PATENTS

Obtained for new inventions, or for improvements on old ones, for medical or other compounds, trade-marks and labels. Caveats, Assignments, Interferences, Appeals, Suits for Infringement and all cases arising under the Patent Laws, promptly attended to—Inventions that have been REJECTED by the Patent Office may still, in most cases, be patented by us. Being opposite the U. S. Patent Department, and assigned to Patent business exclusively, we can make closer searches, and secure Patents more promptly, and with broader claims, than those who are remote from Washington.

INVENTORS send us a model or drawing and description of your device; we make a thorough examination and advise as to patentability free of charge. All correspondence strictly confidential. Prices low, and NO CHARGE UNLESS PATENT IS SECURED.

We refer to Hon. Postmaster General D. M. Key, Hon. E. S. Foster, The German-American National Bank, to officials in the U. S. Patent office, and to Senators and Representatives in Congress and especially to our clients in every state in the Union and in Canada. Address

BEAUTY:
OR, THE
Secret of a Fair Face
An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.
Unfortunately not one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of real beauty—a pure and clear complexion.
What nature has thus denied, art must be called upon to furnish.
It can be done; it is done daily. Prof. W. R. Hagan placed beauty within the reach of every unblessed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called
MAGNOLIA BALM
The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.
It conceals all natural blemishes in the most surprising and effective manner.
It removes all roughness, eruptions, redness, blotches, freckles, and tan with magical power.
It drives away all evidences of fatigue and excitement.
It makes the plainest face beautiful.
It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rotund, and plump.
It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.
The Magnolia Balm removes all blemishes and conceals every drawback to beauty; and, which is as harmless as water, it is so delicately light of application that the closest observer cannot detect its use.
Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

Last Night's Dispatches.

EASTERN.

Blown for Fragments.

BRADFORD, Pa., 15.—A glycerine magazine near here, belonging to N. B. Pulver, containing 70 lbs. of glycerine and 100 lbs. of dynamite, exploded, to-day, and N. B. Pulver, J. B. Burkeholder, Andrew P. Higgins, and Charley Page were blown into fragments.

Instructions to Collectors of Customs.

WASHINGTON, 15.—The Secretary of the Treasury has instructed the collector of customs hereafter to decline to permit the delivery of books imported through the mails which, from quantity or other circumstances, are presumably intended for the use of any other person than the one to whom they are addressed, or as merchandise, and in no instance will the use of the mail be permitted to enable parties to import articles of merchandise which should be properly treated as subject to duty under the custom's law, and books, in the latter case, as in the case of newspapers and periodicals, should be returned to the foreign country from which they came, as unmailable matter.

The Chinese Embassy.

Much interest is felt in the arrival of the Chinese embassy, which is expected in about five days. It is thought that in addition to the modification of the treaty of commerce and amity with the United States, especial attention will be given by the minister to the manner in which his Chinese countrymen have been treated on the Pacific Coast, and it will be claimed that under the provisions of the Burlingame treaty of 1868, they should be as effectually protected as American citizens are in China.

Yellow Fever Cases—Subscriptions, etc.

GRENADA, Miss., 15.—Five deaths and two new cases. The fever is abating, and we may soon look for a more cheerful condition of affairs. An agent of the railroad company, who arrived here this morning from New Orleans, to take charge of the railroad, after viewing the situation, concluded to return. He left on the train, to-night for New Orleans.

Holly Springs, Miss., 15.—This evening Mrs. Laborde, who nurses R. C. Perkins, the express agent, who so heroically volunteered to take the place of L. B. Moseby, who deserted his post, reported that her patient had been robbed of his money by an assistant nurse named S. E. Thomas. We immediately arrested Thomas, and the money was found in his coat. About 200 are still sick. Five deaths, to-day, and nine new cases.

(Signed)
W. J. L. HOLLAND,
Chairman Relief Com.

New Orleans, 15.—Deaths 59; cases reported, 149, including 66 cases dating from the 1st to the 11th inst.

The Howards have received the following:

Grand Junction, Tenn.

Send by the next train two physicians. We will have no doctor to-morrow. All sick; 42 cases of fever. (Signed)

EDWARD BRITTON, Mayor.

Canton, Miss, 15.—The total number of cases to date is 388, deaths 54. New cases in the last 24 hours, 31; no deaths.

Cairo, 16.—A boy from Kentucky, who came here sick on Wednesday, died to-day, with symptoms of yellow fever.

Five employes of the *Bulletin* office, taken sick on Friday, are very low with the same symptoms as those who died on Thursday.

Worcester Mass., 15.—Collections in aid of the yellow fever sufferers, in ten city churches, to-day, amounted to $1,422.

New York, 15.—The circular of Cardinal McCloskey, directing collections in all the catholic churches on Sunday next, for the relief of the yellow fever sufferers, was read at several masses, to-day, and the priests urged generous contributions.

Bishop Laughlin made an appeal in the cathedral, Brooklyn.

Two grand concerts, given in Brooklyn, to-day, by fifty German societies, in aid of the yellow fever sufferers, were very successful; 222 kegs of beer, presented by the brewers, were sold.

Memphis, 15.—Ninety deaths were reported to-day. It is believed that many have occurred in the suburbs which are not reported, for the reason that the undertakers will not go beyond the city limits, and they that sell coffins for their interment do not report them.

