ON TO THE COAST.

The Pioneer Square Granted For a Railroad Terminal.

BUSINESS MEN INDORSE IT.

It Goes Through the Council With But One Opposing Vote—Spirited Mode.

As agreed upon at Tuesday night's session of the City Council, a special meeting of that body was held last evening, for the purpose of considering and taking action upon the petition of the Utah and Pacific Improvement company, asking a grant of the Pioneer square for a terminal for the proposed railroad to be built between this city and the coast.

The meeting was attended by a large number of influential citizens, most of whom seemed extremely anxious that the Council should acquiesce in the request of the petitioners. During the day petitions had been circulated amongst the business men of the city and nearly a unanimous expression of opinion favoring the grant of the square to the company was the result. There was some little opposition encountered in the meeting, however, but the opposers declared that the stand taken by them was simply on principles. The action was contained up all the same but one, and he favored taking the tract of land for an different conditions to those under which it was asked.

At 7:32 p.m. President Newell of the City Council rapped for order, all the members of the municipal body being present.

In order to introduce the object of the meeting Councilman Doe asked for the reading of the resolution offered by himself on Tuesday evening and published in last night's NEWS, granting to the Utah and Pacific Improvement Company, the Pioneer Square for railroad terminal purposes.

The resolution was read, after which Councilman O'Meara said he believed certain petitions had been received with reference to the matter in question and he moved that the petitions be read.

It was thought not, however, that such action should be taken on the resolution and Councilman O'Meara reluctantly moved its adoption, which was promptly seconded by Councilman Morris.

SIGNATURES TO THE PETITIONS.

The petitions were then read, all asking that the company be granted the square they asked for, and bearing the following signatures:

Robert M. Wells, John E. Dooly, W. S. Newhouse, J. M. Moore, L. S. Hills, Cyrus L. Pierce, W. S. Wallace, H. Adelsberg, the Singer Sewing company, W. F. Lyon, A. L. Thomas, Walter P.
