Shooting and Fatal Accident to a 13 Year Old Girl.

LARGE PRAIRIE FIRES IN MONTANA

Shipments of Wool from Wyoming.—A Man Killed By Lightning.—Other Items.

A $200,000 brewery is to be erected at Great Falls, Mont.

Martin Hussey, a rancher near Tracy, Cal., took an award on a surprise party on Wednesday morning with surprised interest. A polecat tracked him so close to save his life.

The honey industry in the Salt River valley, near Phoenix, is said to be assuming a large importance, and buyers are there from California, purchasing for the London market.

Large prairie fires have been raging in Custer county, Montana, and a vast amount of damage is done. Rain is badly needed there, as the grass is drying up rapidly.

A co-operative colony is to be established at Vancouver, B. C. A large number of persons have formed a club to start the colony, and the government promises assistance.

The cook of the cowboy, John Hitchcock, located in the Platte, near Casper, Wyo., two months ago, has turned out to be a bad bank opposite Casper, just below the place of the accident.

The Boise (Idaho) *Democrat* says that forty thousand ounces of gold dust were received at the U. S. Assay office last week. The greater bulk of the amount was brought down from the Lemhi country in Northern Idaho.

Orrin Page was struck by lightning while riding his horse opposite the Point of Rocks, says the Helena (Mont.) *Herald*. The bolt struck him on the side of the head, ran down the side of his body, burst a hole in front of the saddle and killed the horse instantly.

In a cabin in California gulch at Leadville, Colo., on Wednesday night two Austrian miners quarreled again, in which one, who is a miner, was cut so badly that his chances of recovery are small. The other two, John Moses and Frank Vertimer, are now in jail awaiting the result of the injuries.

Laramie *Boomerang*: Oliver Mason, who was in the city today from the ranch, says that he never saw things more so fat at this time of the year as they are at present. He is bringing new potatoes from his garden and wheat is really very high. The rains have done a great deal of good.

The men employed at the Dorton placer mine, near North Boomerang, Nebraska, quit work on Wednesday night because the management attempted to reduce wages from $2.50 to $2 a day. The wages in the county for placer miners have long been $2.50 and of quartz miners $3, and although expenses of the ranchers have made the sense of the operators to reduce them they have in every instance been unsuccessful, despite the fact that the miners have no union.

The Grand mesa in this county says the Grand Junction, (Colo.) *Star News*, still maintains its reputation as the most popular resort in the western slope for camping, fishing or hunting parties. The sparkling streams are all alive with trout and the hunting is said to be good as ever. Persons desiring to reach this pleasure ground which nature has furnished with so many attractions can call at the point and travel over good roads all the way.

Laramie *Boomerang*: S. F. Lidel, agent for the Western Union telegraph company, informs the *Boomerang* that one hundred and ninety-five tons of wool have been shipped from this county the past two months, 390,000 pounds of wool. Of this amount 200,000 pounds was shipped from the Lost Cattle country and 190,000 pounds from the pens on the Sweetwater. In addition to this 47,000 pounds were shipped from Sweetwater county via Rawlins, making in all a total output for Fremont county of 237,000 pounds.

A deplorable accident occurred on Wednesday at Rico, Colo., resulting in the death of Helen Yakum, daughter of Dr. G. D. Yakum. A party had been camping at the West Dolores hot springs and enjoying the baths. Mrs. Yakum and Helen, a bright little girl of thirteen, were among the party. On the way home this morning as the wagon was passing over the meadows, the young men of the party were shooting grouse. One shot at a bird when the ball hit a rock and glancing, a piece of it penetrated the temple of the child. She fell from the wagon seat unconscious and died in two hours, before the doctors or her father could arrive.

Says the Reno (Nevada) *Gazette-Site*, A. M. Hartley is feeling as well as could be expected after the commission of such a terrible crime as she committed last Thursday in shooting down M. D. Foley. She seems cool and collected. She could hear the band play Sunday at his funeral, but it did not have any visible effect on her. Mrs. Hartley absolutely refuses to see any reporter or to make a statement to any one who has called upon her. Quite a number of ladies called Sunday. Mrs. G. O. Wright is in constant attendance. Mrs. Hartley was not feeling well on Sunday evening and sent for Dr. Bergstein at 9 o'clock. She told Under Sheriff Coughlin this morning not to admit any visitors whatever to her apartments.

Wright Gauthier and Myrtle Lane yesterday morning made a second attempt at elopement says the Cheyenne Leader. Their first trial was made a few days and was frustrated by the girl's father, who overtook the young couple at the train and dissuaded his daughter from entering matrimony. Yesterday morning Gauthier and the girl attempted to board the Denver train, but Officer Outfick spoiled the romance by taking both into custody. He then placed them in the city jail. Gauthier is a painter and has been in town only a short time. His reputation is none of the best from all accounts, and his remarks with reference to the girl are not at all those to be expected from a prospective husband. Miss Lane was rescued from custody and taken home last evening. It was then the intention of the officers to let Gauthier go later in the evening, as no charge could be preferred against him.
