LAST NIGHT'S DISPATCHES.

CONGRESSIONAL.

SENATE.

Thurman, pending the motion to lay on the table the Webb Australian steamship subsidy bill, made a motion for the purpose of tabling the measure, which was agreed to, 33 to 31.

Bayard, from the committee on private land claims, reported a resolution, which was adopted, directing the Secretary of State to make enquiry through our Minister to Mexico concerning the American records, relating to lands in Arizona and New Mexico, and the best method and probable cost of procuring transcripts of the same; adopted.

Cragin, Morrill, of Maine, and Bayard were appointed a committee of conference on the bill to build six new sloops of war.

On motion of Sherman the substitute reported from the committee of finance for Buckingham's Banking bill was taken up. The third section of the substitute was amended so as to make it mandatory upon banking associations, on and after January, 1874, to redeem their notes at such localities as are now or may be hereafter designated by law, either in coin or U. S. legal tender notes. The sixth section was struck out, as being law already in substance.

HOUSE.

Banks introduced a resolution recommending the President to communicate with foreign Governments, with a view to protecting non-combatants, and to secure compliance with the usages of civilized warfare, to encourage emancipation and to promote peace between Cuba and Spain.

Porter introduced a bill to refund the special income tax of five per cent, paid by the officers and soldiers of the U. S. army and navy.

Rogers introduced a bill to abolish the tax on liquors distilled from fruit.

Stevenson introduced a bill for the appointment of a board of three commissioners to inquire into the condition of all railroads aided by government grants of lands and bonds, the report of the same to be made at the next regular session of Congress; referred to the select committee on the Union Pacific road and the Credit Mobilier.

Tuesday, the 11th inst., is assigned for the consideration of the bill to reduce letter postage. The vote will be taken at three p.m. on that day.

Friday of next week is assigned for the consideration of the bill to provide for the distribution of the Geneva award. The previous question will be called on that day.

On motion of Merritt, the bill to aid in the execution of the laws in Utah was referred to the judiciary committee, with leave to report at any time. Adjourned.

EASTERN.

WASHINGTON, 3.—In the Wilson committee this morning, Spence, formerly assistant treasurer of the Union Pacific, produced the original memorandum of the checks and drafts for certain parties, for the $126,000 fund, with the subsequent endorsement by witness of its distribution, including items to James F. Wilson, $19,000, Gen. G. M. Dodge $24,500. Slocum asked if the witness did not give the $19,000 to C. W. Bushnell instead of to Wilson. Witness replied in the negative. He would not admit that he had made a mistake if Bushnell should say he received the check. Wilson, chairman of the committee, goes to Boston to-night to examine the company's books. On his return he will stop at New York to see Clarke, president of the company. On Thursday or Friday he will go to Philadelphia and examine the check for $19,000, which Spence alleges he gave to J. F. Wilson. The chairman expects to return on Saturday, and in the meantime the investigation will proceed.

ANNAPOLIS, 3.—The jury in the Wharton trial, which had been out since Friday, were discharged this morning, being unable to agree. They stood 8 guilty, 4 not guilty.

BOSTON, 3.—The Cunarder *Olympia* has arrived. She encountered terrific gales and lost four of her boats overboard.

PITTSBURG.—Four boilers at the American Works of Jones & Laughlin exploded this a.m., and completely demolished the sections of the buildings. About three thousand persons were employed at the time of the accident. Six dead bodies were found up to noon. The entire number of killed is yet unknown. Thirty were injured, but few seriously.

PHILADELPHIA, 3. — This afternoon the boiler of Wood's foundry company, at Hoboken, exploded; it is reported that eight men were buried in the ruins.

PITTSBURG.—Seven bodies have been extricated from the ruins, more or less mutilated and blackened. Many were severely injured.

WASHINGTON.—C. W. Bushnell was recalled and testified that in October 1871 he came to Washington to secure legislation to authorize the Union Pacific to give a mortgage on the Omaha bridge. The Iowa members would not move an inch. He sent for General Dodge, who in fifteen days put the bill through Congress. The company paid Dodge for his services and expenses $24,500, which should have been charged to special and legal expenses.

The House Judiciary Committee voted 4 to 4 on the bill authorizing the rehearing by the courts of the famous Santillian claim, a Mexican land grant covering the site of property in San Francisco now worth a million dollars. The Supreme Court, years ago, rejected the claim as fraudulent.

NEW YORK.—At the opening of the Greeley will case at White Plains, a note was read from the Misses Greeley withdrawing from the contest; the will made in 1871 was then proved. It is stated that Greeley left property to the value of $206,000, and Mrs. Greeley $19,000 more.

Before Judge Boardman, Don Passas, of the counsel for Stokes, continued the argument on the motion for a new trial. He urged at length the unconstitutionality of the new jury law as one of the main reasons for the reversal of the judgment.

Commissioner Davenport has decided to hold Woodhull, Claflin and Blood to await the action of the grand jury, on a charge of sending obscene matter through the mails.

CANADA.

QUEBEC, 3.—The court house was completely destroyed by fire yesterday, with all the records of the Province, since its foundation, together with many title deeds and other important legal documents. The fire one time was in the Anglican Cathedral, but it escaped uninjured.

EUROPEAN.

MADRID.—The infant Prince was yesterday christened Louis Amador Fernando. The members of the Cabinet and the diplomatic corps were present at the ceremony.

PARIS. — Dispatches from the south of France say that the remnants of the Carlist bands are crossing the frontier and seeking refuge on French soil.

L'Univers has reports from a Carlist source, representing that several bodies of insurgents in Spain effected a junction on the 31st, under the command of Ullo Lissarage, and now occupy excellent positions and are preparing to attack Gen. Moriones, whose line of retreat is cut off, his reinforcements having been intercepted.

Thiers attended a sitting of the committee of thirty, and at considerable length presented his views in the constitutional project which the committee had submitted to him. He said the scheme contained ill-disguised attacks on himself, but he would accept it if certain amendments, which he declared indispensable, were adopted. After a searching criticism on the project in detail he urged the necessity of being free to address the Assembly on questions of general policy, and concluded as follows: "You humiliate me, I accept the humiliation, but I will not become a political maunikin. I am only a little Bourgeois, but the power your conditions leave me would be contemptible." He will appear again before the committee on Wednesday.

LONDON.—A despatch from Lisbon says that the Spanish steamer *Murillo*, which sank the immigrant ship *Northfleet*, in the English Channel, had just been sighted off that point; it was supposed that she had been ordered to leave Cadiz.

The new United States funded loan will be placed on the market to-day. It promises to be a great success. A large transaction has already taken place in anticipation of the opening of the books in the morning. The papers quote the scrip at 5-8 premium. The *Daily News* says the introduction of the new American loan is an event of great interest, and marks the steady progress of the United States in European credit. The Americans are now reaping the reward of their financial temerity.

Numerous wrecks are reported on the English, Scotch and Irish coasts. No American vessels are yet mentioned.

Athens.—A terrible earthquake has occurred in the island of Samos, causing great destruction of property and loss of life.
