GENEALOGICAL.

To Latter-day Saints who are interested in Genealogical Matters:

By and with the consent of the proper authorities, I have consented to go to the Eastern States during the present winter, to GATHER THE GENEALOGIES that may be found in those parts. During my recent visit to those parts I prepared myself with facilities that will enable me to procure genealogies with a fair degree of certainty, and in proportion to the number of names in any family. The cost will be but a very small portion, of what it would cost each family separately. This is a rare opportunity for those living in Utah, Pennsylvania, New York, New Jersey, New England, or Eastern States, to have ancestral records searched at a small cost, and circumstances warranting, will be pay expenses, etc.

Hayes' Silver Wedding.

WASHINGTON, 31.—To-night, at the Executive Mansion, was quite a scene of happy enjoyment on the occasion of the silver wedding of the President and Mrs. Hayes. The guests present did not number quite a hundred. The blue, red and green parlors were decorated with choice flowers from the conservatory of the Executive Mansion. The east room and main corridors were refulgent with light and odorous with evergreens and exotics. The wedding party was called to dinner, which took place in the state dining-room at 10 o'clock. The entertainment was enlivened with music by a portion of the marine band. The party partook, altogether, of the character of a quiet social entertainment, and was attended by none of the scenes that characterize official receptions at the Executive Mansion. The President and Mrs. Hayes received telegrams from old friends congratulating them. At a comparatively early hour the guests withdrew with many expressions of kind wishes for the future welfare and happiness of the distinguished hosts.

Lawlessness and Bloodshed.

GARLAND, Colorado, 31.—A reign of lawlessness and bloodshed prevails here. Four men were shot this afternoon in a saloon, and this evening George M. Clay, a lawyer residing here, entered a concert hall, had a dispute with the barkeeper, whom he cut with a knife, and was then himself shot through the temple.

The Newly Discovered Petroleum Springs.

DEADWOOD, D. T., 31.—Major Conkling and Wm. Baldwin returned from the newly discovered peroleum springs on Saturday. They state that the springs are located in Wyoming Territory near the Cheyenne River and that there are two wells or springs from which a fine sample of crude lubricating oil is taken at the rate of two barrels per day. Several parties have already taken up squatters' claims on the ground. Mr. Baldwin, who has had extensive experience in the Pennsylvania oil regions, pronounces these indications superior to any he has seen.

$100,000 Fire.

LAFAYETTE, Ind., 31.—The Union Flouring and Linseed Oil Mills were destroyed by fire this evening; loss on building and machinery $100,000, insured $20,000.

Damage by Swollen Streams.

DANVILLE, Va., 31.—Heavy rains have swollen the streams, damaging the railroad bridges. On Sunday one span of trestle of the new bridge over the Staunton River, Va., Midland road, was washed away preventing trains from passing. Transfers were made to-day. It will be one week before trains can run through, but connection will be made daily. In the evening two more spans were carried off. There will be delay by transfering to boats. No night trains till further orders.

WESTERN.

China and Japan News.

SAN FRANCISCO, 1.—The Pacific mail steamer *China* has arrived, bringing the following news from HongKong *via* Yokohama:

Hong Kong, November 23, Shanghai, 24.—O. B. Bradford, the former United States Vice-Consul General, arraigned on twenty-five criminal accusations, including embezzlement, extortion, fraudulent returns of vouchers, and general malfeasance in office, pleaded "technically guilty," which plea was rejected by Consul General Wells, who ordered a plea of guilty to be recorded. Bradford petitioned that the case be referred to the home government. Wells consented, and was also granted the privilege of bail, but no security can be found, and Bradford remains imprisoned. The affair continues to excite great interest. Minister Seward has come from Peking to watch the proceedings.

Yokohama, December 6.—The chief political topic is the proposed revision of treaties, with a view to the resumption of control of the customs tariff and the exclusive coasting trade by Japan. The desires of this government are fully communicated through the Japanese envoys to the foreign powers.

Sima Naonoba, now vice-minister of foreign affairs, sails for Europe in January. His position will be minister to Paris, senior of the diplomatic corps abroad. His actual duty is to watch over the treaty revision. No proposal relating to extra territorial jurisdiction will be submitted. If the control of tariff is restored to Japan, export duties will be abolished and new ports opened.

The national Exposition in Tokio closed on November 30 with imposing ceremonies by the emperor and the highest officials of the state, after 100 days of uninterrupted success.

