TO COMMEMORATE BATTLE OF MANILA

Veterans of Utah Batteries Propose Celebration of Anniversary Feb. 4 Next.

WILL FORM AN ORGANIZATION

Out of 375 Members There Are Probably 300 Surviving—Call for Reunion Issued.

In order to commemorate the battle of Manila, Feb. 4, 1899, and establish a permanent organization and historical society, members of Batteries A and B, Utah Light Artillery have issued a call for a reunion of the Utah Philippine war veterans which will be held in the council chamber in the city and county building at 8 o'clock next Tuesday night. Notices of the meeting have been sent out to all the members of the batteries whose addresses can be found requesting them to attend the meeting. It is proposed to take steps for a reunion to be held in Salt Lake City next February on the anniversary of the battle and form an organization. In the 11 years that have passed, many of the veterans have died. A historical society is also proposed to be organized at this time keeping a roster of the names of the members, those who have died and the records of the battle.

Under the command of Major Richard W. Young both batteries engaged in the battle of Manila. There were approximately 375 men in the batteries and they took an important part in this engagement. The line of battle was 17 miles in length and there were 11,000 troops engaged in the conflict against 30,000 Filipinos. In that battle which lasted a night and a day, the United States lost 500 men, dead and wounded, and the Filipinos' loss was estimated at 9,000 dead and wounded.

THREE HUNDRED LIVING.

There are now living in Salt Lake about 100 of the veterans and there are probably 300 living out of the 375. Many of the veterans are scattered over the county and an effort will be made at the celebration of the eleventh anniversary to get as many of them together as possible. As it is now planned the celebration will consist of speeches and a banquet. The following is the call issued by the committee which has taken the matter up for consideration:

CALL FOR REUNINON.

"Feeling that the time has come after a lapse of 11 years, for a general reunion of the Utah Philippine war veterans, we the undersigned members of the above batteries hereby issue a call for a meeting to be held in the council chamber of the city and county building, Salt Lake City, Utah, on Tuesday, Nov. 9, 1909 at 8 o'clock p. m., for the purpose of arranging for the celebration of the eleventh anniversary of the battle of Manila, Feb. 4, 1910, and for the further purpose of forming a social and historical organization of the batteries.

"Signed.

"E. A. WEDGWOOD,
"J. E. CRITCHLOW,
"RICHARD W. YOUNG,
"H. E. SLEATER,
"W. T. DENN,
"D. G. ARCHER,
"L. B. EDDY,
"GEORGE HARRIS,
"M. E. KING,
"GUST CARLSON,
"EMIL V. JOHNSON."

NEW LINE NOW READY.

Double Track to Sixteenth South Street Given Over Today.

The construction department of the Utah Light & Railway company handed over this noon to the operating department the stretch of new track on State road between Fourteenth South and Sixteenth South streets. It is expected that by the close of another week, the remaining stretch, from Sixteenth South street to the creek at the foot of Murray hill, will be ready for operation. This cuts out all of the old Rapid Transit company's track laid 20 years ago. There is a mile of track south of the present terminus, laid when it was expected by the old company to extend the track toward Sandy. But it was never used. As soon as the new line from this city to Murray is done, men will be put at once to tearing up this old extension, and a beginning will be made of the march to Sandy. Work will be kept up as the weather permits during the winter, so that by spring the line to Sandy will be well under way.

BARN DESTROYED.

Structure Belonging to A. M. Cannon Jr., Burns With Loss of $1,550.

A two and one-half-story barn belonging to A. M. Cannon, Jr., at the rear of 1146 Ninth East street, was completely destroyed by fire at 2:24 this morning, causing a loss of $1,200 to the building and $350 to the contents. The cause of the fire is attributed to defective wiring.

The flames had gained a good start before the fire was discovered. An alarm was answered by the apparatus from No. 5, but before the firemen could reach the scene the barn was practically destroyed. Two horses were burned besides some harness and a quantity of hay.

