TELEGRAPHIC.

VOICE FROM HAWAII.

The Memorial of the Hawaiian Patriotic League.

HOW THEY VIEW THE REVOLT.

The Queen Yielded, Being Anxious to Avoid Bloodshed.—Blount's Course.

WASHINGTON, D. C., Jan. 22.—The memorial of the Hawaiian Patriotic League says:

"Last January a political crime was committed, not only against the legitimate sovereign of the Hawaiian kingdom, but also against the whole Hawaiian nation, who, for the past sixty years, have enjoyed free and happy constitutional self-government. This was done by the coup de main of United States Minister Stevens, in collusion with the cabin conspirators, mostly laithless sons of missionaries, and local politicians, angered by successive political defeat, who, as a reprisal for being a hopeless minority in the country, resolved to 'rule or ruin' through foreign help."

Concerning the landing of United States troops, the memorial continues: "The queen and her government, realizing the situation, and unwilling to make war with the United States arms and to occasion the useless bloodshed of innocent Hawaiians, yielded, under protest, to the superior force and moral power of the United States, and, while waiting the result of the appeal, with full confidence in the American honor, the queen requested all loyal subjects to remain quiet and passive, and to submit with patience to all the insults that have since been heaped upon both the queen and people by the usurping government. The majority for this attitude of absolute inactivity on the part of the Hawaiian people was further endorsed and emphasized by Commissioner Blount, so that if the Hawaiians have held their peace in a manner that will vindicate their character as law-abiding citizens, it cannot and must not be construed as evidence that they are apathetic or indifferent, or are ready to acquiesce in wrong and now to the outrages. Had it not been for the request of our sovereign there would doubtless have been a tremendous uprising throughout the islands to crush the usurpers, but there would have been a sad tale of blood and destruction. Subsequently, the Blount mission, which came from the Hill, was sought to be avoided, if possible.

"The advent of Blount as special commissioner was hailed with satisfaction by both the contending factions. His course in Hawaii was marked by dignity, courtesy and discretion, highly creditable to his country, and gained for him the respect and confidence of all classes. His report to the President has been characterized by great impartiality and absolute respect for the truth, 'so that this Patriotic league have fully indorsed it, and can solemnly testify to its veracity and reliability.'"

The memorialists claim that the question of right and equity, and that the objection to this public restoring the monarchy is not well founded. The paper closes as follows:

"Therefore, the Hawaiians, as a nation, appeal for justice and redress to the impartiality of the American nation, in whose honor, integrity and love of fair play, we have so long and unpatriotically trusted. As peaceful and law-abiding citizens, ever ready to submit to the constitutional rule of the majority, we ask that, in the place of the present temporary usurpers, who are hostile to the native race, our own government, in the person of Queen Liliuokalani, be restored to us, with a new constitution, more equitable to the native race, modeled from the late King Kalakaua in 1887, through force of arms."

The Irwin papers have been given to the press heretofore. Under date of January 9th, Willis notifies Gresham of changes in the provisional government, already made public.

THE SENATE.

WASHINGTON, Jan. 22.—In the Senate the resolution of Peffer, questioning the authority of the President and secretary of the treasury to issue bonds, came up. Peffer said if it can be true that the secretary of the treasury, in co-operation with the President, is making a new law, it is in violation of the Constitution of the United States.

At the conclusion of Peffer's remarks, the debate reverted to the silver question, in which Allison, Peffer, Gorman and others took part. The resolution went over to a future date, when Stewart will make some remarks on the subject.

At 6:20 p. m. the Senate went into executive session and at 6:35 adjourned.

The Hawaiian Inquiry.

WASHINGTON, Jan. 22.—John McCandless, who was a member of the committee of safety at Honolulu during the revolution, was before the Senate committee on foreign relations today. He sustained the action of the revolutionists and that of Minister Stevens. He was not an earnest advocate of annexation, but claimed that Hawaii was rich enough to sustain herself, and the intelligent white people of the islands were able to govern themselves.

