SPECIAL FAIR PREMIUMS.

A Number of them Offered this Week For Fair Work.

The premium list for the fall Fair will soon be out, and those who expect to give premiums are reminded to send offers in immediately to insure their being included in the book.

The following have just been received:

The undersigned will give a special premium of one set (10 vols.) Americanized Encyclopedia Britannica, bound in morocco, value $25, and one set Dickens (15 vols.), value $15. The first for the best specimens of penmanship by boy or girl under fourteen years of age, and the second for best specimen by boy or girl under twelve years of age, to be competed for at the territorial Fair of 1894.

H. J. GRANT & Co.

Being aware of the fact that there are in our Territory many people who have come here from the southwest and northern parts of England, and also from Germany and France, where lace making by hand and machinery have been their principal means of support, and being desirous of finding out, if possible, the kind of artisans we have in our midst, and of encouraging this art and industry, we have been led to offer three premiums for the three best exhibits of hand made lace to be made between now and the opening of the Fair; the exhibits to be five yards in length, and those winning the prizes to become the property of The Maynes, Wells Co. Lace House.

First—One lady's gold watch, value $25.

Second—One lady's gold ring, value $15.

Third—One lady's gold breast pin, value $10.

All crocheted lace is excluded from the contest.

We are very respectfully yours,
THE MAYNES, WELLS & CO. LACE HOUSE.
J. W. MAYNES, Prest.

The undersigned will give a special premium of $25 for the best drilled company of infantry "Utah National Guards," to be competed for at the Territorial Fair of 1894.

UTAH BRICK MANUFACTURERS' ASSOCIATION.
Per GEORGE E. FORD, Sec.

The undersigned will give a special premium of one boy's drum for the best boy drummer under 15 years of age, to be competed for at the Territorial Fair of 1894.

DAYNES & COALTER.

Respiration.

At the school of physical culture this morning, Dr. Babcock gave a very entertaining lecture on the subject of "Respiration." The capacity of the lungs, their mechanism, the component parts of the air we breathe, and the phenomena of breathing, sneezing, coughing, hiccoughing, etc., were fully explained. Measurements relative to the breathing capacity of individuals were also considered, and were made by the aid of instruments constructed by the doctor, the same being of value in imparting instruction. A well-meaning but misguided specimen of the feline species that had been entertaining (?) the denizens of the community at night with his melodious noise had been secured for vivisection in connection with this morning's lecture, but said victim had by some means got an inkling of the situation, and hied himself to more congenial pastures. It is expected that he will be on hand at the lecture tomorrow.

Talk on Music.

The afternoon talk before the teachers of the summer school was given by Mr. Quay upon the subject "The Relation of Music to the Public Schools." Prof. Stewart will speak tomorrow.

PRAISE THE POLICE.

Eulogy By the Denver & Rio Grande For Good Work During the Strike.

The following highly complimentary communication was sent to the board of police and fire commissioners today:

Gentlemen:—The Rio Grande Western railway company desires to express its appreciation of the valuable services rendered by the police of Salt Lake City during the recent strike. The cool and efficient manner in which the crowds were controlled upon several occasions, prevented what might have terminated in serious and unfortunate outbreaks. The intimidation of employes of the railway company who desired to remain at work, was attempted by those who had left the service, and they, being encouraged by outside sympathizers, incited the men by threats, which, under ordinary conditions would not have been made.

Had it not been for the protection afforded by your police officers under the efficient and discreet leadership of the chief and captain of police, it would have been a difficult matter to keep traffic moving into and out of your city, and your officers deserve the highest commendation.

Yours respectfully,
A. E. WELBY,
For the Rio Grande Western Railway Company.

The Fights Tomorrow Night.

Bill boards and conspicuous places about the city are being plastered with loud-lettered half-sheet posters announcing the fight between Jim Williams and Peppers at Ogden tomorrow night. The Union Pacific will run a special train from this city, leaving the depot at 7 o'clock and returning after the battle. Peppers has posted $150, which he agrees to forfeit if he does not "best" Williams in six rounds. This side-understanding is given a double meaning by the articles of agreement stipulating a fifteen round fight.

The second set-to will be between Bob Thompson and Billy Lynch, the darkey agreeing to stop the white man inside of six rounds or forfeit $50.

A Partnership Fall-Out.

In the Third district court last evening George M. Cleland filed a suit against Philip Neder for dissolution of the partnership existing between the parties under the firm name of Neder & Cleland, doing business in this city as carriage builders. Mr. Cleland alleges that Neder has excluded him from participation in the business, and is carrying on the same in "a secret and mysterious manner." That defendant has failed to make entry upon the copartnership books of money received and collected for the copartnership business, and appropriated to himself a large amount of money, to-wit, over $500, as plaintiff is informed and believes, over and above what he is entitled to as a copartner. It is also alleged that defendant has agreed to do certain work and take pay in real estate which has no market value at the present time, and insists upon loading it upon the plaintiff. Plaintiff states that their stock of merchandise is worth $2,000, that they have a large amount of outstanding accounts, and prays that a receiver be appointed to take charge of the property, an accounting had, the partnership dissolved and each party given so much of the proceeds as he is found to be entitled to.

