BEAUTY:

OR, THE

Secret of a Fair Face

An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.

Unfortunately not one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of real beauty—a pure and clear complexion.

What nature has thus denied, art must be called upon to furnish.

It can be done; it is done daily. Prof. W. E. Hagan placed beauty within the reach of every unblessed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called

MAGNOLIA BALM

The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.

It conceals all natural blemishes in the most surprising and effective manner.

It removes all roughness, eruptions, sunburn, blotches, freckles, and tan with magical power.

It drives away all evidences of fatigue and excitement.

It makes the plainest face beautiful.

It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rotund, and plump.

It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.

The Magnolia Balm removes all blemishes and conceals every drawback to beauty; and, while it is so harmless as to infer no injury, it is so lasting in its effects that the closest observer cannot detect its use.

Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

Democratic State Convention.

SYRACUSE, N. Y., 26.—At 2.45 the delegates entered the hall and business was resumed. Erastus Brooks was chosen permanent chairman. The committee on resolutions made the following report and it was adopted:

The democratic party, State of New York, reaffirms the following principles, set forth in its platform adopted in 1874, and in 1877, and endorsed by a large majority of the people of this State; gold and silver coin and paper convertible into coin, at the will of the holder, the only currency of the country; steady steps toward specie payment; the honest payment of the public debt. We congratulate the State and country upon the practical relative value of the greenback currency of the government with gold and silver, the preservation of public faith, a tariff for revenue; no government partnership with protected monopolies, home rule to limit and localize the most jealous powers entrusted to public servants whether municipal, State or Federal; no centralization; equal and exact justice to all men; no partial legislation, no partial taxation; official accountability rigidly enforced by all civil and criminal remedies; no private use of public funds by public officers; corporations chartered by the State always subject to State supervision in the interest of the people; the party in power is reponsible for all legislation while in power; economy in public expenses, that labor may be lightly burdened and the laborer fully paid for his work; uniform and equitable excise laws; no sumptuary laws.

Resolved, That the provision of the state constitution are mandatory in regard to the apportionment of members of the Senate and Assembly, and the failure of the republican party for three successive years after the taking of the census to so apportion the State, is a grave crime against the people, and a dishonest and infamous refusal to obey the plain directions of fundamental law.

Resolved, That by an infamous conspiracy of force and fraud the high officials and unrepudiated leaders of the republican party annulled and reversed the nation's choice for the presidency, put a defeated candidate in the chair of Washington and cheated the people out of that reform of federal government which their ballots had demanded and obtained, and it is the stern resolve of the American people that such fraud has been perpetrated for the last time.

The administration of Governor Robinson was affirmed.

The Celebrated Violinist.

NEW YORK, 26.—August Nithelmj, the great violinist, made his first appearance in America, tonight, at Steinway Hall, and was received by an audience, which filled all parts of the hall, with a warmth befitting his reputation. At the end of his first piece, which was frequently interrupted by applause, his success was unequivocal, and he was called out three or four times, after a rich performance.

Appointments.

WASHINGTON, 26.—The President has appointed Thomas B. Ellis of Brooklyn, N. Y., Indian agent at Fort Berthold Agency, Dakota; L. M. Kelley, Elgin, Ills., to Los Panos Agency, Colorado; Jos. A. Stephens, Laporte, Ind., Standing Rock Agency.

Mail Jumped by Road Agents.

FORT FETTERMAN, Wyoming, 26.—The mail from McKinney was jumped this afternoon, about 22 miles north of here, by 12 masked men. They succeeded in surprising the two soldiers who were acting as an escort, getting the drop on them before they had an opportunity to draw their weapons. The horses and arms of the cavalrymen were taken, and the mail thoroughly ransacked. Messrs. Tiliotson and Snyder, post traders here and at at McKinney, were passengers on the mail wagon, but having been robbed of upwards of $3,000 a few days before, while on their way from Old McKinney to new post on Clear Fork, the highwaymen secured very little booty from them. This part of Wyoming is infested with horse thieves, robbers and scoundrels at present date.

