A PLEA FOR WIMAN.

Staten Island Citizens Sign a Petition to Judge Ingraham

ASKING HIM TO SHOW MERCY

Jointly to the Recommendation of the Jury and the Past Record of the Convicted Man.

NEW YORK, June 19.—A petition to commutation on Staten Island asking that mercy on Martin Erastus Wiman is passing endorsers upon him. It reads as follows:

To George L. Ingraham, Justice Supreme Court, New York City:

We, the undersigned, residents of Staten Island and friends and neighbors of Erastus Wiman, respectfully ask to submit to your honor this petition that mercy recommended by the trial jury which convicted Mr. Wiman.

We petitioners for long years past have known him as a devoted husband, a kind father, a just man, the friend of the afflicted and the widows, and the friend of those who mourn. In all good works and charitable deeds he stood to the credit of Staten Island and its people. Erastus Wiman has not been treasonable. To those who are in sickness, in need, or adversity, his time, his active and his money have not been given.

By the young man struggling onward and to the old ones sinking down he has always seen the hope and the help. The very children have been his care, and the poor whom we have with us are in sorrow because the time is dark and trouble has come upon him.

We merciful to this man, whose mercy has so largely been given to our service and whose thought has been for our benefit. Be merciful to the sixty years of labor that are behind him. Let his name be unimpeachable in our national annals. That all should be merciful is equally true. Be merciful, for as God must be merciful to you, and your petitioners will ever pray."

The Children Murdered.

LEXINGTON, Tex., June 19.—Reports from San Pedro of the murder of two children in order to obtain $3. The children had been sent from a ranch to town to pawn some articles and take the money. On their way home they were murdered. Every effort is being made to catch the murderers, a reward of $500 being offered for their arrest.

THE POLICE IN A MESS.

On Treatment of a Negro Cooper Much Excitement.

CHAMPAIGN, Ill., June 19.—The police force of this city is in another very mess, much of which is the outcome of the alleged whipping of the opium-sick patient by Chief of Police Kent. A few days ago Policeman Hagan had a controversy with a negro named Ballinger, which culminated in Hagan striking an assault. Later he was arrested and when brought to trial was found guilty and fined. Chief of Police Kent was around yesterday for whipping the negro, who was afflicted with smallpox and died two weeks, and his case will come up for trial next Thursday.

The episodes surrounding this affair have aroused intense excitement in both this city and Urbana. The citizens people of the two towns propose to see that some one suffers for an mental treatment that one of their fellow received, and no doubt the whole matter will be brought to the attention of the grand jury.

Successors of Spanish Troops.

SAN FRANCISCO, June 18.—Among the passengers who arrived on the steamer Belgic from the orient today was Charles H. Cowan, ex-United States consul to Manila. Mr. Cowan has been in the Philippine Islands for the last two years, and has just been relieved from office. The Philippine islands have been the scene of much trouble for many years. About two months ago, there was an uprising among the natives on the island of Mindanao, which resulted in the massacre of Spanish troops.

One company of eighty men, which left the fort in the principal seaport town, was overpowered and the garrison totally murdered. Six thousand troops have been sent to Mindanao to check the revolt.

Hungarian Villages Inundated.

LONDON, June 18.—A dispatch to the Standard from Maliatica and Vienna says that the West valley in Hungary, from Trencsin north to Pruchitz, has been inundated. Portions of the towns and districts of the prosperous villages in the valley are submerged. Railway traffic is suspended. Bridges have been swept away and crops destroyed in every direction.

The House Session.

WASHINGTON, June 18.—The Speaker, on account of sickness, was unable to attend the session of the House today and appointed Mr. Bailey, of Texas, Speaker pro tem.

The deficiency bill was reported by Mr. Breckinridge, of Kentucky. Sayers, of Texas, will have control of the bill. It carries an appropriation of $4,800,000.

The commercial travelers' bill to permit the transfer of railroads or parts of railroads in order to obtain $3. The bill was passed. The Senate bill granting right of way to the Eastern Nebraska & Gulf railroad through the Omaha and Winnebago Indian reservations in the state of Nebraska was passed.

