WASHINGTON TALK.

Orders for Bonds Received by the Secretary at a Lively Rate.

THE INCOME TAX BILL FEATURES.

Young Men's Democratic Club Meeting.—Merritt Confirmed Chief Justice of Utah.—Stevens Will Testify.

WASHINGTON, Jan. 18.—Now that Secretary Carlisle has taken action on the bond question there is a feeling of relief among the treasury officials, who have been viewing with uneasiness the heading of the gold reserve.

Among the large crowd of callers on Carlisle today was a New Yorker who had come to announce personally that he was willing to take the whole $50,000,000 of bonds. A request for his name was refused.

It is said unofficially that the $50,000,000 offer was at the minimum price of 117.323. There is said to be no foundation of the acceptance of this or any similar offer.

It is believed, from the orders already received, that the total offering will exceed, nearly $200,000,000, and that the price will reach 120, making the bonds practically bear but 2½ per cent.

The issue for the present will be confined to denominations of $50, $100 and $1000 coupon bonds and $50, $100, $500 and $10,000 registered bonds. In case it is deemed advisable arrangements will be made for $500 coupons and $5000 registered bonds.

The new issue of bonds will be redeemable in gold. Estimates made by the national banks show that the national banks of New York city alone need more gold than the treasury of the United States, or rather that they contain more free gold.

Treasury officials who have taken the trouble to search the records call attention to the fact that during the predecessor of the Walker tariff in 1857 the revenues declined and a number of banks and bonds issues were made to keep up the current expenses and pay maturing bonds.

INCOME TAX BILL AGREED UPON.

WASHINGTON, Jan. 18.—The full text of the internal revenue bill including the income tax, has been agreed on by the Democratic members of the ways and means committee.

The bill provides that the income tax shall go into effect January 1, 1895. All classes of incomes are included in the measure, and a uniform rate of 2 per cent tax on incomes over $4000 is fixed. It is made obligatory on all persons receiving individual incomes of over $2,000 to make a return to the local collector of internal revenue, and the tax list is made up of those whose incomes exceed over $4,000.

In case a person having an income of over $2,000 fails to make a return, it becomes the duty of the revenue assessor to make inquiry as to the amount of the person's income. If the examination discloses an income above $4000, the income is subjected to twice the ordinary tax, and the party failing to make return is deemed guilty of an original offense and made subject to a fine and imprisonment.

Provision is also made by which no information can be made public as to the details of incomes reported by citizens. Any public or private person who divulges any part of the information concerning incomes is made subject to criminal prosecution, with a heavy fine and penalty.

Furthermore provision is made for the revision of the income tax due in salaries, not only of officials, but the salaries of individuals received from business firms, corporations, etc.

The tax upon corporations includes every phase of corporate stock. This tax is general and without the power exemption allotted to the individual incomes.

The entire business of levying and collecting the tax is placed in charge of the deputy commissioner of internal revenue. Different revenue districts are also provided with deputy collectors, who will especially manage the collection of the income tax. The measure, as finally agreed upon, is a detailed elaboration of the plan for an income tax proposed some months ago by Hall of Missouri.

DID NOT SEE LOIE VANISH.

CANTON, O., Jan. 18.—Every year since President Cleveland delivered his tariff reform message to Congress in 1887, the Young Men's Democratic club and their friends have met around the banquet board. This year the general depressions left, and out of 450 chairs providedsanitly a hundred were vacant.

S. A. MERITT CONFIRMED.

WASHINGTON, D. C., Jan. 18.—The Senate, in executive session, today made public the action of Gen. W. B. Hazen, lower the associate justice of the Supreme court of the United States, and J. Sitt Harrison to be surveyor of customs at Kansas City, Mo., and also following confirmations: S. A. Meritt, chief Justice of the Supreme court of the Territory of Utah; A. C. Cobb, associate justice of the supreme court of Oklahoma.

Receivers of public moneys—Frank Miles, Evanston, Wy.; Frank Harris, at Salt Lake City, Utah.

Henry Hasch, collector of internal revenue, district Oregon.

Receivers of land Sales—E. S. Johnson, Cheyenne, Wy.; Wm. A. Hooker, Evanston, Wyo.

STEVENS HEARD TESTIFY.

WASHINGTON, Jan. 18.—Hon. John L. Stevens, of Maine, ex-minister to Hawaii, is now in city before the Senate committee. Stevens will remain in Washington until Monday and is prepared to give Senate committee a report of his action in Honolulu, if desired, relative to the question of annexation.

