It was decided, in view of the Teachers' summer school being held in this city, to continue the monthly sessions of the society, the next meeting occurring on the evening of the second Friday in June.

At the close of the session a number of slides were exhibited, including the best of the solar series, also with excess taken from the walls on the Temple block, animals of the desert, etc.

2. Parties found violating said law on the Fort Douglas military reservation will be arrested, and if residing on the reservation reported to the commanding officer of troops, turned over to the civil authorities.

ABOUT THE CIRCUS.

A Good Performance Given to the Public Last Night.

Bond Bros' show, which finishes a two days' engagement in this city tonight, has come and will be gone by tomorrow. It was an agreeable surprise to Salt Lakers. Before its arrival here the aggregation was generally looked upon as a "fake outfit" because of certain reports which had gone out concerning it. It was said that its following consisted of a set of unprincipled scoundrels whose sole aim and object was to fleece the public and then levant for pastures new. But such has not been the case while the organization's tents have been pitched in this city. The show is not the most stupendous company traveling, nor is its array of the fierce animal kingdom anything to particularly boast of, but what they have in the way of elephants, horses, camels, etc., show the results of perhaps years of patient and careful training.

Most of the performers were exceptionally good, in fact better than is generally seen with the ordinary traveling circus. Deserving of special mention were the Le Roie brothers who did exceedingly clever work swinging and taunting in mid-air. Their confederates were also well up to the spirit and heats of the proceedings and they succeeded in tying themselves up into almost every imaginable shape. A daring, dangerous and blood-curdling piece of work was that executed by signor Arcaro on his knife-throwing tactics with his sister as the target. The equestrienistic feats of Oscar Le Wando brought forth rounds of applause as did also the work of Rome Emery in his tumbling from the topmost round of a ladder.

Taken all in all the show was a good one, and had it not been for the disagreeable weather the tents would undoubtedly have been taxed to their fullest capacity. It should result in all justice and fairness to the management, that whenever has been the imprecation hurled by them in other cities, they acquitted themselves like gentlemen while here, and did all in their power to maintain the peace and good order of the city. The show gives its last performance here tonight. The City councilmen now say that they acted hastily and without due consideration when they treated the income taxes on the show, and express themselves as entirely satisfied in making the reduction to the regular price.

SYNDICATE SHOWS.

Their Coming Pleasantly Anticipated by Many Circus Loving Persons.

The coming to this city next week of the two Great Syndicate Shows and Paris Hippodrome promises to be an unusual event in the annals of circus performances in that it is an aggregation of more more than ordinary merit. Its advent will accordingly be hailed with delight by all lovers of such amusement.

Judging from the comments of the Colorado press and of the newspaper notices given further east, the show is giving most excellent satisfaction all along the line of travel. It is represented as setting its face as flint against the tough canvasman, abusive animal keeper and the unthinking hanger on, the elements so frequently found with traveling exhibitions. The performances are reported as being altogether void of vulgar suggestion and cheap work. They were such last year in this city and the probability is that there will be no departure from that rule this season. Among the talent employed is some of the very best that money can command, and as a result clever work is sure to be witnessed.

The Syndicate shows are a western institution, a fact that the management claims draws much business to it. Last week it gave two benefits to the Cripple Creek fire sufferers by whom their kindly acts were most highly appreciated, as they were by charitably inclined persons wherever that fact was known.

The engagement in this city begins on Tuesday and lasts for three days.

Whooping Cough.

There is no danger from this disease when Chamberlain's Cough Remedy is freely given. It liquefies the tough mucus and also its expectoration. It lessens the severity and frequency of paroxysms of coughing, and quickens a speedy recovery. There is not the least danger in giving the remedy to children or babies, as it contains no injurious substance. For sale by druggists.

While in Stockton, Cal., some time ago, Thos. F. Lennon, of Los Banos, Cal. state, was taken very severely with cramps and diarrhoea. He chanced to meet Mr. C. M. Carter, who was similarly ailmented. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and we went to the Holton Drug Store and procured a bottle of it. It gave Mr. Carter immediate relief and I can vouch for its having cured me." For sale by druggists.

Anyone who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Greene, 230 Bay st Heights, Los Angeles, over his fortunate escape from a siege of that extremely painful ailment. Mr. Greene is foreman of Morrison's confectionery establishment. Some months ago on leaving the heated work room to run across the street and return, he was caught out in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home, and on several days lapsed in to make a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly rubbed with this liniment, and by morning he was free from all his double pains. He now takes special pleasure in praising Chamberlain's Pain Balm, and always keeps a bottle of it in the house. For sale by druggists.
