break out in London provided to fan such an emergency? I asked.

"Yes," he replied. "In such a case there would be isolation at once. There is ample accommodation in the Metropolitan asylums boards hospitals. They are equipped magnificently with all the miraculous results of antiseptics. We just now there is no epidemic, and the rule is just the reverse for all infectious diseases."

Dr. Allen Turner said:

"The increased death rate last week is easily accounted for.

"It is just the weather when you expect a great increase in the number of deaths. The present weather is the cause of fresh cases of influenza. Ever since 1891, when he had experience of it, I have noticed that it is just the same every year, but never slighter than this."

Gen. Gomez to Come to Washington.

New York, Jan. 28.—A special to the Press from Washington says:

Gen. Maximo Gomez may come to Washington. The suggestion has been made that a meeting between the President and Gen. Gomez would be of great benefit to the situation in Cuba. Gen. Gomez wishes to come. His desire has been communicated to a United States Senator who visited Cuba a year ago. The communication was made to the senator in the hope that there would be some way of bringing about the visit.

While Gomez wishes to come to Washington, he hesitates to start without some assurance that he will be received by the President and will be persuaded to give his views upon the policy to be pursued in the island.

Senor Quesada, the head of the Cuban negotiations in Washington, has started for Havana. His destination, however, is the interior of the island. Further than that, Senor Quesada goes on an important mission to Gomez, the Cubans love will not say, but it is believed to be in connection with the visit. The work of reconstruction in Cuba is progressing well in the interior. The only hindrance is the disorganization of the Cuban forces to disband without some pay. With these soldiers the work of Gomez will go further than that of anybody else.

IMMENSE CLEARING TOTALS.

Salt Lake's bank clearings continue to reach enormous proportions, and the record for the past six days shows an average of 1183 per cent over the same period last year. The clearings for the week just ended reached $1,262,811. The totals for the United States continue to show the same heavy increase, reaching $1,141,780,874, an increase of 18 8-10 per cent over the same week last year.

CO-OP WAGON MEETING.

A meeting of the board of directors of the Co-operative Wagon & Machine company took place on Tuesday, when the company's reports for the past year were presented. The showing made was one of the best in the history of the institution, and the board discussed the question of disbursing a special dividend to stockholders out of the year's earnings. After consideration, however, it was decided that no special should be declared, but that the sum of $100,000 should be set aside as a building fund, and that the company should erect a structure sufficient for its needs on the city property, to Main street. It is expected that work will be gone way of bringing about the visit.

While Gomez wishes to come to Washington, he hesitates to start without some assurance that he will be received by the President and will be persuaded to give his views upon the policy to be pursued in the island.

TO RESTRAIN INDIANS.

The committee on memorials to Congress and Federal relations reported a substitute for H. J. M. No. 2, by Mr. Reid, relating to the depredations of the Ute and Navajo Indians in San Juan county, and asking relief for homesteads and efficient protection therefrom. The full text of the substitute memorial is as follows:

"To the Honorable, the Senate and House of Representatives of the United States, assembled in Congress assembled: Your memorialists, the Governor and Legislature of the State of Utah, respectfully represent and pray the honorable bodies and represent:

"That the Ute and Navajo Indians residing in Colorado and Arizona respectively, and having reservations therein, under treaties which have been created Utah, and cannot depredations upon the property of the people of said county.

"The foregoing facts have been ascertained after careful inquiry and investigation, and your memorialists respectfully pray for immediate and effectual relief, and further represent that adequate effectual relief can only be afforded by the proper authorities of the United States in the same manner as the Indians of San Juan county from the incursions of the Indians of Arizona and Colorado and restrain them within the reservations allotted set apart for their occupation. As a consequence of the State herder with their flocks and herds and demand the land of its pastures, denied white citizens of the country, and spread terror among them.

"Your memorialists therefore respectfully and earnestly request that the necessary steps be taken by the proper department to restrain said Indians from further encroachment into the State of Utah.

"And as in duty bound your memorialists will ever pray."

Passed to a unanimous vote and sent to the Senate.

MEMORIAL TO CONGRESS.

O'Neil introduced H. J. M. No. 1, to memorial to Congress praying that certain lands in Uintah county be restored to the public domain. The memorial was adopted. That memorialization of Grover Cleveland certain public lands situate in the State of Utah, which had been set apart for a reservation, under "An act to repeal timber culture laws and for other purposes."

"That a portion of the area of said reservation lies within the county of Uintah, in said State, and that the same is contained at the time of the issuance of such proclamation a population of three thousand inhabitants, and that was not less than seven thousand; that by reason of the contest of the country of said county, and the fact that the lands adjacent to the Green river and its tributaries, are are absolutely worthless and for water, timber, fuel and building material and the necessary range for the stock, upon which said inhabitants depend, prosperity and importance, it is absolutely necessary that they should have the free and uninterrupted use of water and timber, and that some incident to settlement; and that without these privileges the further growth and development of the region will cease and the most of the settlements be abandoned. By reason of these facts we respectfully pray:

"That Congress so modify such assumed order as to exempt from its operation all that part and portion of the public domain described therein which is within the boundary lines of said county of Uintah.

The House then adjourned until 2 p. m. Monday.

AMENDMENTS TO SCHOOL LAW.