Minister Thurston Sick at Hawaii.

OMAHA, Jan. 18.—The Hawaiian minister at Washington, Lorin A. Thurston, went through Omaha this evening, en route to Washington. To an Associated Press reporter Minister Thurston said the others of the government are not afraid at the threats of Liliuokal, as she is powerless, and is felt is treated as the wishes of an angry woman. Hawaii, however, has her the allegiance of many royal men, who denounce the queen for rejecting the proposition to grant amnesty in case she was restored.

She cannot be restored except by force, and there is little probability of that. The talk of her securing an army in Canada is treated as a good joke.

Child's Seriously Ill.

PHILADELPHIA, Jan. 18.—Geo. W. Childs, philanthropist and editor, and proprietor of the Public Ledger, is said to be seriously ill, and grave fears are entertained regarding his condition. Persons who profess to be currently informed say Mr. Childs was unconscious for more than an hour after an attack of vertigo at his office this afternoon, and intimated that it was apoplectic in nature.

Not in Sympathy with Cleveland.

ST. PAUL, Jan. 18.—F. M. W. Cameron, chairman of the Democratic state central committee, resigned in a letter to his fellow members of the committee, in which he says: "Without being guilty of illogical criticism of the present Democratic administration, I may say that I am not in sympathy with its policy in making federal appointments."

Acquitted of our Charge.

CHEYENNE, Wyo., Jan. 18.—In the United States court today W. H. Mail, the postmaster of this city, was acquitted of the charge of embezzlement of the funds. He will be tried tomorrow on the charge of embezzling a registered letter containing $680.

Preparing for the Fight.

JACKSONVILLE, Fla., Jan. 18.—Corbett and Mitchell will meet and fight it out within 80 miles of Jacksonville a week from today. The battle will not take place in this city, but is certain. The Duval athletic club claims that while Governor Mitchell's firm stand against the fight is illegal and arbitrary, it effectually disposes of all chances of making a financial success of the fight. Under the most advantageous circumstances the receipts will not pay the liabilities incurred. It will have cost the Duval athletic club $20,000 to put Corbett, Mitchell and George Kelly in the ring next Thursday.

Members of the club today say a piece of ground beyond the jurisdiction of state, county or city officials has been selected on which the battle will take place. A portable platform is now in course of construction and a number of special trains, probably four or ten coaches each but with the privilege of engaging every bit of rolling stock in the service, has already been contracted for. The battle ground is to be in Nassau county, directly south of Duval county, between the town of Fernandina and the city of Jacksonville. Should the sheriff discover the place of meeting, other sites have been arranged for and the crowd can be taken to one of them within an hour's notice.

NEWS NOTES FROM ABROAD.

Germany Struggling with Protection and Other Problems.

A Beautiful Actress Killed.—The Brazilian Revolution.—Young Mercier's Light Sentence.

BERLIN, Jan. 18.—In the reichstag the debate on the wine tax bill, Count Posadowsky, secretary of the treasury, described the aim of the bill to be a tax on luxuries, and said the tax would be levied on foreign wines which, owing to their cheapness, seriously competed with the native wines. The bill will be a protective measure of a home industry. The taxes on sparkling and artificial wine alone would yield but little and the whole taxes would not affect the wine producers of Germany. All speakers who followed opposed the bill.

In the afternoon, Von Hadan, minister of agriculture, expressed his belief that in seeking to relieve the agricultural distress the point to consider was how to restore silver or raise its price.

Koch, director of the Bank of Prussia, said he differed with those who expected that a settlement of the currency question would be speedily followed by agricultural improvement, and warned his hearers against wrecking Germany's present excellent gold standard, and dwelt upon the inestimable consequences if a false step, as America, the speaker asserted, had proved to be cost.

A Light Sentence.

MONTREAL, Jan. 18.—A fine of $25 was the punishment meted out to Henry Mercier, the son of ex-Premier Mercier, Paul de Sarrigny and J. L. Holland, for attempting to blow up the Nelson monument. The lightness of the sentence has caused considerable comment.

Patents Suspicious of the Army.

BUENOS AYRES, Jan. 18.—Advices from Rio say the insurgent war ships continued the bombardment of the batteries at Nictheroy on the night of the 15th and killed fifty of the government forces. The government forces will make an attempt to capture the island of Villegaignon, with a view of preventing the insurgents from renewing their stores there. It is stated that Peixoto is becoming suspicious of the fidelity of the government troops.