Do You Hear Well?

The Stolz Electrophone—A New, Scientific and Practical Invention for Those Who Are Deaf or Partially Deaf—May Now Be Tested Free at Our Store

Deaf or partially deaf people may now make a free trial of the Stolz Electrophone. This is unusually important news for the deaf, for by this plan the final selection of the one completely satisfactory hearing aid is made easy and inexpensive for everyone. This new invention (U.S. Patent No. ...) renders unnecessary such clumsy, unsightly and frequently harmful devices as trumpets, horns, tubes, ear drums, fans, etc. It is a tiny electric telephone that fits on the ear, and which, the instant it is applied, magnifies the sound waves in such manner as to cause an astonishing increase in the clearness of all sounds. It overcomes the buzzing and roaring ear noises, and also so constantly and electrically exercises the vital parts of the ear that, usually, the natural, unaided hearing itself is gradually restored.

Prominent Business Man's Opinion.

STOLZ ELECTROPHONE CO., Chicago.—I am pleased to say that the Electrophone is very satisfactory. Being small in size and great in hearing qualities makes it PREFERABLE TO ANY I HAVE TRIED, and I believe I have tried all of them. I can recommend it to all persons who have defective hearing. M. W. HOYT, Wholesale Grocer, Michigan Ave. and River St., Chicago.

A Free Trial of the Stolz Electrophone at our Store will convince you of its great merit. Call today.

GATHERED MUCH DATA FOR GENEALOGY SOCIETY

Joseph F. Smith, Jr., and Joseph Christenson Return From Successful Eastern Trip.

After making a critical scrutiny of the methods of gathering data and taking care of records in use by the principal genealogical societies of the country, Joseph F. Smith, Jr., and Joseph Christenson have returned to Salt Lake, prepared to make their report to the Utah Genealogical society in whose behalf they made the trip east.

Mr. Smith and Mr. Christenson left Salt Lake Oct. 9 and went first to Chicago, where they examined the records and systems of the Newberry library, the largest and most complete library in Chicago. This is a free public institution, founded and maintained out of an endowment by Walter Loomis Newberry, a noted philanthropist of that city. The Utah men made a thorough examination of the large establishment, gathering much information which will be of value to the local society.

They next went to Washington, D. C., examining the records of the Congressional library. They then made successive visits to the leading libraries in Philadelphia, New York, Boston, Salem, Mass., and other cities.

A most interesting time was spent in the large library of the New England Historical society of Boston, at Somerset street. This institution is the largest and oldest of its kind in the country, having been established in 1844. The society collects genealogical records and town history from every town in New England, and has a great number of these histories and records compiled up to the year 1850, which is the limit placed on the researches of the society. Every town in Massachusetts is entitled to its place in the records of this society, and its compilations thus far have been very complete. The society some years ago prevailed upon the Massachusetts legislature to pass a law requiring the state to publish the vital records of the cities of the state, including all statistics available from the early days down to the year 1850, and this is now being done. Other states are now following the lead of Massachusetts in these matters, and similar societies have been established, among them being the Topsfield Historical society, the Essex Institute, at Salem, and the Systematic History Fund.

"We gathered up much valuable information on our trip," said Mr. Smith this morning, "and feel well paid for the time and effort expended. We shall collate the results of our investigations and report to the Genealogical society at its meeting about two weeks hence, and the society will determine to what use the information so obtained shall be put. We have already on file in the society about 40 copies of the town histories published by the New England societies, and these will be of benefit to the Utah institution."

AUTO DAMAGED BY FIRE

Friday evening J. G. McDonald's $1,600 automobile was damaged by fire to the extent of $100. The machine was standing in front of the candy factory on Third South street when a spark, from whence remains a mystery, ignited the gasoline and there was an explosion followed by a blaze. The fire department was called out and soon extinguished the blaze. The machine is insured for $1,000.

