# CITY COUNCIL MEETING.

## A Brief and Unimportant Session Held Last Night.

### PETITIONS AND COMMUNICATIONS.

**The Appointment of Attorney C. R. Glenn as Clerk of the Police Court Confirmed.**

The regular weekly meeting of the City Council was held last night. In the absence of Mayor Scott Councilman Parsons presided. The members present were Messrs. Pickard, Stafford, Heath, Pendleton, Folland, Hyde, Hardy, Lynn, Tuddenham and Anderson.

The following

PETITIONS

were read and referred as hereinafter specified.

Joseph Kearns asked to be allowed to erect and maintain a notion stand near the corner of Main and Second South streets. Laid on the table.

Matthew McKelly et al. asked for the erection of an electric light at the intersection of Fifth and J streets. Committee on improvements.

The Kentucky Liquor company asked that the ordinance in regard to wholesale and retail liquor licenses be amended. The company paid both a wholesale and retail license, amounting to $2,500. This license was excessive. It suggested that a reduction be made in the case of persons doing both a wholesale and retail business, as the wholesale business was very light, owing to the fact that the whole Territory was drummed by outside liquor houses. Committee on license with the city attorney associated.

Thomas Jennings et al. asked that First street from A to B streets be put in a passable condition. Committee on streets.

The Great Salt Lake and Hot Springs Railway company presented a communication in which it signified its acceptance of the franchise granted September 9th of the present year. Received and filed.

Ingersoll and Simonds asked to be allowed to pile building material at the corner of Franklin avenue and Second South street. Granted.

H. E. Carter et al. asked for an extension of water mains on Indiana Avenue. Committee on waterworks.

C. E. Angell et al. asked for an extension of waterpipe on English East between Ninth and Tenth South streets. Committee on waterworks.

Adolph Hunger, by his attorney, Barlow Ferguson, asked for $11,500 damages alleged to be due for injury to a horse associated by it running into an unprotected canal. Committee on claims.

John R. Winder asked that Third East street, between Eighth and Tenth South streets be graded. Committee on streets.

J. F. Crane asked that $29.50 be refunded him as money paid by mistake as hotel keeper for license. Committee on license.

John E. Wilcomb et al. asked that an electric light be erected at the corner of Seventh East and Ninth South street. Committee on improvements.

CLAIM CONTROVERTED.

The committee on claims recommended that the claim of Clara C. Sawyer for $50 for damage done to a field or locern near the Jordan by the action of the city by conveying the sewerage of the sewer pump over it, be compromised by the payment of $150. Adopted.

Following this was the old claim of one Bywater for the heavy damages for serious injury sustained by him while city prisoner at the gravel bank in the eastern part of the city. The accident occurred several years ago and Bywater had his leg broken. City Attorney Hall said that if the case were his, he would not neglect the opportunity to compromise the claim for $1000. That amount was placed to Mr. Hall's credit and he was instructed to have the claim settled at once.

ALEXIS SUCCEEDS STEARY.

The resignation of Will L. Stearyt, clerk of the police court, was then accepted.

Councilman Hyde nominated C. R. Glenn as Stuart's successor.

Councilman Pickard nominated Thos. Guest.

Eleven ballots were cast, Mr. Glenn getting seven and Mr. Guest four. Mr. Glenn was declared elected, but Mr. Pickard protested on the ground that it required eight to elect.

IT PASSED.

The ordinance relating to the duties of building inspector was taken up and passed as recently published in the columns of the NEWS.

SMOKE CONSUMING ORDINANCE.

The ordinance providing for the introduction of "smoke" consumers was taken up, read for the first time, and on motion of Councilman Folland, was laid on the table for one week.

REPORT ON SEWERAGE.

The report of the committee on sewerage on the petition of J. A. Cunningham, J. E. Jennings and Simon Bamberger, for sewerage extensions, was laid on the table for one week.

FROM ELIAS MORRIS.

A communication from Elias Morris was read, asking that the board of public works be instructed to acknowledge his report to lay certain sidewalks and inspect the same, and if found satisfactory, accept them. Referred to the street committee.

THANKS.

The following was read, received and filed:

To the Honorable Mayor, George M. Scott, and City Council:

Gentlemen—On behalf of the general committee of the Irrigation Congress to be held in this city September 15th, 16th and 17th, we have to thank you for your action in so the thanks of the general committee as expressed in the following resolution adopted by unanimous vote at a meeting this evening:

Whereas, The City Council of Salt Lake City did on September 8th, 1891, very generously appropriate the sum of $500 to help defray the expenses of the Irrigation Congress.

Therefore, be it Resolved, That we the general committee of the Irrigation Congress, by unanimous vote hereby tender a vote of thanks to the honorable mayor and members of the City Council of Salt Lake City for their generous appropriation to help defray the expenses of the Irrigation Congress.

We have the honor to remain,

Your very respectfully,

JOHN W. DONELAN,
Chairman General Committee on Arrangements.

ALBERT FRANK E. GILLESPIE,
Secretary.

HEARD FROM AGAIN.

The majority and minority reports of the committee on police, who for so long time investigated the charges preferred against Captain Parker and Sergeant Glenn, again came up for discussion and Councilman Lynn moved that they be referred to the Mayor.

Councilman Folland—I move that they be read and then referred to the mayor.

Councilman Anderson—I should like to know what your motives are for making such a move, Mr. Folland?

