ONE KILLED, FORTY INJURED IN RAILROAD WRECK.

Dallas, Tex., Oct. 27.—Missouri, Kansas & Texas southbound passenger train No. 207, heavily loaded with passengers coming to visit the Texas state fair, collided with a freight engine while running at full speed seven miles north of Dallas early today. Fireman F. C. French of Dennison was instantly killed, and 40 or more persons were injured, some of whom it is thought cannot recover.

A relief train bearing the injured returned to Dallas this afternoon and those most seriously hurt were hurried to the hospitals, while those whose injuries were of a less serious nature were attended by the company's surgeons, who met the train at the depot. Those most seriously injured are:

T. E. Lusk, Jackson, Mich.; seriously injured about back, with internal complications; may die.

Samuel Nolen, Royse, Tex.; leg broken in two places.

Adelaide Ray, Dennison, colored; internal injuries; may not recover.

Bob Slayden, engineer of the freight engine; back, head and spine hurt.

FATAL AUTO ACCIDENT.

Chicago, Oct. 27.—James Reddick, chairman of the Republican county central committee and public administrator, was instantly killed early this morning by the overturning of an automobile in which he was riding near Libertyville, a suburb of Chicago, Mrs. Reddick, Mr. and Mrs. Charles Taylor and Mr. and Mrs. Willis Wells, the other occupants of the car, escaped with only slight injury. The accident was due to the skidding of the automobile on a muddy road, which caused it to upset in a ditch. Mr. Reddick occupied a rear seat with his wife and, although she was thrown some distance, he was caught beneath the tonneau and crushed to death.

STAGE COACH ACCIDENT

One Man is Killed and Three Are Injured.

Portland, Or., Oct. 27.—A special to the Oregonian from Roseburg, Or., says:

T. N. Morehouse, a traveling salesman representing the Northwestern Manufacturing company of Chicago, was killed Saturday by the wreck of the Roseburgh-Myrtle Point stage, on Moore's hill. Three other persons were hurt. While no particulars of the accident are obtainable, it is presumed the wreck was not different from four previous mishaps on this hill, in each of which control was lost on the steep grade and the vehicle dashed over a steep embankment.

A FOUL MURDER.

Cashier Fred A. Boron Killed in His Own Home.

Akron, O., Oct. 27.—Fred A. Boron, cashier of the Dollar Savings bank, and one of the most prominent men in the city, was shot and instantly killed in his home this afternoon. His family was away, and a servant girl returned to the house shortly after 1:30 o'clock, and found him lying dead upon the floor. The coroner's jury and the police were summoned immediately, and a message sent to Mrs. Boron in Cleveland, asking her to come home at once. The police suspect foul play. The directors of the bank state that his books are in first class condition.

NEGRO LYNCHED.

Macon, Ga., Oct. 27.—Passengers on the Central of Georgia train, coming through Byron, Ga., this afternoon, brought an account of the lynching of a negro named John Wilkes, at that place last night.

The negro robbed two small boys of 75 cents. When Marshal Johnson made an effort to arrest him, the negro attempted to shoot the officer. Quick work prevented this, however, and a general mixup followed, with the result that the negro was arrested and locked up. At a late hour, unknown persons dragged the prisoner from the jail, and, after carrying him a short distance, the body was riddled with bullets. It was then burned upon a log fire prepared for the occasion.

FAIRBANKS MADE FIFTEEN SPEECHES.

Louisville, Oct. 27.—Vice President Fairbanks finished a two days' speaking tour of central Kentucky last night with an address delivered before a crowd of about 2,500 people. During his tour the vice president delivered 15 speeches in the interest of the Republican state ticket.

SCHEME TO MAKE "BOB" EVANS A VICE ADMIRAL.

Washington, Oct. 27.—The great battleship fleet which is to make its way from the Atlantic to the Pacific will probably be commanded by a vice admiral, and that officer is now Rear Admiral Robley D. Evans. Of course, this is conditional upon Congress giving its sanction to the proposal that will be made by the president to establish this new rank in the navy. Conditions now are believed to be more favorable than ever before for this project. Rear Admiral Evans is going to sail in command of the most powerful fleet that ever gathered under the American flag. Not only that, he commands more battleships of modern type than any other naval officer in the world, and the only country whose blue pennant floats over a more numerous fleet of all kinds of warships is Lord Charles Beresford, and he is of greater rank than a vice admiral, being an admiral, like Dewey.

