NOTICE.

In the District Court of the Third Judicial District of the Territory of Utah.
SALT LAKE COUNTY.

Jacob Jacobs, Plaintiff,
vs.
W. P. Rockhart, Defendant.

The People of the United States in Territory of Utah Send Greeting:
To W. P. Rockhart, Defendant:
You are hereby required to appear in an action brought against you by the above named plaintiff, in the District Court of the Third Judicial District of the Territory of Utah, and to answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this summons, if served within this county, or, if served out of this county, but in this district, within twenty days; otherwise within forty days; or judgment by default will be taken against you, according to the prayer of said complaint.
This action is brought to obtain a decree of this Court quieting the title to an undivided ½ feet in a certain mining claim or lode known as "The Lone Tree Lode" situated in the Mining District, Tooele County, Utah Territory, and particularly described in the complaint. That the defendant be forever barred to set forth the nature of his claim to said property, and that the title of said plaintiff may be decreed to be good and valid against any claim to said lode and for such other and further relief as to the Court may seem just and equitable.
You are hereby notified that if you fail to appear and answer the said complaint, as above required, the said plaintiff will apply to the Court for the relief demanded in the complaint.
Witness the Hon. M. Schaeffer, Judge, and the seal of the District Court of the Third Judicial District, this 5th day of May, in the year of our Lord one thousand eight hundred and seventy-seven.
C. S. Hills, Clerk,
By G. McMillan, Deputy Clerk.

The Whiskey Ring—Decision in the Rehm Case.

WASHINGTON, 21.—The Secretary of the Treasury, in his decision in the case of Jacob Rehm, of Chicago, says that the purely legal defence of this suit, though civil in form, is for penalties imposed by the law for an act for which he was convicted, and finally pardoned, and that, therefore, he is not liable to further punishment, can properly come only before the Chicago Court in which it is pending. As to the second ground of the defence, urged by Rehm, that he was promised civil immunity in the pending suit by the government, in consideration of giving his evidence against the whiskey ring, if established, this must stop the suit, as the public faith given even to the worst criminals is worth more than any argument of public policy. The statements of the District Attorney and eminent government counsel in the case strongly indicate that such a bargain was made, and that Rehm fulfilled his part. Assistant Secretary French's letter strongly supports this view.

Appointment.

Judge Hickey Morgan, of New Orleans, has been appointed magistrate for the United States judicial tribunals just opened in Egypt.

Weekly Cash Reports to be Made.

The Secretary of the Interior, to-day, issued an order requiring cash reports of receipts, disbursements and balances to be made to him weekly by all disbursing officers and other agents of the department in Washington and throughout the country. The order is issued with the two-fold purpose of exercising more intelligent supervision and effective control of the business expenditures, and with a view to preventing the perpetuation of clerical and other errors.

The Dismissals and Appointments.

The Commissioner of Pensions states, with reference to the fact that a number of new appointments have closely followed the last month's reduction of the force in the Pension Bureau, that the dismissals were of lady copyists, whose services were no longer needed in the work of the office, and the appointments have been of male clerks competent to examine legal questions, and perform other work indispensable in the adjustment of the enormous mass of pending claims for pensions which has accumulated during a number of years, and for the settlement of which the untrained services of the surplus copyists could not possibly be utilized.

The Log Seizure Case.

LAKE CHARLES, La., 21.—The Calcasien lumber case is as follows: The District Attorney filed in the United States Court in New Orleans, a suit against about a dozen citizens of Calcasien parish, alleging that they and others had cut quantities of pine logs in Galcasien on the public land, and praying for the sequestration and sale of the logs for the benefit of Government. A writ was issued, and the Deputy Marshal seized 40,000 logs in the creeks and blockaded the west fork of the Calcasien River by a chain. The logmen claim that nine-tenths of the logs were cut on private land, which the officers deny. The logmen and families are suffering great destitution by reason of the failure to get the logs to market, and indignation has increased because it is known that thousands of these logs were cut on private land. Only two or three persons have threatened violence, and nobody dreams of any but legal resistance. A conference has been held, and an amicable adjustment is expected soon.

