MARKET IS QUIET BUT STOCKS FIRM

May Day, Uncle Sam and Seven Troughs Form Redeeming Trio.

EACH MAKES A SMALL GAIN.

First Sells Heavy During Regular Call And Last Leads on Open Board.

The market was still quiet this morning, but $7,386.25 being represented by the 14,195 shares transferred during both calls. May Day more than contributed to the activity shown and climbed from 29 to 30½, 500 shares changing hands during the regular call. Uncle Sam, May Day's better half, also gained a cent, opening on the regular call for 69 and closing on the open board for 70. Seven Troughs was the leader, however, registering a gain of 3 points. Lots sold comprised 500 shares and less. The sales, totals and closing quotations for this forenoon follow:

PARK CITY, THE RELIABLE.

Shipped Seventeen Million Pounds of Ore During Month of May.

(Special to the "News.")

Park City, Utah, June 7.—While other camps are being boomed and boosted Utah's producing districts are saying little but are running along in their quiet dividend making way. There is no other camp which in returns every week and month that passes Park City. Bad weather or fine, winter or summer, its mines are producing—producing and shipping. The bad condition of the roads, due to the spring thaw; the water in the hills; and the Ontario drain tunnel choke-up, making deep work in the properties above the camp rather risky are hindrances to big work at the present time but the shipments for the month of May show handsome figures. The mines and the amount each shipped are shown in the following statement:

NOW TURNS TO BINGHAM.

Jessie Knight Commences Campaign Of Acquisition in New Ground.

(Special to the "News.")

Provo, June 7.—Jesse Knight is now invading Bingham. The North Bingham Consolidated Mining company has been organized with the following directors and officers: Jesse Knight, president; William W. Matthews, vice president; W. Lester, manager, secretary and treasurer; William Christopherson and J. William Knight. Provo is the principal financial center of the company. The capital stock is $100,000 in shares of the par value of 10 cents each, based on the valuation of the North Bingham Nos. 1, 2, 3, 4, 5 and 6 mining claims in Bingham mining district. Four hundred thousand shares of the capital stock is set apart as treasury stock.

MAY LEASE RALPH.

A. L. Booth and W. F. Giles Have Scheme to Extract Lily Mine's Ore.

(Special to the "News.")

Provo, June 7.—A. L. Booth and Wilford F. Giles of this city have presented to the directors of the Lily Mining company a proposition to extract the ores of the Ralph claim through the Lily workings, which are up to the ore in the Ralph. The Ralph is owned by the East Tintic Development company, but if the arrangements are made Messrs. Booth and Giles will obtain a lease in the Ralph. The Lily company has taken the matter under advisement.

GETTING GOOD ASSAYS.

Golden Triangle at Rosebud Has Find Which Promises to be Big.

News from the Golden Triangle has been getting better daily. The last bit of information received by local stockholders is more than pleasing to them. An assay developed in the Triangle's tunnel is going to be bigger and better than at first expected. An average sample from the three foot vein showed $1.00 in gold and 62 ounces in silver. Another sample taken from the footwall went still better, returning $1.20 in gold and 121 ounces in silver. The face of the tunnel is in this ore and while cross-cutting has been on for some time the hanging wall has not been reached yet.

WITH THE UNLISTEDS.

Quotations on the unlisteds yesterday were as follows:

	Bid.	Asked.

Weimer Copper	1.90	2.00

Standard and Crown Point were the leading sellers this morning. The former sold for 50 cents and the latter at 61, 67 and 70 cents. Yerington Copper was bid in at 22 cents; $4.90 was offered for Columbus; and $1.50 was offered for Mason Valley. Yerington Ironsides was offered in a block of 1,000 for 22. Copper Glance was bid in at 14 cents and Biscuit was wanted at 35.

CONCENTRATES.

Charles H. Scheu has returned from the Honerine. He reports the plant running in splendid shape.

During May the Cactus concentrating plant treated 31,959 tons of ore and 12 cars of first class ore went to the smelters, making the total output for the mine reach approximately 22,586 tons.