As Proposed by the State Board of Education for a Bill to be Introduced.

A representative of the "News" today interviewed a leading school man and from him learned the facts that follow:

The principal changes proposed by the State board of education to the present school law are: 1. That there shall be a board of education in each county, without interpleading, however, with the school boards, 2. That the board, or other property. 3. This board will be empowered to employ, assign and transport teachers. 4. Pupils from the State and county school fund. The compulsory attendance on the school is left out. The state board of education is to be given power to grant temporary teacher certificates. The expenses of the State board are to be paid from the State school fund. The county superintendent and two associates elected with him are to constitute the county board of education. District trustees are to be elected. The board trustees shall have charge of the school property in their district, shall provide nurses, and shall have power to examine their schools in matters for a longer time than that fixed by the county board, but must report the action of the board to the county board. The salaries of county teachers, and of the county superintendent, and the expenses of the county board of education, are to be paid from a tax of not more than seven mills on the dollar, to be levied on the taxable property of the county.

This is an increase of three mills in the present maximum county rate; but the expenses of the school district are to decrease three mills.

The bill embodying these changes will shortly be formal before the Legislature.

Poisoned by Ivy

Was in a Dreadful Condition

Happened to Read About a Similar Case—Followed the Other Man's Example and Was Cured.

"There were two boxes of Hood's Sarsaparilla given by Charles Morris, general jobber, 52 Lexington Avenue, North Cambridge, Mass.:

"Several years ago I became poisoned by ivy. I tried many medicines, spending a large sum of money without relief. I was in a state of good. My children were also afflicted with the same disease. We were all constant sufferers with an acrid burning sensation, and it seemed as if I should tear myself to pieces. I picked up a paper in which I found printed a testimonial from a man in Vermont who had been similarly afflicted and had taken Hood's Sarsaparilla with benefit. I bought a bottle, which we took and it did

Me and My Children

so much good I purchased another supply. We continued taking Hood's Sarsaparilla until we used five bottles and I can only say that neither myself nor children have any signs of the poison. It has entirely left us and we are perfectly cured. We give the whole credit to Hood's Sarsaparilla. Before resorting to this medicine I was reduced in weight, but now I weigh 155 pounds. Hood's Sarsaparilla has not only done much good but has been the means of saving me a great deal of money. I would not be without it in my house and I heartily recommend it to all who are afflicted. I have written this statement for publication, of my own will, as I want others to know what

Hood's Sarsaparilla

has done for us." CHARLES MORRIS.

Hood's Pills act in unison with Hood's Sarsaparilla.

FUNDS ARE DISTRIBUTED.

Adjustment of Differences Existing Between Claimants.

THE AMOUNT IS $16,885.28.

Represents the Judgment Rendered Years Ago in Case of Hannaman vs Kerrick—Other Court News.

Judge Cherry signed a decree today in the case of George A. Lowe et al vs C. L. Hannaman et al, the terms of which provide for the distribution of $16,885.28, among the numerous claimants. The money was paid into court some time ago by the bondsmen of L. C. Kerrick, and represented the amount of a judgment rendered in favor of Hannaman and against Kerrick. There were so many parties claiming an interest in the judgment that the bondsmen concluded that the better way would be to have the court adjust matters.

The payment of $8,000 to the trustees to Moses J. L. Hawkins and Waldemar Van Cott is held to have been a valid payment, made upon the written direction of all the parties interested in the funds.

Of the remaining $2,885.28, it is ordered that it be distributed as follows:

To Frank W. Jennings, $2,882.

To S. Elizabeth Onion, $2.28.

To H. H. Rossiter, one of the attorneys and assignee of the defendants, Anna H. Hannaman and Carrie Mancloff, $500.

It is further ordered that the costs of the action, including the costs paid by the bondsmen, be met with by the clerks, and the balance remaining in the hands of the trustees be paid to the defendant Bank of Commerce.

In the matter of the petition of Hannaman for a decree in favor of Frank W. Jennings, together with the trust deed to Preston Nutting, and to be used for the purpose of permitting the Bank of Commerce to obtain full title to the property, it is ordered that the sale and deed be transferred by Joseph A. Jennings, trustee, and C. L. Hannaman, to the Bank of Commerce.

The judgment was rendered a few weeks ago by Judge Hawkins, but by consent of the attorneys in the case the decree was today signed by Judge Cherry.

AN ACCOUNTING ASKED FOR.

Heirs of the Estate of Edward Brain Find Fault with Administratrix.

Charles J. Brain, and about a dozen others, representing themselves as heirs and children of the late Edward Brain, filed a petition in the probate division of the third district court today asking for the removal of Annie Peters Brain as administratrix of the Brain estate, and that she be required to render an account of her administration to the court.

The petition set forth that the administratrix was appointed as such on the 23d of May, 1898, and that she has neglected and refused to do so, that she has unlawfully attempted to dispose of the estate of the homestead by having the same entered in herself as a sole parte order of the probate court and now claims to be the owner of the homestead by reason of the order made through the aid of her attorneys when she proposes to pay no excessive allowance for. The property constituting the homestead is said to consist of a valuable tract of land with a dwelling house on it as well as adjoining lands.

It is also set out that the residue of the property consisting of cash on hand is worth about $4,000. The petition further sets out that the administratrix has failed to render any accounts of her administration and claims