Severe Storms—Fall of a Church.

CHICAGO, Ill.—Storms are reported in isolated parts of the northwest, but no general visitation. Much damage has been inflicted on crops, fences, roofs of houses, and barns.

Near Marion, Indiana, yesterday, a brick church was demolished during service, and the crowd within was buried by the walls. A terrible scene ensued, one man was killed and ten or fifteen have been taken out seriously injured.

Pierrepont's Crest.

The *Tribune's* Washington special says it is stated that Pierrepont, in England, has actually petitioned Earl Manvers, the head of the so-called Pierrepont in England, for permission to use the family crest on his carriage, and availed himself of the earl's gracious reply.

The French Exposition of 1878.

The managers of the French Exposition of 1878 have notified our government that if the United States takes any part in the exposition it will be necessary to take immediate steps, and to delay until Congress meets would render it doubtful whether a proper place could be secured. The cabinet is considering the matter.

Evarts' position is understood to be that an American commission should be appointed provisionally upon the understanding that the commission shall not have any compensation unless Congress shall ratify their appointment. Upon careful inquiry, there is no constitutional impediment to such a course, and in the case of the Vienna Exposition, the invitation to participate was accepted by the Department of State before action was taken by Congress. The Secretary of State has been notified, through our secretary of legation at Paris, that the space reserved for the United States is still available. The minimum expense supposed to be necessary, is $300,000.

Broke His Neck.

CUSTER, D. T., 21.—John Featherstun, division superintendent of the Black Hills Stage Company, was thrown from a wagon near Mountain City, this morning, and instantly killed. His neck was broken by the fall.

Fatal Quarrel.

In a quarrel at Haywood City, between a man named Hurley, and George Johnson, over a lawsuit about a horse, Johnson was killed instantly.

Heavy Rains.

LAWRENCE, Ks., 21.—Heavy rains the past week have raised the streams an unusual height. Some damage has been done to the roads, and the trains on all considerably delayed.

The Confederate Dead.

BALTIMORE, 21.—At a meeting of the Grand Army of the Republic, Gen. Tyler presiding, the decoration of the graves of Confederates, on Memorial Day, was brought up, and the following resolution, proposed by Gen. Felix Agnus, was adopted:

Resolved, That while the Grand Army of the Republic accords to all its members the sacred right of their opinions, yet, as an organization, it cannot be a party to anything political or tending thereto, and under its rules and regulations, as members, we cannot as a body decorate the grave of any others but the union dead on Memorial Day; nevertheless, we will respect the action of any of the members individually decorating the graves of the Confederate dead.

WESTERN.

The Nez Perces Indians.

SAN FRANCISCO, 21.—A Portland dispatch says General Howard has just returned from Wallowa Valley, where he has been to adjust the troubles with the nontreaty Nez Perces Indians. He reports that the refractory Indians have been compelled to return to the reservation, where they agree to remain with their families. It is believed there will be no further trouble with them. United States troops are distributed through the valley, and every precaution has been taken to insure the safety of the settlers.

FOREIGN.

GREAT BRITAIN.

Eastern War News.

LONDON, 21.—The *Telegraph's* Batoum dispatch represents the defences unimpaired by the harmless cannonade of the Russians, who have now gone to Sukum Kaleh, where a victory for the Sultan is expected soon.

The *Times* Vienna special says the fall of Ardahan is a great advantage to the Russians, as it will enable their forces to attack either Kars or Erzroum.

The Porte has replied harshly to Greece's strong representations relative to the recent release of Turkish brigands from prison and their entry into Greece.

The Russians are moving below the river Aluta.

The navigation of the Danube is interdicted.

The *Standard's* Vienna dispatch says the Turks are concentrating large masses of troops at Tontatal and Sistova, expecting the Russians to make a powerful attempt to cross the Danube within a few days.

A Berlin dispatch says despite the reported suppression of the Caucassian revolt, the troops from Erzmol and Arghum, as well as the local garrisons of Daghestan and Tchetchna, are being concentrated for joint operations against the insurgents. The greater part of Tchetchna is in arms against Russia. Daghestan is still quiet.