A private safe may be rented in the fire and burglar-proof vaults of the Salt Lake Security & Trust Co., 32-34 Main street, $2.00 per year.

BOXCARS BURN.

Shortly after 2 o'clock this morning the fire department answered an alarm from the O. S. L. yards at Ninth north where three empty boxcars were on fire. As there was no fire plug within reasonable distance the firemen were unable to cope with the flames and the cars were entirely destroyed. The cause of the blaze is not known, but it is supposed that tramps had made a fire in one of the cars and thus caused the blaze.

MORE TIME GRANTED.

Additional time to complete their applications for filings on state lands under the Carey act has been granted by the state board of land commissioners to the following: Sevier River Land & Water company, 90 days; T. G. Wimmer, Jr., 60 days; Aldrich & McRoberts, 30 days.

IS NEIGHBORHOOD ROW.

Mrs. Shaub Charges Mrs. Adams With Calling Her Vile Names.

Mrs. Louisa Shaub made it quite plain to Asst. City Atty. Rogers this morning that she hotly resented the imputation that she is not a lady, and that she is certain things which she insists she is not, and, therefore, she demanded a warrant for the arrest of Mrs. Adams, who resides at 338 east Second South street on the charge of disturbing the peace. Moreover, she got the complaint and Mrs. Adams will be called upon to explain matters to the police court.

Mrs. Shaub claims that Mrs. Adams called her many vile names and that Mrs. Shaub was almost anything but a lady. When the complainant called with a demand for a warrant she was accompanied by a number of neighbors, all of whom corroborated her accusation. The warrant was issued and Mrs. Adams will be placed under arrest.

LIVERYMAN IS NOT HELD RESPONSIBLE

J. W. McHenry Will Get $1,250 As Result of Accommodating Patron.

BECAME CUSTODIAN OF GUN.

In Returning Same, Weapon Is Discharged, Wounding Him With Consequent Damage Suit.

A jury in Judge George G. Armstrong's court has awarded J. W. McHenry $1,250 in his suit for $30,000 against Phelix McDonald, and thereby hangs a tale, the moral of which appears to be that a man never knows what will result for accommodating a customer.

On July 17, 1907, McDonald walked into McHenry's livery stable and asked McHenry if he could leave a gun and a pair of field glasses with him for safekeeping. When McDonald called for the articles, McHenry handed them to him and the gun fell to the ground and was discharged. The bullet passed through McHenry's leg, and he held McDonald responsible for the accident.

HUSBAND CHOKED HER.

Mrs. Christiansen Asks for Divorce on Grounds of Extreme Cruelty.

Mrs. Alice M. Christiansen has filed suit for divorce from Gustave C. Christiansen, in the district court, charging him with extreme cruelty and inhuman treatment toward her, ever since they were married on Oct. 22, 1908. She says that he has beaten her and knocked her senseless on several occasions. On Oct. 17, of this year, he kicked her and grabbed her by the throat and choked her until her screams attracted the neighbors, who called in the sheriff, who stopped the trouble. Besides alimony, the plaintiff asks the court to grant an order restraining Christiansen from selling or disposing of their household goods.

WEDDED AND PARTED.

Although they were only married Dec. 19, 1908, James H. Young deserted his wife, Rosetta, Oct. 9, of this year, and left her without a cent to support her and their 6-month-old baby boy, according to a divorce complaint filed by Mrs. Young in the district court. Young has not supported her for the last half year, she says, and he has made her life miserable in various ways, calling her vile names and striking her with his fists. She wants alimony, the custody of the child, and attorney's fees.

FIVE KNOTS UNTIED.

Five divorces have been granted by Judge C. W. Morse as follows: Gertrude from William H. Carter; Elizabeth M. from Frank A. Thone; Julia M. from R. S. Webb; Elizabeth from Daniel Woodhave; and Cecile C. from William A. Hoggan.