The Mason Valley has so far proved up its ore body, finding it to be 46 feet wide for a distance of 70 feet. This is the length of work completed. Work is being carried ahead slowly owing to the extreme hardness of the rock.

J. H. McMillan, a son of Asst. Postmaster McMillan of Boston, and a graduate of the Ogden High school, now attending the Boston school of technology, has thought out a method of treating ore upon a round table in concentration. His scheme will raise the capacity of a table from six to 100 tons per day.

H. B. Windsor has received a letter from the superintendent in charge of the Brewer and Garrison properties in Deep Creek bringing the information that, while no sensational uncoverings are being made, active development is progressing nicely with most gratifying results. Both properties are considered coming mines and work is being carried on to prove them up in good shape.

NEVADA HILLS LEASE IS RICH

Twelve Foot Ore Body in New Territory Carries Big Values.

STRIKE THE GREATEST YET.

Five Feet in Vein Goes $200—Six Feet $517—Ten Feet $101—Stuff Being Sacked.

The Nevada Hills mine, claimed by experts to be the greatest mine in the entire state of Nevada, has added two more records to her already established reputation, says the Tonopah Bonanza.

In tunnel No. 3 a new ore shoot has been opened up which will average more than $300 a ton; and the greatest strike yet made on the property is that which has just been discovered on the ground of the Nevada Leasing company. Roger Knox and J. J. Wickham, stockholders in the leasing company, returned from Fairview yesterday morning, bringing the particulars of the new find.

"The strike was made," said Mr. Knox, "on the crosscut from the 100-foot level, after we had gone 10 feet. My brother, Edgar, had wired of the strike, and we immediately proceeded to Fairview. I asked Edgar upon arrival if it was as good as he had telegraphed, and he told me that it was better, which fact I soon learned for myself.

"The ore body is an entirely new one, and not one that we were looking for, for it showed no croppings. It is 12 feet in width. Five feet of it went $200 a ton; six feet went right across it, $517, and for 10½ feet we got $101.47.

"This last assay was taken by W. H. Webber, general manager of the mine, and he says that it is the best and biggest strike that has been made on the property. We started sacking ore yesterday, and by this time our gallows frame must have arrived. We have a 25-horse power gasoline engine on the ground, and we are going to lose no time getting out the ore. Of course the big assay may not be the value all through, but the five feet of $200 ore looks pretty good to us, and what is perhaps better than anything in the 10½ feet of $101 ore.

"I saw the new strike in the company's workings, the three feet of $300 ore in tunnel No. 3. This is another new shoot, which had never been touched. It was three feet out from the footwall, and they do not know yet how far it will go. Tunnels 3, 4 and 5 of the company's workings are coming right toward our shaft.

"We have been working the lease for 10 months and have four months to go. This has always been known as the Knox brothers' lease, and three are interested besides Charles E., Edgar and my self, Harry C. Morris, F. M. Kirk and Dudley Baldwin of Cleveland and their associates, which includes Mr. Wickham, and others."

NEW COMPANIES.

The North Bingham Consolidated Mining company of Provo filed a copy of its articles of incorporation with the secretary of state today. The capital stock of the company is $100,000, divided into shares of the par value of 10 cents each. Jesse Knight is president; W. W. Mathews, vice president; W. Lester Mangum, secretary and treasurer. The company owns a number of claims in Bingham.

An amendment to the articles of incorporation of the May Day Mining & Milling company of this city increasing its capital stock from $100,000 to $200,000, divided into shares of the par value of 25 cents each, was filed with the county clerk today.

BINGHAM-MARY STRIKE.

The Bingham-Mary has opened a foot vein of good ore on its 350 level that averages 12.9 per cent copper. This discovery is considered one of the best made in the property yet. The vein was encountered about 250 feet from the shaft in a cross-cut. The Bingham-Mary sent a car of ore to the Ogden smelter recently but no receipts have been announced yet.