A Vienna dispatch says the effect produced by the insurrection seems to be all the greater in Russia, as it was quite unexpected. All accounts previous to the war were such as to excite no apprehensions. On the contrary loyal addresses were prepared by the Russian officials, and offers were made by the population to furnish regiments of volunteers.

Midhat Pasha has arrived in London.

The Kaghizman railway bridge, beyond the Aluta, is broken. The movement of the Russians will consequently be delayed.

A Bucharest dispatch says 8,000 Russians, belonging to twelve divisions, march towards Krepava tomorrow. They will be succeeded by thirty-three divisions, which are already waiting at the next stage in the rear.

The railway bridge over the Aluta, near Slatina, fell to-day. A train of the wagons, carrying ammunition to Little Walachia, was engulphed with its attendants. Five passengers were drowned.

Within the last forty-eight hours rumors of peace, which, however, are not traceable to any source, have been circulated among the Russian officers.

The Senate has unanimously voted the independence of Roumania.

A St. Petersburg dispatch says the bodies of 800 Turks have been already buried at Ardahan.

The Czar will start for the Danube on the 2nd of June. He will be absent about three weeks.

An Odessa letter, in the *Politische Correspondenz* says since the fall of Sukum Kaleh, a panic reigns not only at Odessa, but all along the Black Sea. All confidence in shore batteries and torpedoes has been lost. The Governor of Odessa has endeavored to calm the public mind by issuing proclamations.

Affray Between Citizens and Militia.

An affray took place to-day, at Mallow, Munster County, Ireland, between the townspeople and some militia recruits, in which eleven of the latter were injured, some seriously.

Balloon Explosion.

During the Whit-Monday amusements at Hull, a balloon, about to ascend, was blown against the gas jet and exploded. Eighty six of the spectators were injured, six dangerously.

The French Difficulty.

The *Times* Paris special says the prefectoral changes alone show that the conspiracy is of long standing, for such a list could not have been prepared in twenty-four hours. The Marshal's pretence of appealing to the people has already been exposed as false, and it is alleged that the recent events have been provoked only for the purpose of leading the Marshal to resign. Foreign representatives have urged the retention of De Cazes so that the disturbance might appear only internal.

Lockout.

Sixteen thousand men are already locked out from the Clyde shipyards.

Mutiny.

LIVERPOOL, 21.—A mutiny on the *Kate Davenport*, for Mobile, resulted in the shooting of the chief officer and three seamen.

FRANCE.

Constantinople and the Suez Canal.

PARIS, 21.—The *Temps*, which has occasional communications from the Russian Agency, says our private information confirms the fact that a note has been communicated to the St. Petersburg cabinet by the English embassy, on questions connected with Constantinople and the Suez Canal, now and hereafter. This document is couched in conciliatory terms. We are assured that an understanding has already been arrived at between Russia and England, both in substance and form, as regards the Suez Canal, and in substance as regards Constantinople.

England and the Suez Canal.

It is stated here that England has given notice to Turkey that she will oppose anything which might hamper the passage of merchant ships or men-of-war of neutral powers through the Suez Canal. She has, at the same time, informed the other powers of her notification. Turkey, in spite of the blow thus dealt her sovereign rights, seems disposed to accept. Russia does not seem to intend raising objections. In consequence of this a rumor has been circulated that in exchange for capitalization of the Egyptian tribute paid to the Porte, the latter is disposed to cede to England the right of sovereignty over Egypt.

GREECE.

The Porte Resents the Greek Note.

ATHENS, 21.—The Greek note on the escape of brigands from Janina, has been resented by the Porte. It is said the Grand Vizier telegraphed, blaming the Turkish Minister for receiving it.

The Chamber will meet on Thursday.

BRITISH AMERICA.

$45,000 Fire.

ARNPRIOR, Ont., 21.—E. J. White's brick and adjoining buildings were burned; loss $45,000.

Write Only On One Side.—In writing for the press, write on one side of the paper only. It is very inconvenient to the printer to have "copy" written on both sides of the paper. Write legibly, especially names and dates.
