TELEGRAPHIC.

THE BATTLE AT PING YANG.

Not So Disastrous to the Chinese Forces as Reported.

If the Halliday McCartney's Version of it is Correct—The Defeat Not Overwhelming.

LONDON, Oct. 1.—The Times will publish tomorrow a letter from Mr. Halliday McCartney, commissioner of the Chinese customs service, asking whether it is not strange the startling telegrams received in London regarding the Chinese disaster at Ping Yang is still without confirmation. He says the reason is that the news agency which received the dispatches has no correspondent at Seoul, and has been imposed upon.

The Chinese at Ping Yang suffered defeat not disaster. The Chinese, seeing short of provisions, contemplated a retreat, when the city was invested. Their killed and wounded number only 3,000. The remaining 5,000 were rounded by a general, falsely stated to have been captured by the Japanese, effected a retreat.

GERMANY PROTESTS

Against One Feature of the New Tariff Law.

WASHINGTON, Oct. 1.—An international question involving the United States and Germany has been raised by one feature of the tariff law which threatens the most domestic trouble—the sugar schedule.

The German government, through its ambassador, Baron Saurma-Jeltsch, has made a strong protest to the secretary of state against that clause of the act which imposes an additional duty of one-eighth of a cent per pound on sugars imported from those governments which pay an export bounty on the article to their producers. It was held by the German government that this feature of the new act is more oppressive in its action against the sugar producers of that country than any other, and violates the spirit of the treaty arranged between the two governments, particularly in view of the concessions by which the exemption against American pork, for a time enjoyed by Germany, was raised.

The German ambassador said tonight that the protest had been entered in a friendly spirit.

Killed at a Bull Fight.

ZACATECAS, Mexico, Oct. 1.—Four persons were killed and many others injured in a bull fight in the little town of Mesquite, in the state of Jalisco, yesterday. Two bulls, both wild and very vicious were turned into the ring. To kill them was the task designed to bring all the fighters into action at once. A matadorite approached one of the bulls waving a red cloth. He jumped aside and drove the iron into the thick skin of the neck. The matadorite had forgotten the second bull, which was upon him before he knew it. The animal caught him on its horns, tossed him six or ten feet and gored him through. As others ran to rescue him the bull raised its head with the banderilla impaled on its horns and charged his tormentors. In the meantime, the first bull had leaped over the barrier separating the ring from the spectators and tossed into the crowd. Many persons were gored and a panic ensued. Men, women and children made a rush for the single entrance. In their efforts to escape three persons were trampled to death and many others were injured, some of them fatally.

Caused by Heart Disease.

CHICAGO, Oct. 1.—The verdict of the coroner's jury today on the body of Miss White, who died in Dr. Sophia Sand's Swedish massage institution, was that the deceased came to her death through functional heart disease, not by the electric sponge of the cocaine used in the wrinkle cure.

Havemeyer and Others Indicted.

WASHINGTON, Oct. 1.—The grand jury at Cincinnati today indicted Henry O. Havemeyer and John E. Searle, of the sugar trust, and Arthur Seymour of the stock brokerage firm of Seymour & Young, for refusal to answer questions put to them by the Senate sugar trust investigation committee. All of the cases will come up for argument on demurrers on Oct. 12th.

WICHITA HAS A CYCLONE

In Spite of a Legend That None Would Strike the Place.

WICHITA, Kan., Oct. 1.—For twenty years Wichita has felt easy about cyclones on account of an Indian legend which said that none ever visited or would visit it.

The legend, as well as the popular course of security, were burned tonight when a twin cloud from the west came in contact with a storm cloud from the south, both at near funnel and proceeding to do business. The division headquarters and the Twelfth street depot of the Missouri Pacific road was the first building struck and it was completely demolished, the roof of it striking the station of Dr. Hupp, two blocks away, crushing it like an egg shell. Twelve men were in the building at the time and, strangely enough, none of them were hurt, although they were thrown about from one end to the other.

The storm passed east about a mile, accomplishing all its destruction in less than two minutes. About thirty houses and barns were wrecked and probably 500 shade trees, some of them six feet in circumference, were pulled up by the roots and strewn about in all directions.

Roughly estimated, the loss in the city will be $50,000. It may seem that was a good one. Reports from Kiowa township say that the tornado passed never there, but owing to the confusion of the returns yet it was impossible to obtain any details. The cyclone passed within ten feet of Governor Lewelling's house.

AT OTHER PLACES.

KANSAS CITY, Mo., Oct. 2.—Special to the Times from Emporia, Strong City and other towns Kansas report a storm of cyclonic proportions that broke over that country this evening. As far as known, there are no fatalities. The storm struck Emporia about 7 o'clock and went back on the proportions of a cyclone, and is half a mile wide. Trees and shrubbery were uprooted, signs and fences demolished and much other property injured. Strong City suffered a little later. The storm came from the west, crossing Kansas diagonally and destroying that part of the state all from Wichita to us.