No Cement Yet.

The contractors on the gravity sewer rather expected a consignment of Portland cement in today but it failed to arrive. In the meantime, as heretofore announced, the cement work on the sewer has been wholly suspended for lack of material. The brick work, however, still goes on.

Ditchfield Discharged.

William Ditchfield, who was arrested by the police on charges of assault and battery and using abusive language, had both cases against him dismissed in court this morning at the instance of the prosecution. Two ladies who were interested in the proceedings stepped in at the opportune moment and filed a statement of condonation and Ditchfield went forth unpunished.

School Census Being Taken.

The school census enumerators employed by the board of education at the last meeting commenced work in real earnest today and will have the canvass entirely completed by the end of July, in accordance with law. Under the census of last year the number of children of school age was shown to be 11,284. The total this year will be considerably higher.

An Earnest Worker.

Mr. Marion H. Brady, of Union ward, Salt Lake county, is an earnest worker in ridding the country of the codling moth, which has wellnigh destroyed the apple crop in this Territory. He has gathered and killed, by actual count, over 1,000 of these destructive insects in apples from his orchard, which, though not very extensive, contains some very choice fruit. He has also thoroughly sprayed his trees three times the present season, and calculates to continue the war against the pests. Mr. Brady is one of the first settlers of Union ward and as a practical horticulturist and gardener has few superiors in that part of the county.

Petty Police Cases.

In the police court today there were three drunks, a trespasser and two forfeitures of $2.50 each by abandoned women charged with prostitution.

Sam Gries, the recaptured convict, plead not guilty to grand larceny and the case was set down for tomorrow afternoon at 2 o'clock.

ATWOOD FEELING BETTER.

His Three Colleagues Still in Jail Awaiting Developments.

Sennon D. Atwood, the man from Missouri who was so horribly slashed with a razor at the Leadville house yesterday afternoon is lying at St. Mark's hospital in a critical state although the city physician says he is feeling a little better than he did last night.

On the trial register of the police court appear the names of the three men arrested after the row. They are Harry Deane, William Stewart and Matt Lawrence, and the charge against them is assault with intent to commit murder. They will be held pending developments in Atwood's case.

Killed the Horse.

Street car No. 35, while returning to the barn shortly after last midnight, ran against a gray horse that was grazing on the track near the head of Third East on South Temple street and crushed it against a retaining wall with fatal results. The car was derailed but not damaged. The animal was the property of Fred Tilt. Its body was removed to the crematory and incinerated.

Road Race To Calder's.

The bicycle road race to Calder's Park takes place this evening. The starting point is the Theater corner, and the time 7 o'clock. Some of the best local wheelmen are entered for the race, but have time handicaps to contend with. Open cars with excursionists will parallel the riders to the park.

WILL MEET TOMORROW.

The County Board of Equalization will Hold Daily Sessions Till July 28th.

The county board of equalization will meet tomorrow morning at 10 o'clock, at the county court offices, and thereafter hold daily sessions until the 28th inst., inclusive. All persons who have any complaints to make on the ground of excessive assessment upon their property will be heard one by one. The board is composed of Probate Judge Blair, the three county selectmen and Councilman O'Meara, the last named as a representative of the city.

The Road to Matrimony.

Marriage licenses were issued by County Clerk Metty, today, as follows: Carl A. Anderson, 29, of Grantsville, Tooele county, and Emma W. Hall, 27, of Salt Lake City; Joseph E. Nielsen, 25, and Amelia L. Atwood, 19, both of this city; George F. Naylor, 29, and Elizabeth Sophia Taylor, 22, also of Salt Lake.

STRUCK DEAD.

Erick Petersen, a Levan Citizen, Killed by Lightning.

Information has reached this city of the killing of Erick Petersen, a citizen of Levan, on Sunday, the 15th inst.

It appears that he was engaged in the task of irrigating a crop of grain on his farm, some distance from the town, on the afternoon of that day, and that during a thunderstorm he was struck by a flash of lightning and killed instantly. He was alone at the time and there being no witness to the fatality, the true status of affairs was not learned until yesterday, when relatives feared that evil had befallen him on account of his failure to return home the night before. A searching party was organized and the fields closely scanned. Petersen's body was found lifeless, burned and swollen, near a ditch. The remains were conveyed to town and prepared for burial. The deceased was a young man, being but 25 years of age. He leaves a sorrowing widow and a small child to mourn his sudden and unexpected death.

Today's Probate Court.

