Last Night's Dispatches.

EASTERN.

WASHINGTON, 13.—Gov. Austin, of Minnesota, who came here from Long Branch with Mayor Brackett, of Minneapolis, has had an interview with Secretary Fish in relation to the Manitoba matter. Mayor Brackett, who has just arrived from Fort Garry, brings fresh intelligence concerning the matter. The facts are different and more exasperating in their character than those which have hitherto been brought to the attention of the State Department. Mayor B. states that of the four prisoners two were arrested merely on suspicion of being accomplices, and that of those two one had $20,000 in money on his person which he had collected on a current commercial account in Manitoba, and which the local court suffered Lord Gordon to attach in aid of the civil suit. Gov. Austin represents the feeling of the people of Minnesota as greatly excited, and says that it will require but little encouragement from the press and people to induce the residents of the border to commit some overt act of war. The State Department continues to maintain the position that it is impotent in any way to interfere, except in the way of suggestion, just as the Canadian government are impotent to dictate to the judiciary of Manitoba. However our government will endeavor to use and is using its strongest influence to secure the liberation of the prisoners. In this endeavor the State Department is assisted by Sir Edward Thornton, the British Minister, who is very desirous to avoid any international complications. It is feared, in diplomatic circles, that any rash act upon the part of the Minnesota people would complicate the boundary question, and perhaps lead to a serious difficulty with Great Britain, although the joint British and American commission, appointed to locate the north-western boundary have settled the line, and a considerable distance west of Manitoba, yet the entire work of the commission must be submitted to the legislative bodies of the two governments to be by them ratified, before the boundary is settled. Any international inasibility it is feared would prevent the ratification of the recommendations of the commission. This question, added to the positive complication on the north-eastern frontier, relative to the readjustment of the fishery question with the Dominion, has placed our government in its relations with its northern neighbor in a very delicate position.

NEW YORK, 13.—According to foreign files, the women medical students, who have been rejected at Edinburgh, are trying what the Society of St. Andrew will do for them. In their application they point out that they have fifteen women at least prepared to graduate at once, that they will bear all the cost of obtaining a supplementary charter if necessary, and that they are also prepared at once to hire or build a suitable building for a medical school, and are also in a position to arrange for a complete course of lectures on all required subjects of medical education, which are not taught at St. Andrews, if the University authorities will sanction such an arrangement, and will subsequently admit them to examination and graduation, following the example of their continental brethren.

WASHINGTON, 13.—Thompson, Sturgis and Kitz, commissioners appointed for the purpose, were yesterday directed by telegraph to proceed at once to the examination of sixty-five miles of the N. P. R. R., between Portland, Oregon, and Puget Sound.

Application was made to Secretary Richardson to-day, for some statement in regard to the charges published to the effect that there is a deficiency of ten million dollars in the coin account of the government. The Secretary declined to say anything on the subject, further than that time will show whether there is or not.

The Attorney-General has decided that spirituous liquors can be introduced into the Indian countries without an order of the war department, and that the jurisdiction of that department is exclusive of all other authorities.

NEW YORK, 13.—Gen. B. H. Bristow, of Ky., has resigned the presidency of the California and Texas railroad construction company, now building the Texas Pacific railroad, and is succeeded by Jno. McManas, of Reading, Pa.

BOSTON.—Wool active, manufacturers being free buyers, and have added largely to their stock during the past week. Decent prices are readily obtained, and the market denotes a decided firmness, which has given rise to the opinion that higher rates will rule as the season advances. Any advance in the price at this time would however, undoubtedly check the activity now prevailing. California wool continues in demand, 25 @ 35 per pound, good and choice ranging from 30 to 35.

HARRISBURG, 13.—The Republican State Convention have nominated R. W. McKee for State treasurer, and S.G. Gordon, for Supreme Court judge. Mr. Mann, chairman of the committee on resolutions, made the following report, which was unanimously adopted:

"We, the Republicans in Pennsylvania, in convention assembled, renew our expression of confidence in and devotion to the principles of Republicanism, and declare that we heartily endorse and adopt the national and state platform of 1872. That the administration of Gov. Hartranft calls for our warmest approbation. During the short time he has been in the executive department, he has established a State policy, which has justly endeared him to the people of the commonwealth. That as retrenchment is required to lighten the burden of taxation and to continue the reduction of the public debt, an increase of salaries is unwise, and we condemn, without reserve, voting for, or receiving increased salary for services already rendered. During the time the Republican party has been in power, it has had to confront graver difficulties, and more new and perplexing questions of government than ever were presented to any other party to solve. Resolved that the president of the convention and the candidates this day nominated, shall appoint a chairman of the State Central committee, that the State committee shall contain the same number and shall be appointed in the same manner as heretofore." The convention then adjourned *sine die*.

NEW YORK, 13.—A suit has been commenced in the U. S. district court, against Jno. R. Platt, belting cloths, and E. D. Boyd, glassware, jointly, to recover one million dollars, gold penalty, for the under valuation of imports. Suits have also been commenced against the parties separately to recover the respective sums of $80,000 and $40,000 for similar offences.