On this cruise the American fleet is to touch in many foreign parts and is to exchange courtesies with foreign fleets in several places, in Brazil, Chile, Argentina and other countries. The American commander, supposing he is to retain his present title of rear admiral, would be outranked, for the navies of all these countries contain officers of the grade of vice admiral, which would make the American commander's position humiliating.

It would be pointed out in Rear Admiral Evans' case that not only is he by his remarkable service entitled to this advancement, but any objections to the creation of this new grade that might be urged in Congress might be overcome by pointing to the fact that as Admiral Evans retires next August, the office would be of short duration.

NO WORD FROM CORTELYOU.

Washington, Oct. 27.—Secy. of the Treasury Cortelyou returned here from New York last night. The secretary was seen at his home today, but declined to make any statement regarding financial conditions, except to say that he will not return to New York. Secy. Cortelyou called at the White House late this afternoon to see President Roosevelt, but the object of his mission could not be learned.

PRESIDENT'S BIRTHDAY WAS QUIETLY OBSERVED.

Washington, Oct. 27.—Today is President Roosevelt's forty-ninth birthday. No celebration marked the event. He did not depart from his customary Sunday program of worship, work and recreation. The day was spent at the White House fireside in a quiet family rejoicing. Congratulations in large numbers by mail, telegraph and telephone were received at the White House during the day.

President Roosevelt attended church service in the morning. In the afternoon, in a downpour of rain, the president, accompanied by the usual guard went out for a long cross-country walk. Tonight the president received the Hungarian club of New York in the east room, when the visitors extended the chief executive their congratulations. It is the custom of the Hungarian club to visit Washington on President Roosevelt's birthday to pay their respects.

MUNYON'S FREE DISTRIBUTIONS

Today Begins the Distribution of Munyon's

Kidney Remedy

From the Office of The Salt Lake Herald.

Sufferers From Kidney Trouble of Any Kind Should Procure a

Free Bottle

Interest in the free distribution of my Rheumatism Remedy last week was widespread and general. Some of the cures reported are certainly gratifying.

Today sufferers from any kidney trouble can procure a bottle of my Kidney remedy free by simply asking for it. Diseases of the Kidneys cause more sudden deaths than any known disease. If you have pains shooting through the groins or in the small of the back—if you have an uneasy, tired feeling in the Kidney region—if the Urine is scanty, high-colored or with a sediment—or if the flow is excessive—the Kidneys are in trouble and should have immediate attention. I urge all such to test my Kidney Cure. It's your duty to make at least a trial when I place a cure that is absolutely harmless within your reach without a penny of cost to you.

If you have any scruples about coming for a free bottle, go to the nearest drug store and buy a bottle.

MUNYON'S 3-X KIDNEY REMEDY.

FOR OLD CHRONIC CASES

has probably cured more simple and serious forms of kidney ailments than any known medicine. Thousands of testimonials from well known people prove that Diabetes and Bright's Disease can be cured. We urge upon all those who suffer with any kidney or bladder trouble, such as pains across the small of the back, swollen limbs, puffiness under the eyes, feverishness, dryness or throat, pale and wax-like skin, thick or milky urine, gravel or brickdust sediment in the urine, great lassitude, weakness, irritability, nervousness owing to impure and impoverished blood due to the kidneys not performing their functions properly, to persist with this remedy until a cure is effected. Its beneficial effects can be noticed after a few doses and hope and strength soon take the place of despondency and weakness.

3X Kidney Remedy is put up into tablet form. Each bottle contains 100 doses. Price $1.

A Cure for Every Disease.

Munyon's Dyspepsia Remedy positively cures all forms of indigestion and stomach troubles. Price 25c.

3X Dyspepsia Remedy, 100 doses. Price $1.

Munyon's Catarrh Remedies never fail. The Catarrh Cure—price 25c eradicates the disease from the system, and the Catarrh Tablets—price 25c—Cleanse and heal the parts.

Munyon's Cold Remedy prevents pneumonia and breaks up a cold in a few hours. Price 25 cents.

3X Cold and Cough Remedy, 100 doses. Price $1.