An Actress Killed.

LONDON, Jan. 18.—A dispatch from Cracow, Austrian Poland, says a beautiful and popular actress on the Stadt theater, Armide Wittlin, has been shot and killed by a discarded lover, an actor, who afterwards committed suicide.

SOCIAL AMENITIES.

Honoring Old Age by the Good Folks of American Fork.

AMERICAN FORK, Jan. 17.—The Old Folks' annual party came off in the Theater hall here today, (Jan. 17th) and, as usual, was a very enjoyable and pleasant affair. Dinner was served at noon, and judging from the quantity and quality of the good things provided, the rumor of hard times had better keep quiet and give us a rest, as everything necessary was up to the former standard of excellence.

After dinner the afternoon was spent in hearing an impromptu program of entertainment, consisting of speech-making, songs, recitations, and other music of a commend letting the occasion. An interval in the proceedings was used for the purpose of distributing fruits, candies, cake and other good things, so that all might be made to feel as comfortable and happy as possible.

The committees and all concerned deserve the highest praise and commendation for their prompt and efficient services.

We were pleased to have with us our old time friends Geo. Goddard, William C. Dunbar, O. R. Savage and Nelson A. Empey, with their wives and friends, whose pleasing music and comforting words lent variety and zest to the exercises of the hour. All passed off smoothly, and our old friends retired smiling all over, amid showers of kind wishes and last encomiums.

A party in the evening, composed of gentlemen, widows, bachelors and wives, our friends from Salt Lake and other nearby cities, concluded the exercises of the day. And thus another bright mark has been made on Time's tablet, leaving the kindly remembrances of American Fork, at which they have given cause to be proud and thankful.

A SURPRISE ON THE BISHOP.

WOODLAND WARD, Summit county, Jan. 4, 1894.—The sisters of the Relief society, with their husbands, met at the home of Bishop Ephraim Lambert today to surprise him. They followed his house from last meeting with their baskets of picnic. After dinner the rest of the day was spent in speeches, songs and recitations. After an enjoyable time all returned home, hoping to have many such good times. L. R.

A DANCING MASTER SUICIDES.

W. C. Thornberg, a Teacher of Terpsichorean Art, Shoots Himself Through the Head at Park City.

W. J. Thornberg, a man who has been following the business of dancing master at Park City died at that place last evening, a victim of his own indiscretion.

Some hours previous he had fired a bullet into his head from a revolver. The desperate deed was committed at his lodgings and no one was present except his room mate, Mr. F. A. Jennings. Absolutely no reason, it is claimed, was given for the commission of the rash act which caused a genuine sensation at the Park. It is thought that his reason was temporarily unbalanced as he had been drinking heavily for several days.

NOTHING SUCCEEDS LIKE SUCCESS.

A Case of St. Vitus Dance Cured, Demonstrating the Skill of the Physicians of the Zion Medical & Surgical Institute.

The $5 Rate for All Diseases Closes Feb. 1st.—Serious and Chronic Diseases a Specialty.

George Stanton, Esq., a prominent business man of Provo City, Utah, in conversation with the writer, said: "My little son, Raymond, was a great sufferer when I consulted Drs. Shores & Shores of the Zion Medical and Surgical Institute, located at East and South Sts., Salt Lake City. After an examination the doctors informed me his disease was caused by St. Vitus dance and I asked him the question, 'Can he be cured?' The doctors answered me with an unqualified yes, and it gives me great pleasure to state that after two months' treatment by these eminent specialists

in chronic and nervous diseases that he was entirely cured. He commenced to get better from the first. The little boy's case was certainly a bad one. He began to turn bad, and was peevish and fretful, his temper was irritable, his sleep was disturbed by disagreeable dreams. He was very bigoty and nervous, could not sit still. The mother of the boy would relate, his gait was peculiar, being slow and shuffling. No matter where the hand was placed it would not be kept steady. No grave case all those symptoms that it seems almost a miracle that he was restored to perfect health in so short a time.

"I heartily recommend the Shores & Shores."

The above case is one of special interest to parents. Many children are subject to the same nervous symptoms, yet in a milder form. They should never be neglected. All such cases, if taken in the early stages, can be cured. Drs. Shores & Shores have proved this fact in the case of little Raymond Stanton.

REMEMBER,

All patients who apply for treatment during this month will be treated until cured for $5 a month, medicines furnished FREE.