At Elmwood, to-day, 55 cases were brought in in express wagons and other vehicles, from the suburbs.

Of the 24 original Howards, only six are on their feet, the others being dead or sick. Clerical force is so much reduced that Secy. J. H. Smith requests persons sending contributions to send by draft. There is an apparent falling off in the number of new cases. Only 52 new applications for nurses were made to the Howard's to-day; 26 physicians of the medical corps report 174 new cases for 24 hours ending 6 p. m. against 234 yesterday.

Vicksburg, 15.—Clear and warm; thermometer 90 deg. Physicians think there is a steady decline in new cases, but fears are entertained if the very warm weather returns the fever will again increase. Eighteen deaths to day, nine white and nine colored. Among the new cases is Wm. R. Fairchild, a prominent citizen and a member of the Howard's.

Murder and Lynching.

LAFAYETTE, La., 15.—A difficulty occurred, last evening, in the store of Chancel Chaix, at Charles Court House, between Charlie Baptiste, (colored) and Mr. Valcour St. Martin, deputy sheriff, and a son of N. V. St. Martin, district attorney *pro tem.*, which resulted in Baptiste being stabbed and instantly killed by St. Martin. The latter was arrested and lodged in jail. During the night, a mob of colored people, variously estimated at from 100 to 200, broke open the jail, took the prisoner therefrom, and literally riddled him with bullets beyond all recognition. It is supposed that he received the contents of not less than fifty guns.

Shooting Scrape.

NEW ORLEANS, 15.—Wm. N. Rogers, a well known livery stable keeper, aged 69, was shot and dangerously wounded by Jas. Finn, an ex policeman, who had attempted to draw government rations but failed because he had no sickness in his family. This information being given by Rogers, Finn shot Rogers with a musket loaded with slugs.

Matilda Stanley, the Gipsy Queen.

DAYTON, O., 15.—Matilda Stanley, known as the Gipsey Queen, and recognized as such by all the tribes throughout the United States, was buried at Woodland Cemetery, in this city. The queen was a woman of great influence among her race. She died in Vicksburg last winter, and the body was embalmed and preserved until the present time for her funeral. The cemetery was filled, the funeral attracting visitors from the surrounding country. It is estimated that over 20,000 people were in attendance. Representatives of prominent gipsy families from all parts of the United States and Canada have been assembling in the city for the occasion, and the funeral procession was a mile in length.

FOREIGN.

GREAT BRITAIN.

Anticipated Trouble in Scutari; Germany and Greece.

LONDON, 15.—Trouble is apprehended in Scutari. The governor has taken measures to protect the Greek and Austrian consuls against any attack of the Albanians.

Germany, it is said, has decided to defer making any definite proposition for joint action on behalf of Greece in consequence of the opposition of England and hesitation of Italy.

A Belgrade dispatch says: The Austrian reinforcements have commenced offensive operations against the insurgents by intrenching on the banks of the Save. The fighting, so far, is indecisive. The Austrian loss, between the 4th and 9th of September, is about 100 officers and 3,000 men.

WEST INDIES.

Arrival of Steamers—A Hurricane—Yellow Fever and Small-Pox Deaths.

HAVANA, 15.—The steamer *Carondolet* arrived yesterday. She experienced very heavy weather and took off the crew of the American brig *Sally Brown*, from Pensacola for Santos, abandoned at sea.

The steamer *Santiago de Cuba* arrived last night, all well. She experienced a tremendous hurricane off the Florida coast, lay to four days off Cape Carnaveral, and was obliged to throw her deck load overboard.

The *City of New York* experienced a hurricane, lasting 40 hours, between Cape Hatteras and Charleston. The weather at Havana was tempestuous and very rainy. The hurricane did most damage in the eastern and central departments, not so much by wind as inundations. The damage to cane fields is not very serious.

Decrees have been issued creating commissions charged with considering the reform of the customs tariff and establishing a junta to revise and classify the public debt of the Island.

The deaths at Havana during August included 375 from yellow fever and 38 from small-pox.

TURKEY.

The English Programme of Reforms

CONSTANTINOPLE, 15.—It is stated that the Porte will not only accept the English programme of reforms for Asia Minor, but will shortly issue a proclamation extending it to the whole empire.

ITALY.

England and the Porte.

ROME, 15.—The *Fanfulla* makes the sensational announcement that the basis of a new treaty between England and the Porte has been settled, giving England the protectorate over Egypt. The *Fanfulla* adds that France consents to the treaty, and will take part in the management of the finances.

The Amnesty to Catholic Priests.

In consequence of the amnesty granted by the grand council of Berne to the catholic priests, deprived of their living in 1873, for refusal to comply with the requirements of the State, the Vatican intends to propose to other cantons to adopt similar measures, and solve the difficulties by common agreement.

BRITISH AMERICA.

Destruction by the Flood.

NEW MARKET, Ont., 15.—The flood was very destructive in this section. Buildings floated off, mill-dams carried away, an iron bridge on the Northern Railway seriously damaged, and 13 others destroyed. A large amount of property was destroyed in Brantford. West Brantford is entirely submerged. The iron bridge across Grand River gave way yesterday and three men were drowned.

At Galt there was a rainfall of six inches.

Grand River overflowed and the houses along its bank were greatly damaged. One person was drowned.