Munyon's Neuralgia Remedy is truly magical in its curative effects. Every persons suffering with sharp, shooting pains in the face, head or shoulders, or ache through the eyes and temples, should get this remedy at once. It gives almost immediate relief and builds up nervous system.

Munyon's Nerve Remedy cures all the symptoms of nervous exhaustion, such as depressed spirits, failure of memory, restless and sleepless nights, pains in the head and dizziness. It stimulates and strengthens the nerves and is a wonderful tonic. Price 25 cents.

3X Nerve Cure, 100 doses. Price $1.

Munyon's Asthma Herbs relieve ashma in thre minutes and cure permanently. Price $1.

Munyon's headache Remedy Stops headache in three minutes. Price 25 cents

Munyon's Female Remedies are a boon to all women.

Munyon's Blood Remedy eradicates all impurities ofthe blood. Price 25 cents.

Munyon's Pile Treatment positively cures all forms of piles. Price 25 cents.

Munyon's Vitalizer restores lost powers to weak men. Price $1.

A separate cure for each disease. At all druggists, mostly 25 cents a vial.

If your druggist is not provided with the remedy you need and cannot present you with a copy of the "Guide to Health," a valuable little medical publication that should be in every home, or if you need medical advice, address Munyon, Philadelphia, Pa. Physicians at your service free.

CURE FICK HEADACHE.

FIRE AT NOME.

Involved a Property Loss of Three Hundred Thousand Dollars.

Tacoma, Oct. 27.—Nome had another serious fire Friday, one involving a property loss of about $300,000, according to a cable-telegraph message received by Jafet Linderberg of the Pioneer Mining company. The Second avenue office building of the latter corporation, the best structure of the kind in the town, was completely destroyed at a loss of $50,000, including $4,000 in currency.

The office of the Nome Water company, the Snake River Grocery company, the telephone company's building, and the residences of Thomas Dyer and Joseph Brown, the Little Creek mining magnate, were destroyed in whole or part. Dyer's residence was the finest in Nome. The fire burned four hours. No particulars are given in the messages as to its origin.

TO REFORM CORPORATIONS.

President Asks Judge Grosscup to Select Committee to Make Suggestions.

Chicago, Oct. 27.—A special to the Record-Herald from Indianapolis says:

During a conversation at a dinner at the Columbia club last night Federal Judge Peter S. Grosscup of Chicago said that he had been requested by President Roosevelt to select a committee to make suggestions to the president for a law to reform corporations, and he had decided to comply. Judge Grosscup said his idea of such a law was for a congressional enactment that would bring all corporations doing an interstate business under regulation by the general government. He said that he would soon select the men to serve with him on the committee and that they would go into the details of the whole subject and attempt to devise a law that would place corporations under control of the government. It was his opinion that future organizations doing interstate business could easily be brought under such law. He left the impression that there might be some question as to whether such a law could require similar corporations already organized under state law to reincorporate under a national law.

BURTON-JOHNSON CONTEST INTENSELY INTERESTING.

Cleveland, Oct. 27.—With only one week coming for active work in the campaign, the Cleveland mayoralty contest is overshadowing everything else in point of interest in connection with the election of Nov. 5.

The record-breaking registration has been a matter of surprise to political leaders generally, and election experts are now kept busy trying to analyze its meaning and probable effect on the interests respectively of Mayor Tom L. Johnson, who is seeking a fourth term, and of Congressman Theodore E. Burton, Republican nominee. The registration has reached a total of 93,000, which is nearly 20,000 in excess of the normal vote in city elections.

The prediction being made by political leaders as to the result of the election vary according to the political feelings of those making them. Republican politicians are sanguine that the big registration augurs that Republicans hitherto out of line with their party locally who did not vote at all are back in line and ready to vote. They point to the fact that the biggest increase in registration has been in the heavy Republican wards. Mayor Johnson and his assistants, however, are equally sanguine that the increased interest in municipal affairs as shown by the big registration is due to his position on the question of lower street car fares.

WORK OF BEAVERS.

They Are Cutting Piling of Some Railroad Bridges in Montana.

