Badly Hurt.

Yesterday afternoon a very serious accident happened at the planing mill of the Burton-Gardner Company, corner of Eighth South and First East, by which Andrew Amundsen, one of the employes lost his little finger between the first and second joints, and had two ribs broken, besides some bad cuts and bruises on the lower part of the body. While assisting to replace a belt on one of the pulleys while the shaft was in motion, holding a stick, supported by his body to give firmness, the stick slipped from the belt to the inside of the pulley, striking the arm, which in turn forced the stick sideways and into his side. It is said that Amundsen himself is some to blame in the matter, as he should have stood on the floor side of the shaft.

United States of America, Territory of Utah, Third judicial district, ss.: At the Third judicial district in and for the Territory of Utah within the United States of America, at the February term, in the year of our Lord, one thousand eight hundred and eighty-eight.

United States of America vs. Harry Hayden.

The grand jurors of the United States of America within and for the district aforesaid, at the term and in the February aforesaid, bring their indictment herein and charge, on their oaths, that said defendant, Harry Hayden, late at the date of the indictment herein, to wit, the first day of March, A. D. 1887, in the said district and Territory aforesaid, and within the jurisdiction of the court, did, while Harry Hayden, being then and there duly appointed, qualified and acting postmaster of the United States, in the postoffice of Murray, in the county of Salt Lake, in said Territory and district, and as such being then and there a United States officer, to wit, a postmaster of the fourth class, do then and there unlawfully, fraudulently, purposely and knowingly make a false return to the auditor of the treasury department of the United States of the amount of postage stamps, stamped envelopes, postal cards, and newspaper and periodical stamps received and cancelled in said postoffice, and mailed to said auditor, and of postage stamps cancelled in postoffice and mailed to said auditor, and of postage stamps delivered at said postoffice during said quarter, the said amount of such return being in the words and figures following, to-wit:

I, Harry Hayden, postmaster of Murray, Utah, do swear that the amounts which I have entered in the postoffice department for the quarter ending March 31, 1887, exhibit truly and faithfully the amount of postage stamps and postal cards which have been received thereat, and the various sums which could have been by me charged and credited to the postmaster thereof, and that the credits contained in the said accounts are just and true, as I verily believe, and that the sums, that during the said period I have not knowingly delivered or permitted to be delivered to any person any postal card or on which the postage has not been paid at the time of such delivery, by affixing and cancelling postage due stamps in accordance with section 25, act of March 3, 1879, and of sections 270-274, Postal Laws and Regulations, edition of 1879. And, furthermore, that the amount of postage stamps, stamped envelopes, postal cards, and newspaper and periodical stamps cancelled as postage on matter actually mailed during the quarter, and for which postage due stamps were delivered, I find the amount of such postage stamps and stamped envelopes upon matter delivered during the quarter, upon which commission is claimed, is truly and accurately stated in the table accompanying this account, and, furthermore, that the amount of commissions claimed by me on the money current and transmitted accompanying this account, is correct, as I believe, and that I have not charged any commission for special delivery stamps. Furthermore, that the delivery of special delivery matter as shown stated is accurate, and that the receipts submitted are genuine receipts signed by the parties to whom the matter was delivered.

HARRY HAYDEN, Postmaster.

Total	[illegible]	[illegible]	[illegible]

Total amount of money, etc., received and cancelled during the quarter, to be carried to current account, $[illegible].

Said return is false and fraudulent in the following particulars, to wit: The amount of postage stamps, stamped envelopes, postal cards, and newspaper and periodical stamps claimed therein as having been cancelled at postoffice aforesaid and mailed to said auditor, and of postage due stamps claimed therein to have been cancelled in payment of indorsements and stamped envelopes upon matter delivered at said postoffice at the various days during said quarter is greater in amount than such amount of postage stamps, stamped envelopes, postal cards, newspaper and periodical stamps actually cancelled in postage on matter actually mailed at said postoffice and of postage due stamps cancelled in payment of such indorsements and stamped envelopes upon matter delivered at said postoffice during said quarter, the said amount of such return being in the words and figures aforesaid subsequently.

Against the peace of the United States of America, their laws in such case made and provided and against the power and dignity of the same.