Yellow Fever Progress—More Relief for the sufferers.

CINCINNATI, 26.—Refugees from Louisville, arriving here by every train and on all roads, give alarming accounts of the sudden outbreak of yellow fever in that city. Two hundred and fifty cases are reported in the neighborhood of Louisville.

Washington, 26.—The Secretary of War, this afternoon, sent Governor Shepherd, chairman of the yellow fever national relief commission, the following telegram, received by him from Mayor Langdon, of Detroit:

"Is there any truth in the published statements that they need no more funds, and that you have ordered an investigation in regard to the fever fund in the hands of the Howards at New Orleans? Can you give one of the cities where funds are needed or much needed"

To this the Secretary replied as follows:

"I am advised that the Howard Association have on hand an unexpended balance, probably sufficient for their wants at Memphis and New Orleans. I think the association perfectly reliable, and have ordered no investigation at all. Afflicted points, save New Orleans and Memphis, are suffering, and the wants are great and I think increasing, and even in those cities more help may be required in the near future. You can scarcely go amiss in sending aid.

(Signed) G. W. MCCRARY,
Secretary of War."

Paris, 26.—A charity fete is organizing for the beginning of October, under the patronage of Madam MacMahon, for the benefit of fever-stricken people in the United States.

New Orleans, 26.—The Howards report new cases, to-day, 257, and the Young Men's Christian Association, 101.

Chicago, 26.—Dispatches from Louisville emphatically deny the report that yellow fever has broken out in that city.

Baton Rouge, 26.—New cases, 24; no deaths.

Grenada, 26.—One death; no new cases.

New Orleans, 26.—For the 24 hours up to noon, there were 231 cases reported to the board of health, 129 of which were included in the official report and 102 omitted, they being of dates prior to September 23d. Grand total of cases, 8,695.

New York Republican Convention.

SARATOGA, N. Y., 26.—The following platform was unanimously adopted:

The republicans of New York, appealing to twenty years of struggles and triumphs as a proof of republican patriotism and fidelity, and meeting the high demands of the hour in the same unfaltering spirit which saved the Union and established it on a firm foundation of freedom, makes the following declaration: That the faith of the nation is sacredly pledged to the payment of the public debt and the redemption of public promises, according to the spirit and letter of the engagement, and our good name and well being require that the nation's honor shall be kept as inviolate as the nation's life. Standing unalterable for the constitutional principles of hard money, we insist that the greenback, instead of being dishonored and depreciated, shall be made as good as honest coin, and that labor's dollar shall mean a real dollar.

While sincerely seeking fraternal relations in all just efforts and aspirations, we summon the people to renewed vigilance and unflinching warfare against the vast hordes of claims and raids on the treasury which count for success on democratic rule, under the mastery of a solid south, and which would fall with special hardship on New York, as the chief tax-paying state in the Union. We demand free and unintimidated elections in the south as in the north, and the full recognition and observance of the equal rights and liberty of all citizens as ordained by the amended constitution.

The electoral commission was a wise and honorable mode of settling a dangerous dispute. All parties were bound to abide its decision, and any attempt to undo or impair the conclusion it established is unpatriotic and revolutionary.

We renew our declarations for the elevation of the public service on the basis of a secure tenure, during the faithful performance of official duties, for a fixed term.

While recognizing with satisfaction that many patriotic democrats do not share its spirit and impulses, we arraign the dominant forces of the democratic party as a constant disturber of the public tranquility and peace; as a wanton foe of public security in its persistent assaults upon the authority and stability of the established government; as attempting to weaken the nation by crippling the army in a time of uncertainty and danger. An emergency in the history of the country, second only to the great struggle for its existence now confronts us. As then the republican party was the sole organized political protection against national disruption, and patriotic citizens, of whatever party name, rallied under its standard for the defense of the Union, so now the republican organization is the only efficient bulwark against national repudiation and disgrace, and it again invites all good citizens, of whatever previous political ties, to unite with it in preserving the national honor.