The Nicaragua bill was then taken up in congressional form. Mr. Hatch spoke the debate with a speech in favor of the bill and Mr. Warner (Dem.), of New York, delivered a vigorous speech against the measure.

ANOTHER GANG.

The Cook Band of Outlaws Succeeds the Dalton Robbers.

TAHLEQUAH, I. T., June 18.—A desperate affair took place yesterday morning on the road from Tahlequah to Wagner between Deputy Sheriff Morris and posse and the Cook gang of outlaws.

Sequoyah Houston, one of the sheriff's posse, was killed, and one of the outlaws, Bob Martin, was captured. Several others of the sheriff's posse were wounded, some of them, it is said, fatally.

Cook and all but one of his gang escaped. Since the killing of Bill Dalton the Cook gang is now considered the most desperate of the territory outlaws.

They were intent upon robbing a stage load of people on their way from the big Cherokee payment at Tahlequah, when Deputy Morris and his posse ran them down. A courier just in from the scene of battle brings the news that the gang is surrounded and another bloody encounter is inevitable. Reinforcements are flocking to the sheriff.

Sara in London.

LONDON, June 18.—Sarah Bernhardt appeared tonight at Daly's theater in "Lodyse." She was given a hearty reception.

THAT ANARCHIST PLOT.

The Story Denied by Washington Officials.

WASHINGTON, June 18.—Every police, secret service and treasury official here regards as pure invention the story published in the Post today that a grave anarchistic conspiracy has been unearthed.

Honore Jaxon, efforts indignation. Jaxon's landlady says Jaxon prompted the article himself.

MORRISON SWIFT LAUGHS AT IT.

WASHINGTON, June 18.—Morrison I. Swift of Fitzgerald's Boston industrial army appeared before the House committee on labor today. Chairman Martin called his attention to an article in a Washington evening paper, which alleged he had been connected with Honore Jaxon of Chicago, in an anarchistic plot.

When questioned he laughed and said he had met Jaxon but once, and if he had known of any such plot he would have tried to prevent it. He said he has always deprecated violence in connection with strikes. He advocated a reduction in the hours of labor to give work to the unemployed.

DEATH AND RESURRECTION.

Cloudbursts and Cyclones Working Sad Havoc.

BRADFORD, Pa., June 18.—A cloudburst broke over the Turtle Creek valley, six miles from this city, this afternoon, destroying growing crops and carrying houses from their foundations. The loss of three lives is reported.

The storm cloud covered an area six miles long by two or three wide. Turtle creek and Thompson's creek were raised ten feet above high water mark in fifteen minutes. The strength of force of the cloud broke upon the mining towns above Turtle creek and Sandy creek.

VERSELLS, NEBR.

OMAHA, June 18.—A special to the Bee from Hartlemeyer, Neb., says: The northern part of Sioux county was visited yesterday by a cyclone which was terrific in its severity, but comparatively small in its territory. It was about twenty rods wide and nine miles in length. Everything in its path was swept from the earth. Barns, sheds, wagons and implements were completely demolished, and ten rods at a wire fence was swept clear. Rufus Woody and his horse in a shed, were picked up and carried through the open door and landed again about 200 feet away. Neither received serious damage, although Woody's face was considerably bruised by the flying sand and gravel, and his clothes torn from him.

THE BLACK PLAGUE.

Methods of Fighting It in the Various Cities in Union.

SAN FRANCISCO, June 18.—The steamer Belgic arrived today with full details of the black plague, now raging at Hong Kong. Despite the operations of the sanitary staff and the police, assisted by the army medical staff corps, the soldiers from the Shropshire regiment, about 500 new cases had been reported within a week, and there had been 400 deaths. The drains of Hong Kong were filled with poisonous gases, the plague had been spreading in the most densely populated part of the city, and, to cap the climax, an outbreak of smallpox was dreaded.

For a day or two the people thought the epidemic was losing its virulence. The sanitary authority gained encouragement, and while the rain water washed out some of the public and house drains, disinfectants were scattered about and infected houses were cleaned and whitewashed.

The Chinese supplemented the sanitary precautions with a vast amount of cracker firing, which they calculated would have a salutary effect by driving out the evil spirits, whom they regarded as responsible for the visitation of the plague.