Councilman Folland—Well, there is a question involved that is well known to this body, and I therefore am opposed to it going to the Mayor without our taking such action as will indicate what our wishes in the matter are.

Councilman Anderson—That is the business of the Council and not of the Mayor. If we recommend the dismissal of men from the police force we can do so, and the Mayor cannot reinstate them.

Councilman Hardy—Inasmuch as there is a conflict of opinion on this matter, I move that it be referred to the city attorney, with instructions to report at the next meeting, whether the Mayor has the power to depose officers at his pleasure.

City Attorney Hall—My opinion is partially prepared, but there is one point on which I am not decided, and that is, how far this Council is operating under the laws of 1888. This is an important point, and one that involves other more momentous questions.

Councilman Tuddenham also favored the motion to lay over for one week pending the preparation and presentation of City Attorney Hall's opinion in the matter. The motion carried.

## A SINGULAR STORY.

### Once More Proving the Adage That "Truth Is Stranger Than Fiction."

The case of John C. Stevenson, of Taylorville, charged with adultery, and which has been twice previously mentioned in these columns, has reached a satisfactory climax. The woman mixed up in the matter was a Mrs. Matilda Summerslow, and the complaint was sworn to by William Summerslow, who claimed to be her husband. His wife quite an interesting tale. According to his statement, Stevenson worked for him and it was while thus employed that he alienated his wife's affections and finally decamped with her. The officers succeeded in arresting Stevenson but the woman in the case could not be found. The case has been investigated before Commissioner Greenman, and from the facts elicited it would appear that Summerslow must have drawn largely upon his imagination for the story. It seems that he commenced living with the girl, whose name was Matilda Stadler, in Pennsylvania, some time ago, although they were never married. After leaving Pennsylvania, they lived for a time in Chicago and then went to Colorado, and finally brought up here. The woman was keeping house for the proprietor of a brick yard near Taylorville when Stevenson met her and learned that she was not Summerslow's wife, and they soon grew very fond of each other. It seems that the woman's father in Pennsylvania died recently, leaving her quite a lump of money, and Summerslow wanted her to give him an order for $1,000. She refused to do so and they parted, the woman going off with Stevenson. Summerslow then had Stevenson arrested, and when the facts above stated were brought out he was discharged. Yesterday morning the woman accompanied Stevenson to Commissioner Moyer's office and there the ceremony was performed making them man and wife. Thus the trouble ends.

## IT WAS ALL A MISTAKE.

### But One that was not Agreeable to Comedian Dickson.

Yesterday afternoon Colonel Shepherd, traveling agent of the Chicago & Alton Railway, through Attorney Frank Pierce, obtained an attachment from the Third District Court against Charles Dickson's "Jonah" company for the sum of $1,040 alleged to be owing for railroad fares to California and return. At the close of the performance at the Theatre last night Deputy Marshal Norrell attached the box receipts, amounting to between $400 and $500. The proceeding astonished Mr. Dickson. He had an interview with the representative of the railroad, when explanations were soon made. It seems that the company, with the direct management of Mr. Lederer, is playing M. B. Leavitt's circuit, under the general management of that gentleman. On starting out the members of the company were furnished their tickets by Mr. Leavitt, and the company has everything been doing a great business. Mr. Leavitt, however, owing to some misunderstanding with Mr. Lederer, when the company in San Francisco, failed to place the money for the tickets at what the railroad considered the proper time, and this proceeding resulted. It took Mr. Dickson only a few minutes to convince the railroad man that everything was all right, and a satisfactory arrangement was made, Mr. Dickson insuring the company against loss. Just for the time there was a little excitement around the box office of the theatre, but the trouble was soon buried.

### Amusements.

"Jonah" was presented again last night at the Salt Lake Theatre to a good house. It was received with uproarious mirth. This ends the Dickson engagement for the current season in Salt Lake, but when he comes again he will find that he has made a lasting impression.

The sale of seats for Lewis Morrison's "Faust" commenced this morning. It will be given tomorrow night, the 17th, and the "Strangulers of Paris" on Friday night, the 18th.

The Grand Rapids *Democrat* says of "Faust":

"Too much cannot be said in praise of the Faust given last evening at Powers' Grand by Lewis Morrison. He exceeded the highest expectations. Nothing approaching it has been seen in Grand Rapids this season. The supernatural, demoniacal and absurdly weird elements of the play are made strikingly realistic. The dramatization of Goethe's masterpiece is more successful than would seem possible. It is more amply comprehended than in Gounod's opera. And Mr. Bennett's dramatization is so well interpreted by Mr. Morrison that the effect is the strongest. In the first act the dialogue between Faust and Mephisto is to a most fitty and elegant style, and Goethe's own language is often recognized."

On Saturday night Hoyt's "Midnight Bell" will be presented at the Theatre. An exchange says the play differs so much from the average run of Hoyt's productions in the same degree as does the "Pickwick Papers" from "David Copperfield." It has a fully good plot and the character are mostly fresh and fetching, with a Hoyt extravaganza thrown in. It deals with New England life.

Wonderland has an attractive and popular programme this week. Verne the comic artist, Hattie Graham operatic balladist, Geo. Edwards king of minstrelsy, Murray and Valleau sketch artists, and Cataldo, the great Hissatist are the principal features.

At Elizabetsdal city brigands recently surprised two houses at midnight and murdered twenty-three occupants. A week ago a dilligence was attacked in broad day light. All the passengers were women and girls. The brigands murdered the former and outraged the latter.