"OFFICER AND A GENTLEMAN."

Patrolman Kast Accused of Using Bad Language on Streetcar.

A. M. Kast, a police officer of this city, is accused of making an exhibition of himself on a streetcar yesterday which resulted in General Manager Murray of the Bell Telephone company writing a letter to Chief Sheets today wherein he complained of the conduct of the man.

As far as can be learned the officer is said to have entered into conversation with a clerk in the employ of the Telephone company regarding the linemen's trike. One word led to another and when the young man eyentually left the car Kast is accused of using language that no man who respected his uniform would indulge in.

BOY DROWNED.

Little William Donahue Loses His Life At Park City.

(Special to the "News.")

Park City, June 7.—While playing on the banks of Poison creek last night, William Donahue, aged 10 years, fell into the stream and was drowned. The body was carried down about a quarter of a mile, and was discovered about 2 o'clock this morning. It was about 10 o'clock when the accident occurred.

The boy's mother is a widow, and she has to take in washing to make a living. One of her sons went as a mascot with the Utah boys that went to the Philippines.

MARKET STRONG AND HIGHER

Operations for Long Accounts Resumed, Shorts Alarmed And Covered Freely.

NEARLY EVERYTHING BID UP.

Announcement of Gold Exports Checked Trading—Dullness Followed But Affected Prices Little.

New York, June 7.—Business was very much restricted in the opening dealings, but prices were generally higher. The United States Steel and Hill stocks were exceptions with small declines. Reading rose a point and Union Pacific and American Smelting ¾. Operations for the long accounts were resumed with confidence all through the list and the demand was somewhat varied, and the shorts took alarm and covered freely. The chief influential factors in advancing the list were the bidding for large blocks of Reading and Union Pacific and the resumption of yesterday's heavy demand for the local tractions. A check occurred in the rise toward 11 o'clock, but there was no yielding of consequence. The principal advances noted were Union Bag preferred 3, Chicago Great Western preferred "B" 2¾, Reading, Big Four 2, Union Pacific 1¾, United Railway Investment preferred 1½, Kansas & Texas 1⅛ and Canadian Pacific; St. Paul, Anaconda, Northern Pacific, Pennsylvania, New York Central, Sugar and Smelting 1. American Malting preferred dropped 3¾.

The rise was extended before a check came from the announcement of large gold engagements for shipment to Europe. New York, Chicago & St. Louis gained 2, Great Northern preferred 1½, and Atchison, Missouri Pacific and United States Pipe 1.

Bonds were firm.

There was not enough trading or movement on the market between 12 and 1 o'clock to warrant comment. Stocks sold sparingly this afternoon because of the extreme dullness and there was very little extreme dullness and there was very little effect on prices outside of Reading and Smelting, which sold a point below their best. Smelting preferred improved 1, American Beet Sugar 1⅛ and United States Pipe 1⅝.

PRODUCE.

CHICAGO.

Chicago, June 7.—The wheat market today opened active, with pit traders selling in lively fashion. Prices were weak because of favorable weather for the crop. The weather conditions in this country completely offset the report of firm prices at Liverpool. July wheat opened ⅛@¼ to ⅜@½ cent lower at 96⅝ to 96¾, and then sold to 96⅜. September opened ⅜ to ⅝ cent lower at 98⅝ to 98⅞, and declined to 98½.

The corn market opened firm and with a moderate amount trade. Prices were higher at Liverpool and the cold weather throughout the corn belt was considered unfavorable to the crop. July opened ⅛@¼ cent higher at 54¼ to 54⅜, sold at 54½ and declined to 54¼.

The oats market opened active and weak. Prominent bulls renewed their selling of July which depressed yesterday market. July opened unchanged to ¼ lower at 47⅜ to 47½, sold at 47⅜, then declined to 47¼.

Provisions were quiet and steady. July pork was 2½ cents lower at 16.25; lard was a shade higher at 9.05, and ribs unchanged at 8.75.