Sugar Refineries Closed.

PHILADELPHIA, Oct. 1.—The sugar refineries today closed the Spreckels refinery in this city. The Havemeyer & Frank refinery is now running so that they will be able to bring the sugar on the market, which is not excessive. McKinnon's refinery, which is independent of the trust, will probably shut down tomorrow or Wednesday. Operations will not be resumed until the sugar on hand is disposed of.

Mexico and Guatemala.

LONDON, Oct. 1.—Dispatches received here from the City of Mexico say considerable excitement prevails there on account of the turbulence of the Guatemalans over the frontier as well as by the arrival there of General Antonio Ezeta of San Salvador, brother of the fugitive president of Salvador, who is urging upon Mexico the subjugation of Guatemala, declaring that the world be a very easy matter for the Mexicans to accomplish.

The Czar Leaves for Livadia.

ST. PETERSBURG, Oct. 1.—The czar, the czarina, the czarewitch, the Grand Dukes George and Michael, the Grand Duchess Olga and Prince Nicholas of Greece, will leave yesterday for Livadia, in the Crimea, where it is expected the czar will obtain a better chance of improving his health.

Led into Ambush.

AMSTERDAM, Oct. 1.—A telegram received today from Batavia states that a detachment of Dutch troops were led into an ambush set for them by native rebels on the island of Lombock. A captain and lieutenant were killed and ten men were wounded. The troops were led into the ambush by the treachery of native chiefs who were acting for the Dutch in the capacity of spies.

IN A HURRICANE.

A Steamer Disabled and Two of Her Crew Lost.

NEW YORK, Oct. 1.—The Cromwell steamer Knickerbocker, the vessel which anxiety has been felt, has been rescued in a crippled condition. She encountered a hurricane and the mate and mate and one sailor were lost overboard. The main mast was carried away and the bulwarks stove in. The Knickerbocker carried 60 passengers.

Lowered a Record.

BUFFALO, Oct. 1.—The 200 mile record over a course from Buffalo to Erie, Pa., and return, was again lowered yesterday. For three days T. L. Mack held the record of 14 hours, 2 minutes and 45 seconds. Yesterday this was cut to 13 W. L. Stimpel in 18 hours, 21 minutes and 39 seconds. The first 100 miles was made in the face of a stiff wind.

Four Lives Lost in a Fire.

KENOSHA, Wis., Oct. 1.—The residence of H. H. Pierce, of Wilmot, Wis., was burned on Saturday night. Three sons, aged ranging from 25 to 35 years, and a daughter 18 years old, perished.

Burned to the Ground.

SARANAC LAKE, N. Y., Oct. 1.—The Mirror Lake house on Lake Placid was burned to the ground last night. It closed for the season a week ago, and only Manager C. E. Martin, with his family and a few servants, occupied the building. At 2 o'clock. The loss is about $150,000; insured one-half.

Ignored by the Grand Jury.

PITTSBURG, Oct. 1.—The sensational charge of attorney A. H. Fawcett that the grand jury has been corrupted to secure a throwing out against John Murphy, director of public safety of Allegheny city, proved a complete fizzle. Murphy was charged with receiving bribes from the keepers of disorderly and gambling houses. The indictment was ignored by a tie vote.

TRAIN HELD UP.

The Robbers Said to Have Secured $25,000 in Gold.

DENVER, Colo., Oct. 1.—A special to the Times from Florida, Arizona, says: At 115 a.m. today an east-bound Southern Pacific train was held up by three men a mile and a half east of Maricopa. One of the robbers took one of Maricopa to a point where the other two flagged the train. The former then climbed into the engine, and, at the point of a pistol, ordered Engineer Holliday and Fireman Martin to uncouple the express car and pull out three-quarters of a mile. The robbers then ordered the express car. The other stood guard meanwhile. No shots were fired and the passengers were not alarmed.

The engineer and fireman were forced to walk back to the scene of the robbery by the robbers who accompanied them. Then all three robbers mounted horses and rode away in the direction of the Maricopa hotel, fifty miles distant. Sheriff Dean of Pinal county and Sheriff Murphy of Maricopa county with a posse are in pursuit.

The Wells Fargo messenger says the robbers only got $100, but it is currently reported that they got $25,000 in gold.

NATIONAL BANK NOTES

Statement Prepared by the Comptroller of Currency.

