LAST NIGHT'S DISPATCHES

EASTERN.

McCloskey Officially Informed.

NEW YORK, 8.—Yesterday Count Marefoschi fulfilled the mission entrusted to him by the Pope, of announcing, officially, to Archbishop McCloskey his elevation to the Cardinalate. A number of clergy and laity were invited to witness the ceremony, including the Right Rev. Bishop McCloskey, of Louisville. The Count, after presenting his credentials from Cardinal Antonelli, written in Italian, read a brief address in Latin, to which the new Cardinal responded in the same language. Monseigneur Roncetti, bearer of the berretta from the Pope, made an address in French, in which he said the elevation of the Archbishop to the Cardinalate was no more than a fitting recognition of the position which this country rightfully assumes among the nations of the world, not merely because of the wonderful movements of commerce, of invention and of whatever regards material progress which it displayed, but also because these things are far from engrossing the minds of this people to the exclusion of the interests of religious and moral order. Cardinal McCloskey replied in French. The Cardinal private secretary signified his choice of April 22nd, as the day for the public ceremony of receiving the berretta entrusted to Monsigner Roncetti.

More "Ring" Suits.

The recent pardon, from the state prison, of Ingersoll, of the Tweed ring, has revived interest in that topic to such an extent that it almost overshadows the Beecher-Tilton trial and the canal ring exposures. Affidavits showing the grounds on which the new proceeding against Tweed, Sweeney, Connolly and others are based are published to-day, and everything indicates that the campaign will be conducted carefully and vigorously, and with a reasonable expectation of success. Atorney General Barlow presents the programme concisely and encouragingly when he says that, with the testimony Ingersoll is in a position to furnish, connected with what will be proved by others, according to a statute just enacted permitting suits to be brought for the recovery of money stolen from local treasuries in the name of the people, there is no doubt whatever that the sums which have been stolen from the city and county will be recovered and judgment given against all persons who will be shown to have shared in the division of the money.

Murder and Suicide.

PHILADELPHIA, 8.—Louis R. Sege, of 1637 Afton St., last night killed his wife and fatally stabbed himself.

More Lying.

CHICAGO, 8.—Dispatches from Sioux City state that the report from Yankton of the return there of the brothers Owen, from the Black Hills, with specimens of gold, is untrue, and that the Owen Bros., who are trappers, have never been to the Hills at all.

WESTERN.

Bodies Recovered.

SAN FRANCISCO, 8.—At the present writing four bodies have been recovered from the ruins of last night's fire; they are those of Frederick Haase, a saloon keeper, Clark, foreman of the contractor for the removal of the Rincon rock, in whose office the explosion occurred, a colored man named Brown, a messenger on the wharf, and a body supposed to be that of the driver of the gas company's truck. James McIntyre, lately discharged from the navy, died from injuries received last night. Several others injured are not expected to live. The loss in goods is now estimated at five or six hundred thousand dollars insured by the consignees. Other bodies are supposed to be in the ruins, which are being searched.

FOREIGN.

ITALY.

The Emperor's Departure.

VENICE, 8.—The Emperor of Austria left yesterday, after conferring a number of decorations, and earnestly congratulating Victor Emanuel on the unification of Italy.

NOVA SCOTIA.

Seal Fishing.—The Fraudulent Hines.

HALIFAX, 8.—A dispatch says that vessels are arriving from the seal fisheries, that three reached that port yesterday with a total of 97,000 skins.

The Hines implicated in the recently discovered postal contract frauds, at Washington, is J. H. Hines, of Ala., not ex-congressman Hines of Arkansas.

GREAT BRITAIN.

The Merchant Shipping Bill—New Hall for Moody and Sankey.

LONDON, 8.—In the Commons this evening the merchant shipping bill passed its second reading. It makes the owners of vessels liable for compensation to sufferers by their loss, and for increased efficiency in the service, and includes regulations in regard to loading. Plimsoll gave notice that he would move, in committee, amendments limiting deck cargoes, prohibiting the storage of grain in bulk, establishing a maximum load line, and making surveys compulsory.

Moody and Sankey, to-night, opened a new hall in Bow, which has been specially constructed for them, and capable of seating 10,000 people.

SPAIN.

More Troops for Cuba—Professors Arrested.

MADRID, 8.—The government has decided to send fifteen thousand soldiers to Cuba.

Senor Salmeron, professor at the Madrid University, and formerly president of the ministry, and Professor Azcarate of the University, have been arrested, the former sent to Lugo, the latter to Miranda; other arrests are expected. The government declares its intention of arresting all professors who protest against the recent educational laws or who resign their chairs on account of their promulgation. Castelar has resolved to go to Rome.

PRUSSIA.

Will Not Resign.

BERLIN, 8.—The Bishop of Breslau has refused to resign his See, and legal proceedings will be commenced immediately to enforce compliance with the decree of the court.