GOES TO FEDERAL COURT.

In the United States district court yesterday was filed a suit by Lillian Light against the Fraternal Union of America, a corporation of Colorado, to recover on a policy issued by the order to her former husband, John Pawlas, in 1898. The holder of the policy was killed in a railroad accident in Montana last year. It is alleged that there is due on the policy $1,950, together with interest from Jan. 6, 1909, when payment is said to have been refused by the company. The suit was transferred from the Third district court of this state.

MARIGER SEEKS DIVORCE.

In a complaint filed in the district court, Paul L. Mariger asks for a divorce, alleging that his wife, Jessie M. Mariger, deserted him without due cause Sept. 21, 1908. Their wedded bliss was quite short, as they were married July 21 of the same year.

FENCE BASIS OF SUIT.

R. E. McConaughy today filed suit in the district court, asking for a restraining order against Albert C. Spears, to prevent him from fencing in the right of way at the extension of Tenth East street, near Eighth South street. McConaughy avers that this land has always been used as a public highway, and that the former owner, George Goddard, recognized it as a thoroughfare.

POLICE COURT MATINEE.

"Leave all hope behind ye who enter here," might aptly be inscribed above the doorway leading into the police court as a warning to those under arrest accused of crime.

Yesterday afternoon, Josie Phillipe, an ignorant foreigner charged with vagrancy, was arraigned and, through an interpreter, pleaded not guilty. Without any testimony whatever being offered or asked for, Judge Bowman asked to see the man's hands. He then sentenced the unfortunate to 15 days in the city jail.

Dan Simpson pleaded not guilty to vagrancy and told an apparently straight story about where he had been working, but at this juncture Patrolman Tinges made his way to the bench and whispered to Judge Bowman. The matter was continued for this morning and the accused was found guilty as charged and sentenced to 90 days in jail.

The only charge against Pat Sullivan was that he was drunk and he got 30 days, while Harry Rauf, a teamster, charged with battery upon a slender youth named A. A. Kuttler, Jr., was fined $5. Rauf was hauling sand for a new building and Kuttler was an inspector in charge of the work. Kuttler told Rauf not to dump a load of sand, but Rauf did so and then brutally assaulted Kuttler. The latter appeared in court with numerous cuts and bruises on his face.

For engaging in a fight Friday afternoon, Henry Spies and A. Du Puya were each fined $10.

Charles Calway, charged with robbing a locker at the Y. M. C. A., pleaded guilty to burglary in the third degree, waived preliminary hearing and was held for the trial court.

RAILROAD NEWS

Proprietor F. J. Haynes of the Yellowstone Park stage line is in town today, on business with the Short Line.

C. B. Aley, local Rio Grande freight agent, has gone to San Francisco, in response to summons from the general manager of the Western Pacific. It is believed Mr. Aley is to be appointed local freight agent at Oakland. In the meantime Chief Clerk Feeney is acting local freight agent in this city.

The Salt Lake Branch of the American Railroad Employes and Investors' association has now 70 members, which membership will be increased to 350. All employes of the roads running into Salt Lake will be asked to join.

The annual inspection trip of operating officials of the Short Line is completed today, when the merit roll will be made up with a view to awarding medals as soon as possible.

The annual meeting of the Commercial club traffic bureau will be held Monday evening next, when Manager Babcock is to report on what the bureau has accomplished thus far.

L. K. Bemis, for some time clerk with the Milwaukee offices in this city, has transferred his clerical affections to the Illinois Central offices in the Judge building, where he now is at work.

W. S. Bassinger, assistant general passenger agent of the Union Pacific, is in town from Omaha on railroad business.

District Passenger Agent Kenneth Kerr of the Salt Lake Route is entertaining two distinguished Englishmen today, who are on a transcontinental trip. They are John Campbell Gardner, a graduate of Cambridge, Whitworth exhibitioner and a Carnegie research scholar and engineer, in this country to study particularly steel industry conditions; and Achille Bazire, a prominent business man visiting America for the seventh time as a representative of English capital.

