EVENING NEWS.

Friday, May 11, 1883.

BY TELEGRAPH.

FOR THE WESTERN UNION TELEGRAPH LINE.

FOREIGN.

Murder and Suicide.

PARIS, 10.—A tragedy which caused a great sensation was enacted here this morning on the Rue Sainte Denis. While a marriage party was proceeding along the thoroughfare on their way to church, the rival of the groom shot and killed him. The assassin then poisoned himself.

Guilty.

Dublin, 10.—A verdict of "guilty" was rendered against Mullett, who was sentenced to penal servitude for life.

The Forging Financier.

Brussels, 10.—Philiphart, the Belgian financier who was recently extradited from France on a charge of forgery, has written a letter to the public prosecutor declaring, if kept in prison beyond the present week, all companies of which he has direction will be ruined.

Bradlaugh.

London, 10.—A large meeting of Bradlaugh's constituents was held in Northampton last night at which resolutions were passed favoring Bradlaugh's retaining his seat in the Commons.

British Brieps.

LONDON, 10.—The *Standard's* Rome correspondent is assured on the very highest authority that a dispatch was sent by the Papal Secretary of State to Cardinal McCloskey, of New York, asking whether it was true that he had received Alexander Sullivan, president of the Irish National League of America, and subsequent to explanations being declared, a note was sent expressive of the Pope's displeasure at the act of the Cardinal.

In the Commons, Trevelyan, Chief Secretary for Ireland, said the aided Irish emigrants who left for America under the direction of the Tukes committee were all likely to support themselves, and to follow the proper proportion between workers and non-workers, which had been carefully observed. The American Government had made rules to prevent the entrance into that country of those likely to become paupers.

Mr. James O'Kelley, member for Roscommon, gave notice that he would question the Government concerning the protest of Governor Butler of Massachusetts in regard to Irish pauper emigration.

A meeting of influential ship owners to-day, including representatives of 3,000,000 tons of sea and canal traffic, unanimously adopted a resolution favoring the construction of another canal across the Isthmus of Suez, and appointed an executive committee to carry out the plans of the meeting.

Orders were received at Aldershot to-day to send troops and police to Curragh Camp, in Ireland, instantly.

In the dynamite examination the court room was crowded. The prisoners seemed in good health. A clerk in the postoffice testified that money orders had passed between Dr. Thos. Gallagher and Bernard Gallagher, and also between Dr. Gallagher and Curtin. The steward of the steamer *Parthia* identified Dr. Gallagher as the man who sailed from New York March 14th. Another steward of the *Parthia* identified Ainsburgh, who he said accompanied Dr. Gallagher. The steward of the steamer *Germania* identified Bernard Gallagher, who sailed from Liverpool for New York March 1st. The steward of the steamer *Spain* swore that informer Lynch (Norman) sailed from New York March 10. The clerk of the cloak room of the Eastern Railway depot testified that Wilson and Dr. Gallagher deposited a valise with him on March 29th, and that Gallagher told him to keep it cool. The valise was called for March 31, by Wilson. Mojend, public analyst at Birmingham, and chief inspector of explosives, gave testimony concerning the nitro glycerine found in Whitehead's factory. Whitehead, cross-examined Mojend, and displayed much intelligence in putting questions. Witness declined to state that he understood the manufacture of all explosives. Hearing adjourned until to-morrow.

Dublin, 10.—Porter read extracts from the diary kept by Mullett; one of the entries was an account of arms. The name of Arthur Forester was attached to it. Forester is supposed to be a leading Fenian, wanted by the police. His wife and mother were witnesses in support of the alibi of Fagan. A further entry said that the government were foolish to bother about the Parnell procession, as the Parnellites were harmless. Porter read a letter from James Mullett, brother of the prisoner, ordering the latter to make an example of members of the Emmet band, who the former said, had turned traitors. Porter commented on the entries in the diary. He said a book noting cash received and expended, had been found in Mullets bedroom. It would prove that money had been given by Peter Tynan, "Number One," to James Carey, for the purpose of the conspiracy in amounts of £45, £30 and £20. Other papers found in the prisoner's room contained entries of money received with initials attached, indicating that it came from Daniel Curley, Joe Brady, Arthur Forester, Joseph Smith and Patrick Delaney. Porter read an extract from Mullett's diary, entered September 9th, 1881, in which he implored the assistance of God for a special undertaking. In the entry made September 10th, he said he failed in the undertaking because two of his confederates deserted him. This, Porter said, is supposed to refer to the abortive attempt on the life of ex-Secretary Forster.