The prevalence of the disease created a great deal of alarm in the different shipping centers in communication with the port. Saigon and the other ports of the French colonies and Manila imposed quarantine upon all vessels arriving from Hong Cong. Singapore followed suit and the agents for the shipping interest were becoming serious.

The rumors that the plague had appeared in Japan prove to be unfounded.

News from Canton, where the plague started, states that the deaths now average 200 a day. During March and April they averaged 300 daily. Although the fact that the "black death" was raging in Canton became known only about a month ago, it appears that the disease started in as long ago as last February and has been epidemic ever since. The plague is spreading to the country districts about Canton and to neighboring cities. About the only measures taken in Canton to stay the progress of the disease, are those adopted by the priests, who march through the streets chanting incantations and sprinkling holy water.

A huge mask, representing a dragon's head, is also carried about the city, accompanied by a prodigious beating of gongs and drums.

Watered Improving.

DENVER, June 18.—Henry H. Waldorf today received a letter from Senator Wolcott, saying that he is improving steadily.

Homeopaths Content.

DENVER, June 18.—The homeopaths today decided to make trips to the Long, Colorado Springs, Manitou, Glenwood Springs and Salt Lake. The feature of the day was a paper of a political nature by Dr. Charles E. Walton of Cincinnati on "The Apparitional Nature of a New Evangelism." It was a takeoff on the prevailing fad of having the vermiform appendix removed.

THE POPE'S ENCYCLICAL.

Leo Invites Eastern Dissenting Churches to Meet at Rome.

He Extends His Hands to the Core and Declares for a General Disarmament.

ROME, June 18.—The pope's jubilee encyclical letter is completed and is now in the hands of the printer. It is a vastly important document from the point of view of a political treatment. Every phrase of it has been carefully considered.

In consequence of favorable news from the eastern countries the pope is about to call a convention in Rome of representatives of the dissident eastern churches.

M. Izvolsky, the new Russian minister to the Vatican, today communicated to the pope an expression of the czar's satisfaction in renewing relations with the Vatican, which his majesty regards as tending to insure peace.

The pope made a response conveying similar sentiments.

His holiness today gave an audience to General Thomassin of the French army, and in the course of the interview made a strong pronouncement in favor of a general disarmament, which he declared was a duty to the end of procuring peace.

The President's Trip.

ANNAPOLIS, Md., June 18.—President Cleveland and party shipped at the naval academy a few minutes this afternoon, on the light house tender Maple. It was said that the President came in to send some telegrams and get the daily papers.

The Union of Church and State.

LONDON, June 18.—A meeting of members of nobility was held today, at which the duke of Westminster presided. A committee was formed to conduct the campaign against the government's proposal to disestablish the church of Wales. It was agreed to contest every constituency in Wales in the general election. The duke of Westminster subscribed £1,000 towards the expenses of the campaign, while other lords subscribed £500 each. A total of £5,000 was raised.

The Treasury's Condition.

WASHINGTON, June 18.—The cash balance in the treasury today was $115,234,745, of which $65,494,466 was gold reserve. Advices from New York state that $1,500,000 in gold was engaged today for export tomorrow, of which $1,000,000 was taken from the sub-treasury. This leaves the amount of the gold reserve $67,004,466.

To Obtain Fossils in Utah.

WASHINGTON, June 18.—The secretary of the interior has granted permission to the management of the New York Museum of Natural History to allow its representative entrance to the Uncompahgre and Uintah Indian reservations, Utah, to obtain fossils for exhibits. The request was denied last winter owing to the excited condition of the tribe.

Workers Make a Break for Liberty.

LEAVENWORTH, Kan., June 18.—When the news of the verdict of guilty rendered today by the United States court was conveyed to the camp of the common workers on the military reservation, quite a commotion was raised. The prisoners became excited, and a rush for liberty was made. The deputy marshals took after two men, firing on them, hitting and bringing down a man who afterwards crawled away in the brush.

During the confusion nearly forty of the convicted workers made good their escape. Company F, Sixth cavalry, was called from Fort Leavenworth, and the remaining prisoners were surrounded and brought to Leavenworth for safe keeping until sentenced tomorrow. The convicted men were divided into squads and sent to Topeka, Lawrence, Kansas City, Kan., and Atchison, to serve what sentence is given at the jails in those places.