More Denver Rumors—Again the Denver papers have fallen into the maelstrom of speculation as to what the D. & R. G. is to do or not to do; and the latest story they are sending out is that the company is to expend $25,000,000 in double tracking the line between Pueblo and Salt Lake. The company is already continuing the double track this side of Soldier Summit that Col. Dodge built, and there have been stories, rumors and reports from time to time that the road will make the entire line double track; but so far this much to be desired improvement consists in hopes and anticipations that are more or less dreamy.

NEW TRAIN TO PIOCHE.

District Passenger Agent Kenneth Kerr of the Salt Lake Route had a pleasant bit of information for the traveling public this noon, in the announcement that on and after Dec. 1, a train for Pioche would leave Caliente at 7:30 a. m., and leave that camp on the return at 3 p. m., so that passengers from Salt Lake can now make a continuous trip both ways, without any vexatious layover at the junction. For a long time there has been a hope that the railroad company would so remodel its time card that the trip between Salt Lake and the great mining camp could be made in a more comfortable manner, and the company, through the good offices of Mr. Kerr, has at length made the much desired change.

SAFE GROWS STUBBORN.

The safe in the office of County Treasurer John A. Groesbeck this morning refused to open when Mr. Groesbeck applied the usual combination. The safe contains about $25,000 in cash besides a number of books necessary in the collection of taxes, and it is probable the service of an expert will be called into requisition to open the safe. There were no evidences of tampering with the safe, the lock simply sticking and the tumblers refusing to act.

SIXTY-ONE BABIES ARRIVE.

Dr. Stork brought 61 babies to Salt Lake City, 36 of which were boys and 25 girls, during the last week, according to the report of the board of health. There were 24 deaths, including 7 males and 17 females. Reports were made of 61 cases of contagious and infectious diseases, consisting of the following: Smallpox, 5; diphtheria, 2; typhoid fever, 15; scarlet fever, 31; measles, 1; pneumonia, 1; chickenpox, 6. At the end of the week, six houses are still in quarantine on account of smallpox; 35 because of scarlet fever, and 4 on account of diphtheria. There is only one case of smallpox remaining at the isolation hospital.

DANISH FESTIVAL THURSDAY.

The old Danish festival of "Mortens fest" will be celebrated in Odd Fellows' hall next Thursday under the auspices of the Apollo lodge of the Danish brotherhood. There will be a musical program beginning at 7:30 o'clock, followed by a banquet with speeches from well known citizens in both Danish and English. The evening's enjoyment will be concluded with dancing. The reception committee includes Julius Hansen, Chris Petersen, Sophus H. Lund, Willard Hansen, Axel Jorgensen and A. B. Villadsen, with Dr. A. N. Hansen as chairman of the evening. Orchestral music will be furnished by Johnson's orchestra. Miss Annie Gothberg will play a piano solo, and Miss Minerva Jensen will give a recitation.

MONDAY AT OGDEN WITH THE PONIES

Six Events on the Card for Lovers of The Sport of Kings.

First race, five furlongs, selling, 4-years-old and up—Byron, 109; Esther M. 101*; Billy Taylor, 109; Sallns, 109; Athgold, 112; Lancashire Lad, 104*; Bernardo, 109; Runsum, 109; Altair, 109; Belden, 112; Sun Rise, 109.

Second race, six furlongs, selling, 3-years-old and up—Mabel Fountain, 100*; Spondoolix, 109; Jerusha, 109; Al Hampton, 105; Sam Barber, 109; Jane Laureal, 105; Monsie Mobile, 109; Antara, 109; Yellow Foot, 105; Magnificio, 112.

