THE EVENING NEWS.

Tuesday, June 14, 1870.

NOTICE.

All Advertisements for the EVENING NEWS must be handed in to this Office not later than one o'clock on the day on which advertisers wish them inserted.

LOCAL AND OTHER MATTERS.

THE PRESIDENTIAL PARTY.—Through the kindness of President Geo. A. Smith, we learn that President Young and the Elders accompanying him were at Soda Springs, yesterday, all well, and that the party intended leaving this morning for Montpelier, Bear Lake Valley.

COMING.—We understand that Zavistowski's troupe will arrive in this city some time this week, and will play a short engagement at the Theatre. The troupe has been playing in the West, where they are spoken highly of.

POETICAL READINGS.—Miss Kate Kline, from Sacramento, Cal., will give readings from the poets at half past eight on Wednesday evening, June 15th, at Ballo's or Music Hall, 11th Ward. The price of admittance will be one dollar. Miss Kline is quite youthful in her appearance, and though she has not had a lengthy experience in giving poetical readings, we understand they have given satisfaction. She has an aged father dependent upon her, and having a taste and talent for reading, she has been prompted to adopt it as a profession.

BIRTH.—On Sunday afternoon, June 12th, at 1:30, the wife of Charles Popper, of twin daughters.

PERIODICALS.—We are indebted to Bro. James Dwyer, of the Railroad News Depot, East Temple street, for the current numbers of Peterson's *Musical Monthly*, London *Bow Bells*, the *Technologist*, the *Architect and Builder's Monthly*, edited by Ben Linfoot, and the *Manufacturer and Builder*. Most of the above are well known to the reading public, and they are all well deserving of patronage. The American *Architect and Builder's Monthly* is a new aspirant to favor, and is devoted wholly to education in architecture and art generally. It is beautifully illustrated with large-sized lithographs of the following buildings: Second Presbyterian Church of Philadelphia; Public Library and Museum building, Springfield, Mass; Calvary Church, Utica, N. Y.; Chapel, Dexter Monument, Cincinnati, O., and the New State Capitol, Frankfort, Ky. The work is published by Linfoot and Flew, architectural lithographers, 528 Walnut street, Philadelphia, at five dollars per year. The architects and builders of the country will, no doubt, as a general thing, be found on the subscription list to this journal, for to them, we imagine, its contents will be invaluable.

THE KEEPAPITCHINin.—The eighth number of this humorous sheet appears to-day. The present issue, like its predecessors, is replete with witticisms, fun and frolic, and contains considerable truth as well as poetry. To read the *Keepapitchinin* is the panacea for those subject to depression of spirits occasioned by these tight times. No. 8 contains a new story by the author of the "Midnight Moll," which was so extensively copied by Eastern journals. It also contains a profusely illustrated history of the iconoclastic Cromwell. A thrilling naval engagement, etc., etc., etc. It's Rich.

THE PEACH LAW.—The Council Bluffs *Bugle*, of the 9th inst., says:

"A curious *lusus naturæ*, or rather 'a law,' is observable in the tendency of the peach trees of this season to produce from a single blossom twins and triplets. That this is owing to no local cause, but to some general law, is evident from concurrent testimonies in widely distant regions, and on both shores of the Chesapeak."

The *Bugle* asks, "has this twin development been observed in other States?"

If the above statement be true, and be not due to any local cause, but to some general law, the probability is very great that a similar development will be observed in other peach-growing regions besides those of Iowa. Utah is a great peach-growing country, but we have neither seen nor heard of anything like that referred to by the *Bugle*: wonder if any of our readers have?

DISTRICT COURT.—The adjourned term of the District Court met yesterday and to-day. Owing to the absence of Chief Justice Wilson, O. F. Strickland, Judge of the 1st District, presided. A few minor cases were disposed of and the court adjourned until July 11th.

THE "ILLUSTRATED BEE JOURNAL."—The June number of this journal has been received from the publisher, N. C. Mitchell, Indianapolis, Indiana. It contains a great amount of information on the culture of the honey bee, and as this new industry or enterprise, is now being introduced into the Territory, this journal would no doubt be of great service to all interested, as to the way of preserving and making their bees the most profitable. The *Bee Journal* is published monthly, at two dollars a year.

SPRING RAIN.—The promise of rain which, in the shape of dark clouds, has been made for the past two or three days, was fulfilled this morning, in a magnificent shower, such as is seldom seen in these valleys. The growing grain must be greatly benefitted by this opportune visitation, if it extends over any great area of country. It will also be a great good to the fruit trees, and help to cleanse them of the poison of the hoppers. For the past few days the pests have been on the wing, and they are not so numerous in this city as they have been. If they do not return, the cleansing the trees have received to-day, will strengthen the prospect for some good fruit being raised in the city orchards.

THE "JUVENILE INSTRUCTOR."—No. 8 of this little magazine is now ready, and is fully equal to any which have preceded it. The following is a part of its contents: "Juvenile Farmers," illustrated; "Chemistry of Common Things—Wrought Iron;" "Editorial Thoughts;" "The Sahara," illustrated; "Biography—Joseph Smith, the Prophet;" "Missionary Sketches;" "The Butter Lion;" "Chinese Provision Shops;" Poetry—"Learn a Little Every Day," "Spring" and "In the Morning," selections, etc. The *Juvenile Instructor* should be in every family, and read by every child in the Territory.

A MESSAGE FOR HIM.—There is a message at the Western Union Telegraph Office for J. Odell. Call and get it.

Died

At Birmingham, March 21st, Moses Charles, son of Charles and Eliza Harding, aged 1 year, 10 months and 4 days.—*Mill Star.*