Will Resist the Sandies.

WASHINGTON, Jan. 22.—General A. McCook has been notified of a telegram received at the war department from the Mexican government, giving warning of an apprehended raid across the border into New Mexico. McCook replied that troops are stationed south of Silver City and Fort Bayard, where no bandit can cross the border without discovery. If any attempt is made the bandits will be captured or worse will happen.

The Nicaragua Canal.

WASHINGTON, D. C., Jan. 22.—A bill introduced in the Senate by Morgan, for an amendment of the charter of the Nicaragua Canal company, provides that the capital stock of the company shall consist of a million shares, at $100 each. All the stock heretofore issued by the company is to be called in and cancelled and all the bonds heretofore issued shall be regarded and cancelled and all obligations satisfied. The company is authorized to issue new bonds to the amount of $70,000,000, to run sixty years, but redeemable at the pleasure of the United States after ten years, the bonds to draw interest at the rate of 3 per cent and to be issued from the United States treasury. A provision in the bill restricts the issue of bonds to thirty million before the 1st of July, 1897, and authorizes the President of the United States prior to that time to suspend the issue of bonds, which suspension shall remain in force until Congress may otherwise direct. Payment of the bonds, principal and interest, is to be guaranteed by the United States. In default in the payment of interest before the canal is put in operation, the President of the United States can foreclose.

Of the capital stock, $7,000,000 is to be issued to the United States in consideration of its guarantee of the bonds of the company, six millions is to be issued to the government of Nicaragua, $1,500,000 to the government of Costa Rica and the remaining $25,500,000 is to be disposed of by the company. Of this amount, $9,500,000 is to be issued in payment of expenditures already made on the canal. The company is authorized to offer the remaining $16,000,000 of stock for sale and use the proceeds exclusively for the construction of the canal. The company is prohibited from selling any stock except for cash or at a less price than par.

Mrs. Lease to Hold Meetings.

TOPEKA, KAS., Jan. 22.—Mary E. Lease has written a number of letters to Populists throughout the state, informing them that she is preparing to hold seven meetings, one in each congressional district, for the purpose of denouncing Governor Lewelling and his administration. It is presumed that if she carries out her purpose she will make public the alleged charges she has frequently alluded to.

In Favor of Adjournment.

DENVER, Col., Jan. 22.—The legislative conference committee reported this evening unanimously in favor of adjournment after the passage of bills for the construction of the state canal and any other works that will give employment to the unemployed, a bill moving the new county of Cripple Creek and appropriations to pay the expenses of the assembly.

MITCHELL WANTS TO FIGHT.

That is the Conclusion Arrived at by Referee Kelly.

JACKSONVILLE, Jan. 22.—After a long snarl with Mitchell today at his training headquarters, Referee Kelly resigned, convinced that Mitchell wants to fight, and is not suffering from a spinal ankle. Mitchell offered to leave the whole matter of the check to the decision of Kelly, just as Corbett had already done. Thereupon Kelly made a demand upon the club that the check be surrendered into some bank $10,000 in money be placed in his hands by tomorrow afternoon.

Late this afternoon a bill was filed in the court praying for an injunction restraining the sheriff from interfering with the proposed exhibition, from preventing any person from entering the grounds, etc. The bill shows that the agreement of the contest is in accordance with the city ordinance, passed by virtue of the power granted by the legislature to regulate and license amusements and exhibitions. Notice was served upon Sheriff Brawner soon after the bill was filed and a hearing will be had before Judge Call tomorrow.

Mayor Fletcher declared tonight to an Associated Press reporter that the city has passed an ordinance permitting such contests, and had accepted money for the license. Under these circumstances he believed it the duty of the city to protect the club and fighters so far as it can. "There has been considerable talk," said the mayor, "about my swearing special policemen to protect the fighters and seeing that they are allowed to have their little affair without molestation. I have never done such a thing, nor will I do it."