The United States ship *Tennessee* sailed on December 4th from Yokohama on her homeward voyage. The officers were entertained at a brilliant ball given by the community on December 3rd.

A massive iron bridge over the Rokugo River, constructed for the use of the Tokio and Yokohama line, at an estimated cost of $52,000, was opened for traffic on November 27th.

Crop Prospects.

Dispatches from all portions of the State, published this morning, show that the southern counties have had from four to six inches of rain, nearly equal to the entire fall of last season. The northern portion of the State has had from three to four inches. The crop prospects are generally very encouraging.

FOREIGN.

GREAT BRITAIN.

The Caffre Trouble.

LONDON, 31.—The new anxiety touching the Caffres, as indicated in ordering the 90th Regiment to be in readiness to depart from Aldershot for Cape Town, and the remarks of Sir Bartle Frere, Governor and commander-in-chief of Cape Colony, that he considers the situation on the Caffre frontier extreme dangerous, results from the return of Kreli Galek the chief, at the head of his tribe, into the Transkei Territory and the threatening state of relations with Cetewayo, Chief of the Zulus, owing to a dispute about certain territory heretofore held by the Transvaal republic, but claimed by Cetewayo. Notwithstanding that negotiations are pending with the Zulus, news has reached Natal that Cetewayo's army has occupied the disputed territory. Cetewayo is the most powerful of the native chiefs contiguous to the British settlements. It is not believed that war with the Zulus will result. The imminent danger is the spread of trouble in other tribes in consequence of the return of the Galekas, who were believed to be thoroughly defeated.

England's Note to Russia.

A correspondent at Vienna says Lord Derby has sent a note to Count Andrassy, expressing the hope in view of the desire of Europe for peace, other powers will assist, as much as possible, England's steps in favor of mediation.

The following is stated to be the text of England's note to Russia: "Her Majesty's Government begs to inform the Emperor that the Porte is ready to open negotiations. The Emperor's wisdom and repeatedly expressed love of peace, justify Her Majesty's Government in the hope that he will lend a favorable ear to the Sultan's request."

It is said that Russia has already replied to England's note that if the Turks desire an armistice they must apply direct to the Russian Commander-in-chief.

A Paris correspondent also says he has reason to believe Prince Gortschakoff has declared that Turkey must know that Russia has always been ready to listen to proposals of peace and that the presentation of peace proposals by an intermediary appears unnecessary.

Eastern War News.

After an exceedingly difficult passage over the snow-covered mountains and frozen footpaths, the vanguard of a Russian division has occupied the Balkan passes between Crabakonk and Sophia, and cavalry has already been stationed on the Sophia roads. The Turks were taken by surprise, consequently the Russians lost only five wounded. Along the eastern front, namely the River Lom, the Turks have withdrawn from all their positions, leaving only small armed bodies, composed of troops and inhabitants. The latter, with arms, retire to the woods after burning their own villages.

It is rumored that the Turks retreated from Sophia after burning it, and are marching towards the Schipka Pass to bar the Russian advance upon Latar Bazardjik.

Negotiations for the surrender of Antivari have been broken off because the commander demands that the garrison should be allowed to leave with all their arms, and even artillery, and go to Scutari. The Montenegrins recommenced a bombardment.

War Projectiles.

An American draughtsman has been employed at Woolwich arsenal for some days sketching the latest improvement in projectiles, in virtue of permission accorded Welsb, the American minister, by the British war office.

Ex-Queen Isabella Banished from Spain.

A Paris dispatch says the Spanish ambassador here has formally notified Minister Waddington that the Spanish government has broken off all relations with ex-Queen Isabella, whom it regards as insane. She will never be permitted to return to Spain.

ITALY.

Midhat Pasha Summoned to London.

ROME, 31.—In compliance with a summons by telegraph, Midhat Pasha has started for London. His journey is said to be connected with England's acceptance of the Porte's request for mediation.

Mamma sat in the nursery sewing, with baby May playing at her feet. Six-year-old Lou was there, too, tending her dolly, and mamma was talking to her of the duty and pleasure of being kind and generous to those not so well off as ourselves. Lou drank it all in eagerly; her eyes grew bright and earnest. "Oh, mamma," she cried, "if baby had something awful pretty, and there was a real poor little girl coming along the sidewalk I would go right off and give it to her!"
