Governor Davis Squelched.

WASHINGTON, D. C., 17.—Attorney General Williams, to-day, telegraphed Governor Davis, of Texas, in reply to his dispatch of yesterday, to the President, asking for troops to sustain himself in office, that having, by the direction of the President, examined the constitution and laws of Texas on the subject, he was directed by the President to notify the Governor that he was of the opinion that his right to office at this time was so doubtful that he did not feel warranted in furnishing U. S troops to aid him in holding it longer. It appeared, upon investigation by the Attorney General, that the Governor's term has, by the constitution, expired.

Foreign News.

NEW YORK, 17.—From foreign files received to-day are clipped the following: "On Sunday the fourth instant, the Duke of Edinburgh arrived at St. Petersburg, in good health and capital spirits; about an hour previously the Imperial carriage and sleds arrived at the railway station to receive him, and presently a guard of honor with a band at their head and the Russian eagle displayed, was drawn up on the platform. Soon after the Grand Duke Alexis appeared, and saluted the guard with a hearty 'good morning,' which received a stentorian response. Next came the Grand Duke Nicholas, who gave and received the same greeting. It now only remained for the Emperor to arrive, which he did in a few minutes after, accompanied by a brilliant staff, among whom was the British ambassador. As soon as the train had entered the station the Duke of Edinburgh jumped out and advanced to the Emperor, who gave him a most affectionate welcome, as did also the Grand Duke. The band in the meanwhile played 'God Save the Queen.' The chief thoroughfares were gaily decorated with flags. When the Duke arrived at the winter palace he was received by the Empress and the Princess Marie, together with the Imperial household.

"Among the victims of fever on the *Simoon*, bound for the Gold Coast, was Captain Alfred Chateris, aged twenty-six, son and heir of Lord Elcho. The *Pall Mall Gazette* says his death will awaken the country to a sense of the serious nature of the war into which it has been allowed to drift, we are, in fact, fighting with two enemies, the fever and the Ashantees, the first perhaps more formidable than the second."

Engineers' Strike—Arrested.

The steamship *City of Panama*, which was to have sailed to-day for Aspinwall, was prevented, owing to a strike of the engineers; trouble being apprehended, the police have charge of the vessel.

Two men who gave the names of H. L. Mason and Edward Edwards, were arrested in this city to-day, while attempting to sell treasury warrants to the amount of $10,000, which were recognized as part of the 191 warrants stolen from the internal revenue department at Washington a few days ago.

Collision at Sea—Redemption for the Italian Children.

Capt. Packard, of the American bark *Mary M. Bird*, at this port, reports a collision with an unknown ship, which occurred on his late voyage from Marseilles to New York, on November 3rd, in 36 24 latitude north, 31 8 longitude, at 5 a. m. He hove to and remained in the vicinity of the collision until day break, but saw nothing of the missing ship, and supposed she went down with all on board.

The Consul General of Italy says a royal decree has been published forbidding the employment of Italian children in vagrant occupations, and requiring the holders of such children in this country to report to the consular agent, their own names as well as the names of the children, and to return the latter to Italy at the holders' expense before May 15th; extradition will be sought of those who disobey the order, and the aid of the municipal authorities here is sought to enforce the provisions of the law.

Approved.

TOPEKA, Ks., 17.—The Senate, after a discussion lasting till 10 at night, passed, by a vote of 21 to 6, a resolution condemning the back pay law, and approving the action of the President and Congress for repealing it, and reaffirmed their faith in the republican party. An amendment to condemn the President for signing the bill, failed, yeas 6, nays 21.

Clings to Power.

AUSTIN, Texas, 17. — Governor Davis still holds on to the executive offices of the State. Everything is quiet. Governor Coke has declined the proposition of Davis, to leave the question of the rightful governorship to the President, saying that he held by his legal election and qualification.

$7,000 Robbery.

CINCINNATI, 17.—The jewelry store of Duhme & Co. was robbed this evening of seven thousand dollars' worth of diamonds in rings, by a young man, who, asking to examine some rings, succeeded in directing the attention of the salesman in another direction, and grabbed the tray and, ran, and so far has escaped.

Cannibalism—Dying of Starvation.

MINNEAPOLIS, Minn., 17.—A special to the *Tribune* this evening, from Duluth, says the Indians at Vermillion Lake are dying of starvation; they have eaten two children and one man; the scarcity of game and the failure of the rice crop are the cause, and the government failed to send the usual supplies of provisions. Eighty are coming into the settlements for relief.

WESTERN.

Rain—Destructive Gales—Smallpox Decreasing.

SAN FRANCISCO, 17.—There has been a heavy fall of rain throughout the interior of the State, and destructive gales in several localities; there was a heavy gale here last night, doing considerable damage to houses in the suburbs.

The smallpox is still decreasing.

WEST INDIES.

Official Report—Carlist Agents Arrested.

HAVANA, 17.—The official report of the engagement on the 6th inst., near Puerto Principe states that three hundred insurgents made an attack on sixty-seven Spanish soldiers, who were out foraging, killing thirty-nine of them and wounding three.

Senor Quigno, a lawyer, and Senor Pendalver, of Puerto, have been arrested on a charge of being Carlist agents; they will be tried by court-martial.