To-morrow the treasury sells a million and a half in gold.

J. L. Whitton, chief postal clerk, who arrived in this city this morning from Buffalo, reports heavy rains westward last night. Whitton's train was nearly brought to a standstill by the quantity of water which flooded the track for two miles. The train forced its way through the water, mud and gravel, after the floods began to subside. No mail was received in this city up to a late hour in the p.m. General Superintendent Pearson, this a.m., received a dispatch from Perryville, Mo., to the effect that the through southern mail would be delayed several hours at that place, a bridge having been carried away by a freshet.

Schurark and Steinhart, who were wounded in the Vesey Street tragedy, were last night considered by the hospital physicians to be in a fair way for recovery. The missing witness, who was employed in the store as porter, has not yet been found.

There is no truth in the rumors of the loss of either the *Plymouth Rock* or the *Sea Bird*. The latter reached here soon after 6 p.m., and the *Plymouth Rock* soon after 9, having been somewhat delayed by the washing away of a portion of the Long Branch Railroad. The rumors of the disaster created great excitement, and the officers of the ships were besieged with inquiries.

WESTERN.

MARTINEZ, 13.—The grand jury have indicted Thomas Redfern, for manslaughter, for the killing of Richard A. Duffy in June last.

The wife of Watkins Prosser was thrown from her horse, at Sumersville yesterday, and instantly killed; she leaves a husband and four children.

Henrietta Swayerns, of Nortonville, was severly burned yesterday, by the explosion of a kerosene lamp; she is still alive but no hopes are entertained of her recovery.

SAN FRANCISCO, 13.—At the inquest on William Johnson, shot by Thomas Curtin, the jury found the following verdict: "That the deceased came to his death on the 11th of August, 1873, at St. Mary's hospital, in the city and county of San Francisco, from hemmorrage, caused by a pistol shot wound, inflicted on the same day in Beale St., near Harrison St., by Thomas Curtin, whom we charge with the crime of murder."

An assessment of 50 cents a share has been levied on the stock of the Page and Panacca Mining Co., amounting to $20,000, delinquent Sept. 16.

A monthly dividend of 25 cents per share, aggregating $12,500, has been declared by the K. K. consolidated Mining Co., payable tomorrow.

The funeral of the late Henry P. Barber took place from the Church of the Advent, this morning, and was largely attended by the friends of the deceased.

The stockholders of the Overman mine have held a meeting, to take action regarding the increase of the capital stock. Out of the 11,800 shares in the mine, 10,147 were represented, which were unanimously in favor of the proposition to increase the capital stock to $3,840,000 and to increase the number of shares to 38,400, par value $100 per share. This company had exhausted its former limit of assessing, but can now assess another million or so.

There is great activity in the Ida Elmore, an Idaho mine, good developments being reported.

On the 27th of last February, three ships sailed for Liverpool with wheat cargoes, the *Patrician* and *Escoccesa*, iron English ships, and the well known American clipper built ship *Young America*. Large amounts were wagered on a race between the *Escoccesa* and the *Young America*. The latter reached Liverpool six days ahead. The *Patrician* was wrecked on the bar outside of the Heads, and now comes the report that the *Escoccesa* was sunk in the Mersey yesterday.

EUROPEAN.

MADRID, 14.—Information has been received here that the steamer *Deerhound*, while sailing under the name of the *Margaretta*, and landing Carlist arms and ammunition at Port Arabia, was captured by the Spanish government gunboat. The *Deerhound* is the same yacht that interfered in the case of the *Alabama* under English colors.

LONDON, 13.—Says the *Pall Mall Gazette* the English Roman Catholics are now bargaining a pilgrimage to Paray Le Morial, a small village some distance from Paris, which has acquired its reputation, as a centre for pilgrimages, from the fact that according to Catholic belief, just 300 years ago, the Savior appeared there to the blessed Mary Margaret Alacaquao, and entrusted to her a message to propagate the worship of the sacred heart. The English pilgrimage is being organized under the auspices of a very influential committee at the head of which are the Duke of Norfolk and the Earl of Derby, the secretary being Lord Walter Kerr. The pilgrimage is advertised to start from London on Tuesday. The pilgrims will reach Paray le Morial on Wednesday, and having performed their devotions on Thursday may return to London by Friday night or Saturday morning. All persons wishing to join are requested to send in their names by the 15th of August. The price of the journey is first class, five pounds, second class two pounds ten shillings.

MADRID, 13.—In the Cortes today, the minister of State declared that he should demand the extradition of insurgent refugees in foreign countries.

PARIS, 13.—*Le Temps* and *Le Constitution* publish rumors that the Count de Chambord has partially withdrawn from his position with regard to the white flag, and will come to France to take up his residence there about the 16th inst.

A report is current that Metz will be restored to France through the influence of Russia.

A special dispatch to the London *Standard* reports that Lazaraga has captured the town of Vergara, twenty miles from Talasa. The Carlists claim that this success is the most important they have had since the beginning of the campaign.
