THE LAKE BATHING

Is Rendered Perfectly Delightful by the Rise in Temperature.

EXCURSIONS NOW IN VOGUE.

Many People at the Lake—Pioneer Day Prospects—Heavy Travel to Alaska.

The weather manipulator has been rather severe on the bathing resorts this year, as, in consequence of the comparatively chilly atmosphere that has prevailed almost up to the present, the temperature of the Lake has not been high enough to encourage a great amount of bathing in its waters. This week, however, the temperature has risen, and while nearly everybody in town hunt the shady places and spend much time in wiping off perspiration, the Lake bathers declare the temperature of the salt water is now perfectly delightful. As a result of this increased warmth, which makes the Lake water register 72 degrees, hundreds of people enjoyed a dip in the briny waves yesterday. From this time on till toward the close of the season there may be expected a revival of the pleasure of Lake bathing.

Notwithstanding the comparative dullness of the summer of 1895, the tourist traffic to Alaska is heavier this year than ever before. Now is just the season for visiting the frozen north, whither numbers are being attracted in the search for gold as well as for other purposes, and in consequence of the increased traffic the steamers have increased their rates. There may be hard times in some places, but it is not on the passenger steamers that ply northward from Victoria, B. C.

Between six and seven hundred people are reported at Garfield today with the Nineteenth ward excursion.

The Relief Society excursion below the dry altSaltair tomorrow. An entertaining program is arranged, including an exhibition by Christensen's dancing class, singing by the Old Folk's choir and Mrs. Agnes Olsen Thomas, and other pleasing features.

The Seventeenth ward has arranged for its excursion to Garfield on Friday.

More than two hundred bathers were in the water at Garfield yesterday, reporting the lake in fine condition for bathing.

The Twenty-fourth is likely to see a large crowd in Salt Lake from the neighboring counties, since, in addition to the usual holiday rate, the railways have arranged for special cheap excursions to this city from Weber, Davis, Utah and Juab counties.

A Winsome Little Maiden.

An additional ray of sunshine has just found its way into the happy home of Mr. and Mrs. George W. Reed Jr., of the Twenty-first ward, in the form of a compact little eight pound bundle of humanity. The new arrival is, like the latest tot which recently made its advent into the family of President and Mrs. Cleveland, at Gray Gables, a member of the gentler sex. Mrs. Reed and her daughter are progressing nicely.

Like the sands of the seashore the purchasers of Dr. Price's Baking Powder are multiplying.

How They Heard the Gospel.

TULLAHOMA, Coffee Co.,
Tenn., July 6th, 1895.

Editor Deseret News:

Hoping this will help some other persons who have been tossed about by every wind of doctrine as we have been, we desire to tell how we became Latter-day Saints, or Mormons. It was by two Elders passing through this county who were laboring in another county. They left a little book with my neighbor, who gave me the privilege of reading it. The name of the book was the Voice of Warning. I was what is called a Campbellite, or member of the Christian order. Not many days passed after the book was read when my wife, feeling she was being led in the darkness of creeds, went to the Lord in secret prayer three mornings in succession. The third day her prayer was answered. She prayed that the right light would be sent, that she might walk in it. Late that afternoon she saw two gentlemen coming to the house and felt in her heart they were the messengers who were bringing the good tidings, although she had never seen them before. She did not wait for the rap but said "Praise the Lord and hastened to open the door. They were seeking shelter for the night. After being turned away by some of my neighbors, they were led by the Lord to my house. My mother was a Methodist, and could hardly bear the name of Mormon spoken in her presence, she had heard so many falsehoods about them. But when she heard the truth she accepted it with great pleasure; also my wife and I accepted the Gospel, also two of my neighbors. Elders Henry Smedley and Henry A. Grover baptized and confirmed us into the fold. We give God the praise. Our Campbellite minister called on us while the Elders were with us. He told the Elders he had no power from on high to baptize; so as he had baptized me I thought I had better be baptized by one having authority.

INDIANS WERE "HEAP SCARED."

George Rode Up the Elevator But Frank and Joshua Shook Their Heads and Said "No."

There was an incident very amusing in its character witnessed at the entrance to the Dooly block last evening just before business closed for the day. Three Indians were the principals in it. They were George, about forty-five years of age, and Frank and Joshua perhaps twenty and twenty-five respectively.

They had come up from Provo, they said, to get a pass from Marshal Brigham to visit Black Hawk at the penitentiary, who is confined in that institution for killing his squaw. When they arrived at the elevator opening they exhibited open-mouthed astonishment at the rapidity with which the great "tilt" went up and down. George was willing to get in and ride, but the two younger bucks backed off as far as the walls would permit and shook their heads. Deputy Marshal Timmony and a representative to the NEWS sought to induce the youthful red men to enter the cage but they continued to display their fear and to declare as they indicated with their hands the ascent and descent of the elevator, "Injun heap scared—go too fast. Stay on the ground." And amid the laughter of the crowd they did stay on the ground until George came down with passes for the penitentiary issued by Marshal Brigham.

