CONGRESSIONAL.

HOUSE.

WASHINGTON, 20.—The House passed a resolution offered by Hoar, of Mass., requiring corporations or persons having claims or business before the House committee, and who are represented by counsel or other persons, to file with the Clerk of the House evidence showing that such persons have authority to represent them. This is a direct blow at the lobbyists, and will save the members from being annoyed by them.

The Speaker laid before the House the resignation of Wm. H. Barnum as representative from Connecticut, and it was entered on the journal and accepted.

The Speaker announced the following members as a committee of investigation into the official conduct of the Clerk of the House—Payne of Ohio, Forney of Alabama, Marsh of Pa., Wait of Conn., Harrison of Ills.

The House then went into committee of the whole, Culmer in the chair, on the naval appropriation bill, and a number of speeches were made upon the subject of the proposed abolition of the navy yards. Blount, of Georgia, who has charge of the bill, moved to reduce the appropriations for the pay of the navy from $6,250,00 to $5,750,000, and that the officers receive a mileage of eight cents per mile; agreed to.

Lawrence, of Ohio, from the judiciary committee, reported a bill to amend the charters of the Pacific Railroad companies; referred to committee of the whole.

Haskins, of New York, was excused from service on the Louisiana investigation committee. Adjourned.

EASTERN.

Another Railroad Accident.

LOUSVILLE, Ky., 20.—A Millersburg special to the *Courier-Journal* reports a serious railroad accident at Hinkston Station, on the Maysville and Lexington road. The long span bridge gave way under the weight of the north bound train. The engineer discovered the bridge crumbling when one-fourth of the way over. He attempted to return, but, unable, turned on a full head of steam and succeeded in getting nearly over when the timbers gave way, and the passenger coach only fell into the water below, the bridge tumbling on it, and thirty passengers were more or less injured.

Death of Julia Mathews.

ST. LOUIS, 20.—Miss Julia Mathews, of the English opera bouffe, died at Mullanphy Hospital here yesterday p. m., of rheumatism and malarial fever. Her body will be embalmed and sent to England.

Walking to the Centennial.

WHEELING, Va., 20.—Joblins, who left Carthage, Mo., with a wheelbarrow containing 500 pounds of minerals for the Centennial, and the seventy-nine year old gentleman that left New Albany, Ind., about three weeks ago for the same point, passed through this city this morning, both appearing in good health and spirits.

The Whiskey Ring.

A third suit against the sureties of John Busby of the whiskey ring, was tried in the U. S. District Court and decided in favor of the Government. The jury returning a verdict for $35,000, being the full amount of the bond.

The Boat Race.

BOSTON, 20.—In the Faulkner Regan and City Point race to-day, in which both crews claimed a foul, the referee has decided that the race be rowed again on Monday.

SCRANTON, 20.—A terrific explosion of fire-damp occurred this forenoon at the Oxford air shaft of the Delaware, Lackawana and Western Railroad Company, of this city, by which one man was killed instantly and four seriously scorched and otherwise injured. The explosion was caused by an accumulation of gas in the lower vein coming in contact with a miner's lamp.

Postal Service—Land Claims—Chinese Question.

WASHINGTON, 20.—The proposition for the material reduction in the appropriations for mail service on horse and steamboat routes was withdrawn before the House passed the postal appropriation bill, unless the Senate amends the bill, however, all fast mail service must cease, and the free delivery in small cities be suspended.

There is much difference of opinion here on the question as to whether further legislation is required to secure patents to settlers, as against jumpers, on land within the limits of the railroad grants, and that were claimed under the Mexican grants which were subsequently rejected as invalid. Page thinks it unnecessary because he don't believe the Interior Department has allowed any declaratory statements to be filed on such lands while the question of any Mexican grant's validity was pending. Wigginson, however, asserts many such filings have been allowed, and unless settlers who have based their titles upon these supposed foundations, bases to file new declarations within the ninety days priority of the opportunity offered them by the general law, their lands and improvements are liable to be jumped. He says the Roland grant has been nearly all covered by declaratory statements thus illegally filed; therefore, he introduced, and will press his bill, which he thinks will secure all *bona fide* settlers, leaving nothing then for controversy.

Piper's earnest speech on the Chinese question has added to the impression upon Congress made by Sargent and Mitchell's efforts. He was especially effective in showing the helplessness of the California State authority to protect their people against the debasing and destructive evils locally imposed by the influx of coolies and criminals, and that there is no effectual remedy except by the modification of the Burlingame treaty.

Postal Telegraph Company.

There is no probability of the adjournment of Congress in June, as there is serious danger of a deadlock between the two houses on the appropriation bills. Besides, the republicans would expect a fourth until the House Judicial committee have reported, but they shall continue sitting during recess as so many mills for grinding out political capital. They will do well if they adjourn before August.

It is rumored that the sub-committee of ways and means are investigating the Alaska Commercial Company, and will report for sustaining the company and its contracts; also that this report will be contested in full committee.