Third race, one mile, selling, 3-years-old and up—Kaiserhoff, 109; Royal River, 107; Surety, 112; Mossback, 107; Maud McG, 107; Tavora, 112; Contribution, 112; Liberte, 102*; Cobblestone, 112; Ak-Sar-Ben, 110; Dorian Prince, 112; Dorothy Ann, 107; Salpearl, 112.

Fourth race, six furlongs, selling, 3-year-olds and up—Elmdale, 117; Bavaria, 111; Card Sarta, 114; Valencia, 111; The Mouser, 111; Rather Royal, 114; Altenberg, 110; Bon Ton, 111; Jillett, 106*; Inclement, 110; Rose Daly, 111.

Fifth race, four furlongs, selling, 3-years-old and up—Bird in the Bush, 111; Miss Beaumonter, 102; Harry Stanhope, 102; St. Joe, 112; May Worth, 112; Chesapeake, 112; Nappa, 112; Kismet, Jr., 107; Belle Brady, 107; Chanate, 109; Libervale, 107; Susie Gregg, 107; Aquiline, 107.

Sixth race, six furlongs, selling, 3-years-old and up—Pretension, 114; Dr. Sherman, 111; Mabel Hollander, 111; Royal Stone, 110; Dr. Mayer, 107; Arthur Hyman, 111; Ossian, 111; Sam McGibbon, 107; Luxurio, 111.

WORKMEN BUSY AT STOCKADE TODAY

Paperhangers, Decorators and Artisans in General Active in The Walled Region.

POLICE APPEARS INNOCENT.

He Doesn't Know What All the Hubbub Mean—Women With Bright Cheeks Watch Work Go On.

Shadows are being cast upon the underworld wall. Seismic disturbances have been noted in the neighborhood of Commercial street for a number of days, in fact, ever since Tuesday after the first Monday in November, when the "American" party plumed its feathers and cried forth a lusty yelp of victory. And then it was that there was business doing. Everybody got ready for moving day, even though May was long gone by. But the word was passed along and the lingerie is being packed.

Today at the "stockade," there was unprecedented activity. In a number of the cottages along the midway, paperhangers and painters and decorators were plying their trades, glasiers were fitting in broken panes, and there was a sort of a beehive industriousness.

This vicinity has been a scene of quietude and devastation for a number of moons past and the landlords have been tearing figurative hair in a vain guess as to how they were going to get their good coin back. It is said that some of them sent some of it after what had gone before and now, it is asserted, they are hanging paper, painting, and decorating their properties for the purpose of converting the district into modern and up-to-date living properties.

The eyes of the neighborhood are gladsome, the mouths are smiling, though closed, and there is a general air of expectancy. When tied down, there is no definite expression. But the shadow looms larger and larger upon the stockade wall as the hours go by. The presence of a number of mortar mixing boxes, with ladders and scaffolding scattered here and there note the progress there as well as in other parts of Salt Lake.

WOMEN WATCH WORK.

This afternoon the midway for the first time for six months was fairly populous. There were a number of ladies glancing critically over the landscape and they seemed to take a most favorable view of the scenery. And they were a most beautifully beplumaged aggregation, one which would have made the bipeds of the South African deserts weep because of bygone glories. Their skirts rustled with tainted opulence and their complexions were carried without seeming additional weight. They viewed the work of the decorators with a critical eye and were evidently satisfied as to the progress.

The houses are all numbered in this miniature department of the city and one of them is 200. Here it was that two men in white overalls were putting on white paint with trimmings of yellow. Another was hanging paper of a very vivid crimson hue. In front of the house an electrician was doing some wiring and by his side there were a number of incandescent globes which were tinted in the color of the wine when it is red.

The sidewalks are being put into order for the steps which are wayward and the byways are being cleaned for soft falls. All in all there is a gentle air of getting busy which betokens something doing in the very near future.

Both Mayor Bransford and Chief of Police Sam Barlow, through his spokesman, professed sublime ignorance in regard to these activities. It is really astonishing how ignorant "American" officials can be. The real estate men of the city were also dumb and looked askance upon the map of improvements. But from indications it looks as if something is going to be done in the neighborhood of Greektown in the very near future.

