OGDEN.

OGDEN, UTAH, - AUGUST 2, 1894.

Grand Jury Report.

The special grand jury, which was called during the strike, finished their business yesterday and after returning nine indictments, six under the United States and three under Territorial laws, ignoring sixteen cases and heading in their report, were discharged by Judge Miner. In their report they say:

Having been requested by your honor, in your charge, to inquire into the conduct of the railroad companies, it having been openly charged that the companies, for the purpose of complicating existing difficulties, and thereby throw the onus of all troubles upon the strikers, had conspired to refuse to run trains. We have examined into this case carefully, and with great particularity, but are unable to find one iota of evidence to sustain it. On the contrary all the evidence on the part of the officers of the different companies, as well as that of many other disinterested witnesses, goes to show that useless persons prevented the trains from moving, notably on the 3rd and 4th of July, for which acts none were indicted. In pleasing contrast with it, the conduct of Mr. Exner and his deputies, on all occasions and under all circumstances, was beyond praise. We are glad to make this statement, believing that hereafter, should occasion arise, it will make others see their duty as he did his.

The majority of the law cases docketed and order mentioned as all assure, officers must realize that they are expected to act with promptness and decision, for the criminal elements may be discouraged, life and property protected, and that, their fellowship with lawless mobs will be frowned upon and severely condemned.

While the longest time devoting upon our considering of inquiring into the various new matters arising from the strike, and we, in duty bound, found according to law and evidence, having no alternative but to indict or totally ignore, as in the case of indictments, yet indulge the hope that the court in its more enlarged sphere will see the way clear, except in the more aggravated cases, to be as merciful and lenient as possible, taking into consideration that many misguided men have heretofore led a blameless life and hardly realized that they were disturbing one of the main foundations of our government, that of carrying the mails. In some instances, also, it should not be overlooked that their families will be the chief sufferers, and we, in this connection, deem it not out of place to request the railroad companies the generosity so to engage the better element of the strikers will demonstrate to the world and themselves that a renewal of confidence can safely be reposed in their employes, the result being beneficial to all.

The report is signed by Fred J. Kinsel as foreman.

Runaway.

As Mrs. Lee, of Twenty-seventh street, accompanied by her two daughters and a little Miss Belnap, were returning from Nob Hill last evening their team became frightened by the tongue dropping, and commenced to run down the hill on Twenty-fourth street. On reaching Monroe avenue the team was guided towards the sidewalk, where the buggy was overturned in a ditch and the occupants thrown violently to the ground. Mrs. Lee sustained a sprained arm and some slight bruises about the body; little Miss Belnap sustained more severe injuries about the head and was for a considerable time delirious; the other two ladies escaped without injury.

Notes.

Hon. C. W. Penrose was in Ogden this morning.

Two carloads of cattle came in from the north this morning and were shipped on to Salt Lake.

The two Chinamen arrested for selling fish from the Ogden river were fined $20.00 each by Commissioner Perrin yesterday.

All strikers who have been arrested—about forty in number—charged with obstructing mail will be brought forward to plead on the morning of the 6th inst.

W. A. Kirkwood, arrested on a charge of fornication, and who it was stated married the girl, is still in custody; the report being incorrect as to the marriage. He claims that he is not the father of the child and refuses to have anything to do with her.

J. A. Wright is the plaintiff in a suit brought against the U. P. railroad for damages to the amount of $25,000. Wright was in a wreck in Carlin about two years ago, the effects of which necessitated the amputation of his right leg.

Mrs. Corse, wife of the U. P. freight agent at Ogden, died in Omaha last evening, where she had gone for her health. Mr. Corse left last night for Omaha and will undoubtedly accompany the remains of his wife home. He has the sincere sympathy of a host of friends.

Many of the people who went to Echo yesterday returned early in the afternoon and those who remained until night were heard complaining greatly of their day's outing on account of the few accommodations to be obtained. Those who went to Hailey returned in high spirits and were much pleased with the way the day had been spent.

WHY

WE ARE often asked, should we pay $125 for a STERLING BICYCLE when there are so many other makes of wheels on the market that we can get cheaper? Well, ask the man who has tried the cheap wheel once. He

DON'T

try it twice. When you buy a STERLING that settles it. No monthly repair bill, bearings true, tires perfect, wheel always ready for use. Can't afford to pay $125, you say? Why

YOU

can't afford to do anything else. A STERLING BICYCLE don't eat, costs you nothing for board and lodging, no repair bill, and never wears out. You

RIDE

in the street car every day, spend $6.00 a month in street car fare, and have nothing at the end of the year to show for it.

A

good business man sees the force of this argument at once. Don't you? The STERLING is a four-time

WINNER?

On the road and track you always find the STERLING boys and the pink colors at the front.