Estate of H. C. Lett, deceased. Hearing on petition for letters of administration. J. C. Taylor appointed administrator on filing a bond of $800.

Estate of Joshua Robinson, deceased. Hearing on petition of Joseph Robinson for the removal of administratrix, Sarah M. Robinson, in progress this afternoon.

California Mail Comes In.

Two mail and passenger trains reached Ogden last night from California, and a large amount of postage matter soon after arrived in Salt Lake. Among the mail from San Francisco that came to hand this morning were the newspapers of that city of June 28th.

A Disreputable Den.

S. Davi, an Italian saloonkeeper, was run in by Officer Feigins today on a charge of maintaining a house of prostitution. Davi has long "enjoyed" the reputation of being the proprietor of one of the most disgraceful joints in the city. He will have a hearing tomorrow. In the meantime he is back to his place of business, having secured his liberty by putting up a cash bond of $25.

On the Way.

A telegram received from San Francisco announces that the missionaries returning from New Zealand, but who have been detained in California by the strike, started east this morning. They will come through by the daylight schedule now in force on the Southern Pacific.

The party of Utah people returning from Europe, but detained in New York by the strike arrived here at 11:30 a.m. today, all well.

City Creek Trespassing.

Justice Smith had before him today Oscar Knight, charged with trespassing in City Creek canyon. Knight confessed to cutting a small lot of quaking asp about ten miles up the canyon in Davis county, when he was placed under arrest by special mounted police officer Adams. The defendant was fined $5. Attorneys well up in the law declare that the police court of Salt Lake is overstepping its bounds in punishing men for offenses committed in Davis county.

Twelfth Ward Excursion.

The officers of the Twelfth ward Sunday school have arranged for their annual excursion and picnic to be held at Garfield Beach tomorrow. The excursion will not be confined to the Sunday school alone, but will be participated in by members of the ward generally.

Ordered to Show Cause.

The Pacific Investment Company et al have brought suit against C. O'Connor and Nat M. Brigham in the Third district court to prevent the sale of certain property at Murray upon which the first named plaintiff holds a deed of trust. The principal cause for complaint is that the U. S. Marshal is threatening to sell a certain boiler, pump, beer-still and mash-tub as personal property, when the same cannot be detached from the freehold without great waste and destruction. The property in question includes certain real estate with a vinegar factory thereon. The defendants have been temporarily restrained from selling the same, and have been ordered to show cause on July 31st.

Kindergarten Movement.

A meeting of the Free Kindergarten association was held in the parlors of the Templeton hotel last evening, and was well attended.

After the approval of the minutes of the last meeting, and of the constitution and by-laws, as formulated, more profitable time was given to the scope and aims of the work and the benefits accruing from the system as taught. Brief addresses were made by Mrs. Elmer Jones, Mrs. John Kirby, Mrs. Brown, Mrs. E. H. Parsons and Mr. Riley relative to placing the system on a permanent basis, the meeting adjourned. The new association starts out under favorable auspices.

HARKINS IN HOT WATER.

Convict Gries Claims to Have Sold Him Sets of Stolen Harness by Wholesale.

Just now Contractor Harkins is in a veritable pool of hot water and the police are associating his name very freely with that of the convict Gries, and a partially drawn complaint charging him with receiving stolen goods is on file with the clerk of the police court.

During the last few months the officers have received complaints of the stealing of more than forty sets of harness. Gries today confessed that he had engaged in that business on wholesale measures and says that he sold ten sets to Harkins. The latter denies the story in toto but has so far failed to explain to the satisfaction of the court, what the officers allege to be a fact that he gave seventy-five cents to Gries a few days ago in the presence of a policeman and that at that time he agreed to pay Mrs. Gries $20 at noon today.

Several sets of harness are now at the police station. Harkins declares that Chief Pratt must give them up and Pratt retaliates by saying that he must have them as evidence.

A number of farmers have identified several sets which they declare have been stolen from them.

High Council.

The next regular meeting of the High Council of the Salt Lake Stake of Zion will be held Wednesday, July 18th, at 7:30 p.m.

JAMES D. STIRLING, Clerk.

Republicans, Attention!

All Republicans of the First Precinct are invited to meet at Hammond Hall, No. 137 East Third South street, on Monday evening, July 23rd, 1894, for the purpose of organizing a League Club.

By order of the Committee.

MY GRANDMOTHER'S KITCHEN.

'Tis always a picture both quaint and beautiful!
That home in my mind, of my grandmother's kitchen;
White wood scrubbed, bright tin ware, blue plates in a row,
That gave speckless kitchen of long, long ago.

But

The things in her kitchen are many times brighter,
My floor, with less labor expended, is whiter,
Since GOLD DUST—the Powder for cleansing you know,
Improved on the methods of long, long ago.

Gold Dust Washing Powder

is used in thousands of homes today. Bright women everywhere appreciate its usefulness.