Two complaints against Mrs. Dora B. Topham and four cases against the Citizens' Investment company, charged with renting property for immoral purposes in the "stockade," were stricken from the calendar by Judge T. D. Lewis this morning, on motion of P. T. Farnsworth, who was special prosecutor assisting County Attorney Lyon in the prosecution of the "stockade" cases last summer. The cases have not been dismissed, but will be retained in the files of the court for use in case of renewed activity at the notorious resort in Second South street.

BANK STATEMENT.

New York, Nov. 6—The statement of clearing house banks for the week (five days), shows that the banks hold $5,042,575 more than the requirements of the 25 per cent reserve rule. This is a decrease of $8,867,250 in the proportionate cash reserve as compared with last week. The statement follows:

Loans	$1,246,974,400
Increase	13,009,500
Deposits	1,241,160,500
Increase	7,446,200
Circulation	51,278,800
Increase	112,500
Legal tenders	68,530,400
Decrease	2,523,500
Specie	246,877,300
Decrease	4,482,200
Reserve	315,407,700
Decrease	7,006,700
Reserve required	310,365,125
Increase	1,861,350
Surplus	5,042,575
Decrease	8,867,250
Ex U. S. deposits	5,449,325
Decrease	8,873,850

The percentage of actual reserve of the clearing house banks today was 25.48.

The statement of banks and trust companies of Greater New York, not reporting to the clearing house, shows that these institutions have aggregate deposits of $1,272,045,600. Total cash on hand $148,517,000, and loans amounting to $1,200,810,900.

BANK CLEARINGS.

New York, Nov. 5—Bradstreets bank clearings report for the week ending Nov. 4 shows an aggregate of $2,544,771,000, as against $2,464,522,000 last week and $2,029,446,000 in the corresponding week last year.

The following is a list of the cities:

		Inc.	Dec.
New York	$1,298,207,000	19.5	....
Chicago	274,618,000	24.1	....
Boston	156,812,000	14.4	....

The Godbe-Pitts Drug Co.

Main & First South—(S. E. Corner)
Both Phones—140

Your patronage is solicited on merit—quality, quick service and low prices.
The Godbe-Pitts Drug Company is one of the oldest Drug houses in the city, well known as the "Old Reliable Quality Store."—Mr. Freed, manager.
The Dayton Drug Company is State Street's up-to-date Drug house—better quality, quicker service, lower prices. Mr. Walter Dayton, manager.

The Dayton Drug Co.

Second South & State—(S. W. Corner)
Both Phones—552.

LATE LOCALS

Judge McMaster to Talk—Judge McMaster of the juvenile court will speak at the Ninth ward meetinghouse Sunday evening, Nov. 7. There will also be a number of musical selections. Meeting at 6:30 p. m.

Choir to go on Records—The experts from the Columbian company of New York have not appeared yet to take the Tabernacle choir and organ records; but are expected every day. In view of the uncertainty of the date of their arrival the choir will not be called together before Thursday night.

Now Bricks Delay Game—While the brick men were delayed recently on the L. D. S. gymnasium, by the failure of the cornice men to get in their copper from the eastern mills, it is now the turn of the cornice workers to be delayed by the failure of the mason contractors to secure enough yellow brick as wanted.

Must Report Diseases—The sheep commissioners have sent out a circular calling on all sheepmen to promptly report scap and diseased conditions generally among sheep. The board will prosecute all not complying with the law. Up to date over 30 successful prosecutions have been conducted against flockmasters for failing to comply with the law.

Dr. Talmage to Speak—Dr. J. E. Talmage will address the con joint session of the Y. L. M. I. A. and Y. M. M. I. A. of the Seventeenth ward tomorrow evening. His subject will be, "The Apostasy." Music will be furnished by the ward choir and Melvin Peterson will sing a baritone solo. A general invitation to the public is extended.

