

SPECIAL BUSINESS NOTICES.

Who has stock to summer here?

Nothing in the Quaker City has received more universal and well-merited praise than its Quaker City Baking Powder, Philadelphia, for liberal management and excellent quality.

POWDER.
If you doubt that the Quaker City Baking Powder is the best, make them from Dr. Price's Cream Baking Powder, according to the directions on the can. Such doughnuts, with a cup of coffee, and a light Cream Baking Powder, would cause a delightful surprise to the uninitiated.

POWDER.
Is a deplorable man should decline to save a life by throwing into the sea to save him, he would be called a wretch. The same may be said of the man who neglects to avail himself of the means of safety afforded in the Quaker City Baking Powder, and who subsequently dies of consumption. It is as certain as that day follows night, that such a man may always be avoided by taking this glorious powder in the early stages of pulmonary disease.

Pink's Tooth-Ache Drops.—Cure in one minute.

Catching a Fever.
Is unpleasant, but a taster on the teeth is far from pleasant. It is with the delightful HOZODON, which yields them beauty and health, hardens and improves the gums, and imprisons the breath with a most delectable aroma.

Have you tried the Utah manufactured Ache Cream, for sale by John C. Cutler, agent, Old Constitution Building?

REMEMBER all the only store to buy your DRESS GOODS, HAWAII, and everything in the DRY GOODS line is at SCHWARTZ'S Store, opposite the Salt Lake House. CHEAPER than the CHEAPEST.

Bloomington, Virginia City, Kane County.—The growing wheat looks splendid, the fruit trees have fully blossomed, bidding fair for an abundant crop. Already the apricots are of good size. The gardens are verdant and beautiful. The apricots are of good size. The gardens are verdant and beautiful. The apricots are of good size. The gardens are verdant and beautiful.

The societies for the advancement and culture of the young have been doing a good work, such as the Sunday school, Y. M. and Y. W. M. Associations. Many substantial building improvements are being made. No says a correspondent writing from that place.

A Model Academy.—To-day, we publish a report of interesting proceedings at the Brigham Young Academy, Provo, on the occasion of the closing of the third term of its second academic year. It is a model educational institution. From the standpoint of a Latter-day Saint, it is so perfect. Its system embraces education, a religious, cultivating the moral and intellectual nature. The academy is doing a large amount of good in the community. Its beneficial effects will reach far into the future. It has our hearty good wishes for its continued prosperity and success.

Brighton.—Brighton Ward, hitherto a thinly populated and comparatively obscure locality, is becoming rapidly. It covers an area of 120 acres, extending from the west bank of the Jordan River to the Tooele county line, near Black Rock. It is a distance of nearly nine miles from north to south.

On the beach land, south-west of the city, numbers of houses are going up, while the land is generally being improved. A greater breadth has been broken and sown in wheat this season than ever before. A good deal of lucern has also been sown; the land being admirably adapted for the growth of that plant.

The locality has heretofore been extensively used as a stock range, but owing to the numerous improvements, it is no longer to be utilized for that purpose. Brighton has splendid prospects before it; it will soon have some excellent farms and a most desirable locality, its great proximity to the city giving it a decided advantage over places more remote.

Ogden Items.—Elder Joseph Hall, from Ogden, came up to see the morning. He was in the city, looking well and promising. He is a member of the First Ward, and is a very good man. He is a member of the First Ward, and is a very good man. He is a member of the First Ward, and is a very good man.

A FAMILY LACEMAKER.—Some soldiers who were quartered in a country village, when they met at the regular assembly, and one of them said to the other, "I have a good quarter, but the stranger landlady ever he saw—she always took him off his guard." "What do you mean?" "I mean," replied the soldier, "I mean she always took him off his guard." "What do you mean?" "I mean," replied the soldier, "I mean she always took him off his guard."