Farrell, informer, testified the prisoner gave orders to Hanlon previous to the attack on Juror Field.

Mullett did not call any witnesses. Addressing the jury in his own defense, he repeated that his case had been prejudiced by leading articles in the newspapers and by the speeches of the ministers. He was proceeding to mention the name of Sir William Harcourt when the Judge interfered. Mullett then refused to continue his address.

A verdict of guilty was rendered by the jury, and Mullett was sentenced to penal servitude for life.

After sentence, Mullett said I might as well be in prison at hard labor, as anywhere else.

Parnell was here during Whitsuntide recess against the emigration policy of the government.

The Irish National League announces £810 received from America since the previous report. Redmond in Australia, hopes to send £1,000 monthly to Ireland.

General Items.

Paris, 10.—Prince Roland Bonaparte will take the first opportunity to offer himself in Corsica as a candidate for the Chamber of Deputies.

The Chamber of Deputies granted urgency for the bills relating to the postal service between Havre and New York and between France and the Antilles and Mexico.

Berlin, 10.—The statement of the Imperial Bank of Germany shows a decrease in specie of 90,700 marks.

The Reichstag has adopted a motion for inquiry into the condition of the affluents of the Rhine and the causes of the recent floods.

The Malagasy envoys are greatly pleased with their reception here. They hope to sign a treaty with the government to-morrow. They claim the commerce of Germany with Madagascar exceeds that of France. Koch, merchant, of Tamatave, has been appointed German consul at that place.

Bismarck is becoming daily more emaciated, and his physicians have informed him that the worst may happen if he does not abandon all State work for the present.

The *NorthGerman Gazette*, alluding to the recent debates in the Reichstag, accuses the Progressists of republicanism.

Vienna, 10.—Paint Vallich will be French ambassador to Austria.

A convention relative to the junction of the Austrian and Turkish railway systems is signed.

SEEK

health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of BROWN' IRON BITTERS, and taking it regularly according to directions.

Mansfield, Ohio, Nov. 26, 1882.

Gentlemen:—I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters; I have now taken one bottle and a half and am about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. It can justly be called the *king of medicines*.

The Bad and Worthless are never *imitated* or *counterfeited*. This is especially true of a family medicine, and it is positive proof that the remedy imitated is of the highest value. As soon as it had been tested and proved by the whole World that HOP BITTERS was the purest, best and most valuable family medicine on earth, many imitations sprang up and began to steal the notices in which the press and the people of this country had expressed the merits of H. B., and in every way trying to induce suffering invalids to use their stuff instead, expecting to make money on the credit and good name of H. B. Many others started nostrums put up in similar style to H. B., with variously devised names in which the word "Hop" or "Hops" were used in a way to induce people to believe they were the same as Hop Bitters. All such pretended remedies or cures, no matter what their style or name is, and especially those with the word "Hop" or "Hops" in their name or in any way connected with them or their name, are imitations or counterfeits. Beware of them. Touch none of them. Use nothing but genuine Hop Bitters, with a bunch or cluster of green Hops on the white label. Trust nothing else. Druggists and dealers are warned against dealing in imitations or counterfeits.

RE-ORGANIZATION

OF THE FIRM OF

Fish Brothers & Co

TO THE PEOPLE OF UTAH

The Co-partnership between T. G. FISH, E. B. FISH *and* J. C. HUGGINS, *under the firm name of Fish Bros. & Co., expired by limitation on January 1st, 1883. At that date,* J. C. HUGGINS *retired from the firm* D. J. MOREY *and* S. S. LYON *purchasing his interest. In the reorganization of the new firm of Fish Bros. & Co. which then took place, our Utah trade was thoroughly discussed, and we determined to give the Utah trade that attention in future which it deserves, and which was, to some extent, neglected in 1882.*

S. S. LYON, *one of the new members of the firm, who had been in the employ of the old firm many years, spent several weeks with Mr. Lowell at Salt Lake last fall, and gave his special attention to ascertaining all defects and all needed improvements in the* Fish Wagon, *to keep it in the future, as in past years, the* STANDARD WAGON *of Utah and adjoining Territories.*

Call on The John W. Lowell Wagon Company and examine this year's make of the Fish Wagon, for we assure you it will be found a BETTER WAGON THAN WE EVER SENT TO UTAH BEFORE. *We are selecting all the timber, and taking special pains in manufacturing all Wagons for Utah trade.*

Yours Respectfully,