"I shall allow the men to go ahead, but if the authorities of Duval county or the state step in and stop the fight, it is no affair of mine."

Two baggage cars, a caboose and seven pulled out of the siding in the yards of the Florida Central & Peninsula railroad at 7 o'clock tonight. Inside the two cars were packed a circus tent, and the portable seats of Frank Gentry's circus. In the caboose, the blind and sinking mules of which were tightly drawn, there were thirty-five picked men, armed each with a brace of Colt's forty-fours. Every man had been sworn in as a deputy sheriff, the oath having been administered by the sheriff of the adjacent county, friendly to the promoters of the contest.

Adjutant-General Houston arrived at Jacksonville this afternoon and made arrangements for quartering the second battalion, which will arrive tomorrow.

"I am acting under instructions from Governor Mitchell," said he, "and I will carry them out to the letter."

General Houston does not anticipate any trouble in preventing the battle, and evidently thinks the sight of troops will be sufficient to deter the men from entering the ring.

Manager Gowden created consternation in the club rooms tonight, in the presence of a lot of newspaper men, by making the startling announcement that the prize fighters were going out on a train to fight, and that no newspaper was to have more than one representative free of charge, and only the most reputable papers of the country. He went on to give his reasons, and stated the club was out $50,000, and did not propose to have newspaper men aboard displacing patrons who would put up $25 for tickets.

Fishback a Candidate.

LITTLE ROCK, ARK., Jan. 22.—Governor W. M. Fishback today announced his candidacy for the seat in the United States Senate now held by Senator James H. Berry.

The Nota Not so a Stimulant.

Half a lota not still, says Mr. C. F. Scott Elliott, in his report on the botany of Sierra Leone, enables a man to go without food and support great fatigue for 24 hours or more. It is an excellent nerve tonic, and is especially good for keeping the brain clear and active at night. It prevents sleep, however, almost too thoroughly, and should not be taken less than four hours before bedtime. It is said to remove immediately and thoroughly the unsteadiness and wandering due to drunkenness. It grows nearly everywhere, thrives wherever planted, seems to require no special condition of soil and yields at the rate of 4000 per acre. Another property attributed to this nut is that of rapidly clearing foul water and improving beer.—Lancet.

INDIA'S FINANCIAL GAME.

Business Crippled and the Money Market in a Panic.

Criticism of the British Press.—The English Government Aware of the Situation.

LONDON, Jan. 22.—A dispatch to the *Times* from Calcutta says: There was another very heavy fall in exchange today, the condition of the money market being almost one of panic. It is feared Secretary of State Kimberley may accept any rate offered at the next sale of council bills. It is certain Secretary Kimberley can command fair sales if he only sells one a week or so longer, but the fact that he may accelerate is crippling all business.

A dispatch to the *Times* from Hongkong says the breakdown in the Indian government in attempting to maintain a fictitious rate of exchange, while leaving the failure to immediate action, has had the worst possible effect. Business in Shanghai and Hongkong is paralyzed.

The Globe says the Indian financial prospects are in a state of chaos, and without hopefulness in a satisfactory solution. The Globe remarks that the great experiment has collapsed and the reversal of the sixteenth in June in consequence of necessity to official regulations really amounts to a confession of failure. The whole financial situation in India must now be faced and the intervention of a sound economist is wanted, with a large consideration to overhaul the whole subject and with proportionate power to give effect to his recommendations.

The St. James Gazette severely criticizes the past Indian policy and says after the demoralizing trade in June, the Indian government's unfortunate experiment has completely broken down and is fairly retreat from an untenable position. Also means that the Indian government is at last alive to the seriousness and desperate nature of the financial game the Indian authorities are playing.

Retaliation and Force.

NEW YORK, Jan. 22.—The *Herald's* dispatch from Montevideo, January 21st, says: The rebel insurgent army in Rio Grande do Sul, pursued by General Hipolyto and forces, has arrived at Santa Anna and will push on tomorrow for Alegrete or Uruguayana. The insurgents desire the prolonged siege of Bage exhausted their ammunition and provisions and that time alone prevented them from giving battle to the royal forces. Peixoto's fleet is still there, but will soon go to Rio Grande, by Peixoto's directions.