Press Club Housewarming—Invitations have been sent broadcast to the members and friends of the Press club of Salt Lake for a housewarming in its new quarters to occur tonight. The function will begin at 8 p. m. and a general good time of the Press club sort is promised those who attend this evening. The club has recently transferred its effects to rooms in the office building of the Utah Gas & Coke company in Main street and the club is now fitted up with more of a Bohemian air than has prevailed in its former locations.

WARD ENTERTAINMENTS

Whitney Hall—Elder Byron Whitney, son of Bishop O. F. Whitney, has been called on a mission to South Africa, and will leave on the 12th inst., going via England. His friends in the Eighteenth ward have arranged a fine program as a farewell testimonial in his honor, and the event is set for Wednesday evening next in Whitney hall. Following is the program to be rendered:

Baritone solo........J. Wesley Clawson
Harp solo..........Miss Rhea Nibley
Soprano solo.........Hazel Taylor Peery
Recitation........Josephine Morris Goff
Quartet.....................
Enid Edmunds, Mamie Summerhays, Katherine Gabbott, Virginia Smith.
Contralto solo..........Erma Pendleton
Selection..Margaret Whitney Opera Co.

Admission will be free, but voluntary contributions will be accepted at the door.

WEEK'S BUILDING RECORD.

Building Inspector A. B. Hirth reported today that during the last week 28 building permits have been issued in Salt Lake City, with an aggregate value of $185,000.

THE UNIVERSAL METALLIC TIE COMPANY MAKING STRIKES.

Of the recent inventions, and particularly those that have had to do with Utah people, not one has created more wide spread comment than the metallic tie now being exploited by the Universal Metallic Tie Company.

The Board of Directors have been exceptionally busy in arranging matters preparatory to completing arrangements for the exploiting of the tie in the eastern market.

Since the organization of the company, nearly the entire issue of the stock placed upon the market has been taken up, and when the present issue shall have been consummated.

The tie has already been presented to many of the leading railway officials of the United States, and they have declared it to be the very best metallic tie ever presented to them.

Recently a representative of the Scientific American called upon the officers of the Company and manifested deep interest in the new patent.

At a recent meeting of the Board of Directors it was determined that the representatives of the Company should present the matter to the eastern railway officials, with a view of having the tie tested, and it has already been suggested that the tie be first tested on some of the Pennsylvania lines, preferably between Philadelphia and New York, where the enormous traffic would give the tie a most thorough test in a short space of time. It was at first thought that the metallic tie could not be successfully used on lines where the block signal system was in vogue, but it is now assured that any apparent objection can be completely overcome, and thus ensures the use of the tie on all the lines of railway, and under all conditions.

FUNERAL NOTICE.

The funeral of Miriam G. Chase will be held in the First ward chapel Sunday at 12 o'clock. Burial will be in City cemetery. The body may be viewed by friends at the home of Mrs. J. E. Coult, 980 Lincoln avenue from 10:30 to 11:30 tomorrow morning. Services were held in Payson, where her death occurred, today.

DIED.

RICKETTS.—In this city, Nov. 5, 1909, Mrs. Jennie S. Ricketts, at 234 west Sixth South street, aged 56 years. Time and place of the funeral will be announced later.

R. E. Evans, Florist, 36 S. Main St. Floral designs a specialty. Phones 961.

BOARD MEETS TUESDAY.

The board of education will hold a meeting to consider a number of important matters next Tuesday night at 7:30 o'clock. The building and grounds committee will meet Monday afternoon at 3 o'clock to open bids for a cement sidewalk on the high school grounds. The teachers and schoolwork committee will meet Monday afternoon at 4 o'clock. The committee on school law will present an extended report to the board at Tuesday night's meeting on the proposition of calling for the issuance of bonds to build a new high school.
