If ones eyesight lacks clearness and causes distress it needs attention. Perhaps a properly fitted lense will bring relief and perhaps it will not.

We have equipped a department purposely to determine why ones eyes do not perform their mission, without charge for examinations. If glasses will remedy the trouble we have a scientific optician to fit them, who charges only for the glasses, and if the patient needs other treatment such information will be given free.

Place yourself in our care and it will save you money and trouble.