RIO DE JANEIRO, Jan. 22.—It is impossible for vessels to discharge their cargoes at port, owing to the yellow fever epidemic. The deaths average eleven daily.

Young Bismarck Insulted.

BERLIN, Jan. 22.—After a year's absence, Herbert Bismarck today attended the annual festivities of the distribution of orders. Emperor William did not notice him, although he spoke to many others.

When the dinner was over and the emperor arose to address the guests informally, Herbert Bismarck was placed at a point in the half circle where the emperor was to pass. Before he came to Herbert's place, the emperor turned purposely and avoided him. When he approached a second time, Herbert bowed. The emperor nodded in return, but did not speak.

THE ERA OF PEACE BRIEF.

Bulfour Urges England to Look to Her Defense.

LONDON, Jan. 22.—Arthur J. Balfour, leader of the unionists in the house of commons, spoke this evening before a meeting in Manchester on the subject of the imperial defense. He did not believe any government was justified in expecting a long era of peace. The French and Russian governments were pushing forward with all speed the work in their dock yards. Certain movements made of late years in Asia were only too obviously directed against England. It is believed the English people are anxiously disposed toward France, but it must be admitted with despond regret that the French are hostile to England.

A Sad Government.

WASHINGTON, Jan. 22.—The government of the Orange Free State has given notice of its desire to terminate the existing treaty of friendship and commerce with the United States, at the expiration of twelve months from the date of the receipt of the notice.

Bald Heads!

What is the condition of your? Is your hair gray, faded? Does it fall off and break? Is it thin? Is it full of dandruff? Does your scalp itch? Is it diseased? Does your hair need a tonic? Do you want a dressing that will make your hair grow luxuriantly? Do you want a hair food that will nourish the roots? Do you want a hair preparation that will cleanse the scalp? Do you want a hair preparation that will cure all diseases of the hair? Do you want a hair preparation that will stop your hair from falling out? Do you want a hair preparation that will make your hair soft, glossy and pliable? Do you want a hair preparation that will make your hair grow on bald heads?

NOTHING SUCCEEDS LIKE SUCCESS.

A Case of St. Vitus Dance Cured, Demonstrating the Skill of the Physicians of the Zion Medical & Surgical Institute.

The $5 Rate for All Diseases Closes Feb. 1st.—Nervous and Chronic Diseases a Specialty.

George Stanton, Esq., a prominent business man of Payson City, Utah, in conversation with the writer, said: "My little son, Raymond, was a great sufferer when I consulted Drs. Shores & Shores of the Zion Medical and Surgical Institute, located 34 East Second South St., Salt Lake City. After an examination the doctors informed me his disease was curable. St. Vitus dance and I asked him the question, Can he be cured? The doctors answered me with an unqualified yes, and it gives me great pleasure to state that after two months' treatment by these eminent specialists

in chronic and nervous diseases that he was entirely cured. He commenced to get better from the first. My little boy's case was certainly a bad one. He began to look bad, and was peevish and fretful, his temper was irritable, his sleep was disturbed by disagreeable dreams. He was very flighty and nervous, could not sit still. The muscles of the face would twitch, his gait was peculiar, being slow and shuffling. No matter where the hand was placed it could not be kept steady. So grave were all these symptoms that it seemed almost a miracle that he was restored to perfect health in so short a time.

"I heartily recommend Drs Shores & Shores."

The above case is one of special interest to parents. Many children are subject to the same nervous symptoms, yet in a milder form. This should never be neglected. All such cases, if taken in the early stages, can be cured. Drs. Shores & Shores have proved this fact in the case of little Raymon Stanton.

REMEMBER,

All patients who apply for treatment during this month will be treated and cured for $5 a month, medicines furnished FREE.
