CRITICAL ANALYSIS.

UNIVERSITY OF DESERET,
Salt Lake City, June 8th, 1887.

By carefully examining DeLand's Chemical Baking Powder with the microscope and with chemical reagents, I find that it is free from **Alum, Starch, Flour, Bone Ash, Ammonia and White Earth;** and that it consists essentially of Cream of Tartar and Bi-carbonate of Soda.

The Baking Powder examined I purchased at Barnes & Davis, in this city.

J. T. KINGSBURY, Chemist.

MANUFACTURERS, CHEMISTS, GOVERNMENTS, PRINCIPALITIES OR POWERS

are unable to disprove the Statement on every can of DeLand's Chemical Baking Powder **"Made of Pure Grape Cream Tartar and Bi-Carb Soda only.** No filling whatever."

☞ CAUTION—Use one-fourth less of this Baking Powder, and one-half less shortening with all recipes than with other Brands. d

EVENING NEWS.

Friday, - October 14, 1887.

A WILD RIDE.

LOUISE IMOGEN GUINEY.

I hear in my heart, I hear in its ominous pulses,
All day, the commotion of sinewy, mane-tossing horses;
All night, from their cells, the importunate tramping and neighing!

Cowards and laggards fall back; but aler to the saddle,
Straight, grim and abreast, vault the weather-worn galloping legion,
With a stirrup-cup each to the one gracious woman that loves him.

The road is thro' dolor and dread, over crags and morasses;
There are shapes by the way, there are things that appall or entice us:
What odds? We are knights; and our souls are bent on the riding.

I hear in my heart, I hear in its ominous pulses,
All day the commotion of sinewy, mane-tossing horses;
All night, from their cells, the importunate tramping and neighing!

We spur to the land of no name, outracing the storm wind;
We leap to the infinite dark, like the sparks from the anvil;
Thou leadest, O God! All's well with thy troopers that follow.

—*The Century for October.*

PACIFIC COAST NOTES.

CULLED FROM LATEST WESTERN EXCHANGES.

A dispatch dated Portland, October 5th, says: Information reached here to-day that the Vale and Burns stage was held up at a point thirty-three miles east of Burns, and robbed by a masked road agent. One letter pouch was carried off. A posse are in pursuit. Particulars are meager.

A dispatch dated San Juan South, October 7, says: Workmen repairing a street this evening unearthed several hundred skeletons. The street being in constant use for the past century, the skeletons must be those of Indian tribes that once inhabited the San Juan valley.

At Phœnix, A. T., October 5, a serious cave was reported in the Vulture mine which occurred on Monday afternoon, burying a Mexican named Alejandro Vansuelta. D. M. McAllister and A. Kirkpatrick, two miners who were with him at the moment, escaped death by running. The body of the dead man has not been recovered.

A difficulty occurred at Biggs, Butte County, Cal., on the 8th, between two prominent farmers, in which D. W. Little shot James Baynon three times, two shots taking effect in the right side. Baynon is not seriously wounded. The cause of the shooting was a feud of long standing on account of land matters. Little has given himself up to the authorities. The shooting, it is claimed, was done in self-defense.

A dispatch dated Portland, October 4, says: Particulars of a serious shooting affair are received from Lostine, Or., between J. M. Keeler and Girard Cochrane. The difficulty occurred at a social dance. Keeler and Cochrane indulged in angry words, when the former drew a pistol and shot the latter in the side of the neck, inflicting a very dangerous wound. Cochrane was unarmed at the time of the shooting. Keeler is under arrest. An old feud existed between the parties growing out of domestic difficulties.

A dispatch dated Placerville, October 6, says: B. F. Wade, an Englishman about 40 years of age, living about half a mile from Fair Play, this county, met with a most frightful death last week. He evidently was killed by a tree, which he had cut down, by falling on him. It seems that the tree had fallen in an opposite direction from that which he had expected, and running in a line with the falling tree he was caught about 15 feet from the stump. When discovered the body had been eaten by hogs and nothing but bones and portions of the clothing could be found.

