coast states.

Heavy Frost in Germany.

Berlin, May 26.—There was frost in Germany Tuesday and Wednesday nights, the thermometer registering 6 to 8 degrees below freezing. The cold weather caused much damage to fruits and vines, and particularly in the Moselle wine district.

BOTH SIDES USED KNIVES.

Eight Person Killed, One Hundred Wounded in Fight Between Jews in Warsaw.

ALL WERE TERRIBLY MUTILATED

Occasion of Trouble Was Determination of Respectable Jews to Rid Their Section of Disreputable Jews.

Warsaw, May 25.—Eight persons have been killed and 100 wounded, 19 seriously, in a fight here between Jewish workmen and the Jewish keepers of disorderly houses. Both sides used knives. The dead and wounded were terribly mutilated.

The disturbances continued all day, and were still in progress late tonight. The damage to property has been considerable. There has been no pillage, but the destruction of the furniture in the various houses has been absolute.

The mob, armed with axes, smashed the doors and windows and brought the furniture out in the streets, where they broke it into small pieces. The owners of the furniture, in attempting to defend their belongings, were attacked, beaten and even killed. Knives and revolvers were used freely and many persons were terribly injured.

The authorities took no steps to prevent the riots until late tonight, when the Cossacks fired on the crowds at two points, wounding four persons.

The correspondent of the Associated Press spent several hours in the disturbed district, but did not see a single active policeman. During the day patrols occasionally appeared, but they witnessed the proceedings merely as spectators.

The character of the disturbance is unprecedented. The whole affair is a conflict between the respectable Jewish Socialist classes and the disreputable Jewish element.

There are conflicting stories as to the origin of the trouble. One report is to the effect that the respectable Jews, tired of hearing the members of their race called keepers of disorderly houses, thieves and usurers and other opprobious names, resolved, as the police were receiving bribes for protecting disreputable houses and persons, to take the manner into their own hands.

Another report has it that Jewish roughs, in the guise of members of the Bund, were levying blackmail upon shopkeepers, thus enraging the Socialists. In any case the Socialists are seemingly determined on a crusade against the undesirable person of their own race, with the result that crowds of men and boys are now systematically ruining the disreputable houses.

Extraordinary scenes were witnessed late tonight, when the crowds visited the better section of the city and demolished apartments filled with costly effects. Wardrobes, pianos and mirrors were thrown out of the windows. The mob in the streets left open spaces for the falling articles, and then completed the work of destruction. In one place a quantity of valuable jewelry was taken out and deliberately smashed with stones.

The whole affair was carefully organized. The leaders were supplied with the addresses of the owners of disreputable houses, and scarcely a single resort in Warsaw escaped destruction.

Kuropatkin's Recall Demanded.

London, May 25.—The St. Petersburg correspondent of the Times says that Gen. Linevitch has demanded the recall of Gen. Kuropatkin.

June Dividend Payments.

New York, May 25.—June industrial dividend payments will show a heavy increase over those in the same month last year, according to figures compiled by the Journal of Commerce. Declarations thus far announced represent a money value of over $18,000,000, as compared with $15,600,000 in 1904. Increases by three or four large companies largely account for the gain.

Killed by a Freight Train.

Missoula, Mont., May 25.—James Johnson, unknown in this part of Montana, was instantly killed in Trout Creek yards this morning by a Northern Pacific freight train. The man was beating his way east and it is believed he fell under the cars while attempting to board the train. His head was completely severed from the body and was found 40 feet away by a section crew. No clue could be found as to relatives or destination of the dead man.

A TRULY IDEAL WIFE

HER HUSBAND'S BEST HELPER

Vigorous Health Is the Great Source of the Power to Inspire and Encourage—All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Mrs Bessie Ainsley

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, whites, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:

Dear Mrs. Pinkham:

"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed.

"Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."—Mrs. Bessie Ainsley, 611 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every sick and ailing woman.

If you have symptoms you don't understand write to Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

When a "Hercules" boy is out on pleasure bent and the clouds commence to gather black and drizzle rain, does his mother worry about his getting wet to the skin? Never; she has no occasion to; she knows that he will stay out in the rain, that's boy nature, but she knows, too, that he is wearing a "Hercules" shower-proof suit.

Our claim that a "Hercules" boys' suit is shower-proof isn't an advertising dodge; it is a fact.

If a manufacturer can waterproof cloth and cut it up into rain-coats, that usage proves shower-proof, why can't we do the same thing and cut up the cloth in Boys' Suits? That's just what we do. The cloth we use in Boys' "Hercules" suits is put through the rain-coat shower-proof process before we make it up; then why isn't a "Hercules" Boys' Suit a rain coat too?

In fact a "Hercules" suit is more thoroughly shower-proof than most rain-coats, especially the cheaper kind; the cloth is better quality, closer woven and ALL WOOL.

"Hercules" are made in two-piece, knee-pants suits for Boys from 6 to 16; and your boy will get more wear out of a "Hercules" than any suit for which you pay half as much again for.

Your dealer's name and "Hercules" book if you ask.