TAKE STEPS

in time, if you are a sufferer from that scourge of humanity known as consumption, and you can be cured. There is the evidence of hundreds of living witnesses to the fact that, in all its early stages, consumption is a curable disease. Not every case, but a *large percentage of cases, and we believe, fully 98 per cent.* are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. [illegible] and [illegible] mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophosphites had also been faithfully tried in vain.

The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. You can then write to those who have been cured and profit by their experience.

HEIR TO $90,000.

So It Was Claimed In Behalf of Walter Warren.

William Ditchfield Believed It, and Was Led to Trouble That Caused His Arrest—He is Exonerated.

The trial of Wm. Ditchfield, in U. S. Commissioner Sommer's court today, on a charge of obtaining property under false pretenses, resulted in a decided victory for Ditchfield. The complainant, Walter Warren, said he had sold Ditchfield some furniture, and then had endorsed a note by which Ditchfield borrowed $35 at the National Bank of the Republic, to pay for the goods. He also said that a tool chest and tools were obtained from Mrs. Warren by Ditchfield on the false representation that they had been transferred to him. Ditchfield's testimony was in substance that the furniture and tools were held by him as security for the $35, which he had to pay the bank, and that Warren had given him a written order to get the tools, which had been burned with Mr. Lewis's house in Tooele, a month ago. This latter statement was corroborated by Mrs. Warren.

The romantic part of the story came out in the evidence of Mr. Knox, president of the bank. He said that in September last the two men came, and Ditchfield, with whom he was acquainted, stated that Warren wanted to borrow $35 to help him get back to England. Warren, it was said, had fallen heir to some $90,000 in the old country, and his presence was needed there to enter into possession. Upon Ditchfield's endorsement, Mr. Knox said, he loaned the money, which was repaid by Ditchfield.

On this showing, Commissioner Sommer concluded that Warren's story about the tool chest was as big a fake as his yarn about the $90,000 legacy, and promptly discharged Ditchfield from custody.

State Road Inspection.

This afternoon the members of the county court and representatives of the press took a trip to inspect the condition of the State road. A special Rapid Transit car left the joint city and county building at 4 o'clock. The bridges and roads where shale has lately been placed will receive their special attention.

Marion Harland's daughter strongly indorses Dr. Price's Baking Powder.

Police Pointers.

Last night the police brought in seven keepers of houses of ill fame and fifty inmates. The keepers, Sidney Davis, Mary Williams, Em De Mar, Essie Watkins, Helen Blaze, Ida Walker and Addie O'Neil, left $17 each and the inmates $9.50 each except one who left $7. On their failure to appear they forfeited their cash.

John Kimble and Mike Boyle were arraigned for drunkenness. Kimble was discharged but Boyle was fined $5.

William Wallace plead guilty to carrying a concealed weapon and was fined $10.

John Bergen (positively not Taller Bergen) plead guilty to being drunk and he was given until 4 p. m. to get out of town.

D. E. Carpenter was found guilty of beating his wife and as a punishment he will spend twenty days at labor for the city.

The case of the People vs C. F. Maly was continued until tomorrow at 2 o'clock.

This afternoon the case of the People vs William Rose, for carrying burglar tools, was tried in the justice court before a jury of six men. The defendant alone had no counsel, but showed ability in cross-examination.

Detective Sheets was the first witness for the prosecution. He stated that he arrested the defendant and found the keys and saw upon him. Policeman Janney identified the keys as those used by burglars to gain admittance to houses. He stated that the defendant served a term in the penitentiary for housebreaking. Captain Donovan stated that the tools were such as are usually found on burglars.

James P. Costello was a witness for the defense. He testified that he had given a note to Rose, directed to a friend, Irish Jack, asking him to let Rose have the keys as Rose had lost his key and was not able to obtain one at a store as it was Sunday.

The jury found the defendant guilty. The court had not passed sentence when the NEWS went to press.

The charge against D. A. Raleigh of assault with a deadly weapon with intent to do bodily harm was withdrawn on motion of the prosecution and that of battery substituted. The case against Raleigh and Beatty will be taken up tomorrow afternoon.

James Castello plead guilty to a charge of vagrancy. He will leave town.

Chronic Diarrhoea in South Africa.

For over six years I was a constant sufferer from chronic diarrhoea. I tried a great many remedies yet could get no relief. By chance, I noticed an advertisement in the newspaper calling attention to Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sent for a bottle, and before half of it had been taken I was completely cured.—F. C. KNIGHT, Vrededorf, Orange Free State, South Africa.

It Saves Children.

Last summer, we had a child suffering from bloody flux, when we came into possession of a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I gave some of it to the child according to directions. It afforded almost instant relief and effected a permanent cure. I can cheerfully recommend it.—GEO. JENKINS, Cedar Creek, Taney Co., Mo.

The Best Medicine for Diarrhoea.

Mr. Cruger, of this place, had been troubled with diarrhoea for three or four weeks and failed to get anything that would check it effectually, until he used Chamberlain's Colic, Cholera and Diarrhoea Remedy, two doses of which effected a complete cure. He says it is the best medicine he ever saw for such cases. Also that he has given it to several families and they always praised it.—R. L. ANDREWS & BRO., Sandy Flats, Greenville, Co., S. C.