Issue of Veracity.

The House committee on foreign affairs to-day received a letter from Cheesborough, of London, in which, replying to certain inquiries cabled by the committee ten days ago, he states that he left Paris in December, 1872, and went to London at the request of General Schenck, to look after letters and stock interests and that while in London he received a dispatch from General Schenck, authorizing the sale of 2,000 shares of the Emma mine stock for Schenck, which telegram he took to the General's bankers, Jay Cooke, Mcculleugh & Co. In view of these statements, which are directly contradictory to part of General Schenck's testimony, the committee will delay their report in order to allow Schenck an opportunity next Monday to reappear before them in regard to the issue of veracity thus raised.

The Louisiana Investigation.

In the Louisiana investigation Ferguson testified that money was paid for election purposes. The parties were democrats and liberal republicans, and they were expected to support the ticket bearing Sypher's name. Witness did not know that the money was not Sypher's own. He understood it was drawn from the custom house, owing to Sypher's having the rolls made out and taking them away and returning with the money. A telegram from Collector Casey states that he had records of his office to show that McCarthy imported a hundred and forty five thousand cigars in March, 1875, and paid the full duty, instead of importing a hundred and forty thousand and paying duty on 70,000, according to the testimony of Ferguson. McCarty telegraphed the committee to the same effect as Casey. Joseph E. Domingo, of New Orleans, telegraphed the contradiction of Ferguson's testimony relating to the cigar affair; and another telegram received from J. Manasch, pronouncing the cigar testimony absolutely and maliciously false. Ferguson answered that the statement in the dispatches was false. It could not be expected these men would acknowledge their connection with any fraudulent importing.

Reciprocity Treaty.

Representative Reagan denies that he has agreed to report favorably on a bill for the reciprocity treaty with Mexico. He has been unable to give the subject his attention, but will investigate it soon.

Ben Holladay Busted.

NEW YORK, 20.—Ben Holladay's last property at his Westchester County farm was sold yesterday at sheriff's sale to satisfy judgments.

C. F. Adams Centennial Orator.

Charles Francis Adams has been selected by the centennial committee of this city for orator on the 4th of July.

Matamoras Relegated to the Government.

GALVESTON, Tex., 20.—The Galveston *News* special from Brownville 20th says, General Revueller, with the advance of the Government forces under Escobedo, reached Matamoras last night at eight o'clock and the American and German consuls turned over the city to him. Escobedo arrived there this morning. Diaz is reported to be at San Fernando, in the interior, whither Gonzalez has gone to join him.

WESTERN.

Whiskey Investigation—O'Leary—Crop Prospects.

SAN FRANCISCO, 20.—The investigation of the Bay View distillery and surroundings was completed to day. The report will be submitted early next week. The officials are reticent, but do not deny that important discoveries have been made.

It is now conceded to be impossible for O'Leary to finish the 500 miles to-night. He will probably fall short about forty miles. Schmehl will probably make about three hundred by midnight. It is conceded that O'Leary might have made the distance had he not wasted time the first day or two.

Crop reports from Oregon say the surplus wheat for shipment will be a fair annual average.

FOREIGN.

FRANCE.

Grand Catholic Celebration.

PARIS, 20.—The fiftieth anniversary of the ordination of Archbishop Purcell to the priesthood, which occurs to-morrow, is to be celebrated by the Catholics of this city and diocese by a mediator procession of Catholic societies, which will be received by the Archbishop at the cathedral to-morrow. The Archbishop has received a number of presents to-day, among them a gold chalice valued at four thousand dollars, and a diamond cross valued at $5,000.

SPAIN.

Bill Abolishing the Fueros.

MADRID, 20.—Prime minister Canovas de Castellar presented a bill in the Senate to-day abolishing the Fueros in the northern provinces. The first clause of the bill imposes almost universal military service; the second clause authorizes the government to take further steps should the provinces refuse to furnish their number of men for military service; the third clause stipulates that the provinces shall pay taxes in proportion to their means.

PRUSSIA.

The Salonica Funeral.

BERLIN, 20.—The official *Gazette* says that at the funeral of the murdered French and German consuls in Salonica an escort of honor was formed by French and German marines, Turkish military and civil authorities and officers and crews of all the men-of-war in the harbor.

WEST INDIES.

Capture of Goods—Great Fight.

HAVANA, 20.—A party of insurgents in the jurisdiction of Sancti Spiritus, attacked and captured a convoy of goods [illegible] rations, and killing the officer in charge. Another band of insurgents numbering five hundred, captured a convoy consisting of twenty-three wagons.

There are rumors of a great fight, in the jurisdiction of Colon, but no particulars thereof have been received. Two hundred wounded soldiers have been brought into Cardena. In the jurisdiction of Cardena an attack was made upon the large estate of Flor de Cuba by insurgents, but was repulsed.