Geo. W. Curtis, rising, was greeted with applause and loud calls to take the platform, where he was again received with a hearty greeting. He said he rose to a second motion for the unanimous adoption of the platform which had just been read. We came here for harmony and harmony we have found. I do not believe there is a republican in the land, from the President down, who can fail to approve the position taken in this platform on the great overshadowing issue of the hour. I believe this is the platform upon which the republican administration of the country would stand.

George F. Danford was nominated for judge of the Court of Appeals, and the convention adjourned *sine die*.

$100,000 Fire.

ST. LOUIS, 26 — The Ohio and Mississippi round house and the Missouri car and foundry works, in East St. Louis, were destroyed by fire, to-night; the loss is upwards of $100,000.

A Swindling Transaction.

CHICAGO, 26. — A Washington special says: Serious charges are made against solicitor Raynor, of the Treasury Department, in connection with the transfer of the Harper's Ferry property to the purchasers. It is charged that he has been fostering a ring whereby the citizens, who have purchased part of the property from government, have been compelled, illegally, to pay $10 before they could obtain their deeds.

GREAT BRITAIN.

The Afghanistan Question.

MANCHESTER, 26.—The *Guardian's* London correspondent says: There are strong indications that government is not in a hurry to take action on the Afghanistan question. Their desire is to leave the responsibility and conduct of the question almost entirely to Lord Lytton, Viceroy of India. It is desired to make the question an Indian rather than an imperial one. This is clearly indicated by the attempt of the official press to represent the quarrel as solely with the Ameer of Afghanistan. Any intervention by the cabinet would have the appearance of dragging Russia into the dispute. This the government is anxious to avoid. The second reason for abstinence from imperial action arises from the differences of opinion, not only between the foreign secretary and the viceroy, but between members of the cabinet themselves. Another obstacle to a leading part being played by the home government is the state of Lord Beaconsfield's health.

Simla, 26.—The Indian newspapers publish the Viceroy of India's dispatches to the Ameer of Afghanistan. The first, dated August 14, intimates, in friendly and dignified language, the intention of the supreme government of India, to send a mission to Cabul, and requests the Ameer to issue orders for securing the safe conduct and proper reception to the representatives of a friendly power. The second, dated August 23, offers condolence on the death of Abdulla Jan, the heir apparent to the Afghanistan throne, and notifies Shere Ali, that the departure of the envoy would be postponed until the period of mourning had expired. To these dispatches no answers whatever were returned.

The Hague, 26.—An official dispatch from Acheen announces that the chief of the rebels and his followers will embark for Arabia on the 18th of October.

Troops Preparing for Active Service.

LONDON, 26.—A Bombay correspondent say: It is believed that 15,000 men are assembling near Tull. They will not make an immediate advance as it is imperatively necessary to allow time for negotiations to secure the neutrality of the independent hill tribes, but no such consideration prevents an advance from Guettah or Candahar, which may be looked for as soon as sufficient troops are collected. It must, however be made in considerable force.

A Calcutta dispatch says: Many additional regiments have received notice to prepare for active service. The government will, for the present, await events, adopting an attitude of armed expectation.

Armed Bosnians.

A dispatch from Belgrade states that 21,000 Bosnians, mostly armed, have entered the Servian territory near Losnitza.

Austrian Victory.

The Austrians have gained another decisive victory at Vichegrad.

Russian Resistance.

A Constantinople dispatch reports that some of the leading Russian authorities in Eastern Roumelia openly declare they will resist any alteration in the administration which they have established.

AUSTRIA.

The Army of Occupation.

VIENNA, 26.—Owing to the difficulty of transportation, the army of occupation in Bosnia and Herzegovina will be reduced to a strictly necessary force. A considerable share of the local administration will be entrusted to Musselmen's, as a means of conciliating the population, and an attempt will be made to reach an understanding with the Porte, which will secure the latter's good office.