Injured in a Wreck.

CHICAGO, June 18.—Five men were severely injured and nine valuable race horses killed in a wreck late last night on the Chicago and Great Western at Stillman Valley, Ill. There were sixteen horses in one of the cars which were wrecked. They were owned by a Mr. Hawley and were being shipped to Chicago and St. Paul. The injured men were grooms and jockeys.

TIRED, WEAK, NERVOUS, Could Not Sleep.

Prof. L. D. Edwards, of Preston, Idaho, says: "I was all run down, weak, nervous and irritable through my business. I suffered from brain fatigue, mental depression, etc. I felt easy in work and nervous that I could not sleep. I would arise tired, discouraged and blue. I began taking

Dr. Miles' Nervine

and now everything is changed. I sleep soundly, I feel bright, active and strong. I can do more in one day now than I used to do in a week. For this great good I give Dr. Miles' Restorative Nervine the sole credit.

It Cures."

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. 25 doses 25 cents. 6 bottles for $5, of druggists, or address Dr. Miles Medical Co., Elkhart, Ind.

Sold by all Druggists.

FREE TREATMENT FOR ALL!

Drs. Shores & Shores Notable Offer, Just to Show the Public the Difference Between the Real and the Imitation.

HERE IT IS.

To all patients who apply for Treatment before July 1st, will be given six days' treatment Free of Charge, all Medicines Free, Examination Free, Consulting Free. Don't bring money with you, just call on Drs. Shores & Shores, be convinced, and get well. Room 3 Dooly Block.

This is Drs. Shores & Shores Good Natured Way of Showing Medical Cut Rate Specialists they must give the public value for their MONEY OR CLOSE UP.

REMEMBER, TEN DAYS' FREE TREATMENT

And Medicine to all patients who apply before July 1st. Sundays for anything, we is the only reliable medical and surgical institute in the city. Drs. Shores & Shores, consulting physicians.

All persons now under treatment will receive the same advantage as those who now apply.

During the past few months many middle dealers and specialists have tried to prejudice the public against the new and wonderful treatment used by Drs. Shores & Shores, saying it was an experiment, that the cure would not last and so on. The following case of Mr. O. W. Sharp will convince the most skeptical.

MR. O. W. SHARP, 242 SIXTH ST.

For ten years Mr. Sharp had suffered from catarrh of the head, throat and stomach, he was in that ten years treated by perhaps a hundred so-called specialists, no one seeming to understand his case, treating him for every disease but the right one. When he came to Drs. Shores & Shores, he described his case as follows:

"For ten years I was one of the most miserable sufferers any person could imagine. I had been troubled with catarrh so long I had been given up by physicians as being incurable.

Large polyps in my nasal had formed in my nose, making it impossible for me to breathe through my nose and for four years I had to breathe through my mouth, making my sleep disturbed and restless.

"Can you imagine, dear reader, the inconvenience and suffering of being unable to breathe through the nose on account of an impediment in the nostrils; can you imagine how it feels to awaken in the morning tired and worn out and force to do a day's work. Do you realize the suffering of having dyspepsia, being unable to eat when you are hungry, because you are far worse after eating than before.

"Can you realize your feelings when every doctor has said your case was incurable after they had tried to kill you in an effort to cure a case that they knew nothing about.

"Then after you have suffered ten years, without any hope of ever being cured, can you imagine the happiness you will experience in being cured, being able to breathe through your nostrils after four years.

"Drs. Shores & Shores, in the Harmon block, have cured me, taking at least a dozen polyps out of my nose, after the might specialists had tried for three months to find out what was the matter with me.

"Now under the new treatment used by Drs. Shores & Shores I can say I am cured. I can now breathe through my nose, sleep well, eat well and feel like a new man. In fact, I am willing to go before any physician in Salt Lake and show them this remarkable case."

This demonstrates the difference between real and the imitation, when fakers and misfit fail go to the reliable specialists in the Harmon block, Drs. Shores & Shores.

Everybody Come!!

Drs. Shores & Shores Great Treatment Offer.

Remember ten days free treatment and medicine to all who apply before July 1st, also all patients now under treatment with Drs. Shores & Shores will have the same advantage.