Terry, Mont., Oct. 27.—Officers of the Chicago, Milwaukee & St. Paul railroad engaged in the extension of the line to the coast are confronted with a peculiar difficulty on Sandstone creek near here. Beaver, which had been protected by law for many years, have increased so rapidly that the streams are filled with them. The new railroad has several bridges on Sandstone creek, and the beaver have attacked the piling. Men watch the bridges constantly to see that the beaver do not cut the piles and cause the bridges to fall. The officers of the road are considering metal sheathing for the timbers to protect them against the teeth of the animals, and are thinking of asking for a permit to poison the beaver. There is strong objection to the poisoning program, however, as a beaver, an extremely shy and suspicious animal, cannot be poisoned except by poisoning the water. Poisoning the water of the stream, of course, would be a menace to human life as well as to the live stock that cover the range in this part of the state. Meanwhile, as it is the "open season" for beaver in Montana, employes of the railroad are helping the company and themselves by using traps and guns on the valuable little marauders. The long period of protection has made the beaver so "tame" that several have been shot in daylight, although the beaver habitually works at night and is seldom seen in daylight.

GIVES EXPERT ADVICE TO DYSPEPSIA SUFFERERS.

In a recent number of the Physicians and Surgeons Journal there appeared a very comprehensive article by one of the foremost practitioners of the country on defective digestion. He claimed that too little attention is given to this malady which, while not extremely serious in itself, it quickly leads to very disastrous complications. In fact that the majority of diseases have their origin in the poisons that are taken up by the blood from the fermentation of food in the stomach. He also gave the formula for a mixture which he wished to call the attention to its wonderful effectiveness in quickly restoring the stomach and bowel tract to their normal condition and the stopping of belching, sourness, headaches, hunger, etc. The formula is as follows: "Two ounces essence of Pepsin, three ounces Syrup of Ginger, one ounce Calisaya Compound. Those to be mixed well and used in doses of from one to two teaspoonfuls after each meal, also at bed time for the first few days.

A well-known local druggist when asked about this formula stated that it is prescribed by the best physicians here, and that while harmless and pleasant to take it is extremely effective.

Any good pharmacy being able to supply the ingredients.

GEN. BUELL'S HOME BURNED.

Evansville, Ind., Oct. 27.—Information received here today from Rockport, Ky., states that the historic home of the late Gen. Don Carlos Buell, on the Green river, was destroyed by fire last night. The house was occupied by Gen. Buell during the civil war and he for many years operated iron furnaces near by that were worked by convict labor. The loss will be heavy.

THIRD RUSSIAN DOUMA.

Result of Election Shows That it Will Be Strongly Conservative.

St. Petersburg, Oct. 27.—The results of the final elections held today in the greater part of European Russia, the strongly conservative nature of the third douma, which has been predicted since the promulgation of the new election law. For the first time in Russia's parliamentary history, the Constitutional Democrats and the members of the Left are confronted by an overwhelming majority of reactionaries, Conservatives and Moderate Constitutionalists, who support the government program of reform.

During the day 260 deputies were chosen, of whom 90 were conservative, 71 members of the Moderate Constitutional party, including 50 Octoberists, one peaceful regenerationists and 15 Constitutional Democrats, 6 Mussulmans, 6 Social Democrats and 17 Extreme Leftists, including two avowed revolutionists.

The election was unfinished, and 124 deputies remain to be chosen tomorrow. These will give about the same proportion, and as the entire douma numbers only 442 members, a conservative majority is thereby assured.

The territory covered today included 41 provinces of European Russia, the entire Caucasus, the provinces of Kuban and Terek and the Russian inhabitants along the Polish frontier. The Progressives were completely successful in the provinces of Vyatka, Simbirsk and Perm, of European Russia. The Octoberists captured many provinces heretofore solidly Constitutional Democratic, while the League of the Russian People and other reactionary organizations scored successes in so many districts as to cause considerable apprehension among government leaders.

THREE MEN ARE KILLED BY DYNAMITE EXPLOSION.

Santa Barbara, Cal., Oct. 27.—Three men were killed at Santa Maria, in this county, yesterday afternoon, by the explosion of a charge of dynamite with which they were trying to dynamite the cooling of the syndicate oil well. The dead men are, Chen Knoke, Albert Bryan and Abley Hart.

Croup.

is a violent inflammation of the mucous membrane of the windpipe, which sometimes extends to the larynx and bronchial tubes, and is one of the most dangerous diseases of children. It almost always comes on in the night. Give frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Liniment externally to the throat. 25c, 50c and $1.00. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street. B