The Laramie (Wyo.) *Boomerang* of the 10th says: Wallace Link was in from the hills Saturday and reported that a boy named John Carter was shot twice or three times on Friday, at one of the ranches just across the county line. He did not learn very full particulars and perhaps had only obtained his information by hearsay. The officers here had heard something of the same kind, however, and Mr. Richardson, a well known ranchman, who was in to-day, furnishes the boy's name and says he was shot twice, once through the abdomen. It was reported that a physician was called from Cheyenne, but no news could be obtained by telephone from that direction.

A dispatch dated Corvallis (Or.), October 4, says: A shooting affair occurred here this morning between George Maddox and George Bowerlin, wherein the former received a flesh wound in his right arm and the latter a wound in the head, which may prove fatal. The two men had been having trouble for a month. Bowerlin had threatened to kill Maddox on sight. The men were evidently prepared for each other when they met this morning. They fired at each other at close range, each using a Smith & Wesson thirty-eight calibre revolver. Maddox shot four and Bowerlin five times. Maddox says he struck the other man with his pistol after he himself had been shot twice, and only fired as a last resort. The ball which struck Bowerlin broke the arch over the right eye and entered to the depth of two and a half inches, where it lodged.

A Summary of the Tonto Basin Trouble.

A review of the whole situation since the commencement of hostilities discloses the fact that eleven persons have been killed and ten, more or less, wounded. The first to be killed was old man Blevins, the exact date of the committing of the deed being unknown. On the ninth of August a party of the Graham faction rode up to the residence of George Newton. A few words were passed between them and one of the Tewksbury side. A fight ensued in which John Payne and Hamilton Blevins, of the Graham party, were killed, and Gilespie and Tucker wounded. The Tewksbury's took to the hills, and in their absence Newton's house and outbuildings were burned to the ground. A few days later William Graham was killed.

A CESSATION OF HOSTILITIES

then ensued for several days, during the time Sheriff Mulvenon and posse made their first trip. Immediately after they left John Tewksbury and Wm. Jacobs, of the Tewksbury faction, were ambushed and shot from behind, and Tewksbury's head mashed with a stone by Andy Cooper, as he himself stated afterward. The scene of blood was then transferred to Holbrook, where Sheriff Owens, of Apache County, shot and killed Andy Cooper and a Blevins boy, while resisting arrest, and wounded M. B. Roberts and Jno. Blevins, all of the Graham faction. On the 17th or 18th of September the Grahams surrounded the residence of John Tewkesbury, when a fight occurred, at which Middleton, of the Graham party, was killed, and Ellingwood, Lewis Parker and Thomas Graham were wounded, and a man named Bennett is missing. In the fight the Tewkesburys sustained a loss in wounded of James Tewkesbury and George Newton. This brings the history of the bloody tragedy down to the fight reported with the sheriff, in which John Graham and Charles Blevins were killed.

To summarize it, the loss on the Graham side has been nine killed, five of whom were of one family—Blevins, and eight wounded or missing. The Tewkesburys have lost two killed and two wounded.—*Journal-Miner.*

Scribner's Magazine will signalize the completion of its first year by the publication of a superb Christmas number. Its contents will be chiefly poetry and fiction, and literature appropriate to the season. The number of illustrations will be greatly increased, and will represent the best and most original work of American artists and engravers. The cover is to be enriched by a special border, printed in gold; but notwithstanding the fact that the preparation of this number has necessitated, of course, a greatly increased cost, the price will remain as usual, twenty-five cents.

SIMMONS LIVER REGULATOR

FAULTLESS FAMILY MEDICINE

"I have used Simmons Liver Regulator for many years, having made it my only Family Medicine. My mother before me was very partial to it. It is a safe, good and reliable medicine for any disorder of the system and if used in time is *a great preventive of sickness.* I often recommend it to my friends, and shall continue to do so.

"Rev. James M. Rollins,
"Pastor M. E. Church, So. Fairfield, Va."

TIME AND DOCTORS' BILLS SAVED by always keeping Simmons Liver Regulator in the house

"I have found Simmons Liver Regulator the best family medicine I ever used for anything that may happen, have used it in *Indigestion, Colic, Diarrhœa, Biliousness,* and found it to relieve immediately. After eating a hearty supper, if on going to bed I take about a teaspoonful, I never feel the effects of the supper eaten.