WASHINGTON, Oct. 1.—The statement of the comptroller of the currency shows: Total amount of national bank notes outstanding August 31, 1894, $207,611,805; increase for the month, $1,357,315. Amount outstanding at close of business September 30, 1894, $208,969,120; increase for the month, $1,357,315. Total amount of gold notes on deposit to secure circulation, $17,223,000; increase during the month, $6,465,000. United States bonds on deposit to secure circulation, $168,000,000; increase during the month, $1,000,000; to secure public deposits, $14,870,000.

JENKINS'S INJUNCTION.

The Famous Strike Injunction Severely Handled by Morton.

CHICAGO, Oct. 1.—In the United States court of appeals today Justice Harlan, of the United states Supreme Court, severely handled the famous injunction of Judge Jenkins. Harlan said that a body of men had the right to quit irrespective of the motives which might result. They had, however, no right to conspire, as damages or otherwise. He did not agree with Jenkins's definition of a strike or that it was necessarily illegal. Judge Harlan held there was such a thing as a legal strike. Judge Jenkins's injunction was modified.

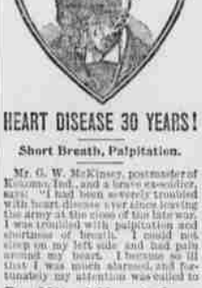
No Harvard-Princeton Football Game.

BOSTON, Mass., Oct. 2.—There will be no Harvard-Princeton football game this year. This decision has finally been reached by the Crimson athletic committee and on Saturday Eustonne wrote to Captain Shepherd of Princeton, telling him how the Harvard men felt on the matter. The sentiment is irrevocable, although it is felt here that the Princeton management will send a former challenge, hoping that Harvard may be induced into a game.

"Bloody" Sunday Night.

CAMBRIDGE, Mass., Oct. 2.—"Bloody" Monday night, the occasion of the time-honored rush between the Harvard freshmen and sophomores, came last early last evening as to be exciting. The two classes formed and marched in the yard meeting and preparing to rush at each other. When President Eliot appeared on the scene. He appealed to both classes as Harvard men to disperse and do away with the last vestige of hazing. He explained that the sophomores had purposely removed every policeman from the yard in order to rely on the students' sense of honor. Then it, C. Quincy, the president of the freshmen, in the yard cheering the college hymns. Finally with some hesitation 700 cheered off and 70 responded. The students dispersed without any organized rush.

There were some minor disturbances for an hour or so, but there was no organization on either side. Many freshmen had "punches" in their rooms, to which the upper classmen were invited. The announced "bloody" Monday night will probably never again occur with their old brutality.



HEART DISEASE 30 YEARS!

Short Breath, Palpitation.

Mr. G. W. McKinney, postmaster of Kokomo, Ind., and a brave ex-soldier, says: "I had been severely troubled with heart disease ever since leaving the army at the close of the late war. I was greatly troubled with palpitation and shortness of breath. I could not sleep on my left side and had pain around my heart. I became so ill that I was much alarmed, and fortunately my attention was called to

Dr. Miles' Heart Cure

I decided to try it. The first bottle made a decided improvement in my condition, and five bottles have completely cured me."

G. W. McKINNEY, P. M., Kokomo, Ind.

Dr. Miles' Heart Cure is sold on a positive guarantee that the first bottle will benefit. Guarantee broken, if any benefit is claimed, it will not cost a cent. Guarantee, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

Sold by all Druggists.

WOMAN'S TROUBLE.

Weakness, Pain, General Exhaustion—Strength and Comfort Restored.

Many women today suffer pain and are weak and nervous without knowing the cause. Their work greatly impairs them. At night they feel poorly and in the morning feel wholly unfit for the duties of the day. In short they are miserable from general impairment of health, besides suffering various pains and distress hard to fully describe. Many women who suffer in this way do not know the cause, which is a weak stomach and bad quick and sure relief from Drs. Shores & Shores's new treatment.

MRS. ELIZABETH BECK, CITY.

The statement of Mrs. Elizabeth Beck will be read with interest by many. She has lived at her present home, Sugar-house, 17, 18, on the Free ward bench, for seventeen years. She says:

"I have been a sick woman for over two years. It is hard for me to describe all the sufferings I have been through. I have doctored with many doctors, and usually paid $1 each visit, besides paying for medicines at the drug store they did not seem to know what I needed, and their prescriptions only made me worse—often compelling me to go to bed.

"But when I went to Drs. Shores & Shores, my experience was quite different. Instead of $1 a visit they only charged me $5 a month, and they furnished all my medicines free, and they are the only physicians who gave me relief. I feel as well now as I can hardly realize for wonderful strength.

"I think it the most remarkable thing I ever heard of. I recommend Drs. Shores & Shores heartily."

If You Cannot Come to Salt Lake

Write for the mail treatment. One of the physicians in personal charge experienced in the mail department and by a system of close correspondence controls those out of the city quite as well as those who come to the office. Send for symptom blank. Medicines shipped carefully. Try this treatment.
